PREAMBLE

It takes grit and determination to rise above the rest in the society and make the dream come true, to have the passion to serve the society, these were embodied in the great thinker and visionary Late Sri Dayananda Sagar of the Post-Independence era.

Sri Dayananda Sagar had multifaceted career spanning two generations of Indians. His extraordinary and multifaceted career brought him laurels beyond anybody's imagination. Sri Dayananda Sagar was thirsty to create ever lasting legacy which culminated in the creation of his dream project, the educational trust in the name of the Father of the Nation, Mahatma Gandhi called "Mahatma Gandhi Vidya Peeta Trust".

The legacy is now nurtured and carried forward in leaps and bounds by the family torch bearers, his sons, Dr. D. Hemachandra Sagar and Dr. D. Premachandra Sagar. As the protégés of the Legendary Father Sri Dayananda Sagar, they have built the educational empire which is organically growing and have surpassed the expectations of their father. It is a fitting tribute to the Late Sri Dayananda Sagar, whose dream has been fulfilled.

The dream of becoming Global Brand in Educational sector was the genesis of the "Dayananda Sagar University" which has the support and promotion of the MGVP trust. The Protégés dreams encompasses Medical Education by building the state of the art Medical College with the medical Hospital in a 120 acres area in Harohalli.

The University also has a fledgling Schools in Commerce and Business Management, Health Sciences and Arts and Humanities, with a good response from the budding students. Steadily the Management has decided to focus more on the fundamental Job creation courses like the B Voc in various fields to generate the young talent to fill the job deficits, also in tandem with the new Central Government's guiding principles of developing Vocational training.

The new campus being developed in Harohalli besides job creating courses in "Professional Training" instead of B Voc, the University has shown its versatility in encompassing and adopting the dreams and aspirations of the current young and old generations of India.

Dramatic changes in multimedia has brought in changes of new cultural revolution which has some drawbacks also. Therefore the University Management has taken steps to counter such nefarious anti-

social behavior, such as Ragging, Sexual Harassment, Caste based discrimination by forming committees and conducting regular review meetings to address these issues in the initial stages.

The Management has expressed firm commitment to enhance the brand image by showcasing the performance of the University in all aspects, through rigorous assessments and audits done by different rating agencies both government and private.

ABOUT DSU

DSU THE HISTORY AND HERITAGE

The incredible legacy of DSI has influenced the creation of Dayananda Sagar University, which is an Independent Private University. The University has affiliations with PCI and INC, besides UGC approval. The University is promoted by the MGVP Trust, founded by the Legendary Educationist and Philanthropist, Late Sri. Dayananda Sagar.

The University has following disciplines for the student in various fields for example; Life Sciences, Information Technology, all branches of Engineering, Nursing, Architecture, Management, and Healthcare Education including Medicine, Dentistry, Pharmacy, Physiotherapy, Nursing and Allied Health.

The brand image developed by DSI over a period of 6 decades, gives a tremendous boost to the nascent University. With the guidance of the external Academic Council Members the University has grown from baby steps to a University with tremendous possibilities and opportunities.

Giving prominence to Innovation and establishing Incubation center in Innovation campus at Kudlu Gate, Hosur Road, DSU has entered the first league of Educational Institutions that has taken the onus of making India the hub for Research and Innovation.

The University started its academic activities in 2015-16 with courses in Engineering, Life Sciences, Health Sciences and Management at the Bachelor's and Master's levels. DSU has plans of starting a Ph. D Programme.

Its guiding principles are: Academic freedom to perform, faculty-student-staff interaction and exchange of information; technology-supported teaching-learning process; diversity in faculty-staff and students; innovation and entrepreneurship; leadership and social responsibility; transparency in governance; activities relevant to local and global needs.

The authorities of the university are the Board of Governors, Board of Management, Finance Committee, Academic Council and the Research and Innovation Council.

It started its academic year with 500 students enrolled across all programs with students from across India, completing four years now with the total student strength of 3000.

The University was established on 16th May 2014 as per the:

- Parliamentary Affairs and Legislation Secretariat Notification No: Samvyashae 44 Shasana 2012, Bangalore dated 09-05-2013.
- Karnataka Act No. 20 of 2013 first published in the Karnataka Gazette Extraordinary 27-02-2013.
- The Dayananda Sagar University Act 2012 received the assent of the Governor on 25-02-2013.
- Notification from Karnataka Government Secretariat, Higher Education Department, M.S Building No.: ED 95 URC 2014 dated 16-05-2014.

HISTORY AND BACKGROUND OF SPONSORING BODY

The Founder President of Dayananda Sagar Institutions

The **Late Shri. R Dayananda Sagar**, the Founder President of Dayananda Sagar Institution, was led by a vision: Education for all sections of society. He worked towards realizing his dream and became a role model in the field of education. His vision has changed the lives of lakhs of students all over the world.

Smt. Chandramma Sagar, wife of the founder, was a doctor by profession – a triple FRCS from London, Edinburgh and Glasgow. She was on the panel of doctors for the President of India.

Shri Dayananda Sagar set up the Mahatma Gandhi Vidya Peetha Trust (MGVPT).

The MGVP Trust was established in 1962. Late R. Dayananda Sagar, its Founder, who believed that education completes a man and knowledge empowers, paved a path for the growth of this seat of learning. The long-term vision of the Founder has been achieved. The far-sighted and progressive Chairman and Vice Chairman have set newer, more ambitious goals.

VISION

To be a Centre of excellence in education, research & training, innovation & entrepreneurship and to produce citizens with exceptional leadership qualities to serve national and global needs.

MISSION

To achieve our objectives in an environment that enhances creativity, innovation and scholarly pursuits while adhering to our vision.

VALUES

Pursuit of Excellence- A commitment to strive continuously to improve ourselves and our systems with the aim of becoming the best in our field.

Fairness- A commitment to objectivity and impartiality, to earn the trust and respect of society.

Leadership- A commitment to lead responsively and creatively in educational and research processes.

Integrity and Transparency- A commitment to be ethical, sincere and transparent in all activities and to treat all individuals with dignity and respect.

UNIVERSITY LOGO

Dayananda Sagar University has adopted a logo that is a synthesis of several elements. It is a beautiful shield symbolic of victory. Flow of knowledge in a circle that is all enduring and is limitless.

At the base of the shield is a lotus flower; man bestowed with knowledge can spread illumination, free from ignorance like the lotus blooms in full glory on slushy water. The words DSU is placed with pride on the lotus flower that symbolizes creativity and knowledge.

The matrix of triangles giving top honors to the achiever; discipline and chain of command also finding place.

The blue dots in an arrow pointing to the Father of the Nation is an indication of all that is good has its origin to one source. DSU, after all took birth from the vision of freedom fighters and is dedicated to Mahatma Gandhi through the Mahatma Gandhi Vidya Peetha Trust.

On either side is a Book and Sun, symbols of knowledge and illumination. The colors blue and yellow are pleasant and all pervasive.

MESSAGE FROM CHANCELLOR

Dr. D Hemachandra Sagar

It is a proud moment for us to proclaim that Dayananda Sagar University has achieved another milestone by completing three years successfully since its inception. It is indeed a great opportunity to showcase our achievement in terms of excellent student admissions and quality faculty recruitment.

DSU offers academic programs seldom offered by other Universities, like the Aerospace Engineering and various Vocational Training programs in line with the Central Government's plans to create employment in skill deficit areas and to augment the job prospects in Industrial sectors where there is deficit of trained manpower.

As the population evolves in Culture, Tradition, Systems, Technology and understanding of the life, as world is a small village, it is our endeavor to evolve in educational systems, adopting the modern tools whilst upholding our traditions evolved from Gurukula.

DSU promises the amalgamation of old and new educational systems to strengthen the fabric of our society. It is not the finale of Graduation ceremonies that gives satisfaction but the individual student achievement produced from our training is the most enlightening aspect of establishing DSU.

BEST WISHES!

MESSAGE FROM PRO CHANCELLOR

Dr. D Premachandra Sagar

Paradigm shift is not a rare phrase in India anymore. The generation who were averse to changes have been acclimatizing to the change. Enabling smart devices as tools in the education system has revolutionized the teaching and learning system. DSU is no exception in adopting and implementing the new system to enhance the student's ability to comprehend and assimilate the course content.

Disruption in the status quo in the scientific world leads to Innovation and Creativity. DSU has been promoting and encouraging Innovation and Scientific research with its state of the Art infrastructure besides providing a supportive ecosystem.

The future technologies rely on the three new architecture the AI, Big Data and IoT. DSU has been in the forefront of developing the Research and Innovation division on the platform of the above three technologies.

I have the privilege to mention that the Central Government has selected and approved the University for the Atal Innovation Center. This is a significant achievement as very few Universities have such recognition. I am glad that DSU has been keeping up the tempo of research and analysis as their core objective.

Emphasis is given on collaborations and student exchange programs with Foreign Universities. Placement cell is getting good response from Industries. Our new campus at Harohalli is coming up with full swing and will be the hub of Medical College and research programs and will cater to the rural population.

BEST WISHES!

MESSAGE FROM VICE CHANCELLOR

Dr. A. N. N. Murthy

The Dayananda Sagar University is a sought-after destination for students across India and abroad. The colleges at DSU provide an ideal environment for students to study and stay at. DSU offers enviable infrastructure. It has a sprawling campus with college buildings dedicated to various disciplines, playing fields and laboratories, among other facilities, all within the city in South Bengaluru.

The main objective of a university is academics and DSU places highest priority on academic excellence. It offers graduate and post graduate study in a wide variety of disciplines ranging from Sciences to Journalism.

It has well-qualified and experienced faculty members, drawn from the best educational institutions. As expected of an institution of higher learning, there is strong emphasis on research. Faculty members across departments are encouraged to engage in research activities.

DSU complies with all government regulations that are expected of a university of its standing. DSU aims at good results and it takes all steps to ensure that pass percentage is high. This is achieved through attention to academics and sustained support to students. For all those who aspire for the good life based on a solid foundation of academics and co-curricular activities, DSU is the place to be at.

