

Department Activities

The Artificial Intelligence and Robotics Department organized an invitation for collaboration with Wefaa Robotics, a Singapore based company through Skandish on March 28th 2025.

Date of Event: 02 April, 2025

Organized by: Department of Artificial Intelligence and Robotics, Dayananda Sagar University.

Collaborating Organization: Wefaa Robotics, Singapore

Facilitated through: Skandish

The Department of Artificial Intelligence and Robotics organized a collaborative interaction with **Wefaa Robotics**, a leading Singapore-based robotics company, on **April 02, 2025**. The session was facilitated through **Skandish**, serving as a platform for potential academic-industry partnerships in the field of robotics and intelligent systems.

During the meeting, representatives from Wefaa Robotics presented a comprehensive overview of their technological offerings, ongoing projects, and innovations in the robotics domain. The company highlighted its key areas of expertise, which include autonomous systems, humanoid robotics, and AI-driven automation solutions.

A significant part of the discussion focused on Wefaa Robotics' **current engagements with Indian universities**. These include collaborative research projects, student internship programs, faculty training, and co-development of robotics-based educational tools. The dialogue emphasized mutual areas of interest and explored opportunities for future joint initiatives, such as curriculum development, innovation labs, and industry-oriented workshops.

The interaction concluded with a positive outlook towards forming a strategic partnership aimed at fostering innovation, enhancing research capabilities, and bridging the gap between academia and the robotics industry.
