# Department of Chemistry. School of Engineering, Dayananda Sagar University, Bangalore

# Feedback and analysis of stakeholders and action taken report by Chemistry department

#### Introduction

The institution collects feedback on curriculum aspects and course from different stake holders such as students, alumni and faculty. Once the feedback is analyzed and valuable suggestions given were considered and necessary actions was executed

#### **Feedback summarized Report**

We collected the stakeholders (Teachers, Students, Alumni etc.) Feedback for the design and review of curricula and syllabi. Based on the feedback the received, we have analyzed and action has taken to improve the teaching learning process and experience of the stakeholders

**Student and Alumni feedback Summary report**: Most of the students participants who participated in this survey were expressed satisfaction about the course and concepts of course will be used for the higher studies also. Students expressed satisfaction about the resource material available in the library towards the course.

### **Faculty feedback summary report:**

In the meetings during the semesters, the faculty of the department has expressed the satisfaction about course particularly about the qualitative improvement in content, pedagogy, learning material, student performance, research, and extension activities for Theory/Practical courses.

Most of the faculty feedbacks that received and expressed their satisfaction about the course outcome and also expressed that syllabus are relevant for securing a job and enhancing the skills required for them. Faculty members also reflected satisfaction towards academic resources available in the university, e.g., scientific journals, books, and periodicals, software, and database, etc. Among these majority of respondents were agreed with available resources

Teachers, students and Alumni feedback is very informative to better the existing situations. It is based on the feedback listed action were taken as reported in the table below

## Feedback and action taken report

## Action taken report ( 2015-2020 )

| S.No | Feedback  | Action Taken Report                            |
|------|---|--|
| 1    | The course curriculum development committee     | The chemistry department has the Board of      |
|      | was constituted with the stakeholders includes  | Studies (BoS) meeting twice a year.            |
|      | teachers, students and Alumni. The syllabus     | The course curriculum development              |
|      | was revised according to the suggestions from   | committee has discussed the feedback given     |
|      | the all stakeholders                            | by stakeholders and revised the syllabus       |
|      |   | according the suggestions made by              |
|      |   | stakeholders .                                 |
| 2    | Some of Stakeholders has suggested that the     | MoUs/Agreements were signed with               |
|      | research activities and research facilities may | universities and industries to enrich research |
|      | be improved by establishing the collaborative   | experience and facilitate staff and student    |
|      | with other institutions in India and abroad.    | exchange program                               |
| 3    | Stakeholders have given input that the guest    | Arranged the guest lectures on ethics,         |
|      | lectures relating to the human values and       | engineering economics by renowned              |
|      | ethics is essential and may be arranged.        | professor in the domain concept mentoring      |
| 4    | Stakeholders are wishing to have more number    | Enhanced research activities by conduction     |
|      | of International and national conferences and   | seminars and workshops                         |
|      | workshops etc has to be organized to establish  |  |
|      | academic networking and establish the           |  |
|      | research collaboration for the befit of         |  |
|      | stakeholders.                                   |  |

## MINUTES OF MEETING OF BOARD OF STUDIES-CHEMISTRY

Mode of conduction: Email communication

Date: 13/07/2020

(Dr. Sreenivasa Rao Amaraneni)

Agenda: To have a suggestion/feed-back on the proposed -New syllabus from the academic year 2020 onwards- for first year Engineering chemistry-theory and practicals

Approved BOS Members Involved:

Prof.K.Anand Solomon (Chairman)

Prof.C.N.Sundaresan (External member)

Dr.Jayam Naga sateesh (External Member)

Dr.S.Amaraneni Sreenivasa Rao (Internal Member)

- Dr.Anand Solomon- Chairman of the committee, had -through email -communicated to Dr.C.N.Sundaresan (Professor, Department of Chemistry, Sri Sathya Sai Institute of Higher Learning, Whitefield) on 98/7/2020 and Dr.Jayam Naga Sateesh (Analytical Head. Biocon, Bangalore) on 08/7/2020- the proposed revised syllabus for chemistry from the Academic year 2020. This included both, theory and practicals. Dr.Sreenivasa Rao Amaraneni (Associate Professor, Department of Chemistry, SoE, DSU) was also included in the communication
- Dr.Sundaresan opined that the proposed syllabus for theory is very much aligned to the field of engineering and would benefit the students of engineering and he along with Dr.Jayam Naga Sateesh approved the proposed syllabus for theory
- The syllabus for practical's was also approved by the members as they felt that it had practical relevance in engineering

PS: Approved by external members through email communication

[Dr.K.Anand Solomon]

13/7/2020

Chairman / HOD-Chamistry Dept.