BEST WISHES!

MESSAGE FROM PRO VICE CHANCELLOR

Prof R. Janardhan

Greetings!

Dayananda Sagar University (DSU) is now in its fourth year: For a young university, the stride DSU has taken is magnificent. Made possible through a great vision of an enlightened leadership. Efficiently realised by sustained action on the ground by various heads of academic and other bodies in the university system with employees at all levels putting their best: a reassurance of greater achievements in the years to come.

DSU is a classic example of success in several domains. Support and partnerships with industry, Government, the community, its students and parents – all being massive. Help from the corporate sector is too large to be expressed in words; proving that industry and academia do work in tandem. Over a dozen MNCs supporting the Innovation Labs in DSU is significant and unique, nationally. The youth of this nation, now has the best platform to innovate in an academic campus that is regarded as the most modern and futuristic.

DSU is supported by accomplished faculty - always willing to collaborate in pursuit of innovation and disruptive solutions – with outcomes leading to entrepreneurship and new employment opportunities. These efforts are a strong indication of DSU responding to the need for India to become a manufacturing economy: the Innovation Labs supported by industry and the Startup Village being the first steps in furtherance of a bigger vision. Impressed by this great move of DSU, the Government of India has approved a DSU application to set up innovation centres and labs.

DSU is now identified and grouped among premier institutions in the country. The initiatives at DSU receive recognition and support from across the nation and beyond the national borders through academic and research partnerships with premier institutes and universities. As our way of paying back to society, DSU consistently connects with schools and colleges through various platforms.

The DSU Talent Search being one good example that provides for partnership with Schools and Plus 2 Colleges. The outcome being students while still in school can now experience life in a University. Teachers aspiring to develop their career path through professional development could now plan to pursue a Master's degree at DSU and participate in the Train the Teacher program – jointly offered by DSU and its partner universities in the US. Schools and Plus Two Colleges across the nation are being connected through this reach out and are making best use of these great opportunities. More path breaking ideas would unfold, in the months ahead!

BEST WISHES!

MESSAGE FROM REGISTRAR

Dr. Puttamadappa C

The Dayananda Sagar University complies with all regulations required of a university of its standing. It has streamlined schemes and syllabi for a range of programmes across disciplines as different as Physiotherapy and Automobile Engineering. It independently frames its syllabi, which is evolving and updated to incorporate the newest developments in the field and in industry.

The University has students at the center of its activities. All efforts are therefore aimed at helping students achieve more. There is a high degree of interaction between students and teachers. Students can approach teachers and teachers, in turn, monitor students and their performance closely. In order to keep ahead of developments in their subjects and to remain acquainted with the industry, faculty members regularly participate in Faculty Development Programs (FDPs). The University places equal importance on academics, sports and extra-curricular activities.

While the current campus provides dedicated buildings to colleges in various disciplines, a new campus is being readied in Harohalli, Bengaluru, and will have world class infrastructure.

BEST WISHES!

To
Registrar,
Dayananda Sagar University,
Shavige Malleshwara Hills,
Kumarswamy Layout,
Bangalore-560 078.

Sir,

Sub: Permission to offer new courses & enhancement of
intake of existing courses in Dayananda Sagar University
from the academic year 2018-19 - reg.
Ref: Your letter dated: 14-05-2018.

With reference to the above cited subject, as requested in your above referred letter, the Government has examined the proposal of starting of new courses & enhancement of intake of existing courses in Dayananda Sagar University from the academic year 2018-19.

Accordingly the Government has permitted to starting of the following new courses & enhancement of intake of existing courses in Dayananda Sagar University from the academic year 2018-19 subject to fulfilling requisite infrastructure and staff requirements as per UGC norms and taking approval of National Level Councils/Bodies wherever required by statutory provisions:-

New Courses :-

Sl. No.	New Programme of Study	Approved Student Intake for the Academic Year 2017-18 by KEA	Total Intake recommended for the Year 2018-19	Govt Quota 40% for the year 2018-19	University Quota 60% for the 2018-19
1	2	3	4	5	6
1	B.Tech - Aerospace Engineering	-	60	24	36

....2

CONDITIONS:-

- 1) University shall appoint 7 faculty in the ratio of 1:2:4 (Professor: Associate Professor: Assistant Professor) before commencement of the academic year 2018-19.
- 2) Dayananda Sagar University should affirm the fulfillment of the faculty requirement as stipulated hereinabove and submit information regarding the fulfillment to the Government within 2 months from issuance of this letter. And non-compliance from the Dayananda Sagar University constrains the State Government to review the permission according to this letter.

Enhancement of Intake :-

Sl. No.	Programme of Study	Approved Student Intake for the Academic Year 2017-18 by KEA	Total Intake recommended for the Year 2018-19	Govt Quota 40% for the year 2018-19	University Quota 60% for the 2018-19
1	2	3	4	5	6
1	MBA: Master of Business Administration	60	120	48	72
2	B.Tech in Computer Science and Engineering.	300	360	144	216
3	BBA - Bachelor of Business Administration.	120	180	72	108

CONDITIONS :-

1. Subject to fulfillment of 7 shortage of faculty in MBA for the academic year 2018-19 to reach a total strength of 15 and another 5 faculty for the academic year 2019-20 to reach a total strength of 21 by maintaining a cadre ratio of 1:2:6 (Professor: Associate Professor: Assistant Professor), as per mandatory AICTE norms and standards.
2. Subject to fulfillment of 30 shortage of faculty in B. Tech (CSE) for the academic year 2018-19 to reach a total strength of 51 and another 12 faculty for the academic year 2019-20 to reach a total strength of 63 by maintaining a cadre ratio of 1:2:4 (Professor:Associate Professor: Assistant Professor), as per mandatory AICTE norms and standards.
3. For BBA program separate faculty shall be recruited as per UGC norms i.e 1:25.
4. Dayananda Sagar University should affirm the fulfillment of the faculty requirement as stipulated hereinabove and submit information regarding the fulfillment to the Government within 2 months from issuance of this letter. And non-compliance from the Dayananda Sagar University constrains the State Government to review the permission according to this letter.

Yours faithfully,

(M.A.AHAMED JHON)

Under Secretary to Government
Education Department (Universities-2)

Copy to:

- 1) Executive Director, Karnataka State Higher Education Council, Bangalore.
- 2) Executive Director, Karnataka Examination Authority, Bangalore.
- 3) Under Secretary to Government (Technical Education).

11	Principal, College of Physiotherapy	Member
12	Principal, College of Journalism & Mass Communication	Member
13	Dr. Lakshmi Jagannathan, Chief Operating Officer, DERBI	Member

IQAC Office Bearers

14	Mr. Vageesh	Dy. Registrar
15	Mr. Manu T	Dy. Registrar

The functions of IQAC are:

1. Development and application of quality benchmarks/parameters for various academic and administrative activities of the institution;
2. Facilitating the creation of a learner-centric environment conducive to quality education and faculty maturation to adopt the required knowledge and technology for participatory teaching and learning process.
3. Arrangement for feedback response from students, parents and other stakeholders on quality –related institutional processes;
4. Dissemination of information on various quality parameters of Higher Education;
5. Organization of inter and intra institutional workshops, seminars on quality related themes and promotion of quality circles;
6. Documentation of the various programs/activities leading to quality improvement;
7. Acting as a nodal agency of the Institution for coordinating quality-related activities, including adoption and dissemination of best practices;
8. Development and maintenance of institutional database through MIS for the purpose of maintaining / enhancing the institutional quality;
9. Development of Quality Culture in the institution;
10. Preparation of the Annual Quality Assurance Report (AQAR) as per guidelines and parameters of NAAC, to be submitted to NAAC.

DSU 1ST CONVOCATION REPORT

Dayananda Sagar University was established through a State Act i.e., Dayananda Sagar University Act 2012, and came into existence from the year 2015-16. The University started many academic programmes at different levels, from under graduate to doctoral programmes in the University and admitted students from the academic year 2015-16.

In accordance with Sections 8 (iii) and 35 (iii) of the Act, the University is empowered to confer and award degrees and other academic distinctions, in the manner provided thereon. Under the said provisions, University has framed appropriate regulations governing academic and examination processes involved. The first batch of students admitted during the year 2015-16, in some programmes qualified themselves by successfully completing prescribed curriculum and fulfilled requirements for award of concerned Diplomas /Degrees, by the University. As per the DSU regulations the authorities viz., the Academic Council, Board of Management and the Board of Governors are vested with powers to approve and award degrees/diplomas to successful students. Accordingly the said authorities at their meetings held during October and November 2017, approved the eligibility list where **82** students were declared eligible for award of degrees and diplomas, by the University.

Sl.No.	PROGRAMME	NO OF STUDENTS
1	M Tech (Computer Science and Engineering)	18
2	M Tech (Computer Science and Information Tech)	11
3	M Tech (Embedded System)	16
4	M Tech (Design Engineering)	07
5	M Pharm	03
6	MPT	03
7	Post Basic Nursing	03
8	PG Dip in Biotechnology	21
	TOTAL	82

Dayananda Sagar University organised its **First Convocation on Saturday, 18th November 2017**, at 11am, at Dr D Premachandra Sagar Auditorium & Centre for Performing Arts, Kumaraswamy layout, Bengaluru 560078, India. The 82 students listed above were awarded various Degrees/Diplomas. Among them many achievers have been felicitated and awarded gold and silver medals, by the University.

PadmaBhushan Dr. G. Padmanaban, former Director, Indian Institute of Science, Bengaluru, was the Chief Guest. Dr. Padmanaban, a globally renowned Molecular Biologist has extensive publications, guided innumerable doctoral students, and contributed significantly in growth of Life sciences and Bio Technology, in the Country. In recognition of his outstanding reputation, he has been conferred with many civilian honours and professional awards within and outside the Country. While tracing his own

scientific journey, he advised students to innovate and to integrate biotechnology with artificial intelligence and information technology. The fundamental sciences based core technologies with IT and BT need to make contributions to help society and for alleviation of human suffering.

