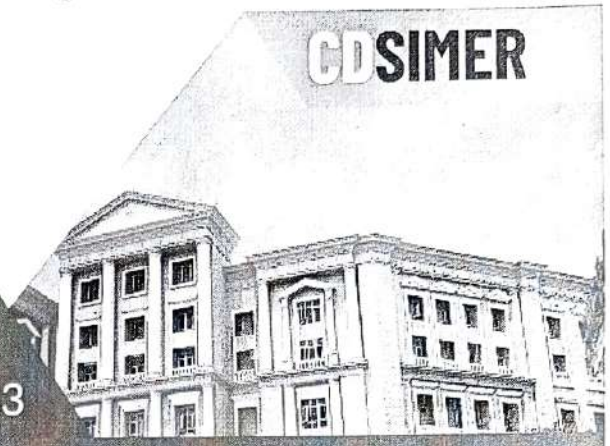
Dr. Chandramma Dayananda Sagar Institute of Medical Education and Research (CDSIMER), Dayananda Sagar University, Bangalore.

Dr. Chandramma Dayananda Sagar Institute of Medical Education and Research (CDSIMER) has been established under the aegis of Dayananda Sagar University (DSU) in the year 2019, a proud member of the Dayananda Sagar Institutions (DSI) family.
Spread over 140 acres, DSU campus is located in Harohalli in greater Bengaluru area. CDSIMER offers comprehensive facilities for teaching, research and patient-care.



22, August, 2023

Department of Pharmacology, CDSIMER Invites You for Continuing Medical Education (CME) Program on "Advances in Drug Research"

In memory of Sir Ram Nath Chopra (DOB: 17th Aug.), Father of Indian Pharmacology

About CME

Drug research has been an ongoing process since time immemorial. The advancements in technology and the interlinking of various allied disciplines have brought about exponential growth in drug research in the last 3-4 decades. Through this continuing medical education (CME), we intend to orient the participants with updates on the recent developments in drug research. The speakers are of great eminence, and experience, which will help participants to become knowledgeable in these areas.

Title: Summary of CME - Metabolic Summit-December 8th, 2023

The **Metabolic Summit** held on December 8th, 2023, at the Hospital Auditorium, CDSIMER Institute, Ramnagar district, showcased a comprehensive exploration of the intricate interplay between lifestyle disorders and various aspects of health. Distinguished speakers from diverse medical fields shared their insights, contributing to an enriching educational experience.

HOD
Department of Medici...
Dr. Chandramma Dayananda Sagar Institute
of Medical Education & Research (CDSIMER)
(A Unit of Dayananda Sagar Univ...
Kanakapura Road, Harohalli
Ramanagara District, Karnataka - ...

Inaugural Ceremony Highlights:

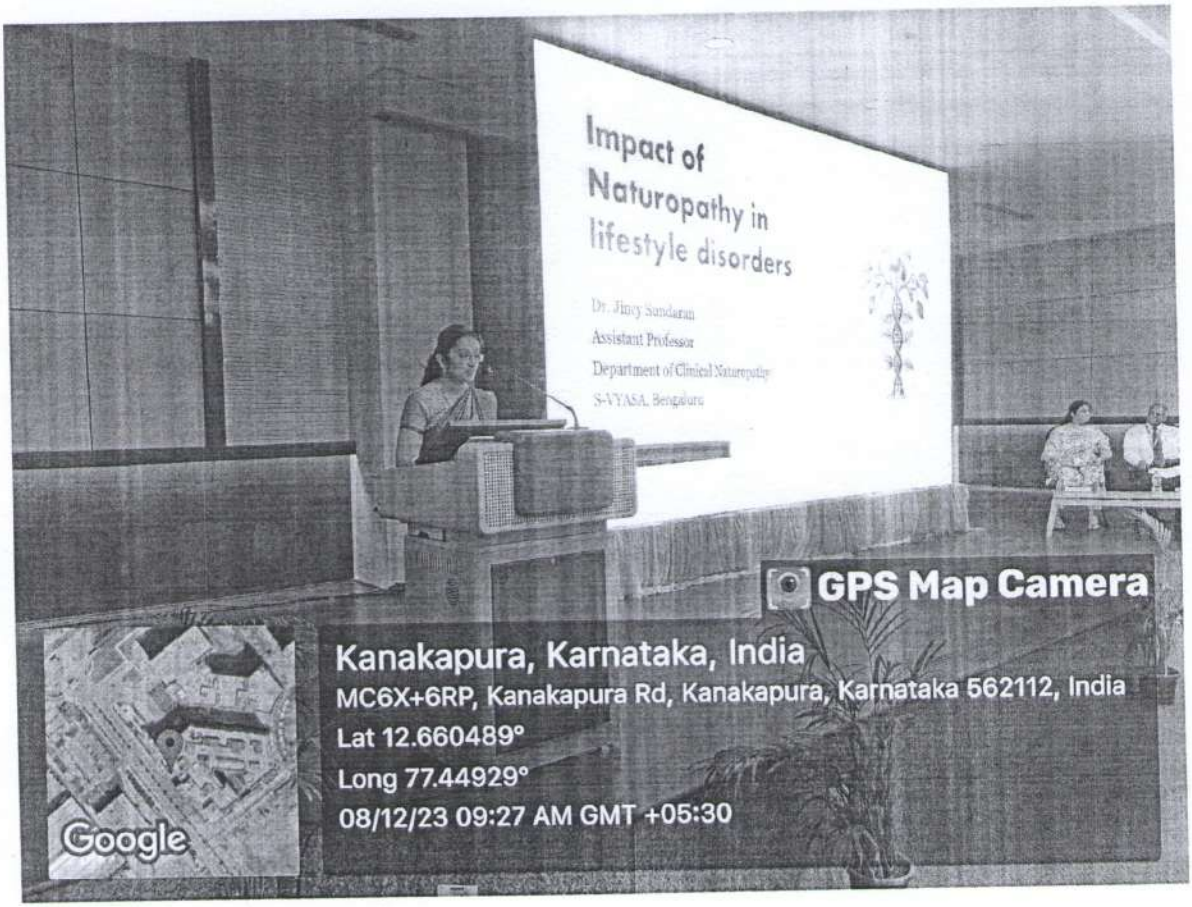
The inaugural ceremony featured keynote addresses highlighting the significance of addressing lifestyle disorders in contemporary healthcare. Esteemed guests Dr AC Ashok Principal & Dean, CDSIMER, Brig(Dr)S Rajagopalan Medical Director, CDSIMER and Dr Anil Kumar H, HOD (Dept of General Medicine), CDSIMER, emphasized the role of continuous medical education in advancing patient care and fostering interdisciplinary collaboration.

