Minutes of the Meeting

Discussion on BA.LLB with Liberal Studies:

- The law school is to invite elective offerings from all other relevant schools of DSU. Doing so will allow the program to offer a wide basket of interdisciplinary courses.
- The program may be designed such that, students can choose two majors, and then some general liberal studies elective papers. This will ensure that the requirement for majors and directive education components of the CBCS are also met.
- Papers to be invited from the School of Arts, Design, and Humanities: Mass Communication and Journalism, the School of Arts, Design, and Humanities: Design, the School of Medicine: Public Health, the School of Basic and Applied Sciences, and the School of Engineering.
- Given that the law school is looking to have a keen focus on law and technology, it is essential that there is a component of Science and Technology studies as part of the curriculum.
- It must be remembered that the program is still an undergraduate program, therefore, a few foundational subjects must be mandated.
- The 5-year programs will mandate components of Science and Technology Studies and two papers of Law and Society studies where the foundations of social science are covered.
- Students to two foreign languages as part of the program.

Discussions on BBA.LLB with Interdisciplinary Management Studies

- Interdisciplinary Management Papers to be invited from the School of Commerce and Management, the School of Medicine: Public Health, School of Basic and Applied Sciences, and the School of Engineering.
- The program may be designed such that, students can choose two majors, and then some general interdisciplinary management studies elective papers. This will ensure that the requirement for majors and directive education components of the CBCS are also met.
- BBA.LLB (hons) program to also include mandatory modules on STS and Law and Society Studies that covers the foundations of social science.

- BBA.LLB (hons) program to include electives that closely work with the start-up studio operation in DSU and focus on key areas like entrepreneurship.
- Students to two foreign languages as part of the program.

Discussion regarding law papers in the integrated (5 year) programs

- It is advised to include clinical modules within all relevant subjects.
- Additionally, a certain number of elective papers may be dedicated to being clinical papers.
- It would be advisable for students to be given a capstone project to help fine tune their research and academic writing abilities.
- Elective offerings should be varied and interdisciplinary. Some of the elective themes/groups that can be considered are:

1	Sexuality and Law
2	Law and Cinema
3	Law and Art
4	Law and Religion/Ontology
5	Capstone Project
6	Seminar Project
7	Law and Literature

- Honours papers to address career pathways and skills needed therein. Some of the groups that may be offered are:

1	Law and Technology
2	Law and Entrepreneurship
3	Law and Finance
4	Law and Policy
5	Critical Legal Studies
6	General Honours
7	Corporate Business
8	Constitutional Law
9	Criminal Law
10	IPR
11	International Law

Discussion on the unitary law program (LLB)

- The program is a tightly packed one so there needs to be an eclectic elective offering for the program to be of contemporary relevance.
- LLB at DSU to include three groups of electives: interdisciplinary law electives, law and technology electives, and a clinical component with the DSU start up studio.
- Students will have to take 3 interdisciplinary law electives, and 3 law and tech electives, and one clinical paper from the Start up Studio.
- Interdisciplinary law electives can be invited from:

School of Engineering
School of Arts, Design, and Humanities: Mass Communication and Journalism
School of Arts, Design, and Humanities: Design
School of Medicine: Public Health
School of Basic and Applied Sciences
School of Commerce and Management

Approvals/Resolutions:

1.	Credit structure for BA.LLB(Hons) approved.
2.	Credit structure for BBA.LLB(Hons) approved.
3.	Credit structure for LLB approved.
4.	Curriculum for BA.LLB(Hons) approved.
5.	Curriculum for BBA.LLB(Hons) approved.
6.	Curriculum for LLB approved.

Recommendations:

The Board of Studies recommends the constitution of an expert committee consisting of academics and industry experts to review the course syllabus.