Hon'ble Dr. Premachandra Sagar, the Pro Chancellor DSU, shared his thoughts and vision with the students.

Hon'ble Dr. Hemachandra Sagar, the Chancellor, DSU accepted the students and awarded them degrees.

Students eligible/qualified for award of medals in the DSU Convocation 2017

Master of Technology in Computer Science and Engineering

Specialization: Big Data

SCHOOLS OF THE UNIVERSITY

SCHOOL OF ENGINEERING

Dean Dr. Srinivas

School of Engineering (SoE) started functioning from August 2015 onwards at the Hosur Road campus. The school offers undergraduate, postgraduate and doctoral programs in core engineering domains of Aerospace, Electronics & Communication, Computer Science and Mechanical Engineering. Faculty is the Pillar of Strength at SoE. Over half the faculty have Ph.Ds from Premier Institutes from within India and Abroad. Also, most faculty members have very vast industry and research experience, working in elite research organizations and companies. This rich global exposure and experience of the faculty has largely contributed to a quality learning experience for the students at SoE.

SoE faculty with vast global exposure have implemented novel teaching learning methods embedding project based learning in most courses, enhancing the problem solving skills in students. These experiences using the Hands-on approach have helped students to fit better into industry/research environments and take up challenges.

One very distinguishing feature of SoE is the setting up of industry based innovation labs, in collaboration with global companies such as NVidia, IBM, Dassault Systems, BOSCH, Autodesk etc. Students have opportunities to work on innovative projects in inter-disciplinary areas right during their studies. This world class facility has provided a very competitive edge for SoE students. Also, the setting up of a start-up village in the same campus in the form of DERBI (Dayananda Sagar Entrepreneurship and Research Business Incubation) provides a unique opportunity for young innovators to set up their own companies, right when they are in their UG/PG studies. With all the above state of the art facilities and innovation opportunities, SoE is certainly a true destination for young students aspiring to achieve remarkable goals in life.

DEPARTMENT OF ELECTRONICS & COMMUNICATION ENGINEERING

Dr. Vaibhav- Chairman

The Department of Electronics and Communication Engineering came into being in the year 2014. A unit of excellence the department is well committed to the development of knowledge in the vistas of electronics. The department has the necessary infrastructure well established and put in place all tools necessary for its academic and research programs. The faculty members are actively involved in Research and Development and have published papers in International & National Journals and conferences. The department has also in cooperation with innovation labs initiated various research activities. The department has 1 Postdoc faculty, 5 faculty with Ph.D. and 15 with a Master's Degree with a blend of academic, research and industrial experience from reputed institutes and organizations such as Indian Institute of Technology (IIT), NIT's, Anna University, VTU, University of Mysore, Bangalore University amongst others.

Programs

- B.Tech (Electronics and Communication Engg)
- B.Voc (Mechatronics)
- M.Tech(Automotive Embedded System)
- Ph.D. (Electronics Engineering)

Academics and Facilities

- The undergraduate programme offers courses to students to pursue in the domains of VLSI, Embedded, Signal Processing and Communication engineering.
- The department offers post-graduation in the domains of Automotive Embedded System and has the necessary facilities to train its students as per industry norms.

Highlights

- The department in its endeavor to make its students industry ready, offers numerous additional programs in conjunction with companies such as Texas Instruments, Mentor Graphics, National Instruments to train in the domains of VLSI, DSP, MATLAB, Embedded System Design and others.
- Organizes competitions to empower the student community with cutting edge technology through events such as Robo Wars, Soldering, circuit design and debugging, PCB design events.
- Facilitates guest Lectures every semester from reputed academicians and industry doyens from Texas Instruments, Philips Semiconductors, Orange Semiconductors, ISRO, NAL, etc.,.
- The Department inaugurated DSU-IEEE Student Chapter and EWB-DSU Chapter.
- Industry Collaboration with Analog Devices, Rousing Solutions, Realmentlabs.
- IISC Bangalore Collaboration IEEE Photonics guest lecture in other colleges Research projects” Design and Fabrication of MEMS acceleration sensor using novel fabrication method” Faculty invited for FDP program at IISC.
- Conducted Internship for DSATM students
 - VLSI Design
 - IoT
- Faculty are involved in Consultancy projects and pursuing the project funded by VGST.

International Conference ICOWT-2017

22nd and 23rd June 2017

Labs of E & C Engineering

DEPARTMENT OF COMPUTER SCIENCE & ENGINEERING

Dr. M K Banga- Chairman

CS&E Department has well qualified faculty members with doctoral degrees from reputed institutes such as IITs/IISc/NITs and Universities, working meticulously to pass on the knowledge to students to achieve its goals. Programs offered by the department include all technology streams and intellectual enterprises of computer science and engineering discipline. The Department offers B-Tech in CS&E, an under graduate program, which prepares students for the current and future demands of industry and the research world. Two M-Tech programs are incepted in the important areas of Big Data/Internet of Things, and Cloud Computing to meet the demand of the industry. Department also offers Ph.D. program and has more than 30 research scholars. Faculty members in the department are very active in research , major areas of research being i) Networks & IoT, ii) Computational Intelligence, iii) Big Data & Data Science, iv) Cloud Computing, and v) Cyber Security.

Department has well equipped and state-of-the-art Laboratories to train students in various technologies. The department also makes use of the Innovation Laboratories such as IBM Software Lab for Emerging Technologies, VMware Lab, and NVIDIA-Boston's High Performance Computing Lab to train its UG and PG students in the respective technology areas. Students of the department can also enroll for the certification programs offered by VMWare Academy, EMC2, and Amazon become industry ready. The department has conducted National Conference on Big Data & Data Science and National Workshop on Big Data & Analytics in Healthcare and is planning to organize an International Conference on Intelligent Systems & Communication in March 2019.

At the Under Graduate level, a student goes through the foundation courses in Science, Humanities and Engineering. Department ensures that the courses cover both Core & Electives as required. Provision for open elective help the students to acquire inter-disciplinary knowledge or specialize significantly in an area outside the parent discipline. At the Post Graduate level, students are exposed to knowledge beyond their specialization and help in broadening their horizons of thought process.

Final year students of the Department have been selected by companies such as Carelya, Box 8, Accenture, Infosys, Cognizant, Mahindra Comviva, Tata Elxsi, TCS and Value Lab.

Computer Society of India Awards for DSU

DEPARTMENT OF MECHANICAL ENGINEERING

Dr. Rajagopal –Chairman

The Department Strives to achieve the highest quality in education and make a distinctive contribution to society. Our Courses are supported and enabled by highly experienced staff, state-of-the-art infrastructure and resources. Through our strong industry connections and leadership, we provide opportunities for every student to achieve success on their own terms.

The under graduate programs are designed to train the students in Basics and fundamentals of mechanical engineering and comprehend the adaptability, understanding the associated aspects of emerging areas of technology and applications, the under graduate curriculum in mechanical engineering covers the fundamental aspects of the field. It emphasizes basic principles, choice based department electives and institutional electives in the interdisciplinary area. The curriculum lays emphasis on educating the student in the use of these principles to reach optimal solutions to the engineering problems. The curriculum stresses on experiential learning, laboratory work, project, and ethical practices.

Department has two innovation Labs viz. Autodesk COE for Product Design & Bosch Rexroth Centre of Competence for Automation. Students are trained professionally to carry out Industry specific cutting edge projects as a part of curriculum. Department offers M.Tech - “Design Engineering” and Ph.D programs. Department collaborates with Industries and Research labs for Guest Lectures, Industry visits, Student projects and Internships.

DEPARTMENT OF AEROSPACE ENGINEERING

Dr. B V N Ramakumar-Prof. & Chairman

Department of Aerospace is establishing a Centre Of Excellence (COE) with M/s. Dassault Systems (DS/3DS) as the technology partner, COE for Aerospace & Defense - Government of Karnataka, as a knowledge partner and M/s. Dysmech Consultancy Services Pvt. Ltd. (DCS) as the interfacing partner. The preliminary objective of this center *is* provide assistance in skill development enabling students to earn better livelihood for social up-liftment and placements. The broad goal of this program is to bring Industry in Institute.

The COE is aimed to strengthen technical education infrastructure to promote industry relevant skill development which will act like a catalyst in inclusive and sustainable industrial development and employment generation for the youth.

The COE will have the state of the art Labs including:

- Product Design and Development
- Flight Physics Validation
- Avionics
- Reality
- Aerospace Structures Design
- Aircraft Systems
- Composites

M/s. DCS has successfully developed two labs, Product Design & Development Lab and Aerospace Structures Design till now. M/s. DCS in association with Department of Mechanical Engineering have conducted the Faculty Development Program (FDP) on “Introduction to CATA Design Tool” for faculties of DSU, DSCE & DSATM. Few photographs of the developed labs are shown below.

Product Design & Development lab

Valediction of FDP

DEPARTMENT OF COMPUTER SCIENCE TECHNOLOGY

Dr. T K Sateesh

Department of Computer Technology offers a unique curriculum to prepare students to integrate the technical knowledge with business start-up and growth skills. Curriculum exposes students to a wide range of computing areas ranging from problem solving techniques, artificial intelligence, data science and cyber security, coupled with courses in engineering entrepreneurship.

Department has introduced project-based learning from third semester onwards. Each semester has a focus on developing productized ideas. This reinforces the classroom learning with practical applications.

Department consists of well qualified professionals with extensive experience and specialization in different subjects constantly evolving technological developments, changing patterns in work and life.