Key Speakers:1. Dr.Jincy [BNYS, M.Sc(Psy), MBA(HR)]

: "**Impact of Yoga & Naturopathy on Lifestyle Disorders"**

HOD
Department of Medicine
Dr. Chandramma Dayananda Sagar Institute of Medical Education & Research (CDSIMER)
(A Unit of Dayananda Sagar University)
Kanakapura Road, Harohalli,
Ramanagara District, Karnataka - 562112

Dr. Jincy's presentation centered on the profound impact of Yoga and Naturopathy in mitigating lifestyle disorders. She delved into the holistic approaches that these practices offer, emphasizing their potential to enhance overall well-being.



2. Dr.Belinda [MBBS, MD General Medicine, D.M Endocrinology,St John's National Academy of Health Sciences, Bengaluru]

"Precision Medicine in Diabetes"

HOD
Department of Medicine
Dr. Chandramma Dayananda Sagar Institute
of Medical Education & Research (CDSIMER)
(A Unit of Dayananda Sagar University)
Kanakapura Road, Harohalli,
Ramanagara District, Karnataka - 562112

Dr.Belinda, an accomplished endocrinologist, elucidated the application of precision medicine in diabetes management. Her talk provided attendees with a nuanced understanding of tailored therapeutic approaches, reflecting advancements in diabetes care.

3. Dr.Sanjeev Hiremath [MBBS, MD General Medicine, DM Nephrology (KEM hospital, Bombay)] :

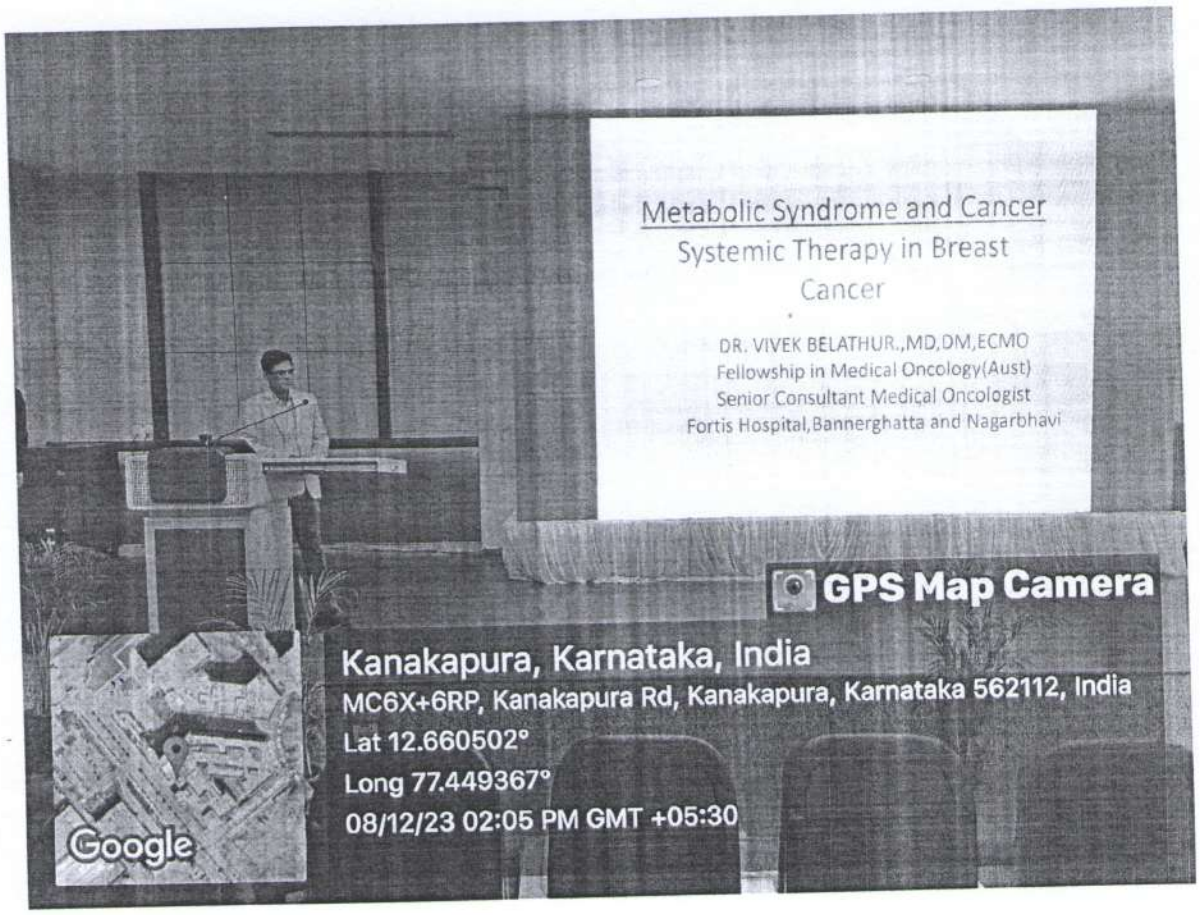
"Lifestyle Disorders & Kidney Diseases"

