## Dayananda Sagar University

Kanakapura Road, Bangalore South, Karnataka – 562112

### 6.3.3 Provision of Free drinking water

Dayananda Sagar University ensures the availability of safe and free drinking water for all students, faculty, staff, and visitors across the campus. To support this, the University has installed advanced Reverse Osmosis (RO) systems, along with water coolers and dispensers, at several easily accessible locations. Almost all blocks in campus are having RO plants for drinking purpose. In case of break down or any, alternative private supplier RO drinking cans are used.

#### Free water outlets