DEPARTMENT OF BASIC SCIENCE - PHYSICS

Dr. Narayan Behera

The department of physics provides a course curriculum well designed to prepare the engineering students to handle challenging problems in academics and industry. We have excellent educators and researchers as faculty members who have been trained in some of the finest universities in India and abroad. The department is empowered with modern laboratories. It has very good research environment to cater to the high quality programs at all levels. The department encourages various interdisciplinary collaborations with the universities and industries. There is ongoing Ph.D. program in the areas of computational physics, complex systems, bioinformatics, nanotechnology, materials science, sensors and instrumentation. We plan to start undergraduate and postgraduate programs in physics in the near future.

VISION:

To emerge as a center of excellence in physics education and research at national and global levels. To provide mentorship in the pursuit of knowledge in the basic and applied physics through high quality teaching, active learning by interactive sessions, and research. To provide vibrant intellectual atmosphere, where each individual endeavors to fulfill the immediate and future needs of the DSU, the surrounding community, and the nation. To strive to be ranked as one of the premier physics department in the nation by 2025.

DEPARTMENT OF BASIC SCIENCE – CHEMISTRY

Dr. K. Anand Solomon

The Department of chemistry with its four Faculty members, is aimed at imparting quality education apart from inculcating research aptitude in students.

Research and Development along with consultancy is the priority area of the Department. Currently the faculty of the Department have two funded projects from Department of Science and Technology and a project sanctioned by Vision Group of Science and Technology-Karnataka. The Department has organized one International and three National conferences till now. Totally eighteen papers have been published in Scopus indexed journal with impact factors ranging from 1.07 to 2.59.

CHEMISTRY LABS

DEPARTMENT OF BASIC SCIENCE – MATHEMATICS

The Department of Mathematics takes pride in serving our students with high quality courses in applicable mathematics for various engineering and computer applications. We take teaching very seriously. You will find faculty members with doctoral degrees from reputed institutes in India and abroad, working meticulously to pass on the knowledge that they have accumulated to our students. We have integrated the active learning paradigm into our Teaching Learning process, empowering students to become thinkers who can figure things out for themselves.

We currently have faculty members with expertise in Probability, Random Matrices, Functional Analysis, Compressed Sensing, Randomized algorithms, Queuing Theory and Partial Differential Equations. Our current explorations are into Cardio Vascular Mathematics and Machine Learning. We have amongst our midst, an **Early Career Reward** awardee from the **DST, SERB** division. We are working with **Analog Devices Inc.**, an industry partner on IoT, Signal Processing and Machine Learning. We hope to grow into a center of excellence in Applied Mathematics in the next few years, with abundant opportunities for research.

SCHOOL OF COMMERCE AND MANAGEMENT

Dr. Punith Cariappa-Dean UG –SCMS

Ph.D. in Management, MBA program, BBA, and B.Com-ACCA integrated program.

The School provides a rich learning environment with world class infrastructure together with top class faculty team to develop and hone the managerial and leadership abilities of its students through a rich portfolio of pedagogical tools. Class room instruction, case-based discussion, role plays, games, on field projects and company internships, besides guest lectures and seminars by industry experts are the many ways the students learn the fundamentals and advanced concepts in commerce and management education.

The School aims at the following objectives:

- Students are academically prepared to be successful managers, entrepreneurs and to be practicing well in professional services of their choice.
- Students are well exposed to global practices of the functions of commerce and management science.

- Students will be sensitized and be trained to be sensitive human beings while being successful managers and leaders.
- Students possess the professional attitudes and skills to perform as productive employees and continue learning.
- Students will be excellent managerial communicators

Some of the activities of SCMS:

**Panel Discussion by Student Speakers
of different Universities and B-Schools**

SCHOOL OF BASIC AND APPLIED SCIENCES

Dr. Sunil More – Dean Life Sciences

SBAS faculty and students have organized and participated in several events in the time period between August 2017 and August 2018.

The school has arranged two guest lectures delivered by senior researchers from reputed Universities. A Genomic Awareness Program has been organized in association with Bionivid Private Ltd to get hands on training in genomics tools. The School has organized a One Day Seminar for students and a Seven Day Development Program for faculty. Research Scholars and students from SBAS have attended several conferences in and around Bangalore – including the Annual Conference of KSTA and Science Academies' Lecture Workshops. An industrial Visit was organized for the final year BSc students in September 2017 and sports and cultural events were organized in March, 2018. A National Service Scheme camp was organized by SBAS and Sapthagiri Medical College in collaboration with Lions Club, Bangalore along with Red Cross, Yerachenahalli Chapter, and Bangalore in which faculty and students whole heartedly took part.

Industrial visit for BSc students

One Day National Seminar

BSc students winning prize

Sports & Cultural Week

SCHOOL OF ARTS AND HUMANITIES

COLLEGE OF JOURNALISM AND MASS COMMUNICATION

Dr. Rakesh Kataria – Dean

To begin with, accomplished visitors from the industry are now a feature at C.J.M.C.

National award winning filmmaker Rakesh Sharma visited C.J.M.C. on 21 September, 2017, to deliver a guest lecture.

Besides countless international awards, Mr. Sharma has won the Wolfgang Staudte Award at the Berlin International Film Festival and won the Political Press Jury Award at the Fribourg International Film Festival.

He said that mainstream media appears independent but in reality is extremely susceptible to revenue departments. He told students that all that matters to tell a good story is the narrator himself or herself. Resources do not matter to good storytelling. With growing intolerance, it was artists and those in creative pursuits who have to speak up against intolerance.

'Final Solution', his trailblazing documentary film based on the victims of the Godhra massacre, which bagged an award in the 'Best Debut' category, was screened before he addressed the students.

Earlier in the year, on 07 February, 2018, Sujit John, Business Editor, *The Times of India*, visited C.J.M.C. and had a candid seminar-interaction with students on the subject of business journalism practice.

He spoke on the scope and challenges of business journalism. He discussed the arrival of online journalism, its challenges to print media and the need for journalists to be multi-skilled and continuously reinvent themselves so that they remain relevant as journalism evolves.

C.J.M.C. also invited a brilliant achiever from the radio sector as well. On 12 April, 2018, Michelle Patrao, until recently with Radio Indigo, who has been rated Bangalore's best RJ and is the winner of many industry awards from *Radio Indigo*, shared her experiences as radio jockey and provided guidance to aspiring radio professionals.

She shared her experiences as a programme producer and advised students on the challenges of going impromptu on air. She also discussed new avenues for young journalists like podcasting and provided guidance to students on the industry workings.

Beyond the guest list was a programme hosted by C.J.M.C. in association with Twitter-CSR on raising awareness about the trends in surfing and online safety on 01 February, 2018.

The most recent of the guest lectures was delivered by Mohit Rao, Principal Correspondent, *and The Hindu*, who spoke to the students about environmental reporting on 11 August, 2018.

He spoke to the students of his experience as an engineering student who joined journalism. Speaking on the changing preferences of readers especially with content on the Net, he said long form writing still attracts readers. What matters is how well stories are written. If the stories are crafted well, readers will read them regardless of the number of words. While emphasizing the importance of reading to become successful journalists, he said that it may sometimes be difficult to read when working as a journalist since the pressure to write everyday can be daunting. However, wide reading earlier in life even can form a good foundation and provide journalists with skills to write well.

He referred to his recent reporting from the Andaman and Nicobar Islands on the invasive frogs from the mainland that had overrun the islands and were threatening other species on the islands. In his reply to questions from students, he said it took passion to not merely join but survive in journalism.

Students from all the three years of B.A.(J.M.C.) participated actively in the seminar-workshop titled, *#TweeSurfing*, an interactive workshop on online safety led by resource persons, Amitabh Kumar, Head, Media and Communications, *Centre for Social Research*, New Delhi and Arnika Singh, Project Officer, Media and Communications, *Centre for Social Research*.

As part of the event, they discussed online safety mechanisms that are devised to control information shared by users in virtual spaces. Information and solutions to concerns such as trolling, cyberbullying, harassment and fake news were shared with the students who constitute the major chunk of social media users today.

C.J.M.C.'s commitment to providing industry exposure to students began as early as with the first day at college. At the orientation session for students of B.A. (J.M.C.) 2018-19 batch, held on 31 July, 2018, Aksheev Thakur, Environment Correspondent, *Deccan Chronicle*, addressed the students.

In a lively, impassioned discussion relevant to the media industry now, he spoke about media platforms, divergent news content online and the credibility of online media.

He said that the online media organizations have not invested adequately in resources for reporting from the ground yet. Often, they aggregate news from other sources. Also, online media are carrying views and opinions rather than focusing on reporting.

In another Workshop on Organisational Skills, held on 27 November, 2017, CJMC students were trained in soft skills. They were divided into groups and asked to speak on various topics and were guided on skills in public speaking.

Amitabh Kumar, Head, Media and Communications, Centre for Social Research, New Delhi, conducting the Tweek Surfing workshop

Mr. Rakesh Sharma, award-winning film maker, speaking to CJMC students.

Mr. Sujit John, Business Editor, The Times of India, Bengaluru, addressing students in CJMC.

COLLEGE OF PHARMACEUTICAL SCIENCE

Principal College of Pharmacy

The Department of Pharmaceutical Sciences was established in the year 1984 offering 2 yrs. Diploma course in Pharmacy, followed by 4 yrs. Graduate course in Pharmacy (B.Pharm) in the year 1991. The department also offers M.Pharm (since 2006-07) and Ph.D. (2016-17 onwards). The department was originally affiliated to Rajiv Gandhi University of Health Sciences, Bengaluru and since 2015-16 onwards it has come under the umbrella of Dayananda Sagar University.

A six year Pharm.D program was started during the academic year 2012-13 and all the above programs are approved by All India Council for Technical Education and Pharmacy Council of India, New Delhi. The specialization offered at PG level includes Pharmaceutical Chemistry, Pharmaceutics and Pharmacology. The department is aimed at producing skilled man power catering to Pharmaceutical Industry, Research, Health care organizations & Academics. Students undergo an extensive training in well-equipped laboratories by the highly qualified faculty members.

Pharm.D students undergo extensive training in Sagar Hospitals along with Internship and thereby become competent enough to work in any health organization.