HOD
Department of Medicine
Dr. Chandramma Dayananda Sagar Institute
of Medical Education & Research (CDSIMER)
(A Unit of Dayananda Sagar Univ...
Kanakapura Road, Harohalli,
...Karnataka - 562112

Dr.Sanjeev Hiremath, a renowned nephrologist, explored the intricate link between lifestyle disorders and kidney diseases. His presentation underscored the critical role of lifestyle modifications in preventing and managing kidney-related conditions.

4. Dr.Vivek [MBBS, MD, DMOncology (Kidwai Institute)]:

"Lifestyle Disorders & Cancer"



HOD
Department of Medicine
Dr. Chandramma Dayananda Sagar Institute of Medical Education & Research (CDSIMER)
(A Unit of Dayananda Sagar University)
Kanakapura Road, Harohalli,
Ramanagara District, Karnataka - 562112

Dr. Vivek, an esteemed oncologist, shed light on the correlation between lifestyle disorders and cancer. His presentation addressed the preventive aspects and lifestyle modifications that can contribute to reducing the risk of cancer.

5. Dr Asha Benkappa [MBBS, MD Pediatrics]

"Lifestyle changes in Metabolic Syndrome"

Dr.Asha Benkappa, our esteemed pediatrician, highlighted the crucial role of lifestyle changes in managing metabolic syndrome. Emphasizing the impact of diet and exercise, the speaker discussed evidence supporting these interventions. Practical strategies for implementing sustainable lifestyle modifications were explored, underlining their positive influence on metabolic health. The talk aimed to empower healthcare professionals with actionable insights for effective patient care in addressing metabolic syndrome.

CME Details:

The Continuing Medical Education (CME) event spanned a total duration of 8 hours. Participants who pre-registered for the summit were eligible to receive 2 CME points from the Karnataka Medical Council. Additionally, all participants, irrespective of pre-registration status, were presented with an official participation certificate, recognizing their contribution to and engagement with the event.

The event fostered a collaborative environment for healthcare professionals, fostering interdisciplinary discussions and promoting a holistic understanding of metabolic health. Attendees gained valuable insights into the intersection of lifestyle and medical conditions, empowering them with knowledge that can be applied in clinical practice.

Feedback Analysis for Metabolic Summit Continuing Medical Education (CME) Event

Positive Feedback:

1. **Content Relevance:** Many attendees praised the relevance of the topics covered in the CME event, noting that the sessions provided valuable insights into current trends and advancements in metabolic medicine. The content was seen as highly applicable to clinical practice, enabling healthcare professionals to enhance their knowledge and skills in managing metabolic disorders effectively.
2. **Expert Speakers:** The majority of participants appreciated the calibre of the expert speakers invited to present at the summit. They commended the speakers for their depth of knowledge, engaging presentation styles, and ability to elucidate complex concepts in a clear and understandable manner. Attendees particularly valued the opportunity to learn from renowned leaders in the field.
3. **Interactive Sessions:** Attendees positively highlighted the interactive nature of the sessions, including panel discussions, case studies, and Q&A sessions. These interactive components fostered active engagement and facilitated meaningful exchanges of ideas among participants and presenters. Many found these sessions to be highly enriching and conducive to learning.
4. **Networking Opportunities:** Several attendees expressed appreciation for the networking opportunities provided during breaks and social events. These interactions allowed participants to connect with peers, exchange experiences, and establish valuable professional contacts. Many attendees felt that networking added significant value to their overall experience at the summit.

Negative Feedback:

1. **Diversity of Topics:** While many appreciated the breadth of topics covered in the summit, some attendees expressed a desire for more diversity in session topics. Suggestions were made to include sessions on emerging research areas or niche topics within metabolic medicine to cater to a broader range of interests among participants.

In conclusion, while the Metabolic Summit CME event received overwhelmingly positive feedback for its relevant content, expert speakers, interactive sessions, networking opportunities, and resource materials, there were also constructive criticisms regarding technical issues and session diversity. Addressing these areas for improvement can further enhance the quality and effectiveness of future CME events in metabolic medicine

EMPOWERING WITH KNOWLEDGE, DISCOVERY AND HEALING

The Department of General Surgery, CDSIMER, is delighted to extend a warm invitation to all medical professionals and practitioners to join us for an enlightening Continuing Medical Education (CME) event and live workshop. This event will be centered around the revolutionary field of Minimally Invasive Surgery (MIS) hernia and anal fistula procedures.

The event will feature renowned expert Dr. Parthasarathi, who will share his in-depth knowledge on the techniques and best practices in MIS hernia and anal fistula surgeries.

These interactive discussions and hands-on demonstrations will foster a dynamic learning environment, allowing attendees to deepen their understanding and refine their skills in this domain.