Dayananda Sagar University School of Engineering Kudlu Gate, Hosur Main Road, FBANGALORE - 560 068

## MINUTES OF MEETING OF BOARD OF STUDIES-CHEMISTRY

Date: 02/02/2019 Venue: DSU, Kudlu gate

Time: 11.00 am

Agenda: To discuss the proposed -New syllabus for the academic year 2019 onwards

Members Absent: Members Present:

Prof.Ashok Kumar Shukla Prof.K.Anand Solomon

Prof.Munichandraiah Nookala Prof.C.N.Sundaresan

Dr.Jayam Naga sateesh Prof.C.Jayarama Naidu

1. Dr.Anand Solomon- Chairman of the committee, welcomed the members present and after mutual introduction discussion on the proposed new syllabus for the academic year 2019 (onwards) was initiated

- 2. Dr.Sundaresan felt that Schrodinger equation and its related topics should be delivered with emphasis on its applications to molecular simulations
- 3. While discussing on the sub-topic "water chemistry" [iii-b], Dr.Sundaresan suggested that all the faculty teaching this topic and similar topics with, generally defined heading should discuss amongst themselves as to what should be exactly covered in the teaching process.
- 4. Dr.Jayam Naga Sateesh felt that in the new syllabus all the fields of chemistry-viz. organic, physical & inorganic chemistry have been equally covered
- The committee –overall approved the new syllabus both- theory and practicals and suggested that it can be implemented in the forth-coming year(2019 onwards) after approval from the Higher committee's.

1. Dr.K.Anand Solomon

2. Dr.C.N.Sundaresan

3. D.Jayam Naga Sateesh

3. D.Jayam Naga Sateesh

3. D.Jayam Naga Sateesh

#### DAYANANDA SAGAR UNIVERSITY

#### Minutes of the BOS meeting held on 30-03-2015

The first meeting of BOS in Chemistry was held on 30-03-2015 in the board room of DSI. The following members have attended the meeting:

| 1. | Prof.N.Munichandraiah, Dept. of IPC, IISc              | Chairman |
|----|--|----------|
| 2. | Prof. Mudakavi, Dept. of Chemical Engg., IISc          | Member   |
| 3. | Prof. M. A. Pasha, Dept. of Chemistry, Bangalore Univ. | Member   |
| 4. | Prof. A. K. Shukla, Dept. of Chemistry, MVJCE          | Member   |
| 5. | Prof. R. B. Shivashankaraiah, Dept. of Chemistry, DSCE | Member   |
| 6. | Prof. V. Bheema Raju, Dept. of Chemistry, DSCE         | Member   |
| 7. | Prof. C. Jayarama Naidu, HOD of Chemistry, DSCE        | Convenor |

The meeting commenced at 10-30 am with Convener welcoming all the members to the first meeting of BOS in Chemistry. He brought to the attention of members that the engineering chemistry theory and laboratory syllabus has been designed based on the requirements of Dayanada Sagar University(DSU). He asked the members to make suitable suggestions and fine-tune the syllabus to suit to the needs and requirements of engineering students of DSU.

Dr.S.C. Pillai gave an overview of the undergraduate and post-graduate courses in Engineering, Management and Applied Sciences disciplines to come up in Dayananda Sagar University. He stated the objectives and outcomes as well as the scheme of teaching and examination for I/IIsem B.E. course. The weight ages being given to continuous internal evaluation (CIE) and semester end examinations (SEE) are 60% and 40% respectively. The Chairman and other external members favored that the ratio should be 50% and 50% for CIE and SEE respectively.

The members have unanimously made the following changes in the syllabus.

- The topic on synthetic petrol from Fischer-Tropsch and Bergius processes being obsolete was replaced by renewable energy sources such as bio-diesel and bio-gas.
- In view of their utility and practical application for a wide variety of consumer appliances, the construction and working of the following batteries were incorporated

Sand Separation of Engineering