In addition, all pharmacy students are also allowed to participate in community related social services, Industrial visits, field trips etc. The department boasts off in establishing a full-fledged research facility at PG as well as Ph.D. level in all specialization. The faculty members are encouraged to organize and take part in seminars / conferences / workshops both at National and International levels in-house as well as outside the campus.

COLLEGE OF NURSING

The Dayananda Sagar University was started in the year 2014. The institution is recognized by Indian Nursing Council and is approved by Karnataka State Nursing council. The College offers B.Sc. Nursing, Post Basic B.Sc Nursing and M.Sc Nursing.

The Institution maintains adequate infrastructure and teaching faculty as per requirement recommended by apex bodies. The clinical exposure is provided in our parent hospital- Sagar Hospital Banashankari and Tilak Nagar. Additional experience for specialty areas was provided at Vani Vilas Hospital, NIMHANS and Spandana Hospital. The clinical field selected and organized for students learning experience permits hands on practice which enables clinical nursing competency.

SNA: The SNA unit of our college organized Functions like Lamp Lighting Ceremony, fresher's year's party, Christmas function and others.

E-Governance system: E-governance system of teaching learning sessions, student's attendance, IA marks, etc were updated and report generated.

Sports and Cultural Day: The students participated and bagged various prizes in sports and cultural activities.

Other Activities: All the students of College of Nursing Sciences actively participated National Health Programmes namely, Pulse polio programme, World Aids day Programme, World Health Day programme.

Staff Development Programme: As a part of staff development programme the staff of our institution attended and presented paper at various conferences. College of Nursing Sciences organized Six (06) Conferences. Participants from various Nursing Colleges in South India attended the same.

COLLEGE OF PHYSIOTHERAPY

Dr. Anil T John- Principal

Our current academic year started on 6th October 2017. During the current academic year, the intake of BPT was 40 and that of MPT was 5. Owing to the increased demand to the BPT program, an extra numeric quota of 15% was considered by the university, under which 5 foreign/ NRI students were admitted. Hence the total number of students admitted to the BPT program in this academic year stood at 45.

The Institute has about 6 physiotherapy faculty and 2 faculty for basic sciences (Human Anatomy and Human Physiology), who are supported by 6 visiting faculty across all the 4.5 year UG program and 2 year PG program. The faculty and the students are ably supported by 2 office assistants and a librarian. 1st, 2nd and 3rd year BPT as well as MPT students are under the DSU while the 4th year BPT students as well as the interns are under the RGUHS, following the respective regulations.

Our 3rd and 4th year UG as well as both year PG students attend clinical postings at various setups including the physiotherapy outpatient department of the college; Sagar Hospitals, Jayanagar and Banashankari; Fortis Hospital, Bannerghatta road; BBMP hospital, NR colony etc.

Our first year BPT results is about 66%, 2nd year results is around 75%, third year results is about 84%. Good number of our students participated in the National level competitions and leadership camps and have won prizes.

The students of the college took an active participation in the sports and cultural events held in the campus. The College of physiotherapy had hosted the 4th inter college Physiotherapy League Cricket match and attracted participation of around 12 physiotherapy colleges across Bangalore.

The students and the faculty of the college are involving in several community related awareness campaigns and similar activities, which has been summarized in the table below.

Students of the Institute are participating actively in several professional society branch activities and student clubs.

All this has become possible by the support from the Management. I thank all the Governing council and Academic council members for their support. I thank everyone connected with this Institute for all their support.

2	SCHOOL OF ENGINEERING - ECE	15-25 May 2018	INUP Workshop-IISC Bangalore		Dr. Payal Verma
3	SCHOOL OF BASIC AND APPLIED SCIENCES	25-26 th April, 2018	Two day Workshop on "Project management"	Karnataka Science and Technology Academy, Department of Science and Technology, Government of Karnataka and Project Management Institute, India Chapter	Dr. Pradipta Banerjee
4		12 th -13 th July 2018	Science Academies' Lecture Workshop on Drug Discovery and Target Identification	Mount Carmel College, Autonomous	Dr. Anu Sharma, Dr. Aneesa Fasim

DETAILS OF WORKSHOPS CONDUCTED

Sl. No.	School	Date of workshop Held	Title of Workshop	Workshop organizers details	Name of Faculty attended
1	SCHOOL OF ENGINEERING - CSE	12th & 13th Dec 2017	Workshops on Mobile App Development, Programming Concepts & C	Dr. Shaila, Prof Rajini, Prof Teena Samajdar, Dr. Vasanthi, Dr. Revathi	
2		9th and 10th Feb, 2018	Machine Learning and Data Science	Dr. By Dr C.S Chaudary, cognitive analysts, IBM-US, and 2 Trainers	Workshop under CSI-DSU Student Chapter
3	SCHOOL OF ENGINEERING - CST	25-Aug-18	Workshop on Innovation Management & Unleashing Creativity	CST	
4		10-Mar-18	Workshop on Word Press	CST	
5		3-Feb-18	Workshop on Design Thinking	CST	
6		2-Nov-17	Workshop on Role of Entrepreneurship	CST	

Sl. No.	School	Date of workshop Held	Title of Workshop	Workshop organizers details	Name of Faculty attended
7	SCHOOL OF ENGINEERING - CST	3-Nov-17	Workshop on State Gov. help for SSI Units	CST	
8		4-Nov-17	Workshop on Entrepreneurship in Health Sector	CST	
9		15-Sep-17	Workshop on Ideathon	CST	
10		28-Oct-17	Workshop on Problem Solving	CST	
11		14-Mar-18	Web Design Contest	CST	
12		9-11th Feb 2018	Quark Workshop	Bits Goa	Prashanth (5th Sem)
13	SCHOOL OF ENGINEERING - ME	Nov 3-5, 2017	Product Design Workshop on Wood working	AutoDesk-Makers Lab	Students (DSCE and DSU)
14		March. 28, 2018	How Engine smart are You? - Removing the suspense from suspension	Mr. Anoop Srinivasan	Students (DSU)
18	SCHOOL OF COMMERCE AND MANAGEMENT		Half Day Workshop on E-Commerce -Legal Perspective	SCMS	
19			Robotics Process Automation and its Implications on Human Resource Planning	SCMS	
15	SOHS - COLLEGE OF NURSING	14/07/2017	Workshop on Nursing Research Methodology	SOHS	
16		13/12/2017	Workshop on Research Methodology	SOHS	
17		6/6/2018	Workshop on Research Designs in Nursing	SOHS	
20	SCHOOL OF JOURNALISM AND MASS COMMUNICATION		Twee Surfing workshop	Amitabh Kumar, Head, Media and Communications, Centre for Social Research, New Delhi	
21			Organizational Skills	JMC	for Third Year B.A Students

LIBRARY AND INFORMATION CENTRE

VISION

The vision of Library and Information Centre at Dayananda Sagar University is to be a world-class University Library that caters to the needs of students and faculty members for academic excellence.

MISSION

- The mission of Library and Information Centre of Dayananda Sagar University is to provide many services and various modes of activities to its user community in a wide range.
- Mainly to support teaching, learning, research and innovative activities in becoming active & discerning users for promotion of their knowledge.
- To establish learning environment for the Library users as well as encouraging and supporting the professional growth & individual growth for staff, students and every individual in his treasure of knowledge of great name, fame & reputation earned by its great extended services.
- To fulfill this mission we are committed to build collections, create tools and render services.

CULTURAL EVENTS ORGANIZED BY DIFFERENT SCHOOLS

NURSING

PHARMA

Intercollege Competitions Feb 2018

Students of College of Pharmaceutical Sciences, DSU had participated in inter-college competitions 'PES ASPIRATIONS 2018' on 10th and 11th Feb 2018 conducted by PES college of pharmacy in PESIT, Bengaluru and have won prizes in various events like Debate, Brainstorming, Quiz, Solo singing, Street play etc.

Sl. No.	Name of Event	Prize	Name of Student
1.	Solo Song	2 nd	Kaustav
2.	Debate	1 st	Shruti Pradhan
3.	Debate	3 rd	Shazia
4.	Brainstorming	1 st	Antariksh
5.	Quiz	3 rd	Pavan, Antariksh and Ambika

The winners have been awarded with an overall 1st Runner up Trophy.

J.U. Marathon

Staff & students of D.S.U participated in Marathon organized by Jain University on 11th March 2018.

A visit to FRLHT

DAYANANDA SAGAR UNIVERSITY

College of Pharmaceutical Sciences

FDP—2018 (21st -26th June, 2018)

Dairy Visit

Industry Visit to Milltech Machinery – 2018

NSS Activity - Blood Donation

Industry Visit to KSDL and Bosch – 2017

Session on Budget by Prof.Kiran Bindu

Panel Discussion by Student Speakers of different Universities and B-Schools

National Conference on "Innovations in Business Management" for Commerce & Management Students on 13th April, 2018 - The plenary session

SBAS 1st August 2017

An **orientation program** was organized by the School for the **new BSc batch** of students on 1st August, 2017. It comprised of a brief introduction to the University and School achievements followed by introduction of the various faculty. Questions raised by the parents were also answered by the Dean and other faculty.

As part of the **Centennial Lecture Series**, Prof Surya Singh, from the Department of Biochemistry in Osmania University delivered a talk on “Role of proteomics in solving biological problems” on 21st August, 2017. The talk was attended by the UG and PG students.

An **industrial Visit** was organized by the School for the **final year BSc students on 14th-16th September, 2017**. The three-day visit was done to improve the practical knowledge of the students. The companies visited were:

Vipragen – animal house facilities, concept of clean and dirty corridor, autopsy room, tissue processing, staining and viewing under microscope.

Proseta – Cell culture facilities, cold room, and pharmaceutical analysis of drug samples.

Wellison Nutraceuticals – Production of algal mass from lab to field, collection of mass, freeze drying and formation into capsules

Radhoor Plantations Pvt. Ltd – tea drying, cutting, curing of tea leaves through pressing and rolling, drying, separating fine dust by cyclone separator, separation by size and packing.