8:00-9:00AM - Registration & Breakfast

9:00-9:30AM - Inauguration ceremony

Live workshop I (laparoscopic inguina hernia repair)

9:30AM-10:30AM - TEP (Totally ExtraPeritoneal)
Dr Ashok A C
Dr Murthy Kumar V

10:30AM-11:30AM - TAPP (Trans Abdominal PrePeritoneal)
Dr S Rajagopalan
Dr Lokesh

----11:30AM-11:45AM - TEA BREAK ----

11:45AM-12:45PM - IPOM (IntraPeritoneal Onlay Mesh)
Dr Hanumanthiah
Dr Anil Kumar

12:45-1:30PM - Panel discussions with
Dr Parthasarathi

-----1:30AM-2:30PM - LUNCH -----

Live workshop II (Anal Fistula)

2:30PM-3:30PM - Anal Fistula
Dr Satish Rao
Dr Prakash M

3:30PM - 4:00PM - Vote of Thanks

DEPARTMENT OF GENERAL SURGERY,CDSIMER

Event title: <u>CME and Live Surgical Workshop: MIS Hernia and Anal fistula</u>

Event date: 28-02-2024

Event time: 8:00AM – 4:00PM

Event run time: 8 HOURS

Event location: CDSIMER BASEMENT LECTURE HALL,F BLOCK

The Department of General Surgery held its first ever departmental CME and Live Surgical workshop at CDSIMER on 28-02-2024 from 8:00AM to 4:00PM in CDSIMER basement lecture hall of F block.

CME was on - Live Surgical Workshop on MIS Hernia and Anal fistula

The resources person invited for the Workshop was Dr Parthasarathi, GEM Hospital, Coimbatore. He demonstrated various techniques of laparoscopic hernia meshplasty like e-TEP, TAPP, IPOM-Plus for Groin and Ventral hernias and LIFT procedure for Anal Fistula. Audio visuals of the Live workshop was directed from Operation theatre to Auditorium.

CME and Live Surgical workshop was divided into different sessions which was chaired by internal and external chairpersons.

Session -1: TEP (Totally extra peritoneal) session was chaired by Dr Ashok AC and Dr Murthy Kumar V

Session -2 : TAPP (Transabdominal pre-peritonial) session was chaired by Dr S Rajagopalan and Dr Lokesh

Session -3 : IPOM-Plus (Intraperitoneal onlay meshplasty) session was chaired by Dr Hanumanthaiah and Dr Anil Kumar

Session - 4 : LIFT (Ligation of intersphincteric fistula tract) session was chaired by Dr Satish Rao and Dr Prakash.

These events were followed by Pannel discussion with the resources person Dr Parthasarathi. He shared his experience in Minimal invasive surgery in Hernia and LIFT procedure for Anal Fistula.

The event was attended by nearly 200 Post graduates residents and delegates from various Medical Colleges and Hospital. The event was supported by inhouse Department of Anaesthesia and OT nursing staff.

The event was attended by Dr Ashok A C, Dean and Director of CDSIMER, Dr Rajagopalan, Medical Superintendent, Dr Satish Rao, HOD General Surgery, Faculty of General Surgery department, the nursing and OT staff of CDSIMER.

Photographs of the event has been attached for your reference.

We cordially welcome you all for

'PATHDERMA'

CME

On

APRIL 18 Thursday, 18th April 2024

TIME: 8.30 am to 4.30 pm

VENUE: HOSPITAL AUDITORIUM
F BLOCK, CDSIMER

Organized by:
Department of Pathology
in association with
Department of Dermatology

PROGRAM OVERVIEW

This comprehensive program is designed for dermatologists, pathologists and healthcare professionals with an interest in skin pathology. With a special emphasis on vesiculobullous lesions, this program offers an in-depth exploration of diagnostic challenges and intricacies involved in identifying and managing blistering skin disorders. Through a combination of lectures and interactive sessions, participants will enhance their understanding and skills in dermatopathology, with a focus on improving patient care outcomes.

Highlights:

- **Expert-Led Lectures:** Gain insights from leading Dermatology and Pathology experts.
- **Interactive Case Studies:** Engage in hands-on learning with detailed case presentations that illustrate complexity and diversity of vesiculobullous diseases.
- **Brainstorming case snippets:** Showcasing real patient cases, where you'll learn to recognize distinctive histopathological patterns for accurate diagnosis.
- **Networking Opportunities:** Connect with peers and leaders in the field, fostering collaborations and sharing best practices in dermatopathology.

2 KMC CREDIT POINTS

Last date of registration 14th April 2024

REGISTRATION

To register, CLICK the below google form link

REPORT ON CME- “PATHDERMA – 2024 ”

The Department of Pathology & Dermatology at CDSIMER organised a CME " PATHDERMA " on 18th April 2024 in the F block hospital auditorium from 09 AM to 4 PM. Senior and eminent speakers from various reputed hospitals and institutions were invited to deliver sessions to registered delegates The first session was Vesiculobullous disorders by Dr. Eeshwara Bhat, Professor Dermatology SJMC , Bengaluru followed by an official inauguration . Welcome speech was delivered by Dr.Nirupama Murali, the organising chairman and Head of the Department of Pathology. This was followed by an invocation song by faculty from the department of pathology and lamp lighting by the dignitaries. Dr.Prashanth M , Vice Principal rendered a key note address , followed by Medical Director Dr.Rajangopalan delivering his address to the audience. Prizes were distributed to the winners of poster competitions organized as a part of the CME which also commemorated the National Pathology Day. Vote of thanks was delivered by Dr.Supriya Sandeepa Professor Pathology. After tea-break, Dr.Rajalakshmi, HOD& Professor Pathology, SJMC. Histopathology and immunofluorescence in vesiculo bulbous lesions. This was followed by case snippets presented by senior residents from the department of pathology & dermatology. Post lunch Clinical & histopathological correlation in paediatric dermatology cases was taken by Dr.Sahana Srinivas, Pediatric dermatologist from IGICH, Bengaluru Potpouri of interesting cases was the last session of the day which was engaged by Dr.Vijaya Basavaraj Professor & HOD Pathology, JSS Medical College Mysuru . This was followed by high tea and the official valedictory function that marked end of the CME. The event was highly successful with over 130 delegates participating who registered from different parts of the state. The geo-tagged photos of the CME are included below