MS Swami Nathan Research Centre – identification of the unique flora and fauna of the Western Ghats.

Students and faculty of SBAS in the college campus at 6.30 in the morning

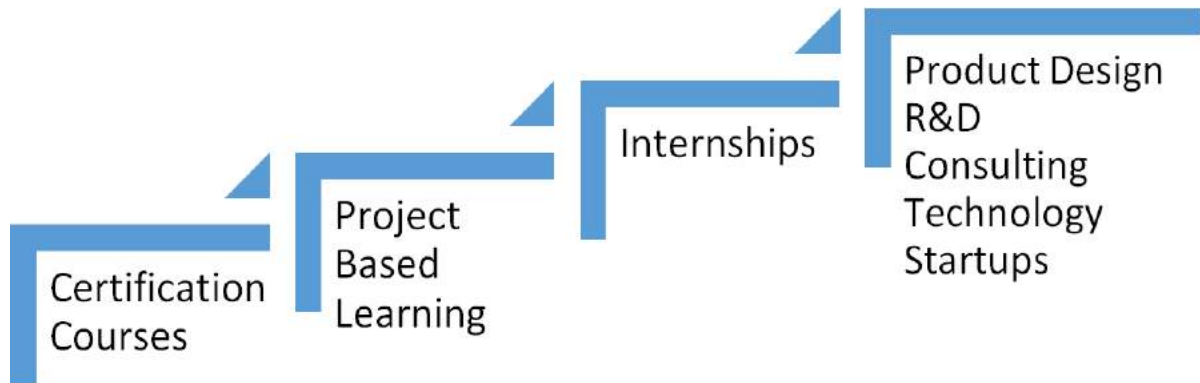

Students learn about animal house facilities & tissue processing in Vipragen

Students at the M. S. Swaminathan Research Center, Wayanad

INNOVATION LABS

Innovation Labs provide DSU students and faculty a very unique opportunity to learn industry oriented skills and enables them to develop innovative products and solutions which can eventually become startups.

Currently, we have partnerships with the following 14 companies.

HackerSpace

MakerSpace

This year we conducted some major events across all labs in collaboration with the departments from the School of engineering, DSU.

- DSU Talent search 2017: In this event, school students learned skills in the labs and implemented various innovative projects in 3 days.

- Industry Readiness Program: This is being conducted from July to Dec 2018 for 3rd and 5th Semester students and included various certification courses
- Placements oriented Certification program for Final year students in June 2018.
- 3 weeks summer internship program for selected 50 DSU students in July 2018 was conducted learning to 15 very significant projects.
- 3 days' Workshop on IOT for 6th sem students
- Technovation 2018: An exhibition of projects done by students at Innovation Labs and departments. Over 150 participants demonstrated over 75 projects in the areas of IoT, Machine Learning, Product Design, Hydraulics and Pneumatics, etc.
- 4 weeks Summer Internship for DSATM students
- Programming 20-20, where students completed 20 programs of increasing complexity within 20 days.
- Advanced Programming Lab. Students come daily from 5 PM to 7 PM to learn advanced programming skills which in turn will be useful for doing programming related product development
- Entrepreneurship Club activities were started to enable students to learn various entrepreneurship related skills.

We added partnerships with Google for Machine learning and Android, Intel for Machine Learning, Analog devices for IoT, DSP and Machine Learning, Nokia for Wireless Technologies, AWS for Cloud Computing and Enthu Technologies for PCB design studio.

Here are some updated specific to individual Labs.

Automotive Systems Lab

This Lab is in collaboration with ETAS (BOSCH). It provides infrastructure for rapid development and testing of embedded automotive systems as well to train future engineers. It comprises of

- FlexECU-an open and economical ECU platform for the on-target system development of new control concepts. This is based on production-ready versions of Bosch's world-class ECU hardware with a microcontroller.
- Hardware-in-the-Loop testing system -ETAS LABCAR and tools which is used for software development and testing.
- Modeling tools to develop a control model

Apart from supporting M.Tech in Embedded Automotive Systems, the Lab supported projects in IoT and Advanced Driver Assistant System (ADAS).

Design and Innovation Center

This center enables students to design, visualize and simulate their ideas using Autodesk suite of tools for 3D design, engineering and entertainment. Subsequently, the ideas are prototyped and implemented using facilities in the Maker Space that includes 3D printer, 3D scanner, CNC Milling machine and various hand tools. Using these facilities students have built innovative products such as electric bikes, go-karts, novel building architectures, novel wood furniture, Smart Cane for the blind, 3D printed robotic arm etc.

Infrared Interpreter System

Almost 5% of world population are deaf and mute. They need to rely on an interpreter to translate their sign language which is time consuming and very laborious process. The present day technology is outdated and very heavy to wear the translating device. After brainstorming, the innovation that we came up with is using an infrared sensor, that is used for detecting objects. This is used to detect the hand movements of the deaf and mute people. The system is designed to detect the hand movements of the deaf and mute people. The system is designed to detect the hand movements of the deaf and mute people.

Key activities:

- A 2-Week Hands-on-Training Program on Autodesk Fusion 360 for Final year Students from mechanical engineering.
- A 4-Week Internship Program on Autodesk Fusion 360 – Products Design, Sheet metal design, CAM Workbench, Rendering, Animation, and Sculpt - 19 Students from DSATM got trained and certified.
- Workshop on furniture design and woodworking using CNC router by Kydo for DSU and DSCE students
- NGO collaboration for 3D Scanning of historic Inscription stone at Hebbal using Artec 3D scanner
- Industrial consulting for Design and 3D printing a dental implant related product for Int. Essence Solution.
- Design and manufacturing solution provided to EM Ware Tech.

Cloud Computing and Virtualization Lab with AWS and VMWARE

This Lab provides AWS (by Amazon) and VMware resources for hands-on training in the area of Cloud, network virtualization, workforce mobility, data center virtualization etc. As part of the AWS educate program, the students and faculty have access to over 40 different courses on 3 career paths. Students and Faculty get free cloud credits to use resources for the training as well as R&D activities. After completing the courses, the students are eligible to apply for Jobs on the AWS Job portal.

As part of the VMware IT Academy, the students get access to VMware tools and cloud-based infrastructure to complete VMware training courses such as VSphere and can take the certification exams by VMWare.

Center for Competence in Automation Technologies

This center is established in collaboration with Bosch Rexroth. The technologies dealt in this Centre are Hydraulics, Pneumatics, PLC's, Sensorics, AC Servo drives, CNC Control systems etc. It is an Integrated Center of Competence as well as Skill development center.

This year we conducted A Five days Faculty Development Program on Hydraulics, Pneumatics, Programmable Logic Controller, and Industry Automation 4.0. For students, we conducted several hands-on sessions focusing on employability. Students did 2-4 weeks internships program implementing several PLC projects such as Automatic mixing and bottling in beverage plant, tollgate control system, smart traffic control light, actuation of cranes etc.

IBM Software Lab for Emerging Technologies

This Lab supports programs in the area of Cloud Computing, Big Data & Analytics and Internet of Things (IoT). This is in collaboration with IBM Career Education program. Students undergo experiential learning modules jointly developed and taught by IBM and university while working on projects that emanate from real-world business scenarios.

Currently, we are running M.Tech in Cloud computing program which uses facilities from this Lab.

NVIDIA and BOSTON center for advanced GPU computing and Machine Learning with Google and Intel

This lab provides high-performance server with GPUs for running CUDA parallel computing platform. This Lab is used for high-performance scientific computing as well as learning parallel programming.

We have recently also partnered with Google and Intel for Machine Learning training. We also conducted Google's Machine Learning Crash Course for Nokia employees

This year we conducted Data Science and Machine Learning courses using the facilities in the Labs.

Some of the key projects include Sound detection in forests, Novel Signature recognition, Old Kannada text recognition from inscription stones, Identification of clogged arteries from scans etc.

GE Advanced healthcare Simulation Lab

This Lab supports advanced Healthcare products from GE healthcare. Students and faculty have the opportunity to learn the advanced healthcare systems and develop domain knowledge in the area of healthcare.

Several training sessions were conducted for DSU Nursing, Physiotherapy students as well as Medical Electronics and Biomedical engineering students from DSCE.

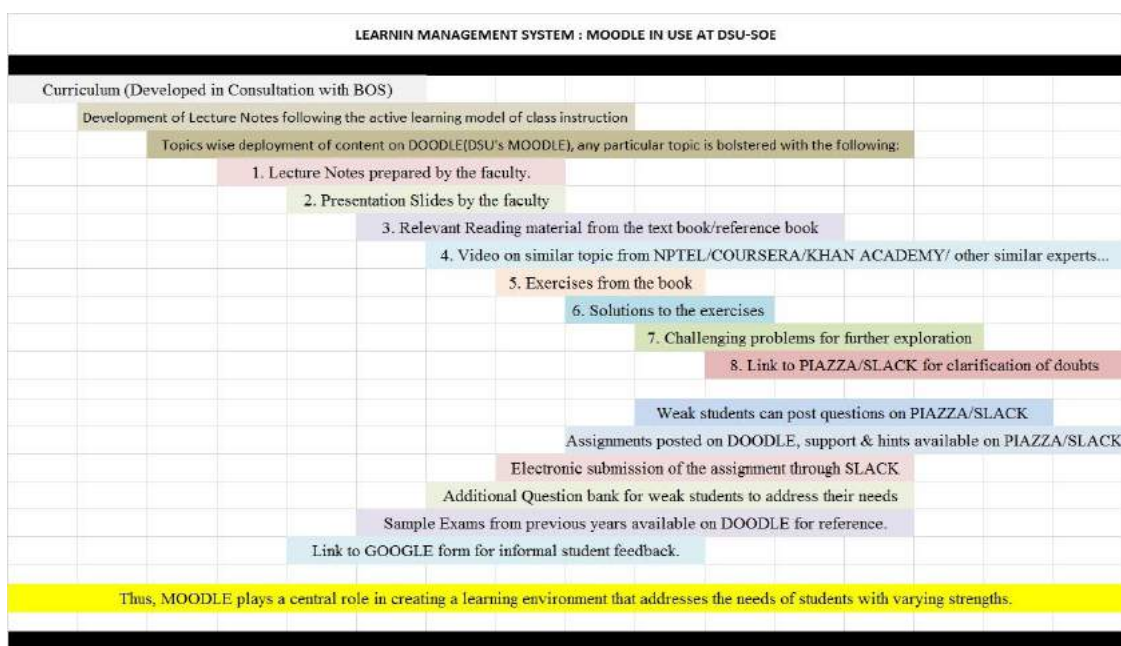

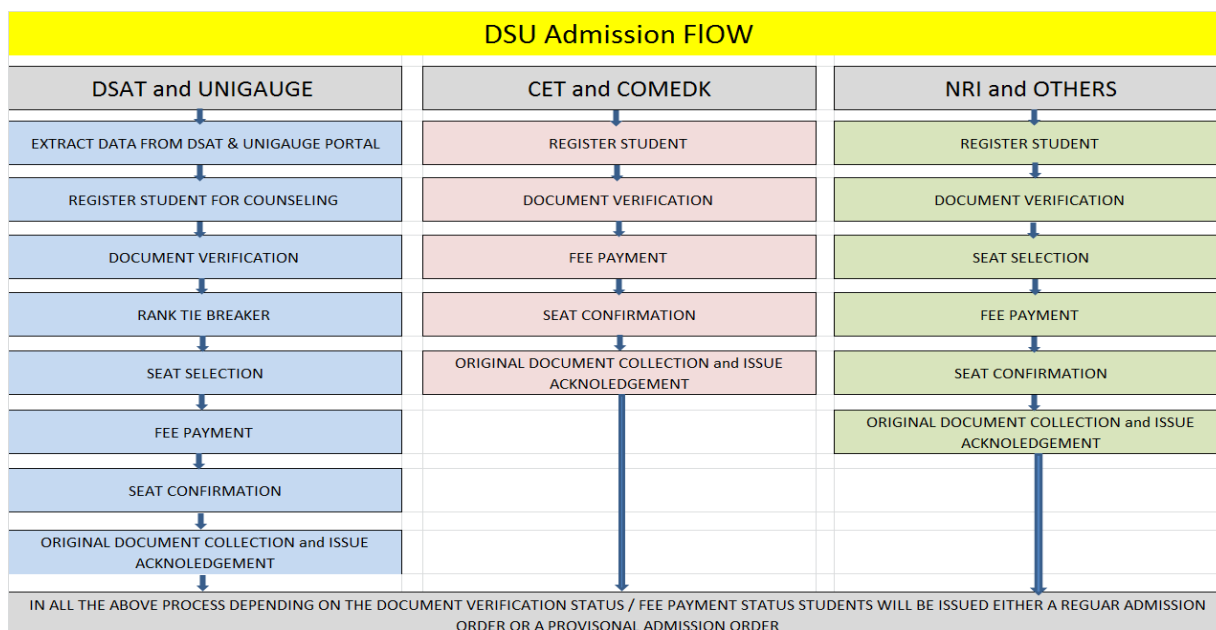

Nokia

DSU became part of Nokia University Collaboration Program. Under this program, Nokia engineers have started training our students on Wireless Technologies such as 5G. Going forward, our students will get the opportunity to work on R&D projects supported by Nokia.

PCB Design Studio

This Lab was established in collaboration with Enthu technologies and DERBI foundation to support full hardware prototyping from PCB design, fabricating 2 layer PCBS, automatic mounting of components and testing the completed PCBs.