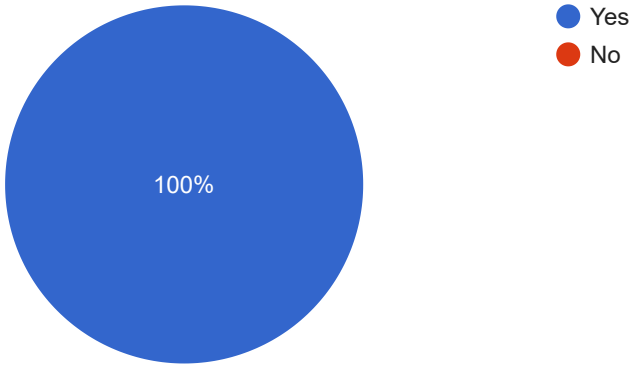
Did this CME meet the stated objectives?

Copy

15 responses



What were your key take aways from this event?

15 responses

- Informative
- Strong clinicopathological correlation is important
- Overall good
- Role of Diagnosis at the earliest
- Case reports diagnosing criteria
- Gained good understanding about vesicullu bullos lesions
- Visual impact of histopath pics
- Correlation of dermat and histopathology
- Acquiring new concepts
- Very informative
- Vast about VB disorder
- Good arrangement of transport, communication and very good talks.
- Rare cases and an overview about all the skin pathologies
- CME was very informative

Will this CME impact your patient outcomes?

REPORT

A guest lecture was conducted by the department of community medicine on 15th November 2023 at F block auditorium at CDSIMER between 2:15pm to 4:45 pm.

The circular for the event had been shared officially on 13.11.2023.

The program started off with a welcome address to the audience and eminent guests by Dr. Keerthana N Gowda *[Assistant Professor, Department of Community Medicine]* followed by a short oration on Current Burden of Vector Borne Diseases in Ramanagara district by Dr. Shashidhar *[District Officer, NVBDCP]*. The guest speaker, Dr. K Ravi Kumar *[Independent Counsellor and Public Health Advisor]* was then formally introduced by Dr. M Sundar *[Professor & Head, Department of Community Medicine]* and invited on stage to deliver the talk on recent updates in the National vector Borne disease Control Program. The Session was then opened for questions and following this the guest speaker was presented the momento by Dr. Rajgopalan S *[Medical Director, CDSIMER]* and Dr. Prashanth Kumar M *[Vice Principal, CDSIMER]*.

Dr. Santosh Achappa *[Associate Professor, Department of Community Medicine]* extended the vote of thanks to the guests, faculty, staff and audience and the session was concluded with high tea.

DEPARTMENT OF RADIODIAGNOSIS, CDSIMER

GUEST LECTURE : REPORT OF EVENTS

SPEAKER: DR (MAJOR) PRAKASH P IYER

Guest lecture was organised by Department of Radiodiagnosis on 20th March 2024. The esteemed guest was renowned radiologist Dr. Prakash, currently working as Senior Consultant Radiologist and Fetal medicine specialist in Apollo Hospital, Seshadripuram, Bangalore. The lecture was on the topic: Imaging in acute abdomen.

The lecture was conducted in F block auditorium in CDSIMER at 2.30 PM. Circular was sent regarding the lecture by admin department and staff of various departments were invited for the same.

Introduction of the speaker was done by Dr Vedaraju K.S and he elaborated on the qualifications and achievements of the speaker. Dr Prakash then gave a brief introduction about the topic. He classified acute abdomen pathologies in various age groups and differential diagnosis based on abdominal quadrants. Various cases were shown as examples and interactive discussions were held on the cases displayed. He lastly spoke briefly about the how important it is to communicate with the treating clinician.

The talk was given between 2.30 to 3.45 PM and was attended by 60 staff, including the Dean, Dr AC Ashok, and Vice Principal Dr Prashanth Kumar.

The talk was followed by a question and answer session, where few questions were asked by the attendants and doubts were cleared by the speaker. This was followed by a brief talk by the dean, Dr. AC Ashok and he felicitated the guest. Event concluded at 4:00 pm.

The report on the guest lecture : “ Genetics to clinicians clinical vignettes”

The guest lecture on Genetics to clinicians clinical vignettes conducted by the department of obstetrics and gynecology on the 20th of September 2023. Theme of the program is to increase the awareness regarding availabilities of various genetic test, intended to be used in various clinical conditions. It also includes the application of genetic knowledge in the clinical practices. The program was intended for all the doctors of pre, para & clinical specialities.

Program was started with introduction regarding the guest lecture with introduction of speaker, Dr Mallikarjun Patil, Senior Consultant Medical Geneticist. Welcome speech given by Dr Nithin M, Senior resident, Dept of OBG. Dr Ashok A C, Dean, CDSIMER, Dr Rajagopalan, Medical Director, CDSIMER, Dr Madan, MD, CDSIMER, Dr Sheela H S, Incoming HOD, Dept of OBG, HODs, staff members of various departments were invited for the program.