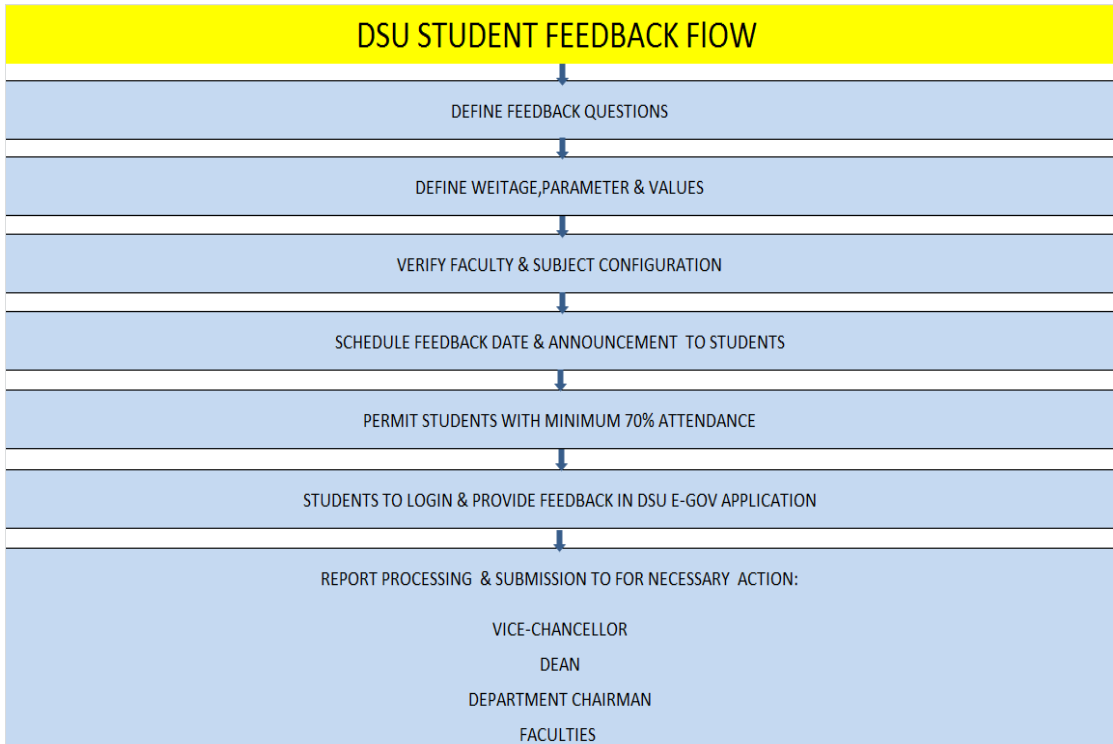

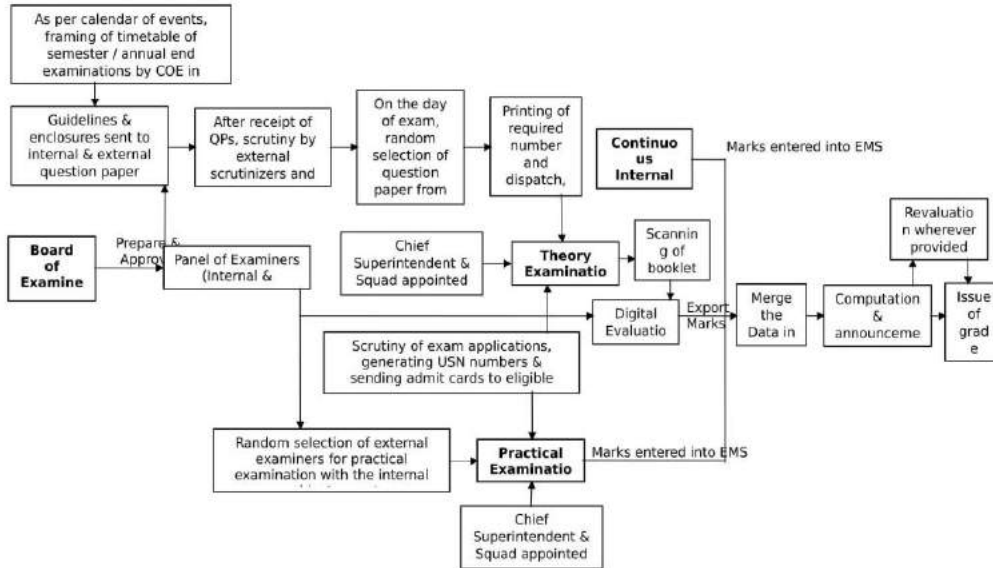

E-GOVERNANCE

DAYANANDA SAGAR UNIVERSITY

FLOWCHART OF EXAMINATION PROCESS

DEPARTMENT RESPONSIBLE	USERS	Expected activity to be carried out in the e-Governance Application	Frequency of work / Time spent on e-Governance
SOFTWARE DEPARTMENT	INSTITUTION ADMIN	Has access to all institution level details, can be used to setup details like current batch, semester details etc.	ONCE AT THE TIME OF SOFTWARE INSTALLATION AND MODIFICATION IF ANY
	SUPER ADMIN	This Role is used to create new Institution details, during starting of e-Gov implementation for institution	
SOFTWARE DEPARTMENT ADMISSION & SOFTWARE DEPARTMENT	ROLE OVER		Before Start of every Semester
	DATA PURGING BETWEEN SEMETER	After Semester end before the beginning of new Semester these activities are mandatory	
	SYSTEM SET UP FOR NEW SEMESTER		
	USER TRAINING		DURING ADMISSION
	ADMISSION INCHARGE	Admission head for DSU student admission	
	COUNSELLING ADMIN	ADMIN role for DSU counseling, can setup / control basic details for counseling like seat matrix, reference data etc.	
	REGISTRATION - ASST.	Role for marking students' presence for DSU counseling.	
	DOCUMENT VERIFICATION	This role is related to student admission, used to verify the student documents and print admission related acknowledgements	
	COUNSELLOR-SEAT SELECTION	Role for counselor using which student can select the seat in particular branch	
	STUDENT LOGIN	Login for student to create his / her profile during admission	
DOCUMENT SUBMISSION	Role for verifying the students documents before student goes for counseling		
COUNSELING-WAITING LIST	Role for allocating students seat in waiting list - DSU counseling		
ADMISSION CONFIRMATION	COUNSELLOR : CONFIRM ADMISSION , PRINT REGULAR / PROVISIONAL AO AND ACKNOWLEDGEMENT FOR RECEIVING ORIGINAL DOCUMENTS FROM STUDENTS		
GO EXAM & SOFTWARE DEPARTMENT	Exam Admin	Role related to exam admin (Subject, Rooms, Time table, candidate list Creation and Student Seating arrangements etc)	DURING EXAMS
	Staff exam Duty allocation	Role for Staff exam Duty allocation	
	EXAM SUPERIENDENT	QUESTION PAPER INDENT, COVER SLIP ETC	
	Exam A form	Marking Student Exam Attendance & Taking A Form Report	
DEPARTMENT RESPONSIBLE	USERS	Expected activity to be carried out in the e-Governance Application	Frequency of work / Time spent on e-Governance
ACADEMIC DEPARTMENT	Dean / Principal	Login to the e-Governance to know the Information about the Lesson Plan & Status, Student Attendance and Status, Internals details, Time Table, Staff Work Load, Student Feedback etc., at Institutional Level	As and when Dean wants to view the information
	DEPARTMENT HOD	Login to the e-Governance to know the Information about the Lesson Plan & Status, Student Attendance and Status, Internals details, Time Table, Staff Work Load, Student Feedback etc., at Department Level	On daily basis to know the status of Academic Profess in the Department
	Office Assistant	For Marking Staff Leave & OD info etc.,	About 10 minutes a day
	DEPT. ADMIN	For setting up basic Department Details as & when needed	As & when needed and on an average it takes about 10 minutes a day
	FACULTY	Before start of Semester about 30 minutes to create a lesson plan. And during the semester to Mark Attendance & update Lesson Plan	About 10 minutes a day
	STUDENT_FEEDBACK	This role gives access to students for giving faculty feedback (department level)	Each Student will spend about 5 Minutes to input the feedback in a Semester

DETAILS OF CO-CURRICULAR AND EXTRA CURRICULAR ACTIVITIES

Sl. No.	School	Date of event conduction	Details of the Event	Remarks, if any
1	SCHOOL OF ENGINEERING - CST	23-24/Feb/2018	Inter College Basketball	Conducted at Jyothi Nivas Women's College
2		26-27/Feb/2018	Sports Fest - Basketball Tournament	Conducted at DSI Campus
3		26-27/Feb/2018	Football Tournament	Conducted at DSI Campus
4		20-Mar-18	Counterstrike Game	Conducted at PES University
5		20-Jan-18	Cricket Tournament	KSCA 2 nd Division League
6		20-Mar-18	Gaming	Conducted at Soundarya College
7		08.01.2018	React JS basics	Conducted at Co-Works, White Field, Bangalore
8		07.07.2018	Data Analytics using Python	Conducted at Co-Works, White Field, Bangalore
9		10-11 April 2018	Smart Village Hackathon	Conducted at New Horizon College of Engineering Bangalore
10		9-10 Jan 2018	Raspberry Pi and Python based automation system design	Conducted at IIT Madras
11	SCHOOL OF ENGINEERING - MATHEMATICS	1-Feb-18	Semester Inaugural Talk : Great Ideas of Physics: From Newton to Einstein and Beyond	Talk by Dr. Spenta Wadia, Founder Director, TIFR-ICTS
12	SCHOOL OF COMMERCE AND MANAGEMENT	13.03.2018	DSU Inter School Annual Sports Meet - Volley Ball Team	Conducted by SCMS
13	SCHOOL OF BASIC AND APPLIED SCIENCES	12 th – 18 th March,2018	Sports - Sprint, Discus throw, Carome, Chess, Tennis, Badminton	
14		26th-28th March,	Culturals - Cooking Fireless, Pencil Sketch, Rangoli, Best of waste, Solo Singling, Solo Dance, Group Singing	
15		11 th April 2018	National Service Scheme camp set up in Shanboganahalli along with Sapthagiri Medical College and Red Cross, Yerachenahalli Chapter	Dr. Shobha K Jayanna along with Dr. Shilpa B.M. and Dr. Farhan Zameer accompanied 40 students to the village of Shanboganahalli, 9 km from Ramnagara for setting up health camps. The students actively and whole heartedly participated and made the event a grand success

16	SCHOOL OF HEALTH SCIENCES - PHARMACY	7/28/2017	Orientation Program	For DSU Staff
17	SCHOOL OF HEALTH SCIENCES - PHARMACY SCHOOL OF HEALTH SCIENCES - PHYSIOTHERAPY	7/30/2017	Onam Celebrations 2017-18	
18		8/16/2017	Training on Personal Effectiveness	For the students of 1 year Pharm. D
19		8/17/2017	Training on Personal Effectiveness	For the students of 1 Year B.Pharm
20		9/5/2017	Teacher's Day Celebrations	
21		9/11/2017	Training on Personal Effectiveness	For the students of M.Pharm & Pharm.D (2nd, 4th, 5th & 6th year)
22		29/10/17 to 02/11/17	Students of B.Pharm and Pharm.D participated and selected in South zone Inter University Basketball Tournament.	Conducted by RGUHS
23		10/02/18 - 11/02/18	Students of B.Pharm and Pharm.D participated in intercollege competitions at "PES Aspirations 2018" and secured 1st Runner-up Trophy.	Conducted by PES
24		3/11/2018	Staff and Students of CoPS, DSU participated in a marathon – "My country run"	Organized by Jain University, Bengaluru
25		12/03/18 - 20/03/18	Annual Sports Meet 2017-18	Conducted by DSU
26		27/03/18 - 28/03/18	Cultural activities	Conducted by DSU
27		3/28/2018	A visit to FRLHT: 40 students with 3 teaching staff visited "Foundation for Revitalisation of Local Health Traditions Trust".	
28		4/10/2016	Sports & Culturals	
29	SCHOOL OF HEALTH SCIENCES - PHYSIOTHERAPY School	16-01-2017 & 17-01-2017	Intercollege Physio Cricket League 2017	
30		January 29 and April 2, 2017	Pulse polio immunization programs	
31		30-01-2017	Intercollege Physio Throw ball tournament 2017	
32		7/4/2017	World Health Day	
33		5/5/2017	Women's Health Camp	
34		21-06-2017	World Yoga Day	
35		10/8/2017	National Breastfeeding Awareness Month- August	
36		8/9/2017	World Physiotherapy Day	
37		1/12/2017	World AIDS day	
38	SCHOOL OF HEALTH SCIENCES -		Voluntary physiotherapy support to Oxfam Trail Walking event	

	PHYSIOTHERAPY SCHOOL OF HEALTH SCIENCES - COLLEGE OF NURSING				
39	SCHOOL OF HEALTH SCIENCES - PHYSIOTHERAPY		Physiotherapy OPD in Campus 1		
40		7/7/2017	Critical Thinking and Decision making in Nursing		
41	SCHOOL OF HEALTH SCIENCES - COLLEGE OF NURSING SCHOOL OF HEALTH SCIENCES - COLLEGE OF NURSING	5/9/2017	Teachers Day Celebration		
42	SCHOOL OF HEALTH SCIENCES - COLLEGE OF NURSING	30/12/2017	World AIDS Day		
43		23/01/2018	School Health Program		
44		15/03/2018	In-Service Education for Sagar Hospital Staff Nurses		
45		8/6/2018	Lamp Lighting Ceremony		
46		21/06/2018	International Yoga Day		

DETAILS OF GUEST LECTURES CONDUCTED

Sl. No.	School	Date of Guest Lecture Held	Topic of Lecture	Expert Details	
1	SCHOOL OF ENGINEERING - CSE	9th September 2017	Healthcare IT	Mr. Prasanna Harihar, Samsung, Manyata Tech Park, Bangalore	
2		3rd February 2018	Trending and Emerging Technologies	Mr. Surendra Babu, Principal Consultant, Oracle, Bangalore	
3	SCHOOL OF ENGINEERING - ME	20-Nov-17	Air-conditioning for Tall Buildings	ISHRAE Experts	
5	SOHS - COLLEGE OF NURSING	3/11/2017	Guest Lecture on OSCE & Concept Mapping		

DETAILS OF INDUSTRY VISIT

Sl. No.	School	Date of Visit	Name of the Industry	Faculty Accompanied	Remarks, if any
1	SCHOOL OF ENGINEERING - CSE	27th April 2018	Visit to R&D Center of ACE Micromatics,	Prof Rajanikanth N Kashi and Dr. Reeja R J	6th Semester CS&E students
2	SCHOOL OF ENGINEERING - ME	9/9/2017	Bharath Earth Movers Limited (Truck Division), Public Sector Company under the Ministry of Defence, Mysore, Karnataka		For Fifth Semester students
3	SCHOOL OF ENGINEERING - ME	30/01/2018	IMTEX, 2018 (An initiative of IMTMA Indian metal forming industry), 30 Jan-18 at Bangalore International Exhibition Centre (BIEC)		For Fourth Semester students
4	SCHOOL OF COMMERCE AND MANAGEMENT		Miltech Machinery - 2018		
5			KSDL -2017		
6			BOSCH -2017		

7	SCHOOL OF COMMERCE AND MANAGEMENT SCHOOL OF BASIC AND APPLIED SCIENCES	14 th -16th September, 2017	Vipragen, Proseta, Wellison Neutraceuticals, Radhoor Plantations and M S Swaminathan Research Center	Two faculty members	Industrial Visit for Final Year B Sc. Students.
8	SCHOOL OF HEALTH SCIENCES - PHARMACY	4/19/2018	Diagnostic Laboratory Visit		Students of II Pharm.D along with 2 staffs were taken to the pathology lab of Sagar hospitals.
9	SCHOOL OF HEALTH SCIENCES - PHARMACY	5/7/2018	Dairy Visit		3 Staffs along with 26 B.Pharm and Pharm.D students visited the Milk Dairy at Mandya.