The program was moderated by Dr Nagendra Prasad, HOD, Dept of OBG and Dr Lalitha, Associate Professor, Dept of OBG. Dr Mallikarjun Patil in his guest lecture covered the availability of various genetic tests and its clinical applications in the day to day clinical practice in Obstetrics & Pediatrics. He discussed the approach to the various genetic diseases with case based scenerios.

Guest lecture was concluded with Q&A session, where clinicians from various department raised their queries and discussed regarding the same. After the talk Dr Mallikarjun Patil was falicitated by Dr Ashok A C, Dean, CDSIMER. The program was concluded with vote of thanks by Dr Nithin M, Senior resident, Dept of OBG.

The entire program was planned & coordinated by Dr Lalitha, Dr Pranathi Arvind, Dr Rashmi K S under the guidance of Dr Nagendra Prasad, HOD, Department of OBG, CDSIMER.

REPORT OF GUEST LECTURE 2024 - DEPARTMENT OF OPHTHALMOLOGY

The guest lecture on "Immunology and the Eye "was conducted by the department of ophthalmology CDSIMER on 21-06-24 from 2.30 to 4 pm.

Dr Dhathri Assistant professor summoned a brief introduction of the guest speaker Dr Kalpana Babu murthy, who is a well-known and eminent international speaker. Dr Murthy heads the department of uveitis and ocular inflammation at Prabha eye clinic and research centre and Vittala international institute of ophthalmology.

The talk delivered valuable information on various conditions related to the ocular system and immunology, such as tuberculosis, rheumatoid arthritis etc. The lecture highlighted the importance of an integrated and holistic approach to management of occular conditions and provided insights to newer modalities of management of uveitis. A dynamic session of question and answers followed, which was presided by the HOD of department of ophthalmology, Dr H Mohan kumar.

The event was graced by dignitaries of CDSIMER, Dr Prashant Kumar, Vice principal and Dr Ramesh LJ, Medical Superintendent and various HODs and staff members.

DEPARTMENT OF PEDIATRICS

GUEST LECTURE REPORT

Guest Lecture was conducted by the department of **PEDIATRICS** on 24.4.2024 from 2.30 am to 4.30 pm.

Chief guest: **Dr Srinivas G Kasi, Consultant Pediatrician, Past president IAP Bengaluru, ACVIP Convener & Adviser**

Welcome speech was given by Dr Apoorva, Senior resident Pediatrics, a brief introduction of the chief guest and his achievements were stated by Dr Naveen Benakappa sir, Professor , department of Pediatrics. **Dr Srinivas G Kasi,** Consultant Pediatrician, Past president IAP Bengaluru, ACVIP Convener & Adviser, has taken a Lecture on topic "**RELEVANT RECOMMENDED IMMUNISATION SCHEDULE WITH UPDATES FOR CHILDREN, ADOLESCENT IMMUNIZATION, IMUUNISATION IN PREGNANCY & SPECIAL SCENARIOS" on the occasion of National Immunization week from April 24 to April 30** for all UG year students, nursing staff, all the department faculty in Auditorium (Hi Tech Hall). He has published numerous numbers of papers in National and International Journals. He has delivered lectures in various organizations and Universities and many national & international vaccinology summits. He also has chaired technical session in National and International Conferences. Auditorium was completely filled with great enthusiasm by students, esteemed faculty of various departments including surgical & non surgical departments and staff nurses participated in this programme. The speaker explained detailed updates on

the topic and the burden of vaccine preventable diseases even though there is reinforcement of national as well as IAP schedules. Topic highlighted various age immunization schedules, catch up schedules, and various recent trails for new vaccines specially influenza, covid and HPV vaccines. Sir also highlighted the importance of HPV vaccination for both men and women of all ages and pre sexual girls and the urden of cervical cancer in India. Also the speaker highlighted regarding the HBV vaccination and the post exposure compulsory prophylaxis for health care workers.The lecture was two sided discussion with multiple doubts which were discussed with latest evidence. After his lecture the students and faculty were given time to interact with him. Students & faculty felt that the session was more informative and interactive. As the HPV vaccination program is going to be started for all girls and boys from OBGY department CDSIMER, the flyer was inaugurated by DR SRINIVAS KASI sir at the end of the guest lecture. At the end of lecture many students gave their feedback, and explained how they were benefited. The program was concluded by Dr Uma (AP Pediatrics) with her vote of thanks. Some of the photographs while delivering the lecture are as follows:

OSCE WORKSHOP

Date: 26.10.2023

Time	Session	Objectives	Duration	Faculty
9:00 A.M	**Welcome and Overview**	a. Introduce participants to the program objectives and schedule. b. Explain the importance of OSCE in medical education and assessment.	**45mins**	Dr Rajagopalan S
9.45A.M	**Understanding OSCE**	a. Define OSCE and its components: stations, scenarios, assessors, and candidates. b. Discuss the benefits and challenges of using OSCE as an assessment tool.	**45mins**	Dr Vijaya Mysorekar
10.30 A.M	**TEA BREAK**			
10.45 A.M	**Principles of Assessment**	a. Cover key assessment principles: validity, reliability, authenticity, and feasibility. b. Explain the importance of standardized scoring and assessment criteria**.**	**30mins**	Dr John Stephen
11.15 A.M	**Developing Scenarios**	a. Guide participants in creating realistic and relevant stations b. Discuss the importance of clear instructions and patient role-play.	**30mins**	Dr Prashanth Kumar M
11.45 A.M	**Writing Station Instructions**	a. Provide guidelines for writing clear and concise instructions for each station. b. Discuss the significance of time management within each station.	**30mins**	Dr Veena C N
12.15 P.M	**Setting up OSCE Stations**		Participant Groups	
1.15 P.M	**LUNCH**			
2.00 P.M	**Review and feedback on the developed stations**		**90mins**	All Faculty
3.30 P.M	**Recap**		**15mins**	All Faculty
3.45 P.M	**Closure & High tea**

1.What did you like best in the today's sessions?

13 responses

Everything

The workshop

Afternoon session on workstation

Assistant professor

Discussion and interactions

Setting up of different OSCE stations

Setting up OSCE stations

Afternoon Practical Session

Interactive lectures

Formatting the relevant OSCE stations and enacting the student' s ,Examiner's n coordinator's roles as a group and also observing the other groups enacting it so that at every step we could improvise the process of setting up the OSCE stations.

Workshop where we put up the osce station as a team

Structuring osce station

Small group tasks

2.What is the most valuable thing you learned today?

13 responses

How to design an OSCE station

Checklist making for OSCE

Setting up an OSCE

Setting an OSCE station i learnt well

Learned how we can develop OSCE

Principles of assessment - validity , reliability

Skill of setting up an OSCE station

Meticulous time and thoughts go in designing this method of evaluation

Importance of osce in evaluating students

Merits of implementing OSCE and how to overcome the demerits?

Osce has great advantages but meticulous planning and great effort is needed to set up an effective osce

About specificity of framing osce question

OSCEs involving Clinical and Practical scenarios and adequate referencing

3.Which part of today's sessions that you anticipate using in your work?

13 responses

The osce checklist preaparation

Checklist

OSCE in exams

Setting a station

Developing OSCE Case scenario

Would like to refine my ways of creating realistic and relevant clinical stations in my work place

Setting up an OSCE station

The practical designing if OSPE keeping in mind the key elements taught

Setting up a structured osce station

Actual setting up of OSCE stations

It's useful to assess students' capacity to counsel patients, for teaching when ward cases are less and for uniformity in summative assessment

To incorporate in end posting internal assessment

For systematic assessment of students during practical hours

4.Was there anything you did not understand during today's sessions? List if any

13 responses

No

None

None

Nil

NO

How to incorporate in the examination schedule in practice (time and resource in our setting)

How osce can be better than assessment done by an experienced teacher and examiner

5. List your queries with respect to today's session of OSCE workshop

13 responses

Will there be any more such sessions by meu team..it was very useful

No queries

None

No

Can we have OSCE end of posting assessment

NIL

None

The above. Any reading or reference material on the same would be very useful

No queries

Can we set up one or two difficult stations out of the rest to identify the above average students?how to do that?

Can we have more practice sessions with assignments given in advance so we can do the planning better

Place to setup osce ?

Nil

FEEDBACK REPORT OF OSCE WORKSHOP HELD ON 26.10.2023

The OSCE workshop for faculty members of CDSIMER was conducted on 26.10.2023 between 9.00 A.M to 4.P.M. Thirty-one participants attended the session and their feedback is summarized below.

Majority of participants appreciated the interactive nature of the sessions as they had an opportunity to engage in discussions and activities, which made the learning experience more dynamic and enjoyable. Many highlighted that afternoon hands on sessions were enlightening and were applicable to their workplace. A significant number of participants expressed interest in exploring coordination in setting up OSCE stations, construct of stations aligning with respective objectives, designing a reliable and validated checklist pertinent to their specialty in detail to gain a comprehensive understanding. A few participants raised concerns about time frame required for incorporating OSCE as summative assessment tool. Overall, the feedback from participants indicated a positive response to the training session. The interactive nature, clarity of presentation, and valuable insights provided were particularly well-received by the participants. Based on this feedback, efforts shall be made to incorporate participant suggestions to meet their needs and expectations and enhance learning experience further in future sessions.

Basic Course in Medical Education (BCME)

St. John's Medical College, Bangalore, NMC Nodal Centre

Name of the college: Dr Chandramma Dayananda Sagar Institute of Medical Education and Research, Harohalli.

Dates: 22/01/2024 to 24/01/2024

Day 1- 22/01/2024

Day Time	Session	Objectives	Duration	Suggested methods	Faculty
8.30	Registration				
9:00	Introductory session and Group Dynamics	• Pre-test • Intro of participants and faculty • Understand and apply concepts of group dynamics • Apply these concepts in working of groups/teams in teaching and learning	75 minutes	Team building exercises, Examples of small group/team working in the institutes	***Dr Rajagopalan S***
10:15	Learning process, Learning domains &Principles of learning	• Demonstrate basic understanding of hierarchy of learning • Define learning domains • Use principles of learning in the teaching learning process	60 minutes	Interactive Building from participants' knowledge	***Dr John Stephen***
11.15	Tea break				
11:30	Goals, roles and Competencies, Learning objectives (LO) in CBME	• Define goals, roles, competencies, LOS and explain relationship between each other • Elaborate the principles of competency based learning • To highlight concept of IMG • Design L.O.s for a competency	60 minutes	Use CBME UG/PG modules	***Dr Nirupama***
12:30	Teaching learning methods (TLM): including Interactive Large Group, Small Group methods	• Enumerate various Teaching learning methods (TLM) • Use the principles of interactive learning in a large group • Understands the various methods in small group teaching • Understand changing role of teacher from information provider to facilitator	105minutes	Use CBME module methods, introduce new methods e.g. like DOAP Demonstrate few methods, highlight role of facilitator	***Dr Prashanth Kumar M / Dr Bhagyalakshmi***
13:30	Lunch		45 min		
14:15	Teaching learning methods (TLM):	Contd.....			
15.00	**Tea Break**				
15:15	Introduction to assessment	• Elaborate the principles and types and attributes of assessment • Explain the utility of assessment	45 minutes	Basic principles based on the prior knowledge ofthe participants	***Dr Supriya Sandeepa***
16:00	Internal assessment (IA) and Formative assessment	• Understands steps in designing IA module • Provides effective feedback to students • Develop a plan for internal assessment and formative assessment	60 minutes	Demonstrate how IA can be calculated in all phases Share examples of IA module	***Dr Veena C N***

Day 2- 23/01/2024					
8.30	Recap				
9:00	AETCOM: Concept and conduct	• Understand how to implement AETCOM in institute using various teams • Apply innovative methods in teaching & assessment of AETCOM competencies	60 minutes	Use example of multidisciplinary team working to implement, AETCOM in all phases Demonstrate/discuss methods	***Dr Prashanth Kumar M***
10:00	SDL: Concept and conduct	• Understands the concept and conduct of SDL • Promote self-directed learning (SDL) in students	45 minutes	Demonstrate SDL conduct, Preferably involve students also	***Dr Sangeetha***
10.45	Tea Break				
11:00	Effective clinical and practical skill teaching	• Teach skills effectively • Teaching skills at the workplace • Use a skills lab effectively • Understand student doctor learning concept	120 minutes	Use skill modules examples, Use skill lab, Demonstrate methods like OMP, SNAPPS, Mini-CEX etc	***Dr Rajagopalan S***
13:00	Lunch		45 min		
13.45	Aligning TLMs for objectives and competencies	• Understands aligning TLM with competencies, select the appropriate teaching method for various competencies	60 minutes	Use examples of competencies from 4 phases, 15 min group work for selecting methods for provided competencies, 8 min per group for sharing	***Dr Nandan TM***
14:45	Assessment planning, Writing the correct essay question and MCQs	• Understands concept of blueprinting • Design theory & practical/clinical exam. • Write an appropriate essay question including short answer & reasoning questions. •Write an appropriate scenario based MCQ.	120 minutes	Use examples from assessment module, Use your university examples of blueprint	***Dr Vijaya***
15:00	Tea				
15:15-17:00	Assessment planning, Writing the correct essay question and MCQs	Contd.....			

Day 3- 24/01/2024					
8.30	Recap				
9:00	Writing a lesson plan	• Develop a lesson plan appropriate to the objectivesand teaching learning method	60 minutes	Use examples from UG/PG courses	***Dr Pranathi M***
10:00	Tea Break		15 minutes		
10.15	Assessment of clinical and practical skills	• Assess skills effectively • Assess skills at the workplace • Use a skills lab to assess competency in skills • Design a skills assessment station	120 minutes	Discuss methods, demonstrate few like OSCE/OSPE, DOPS other WPBA	***Dr John Stephen***
12.15	Academic growth & networking	• Understand avenues for growth in education • Role of MEU and role of faculty in MEU • Opportunities for further courses • Networking in education	45 minutes		***Dr Santhosh Achappa***
13:00	Lunch		45 min		
13:45	Aligning assessment to competency and TLMs	• Choose the right assessment method for a given objective/ competency and TLM	60 minutes	Use examples of competencies from 4 phases, 15 min group work for selecting methods for provided competencies, 8 min per group for sharing	***Dr Archana Shetty***
14:45	Tea Break				
15:00	Mentoring	• Understand principles of mentoring • Apply these principles in UG/PG curricula	60 min		***Dr Veena C N***
16.00-16:45	Drafting schedule for a phase based on competencies	• An Understand steps in drafting time table for an academic year	45 min	Use examples, how to add AETCOM, AIT, Pandemic etc Use UG/PG curriculum examples as needed	***Dr Anand Meundi***
16:45	Post-test Retropre feedback			Pre, post-test to be developed by institute conducting BCME, Retro-pre as per provided doc	
17:00	Closing

1. What was good about the sessions?

31 responses

Interactive

Interactive

Very informative and unlearn and relearn

Interactive session, sessions conducted o time,

Interactive session , known teachers

Opportunity to speak

It was interactive

Interactive and activities

All the sessions today were informative and interactive.
Activities were interesting and engaging the group, Group activities were such that each individual was actively participating which is a good thing .
All the doubts were clarified during the session.

Content of sessions n method used for delivering d content

Informative and interactive sessions

Interactive and interesting

Good

The zeal each speaker had for imparting knowledge

Every attempt was made to make us understand.

Sessions were interactive and informative

Grouping and Interaction

Informative and to the point

Focussed and systematic in introducing concepts

Interactive sessions

The content and the faculty

Interactiveness and involvement of audience

Interactions

Interaction and roleplay

Learning domains

Yes

Intercative

Everything

Very interactive

2. What could have been even better?

31 responses

Nothing

Time management

Some more time allocation for last session

Fewer slides

Little bit concise

Could have included few more examples , more handouts

Hard copies of material could have been provided for reference at a later date

Teaching learning methods

Handouts to be given before the programme

Some sessions could have been more interactive, having example before any acyivitoes

Today’s sessions were good in all aspects

Spacing of lectures

If we had copy of syllabus & little pre session preparation

Breakfast

Forenoon last session was too lengthy

Few sessions could be shortened

Activities with each session.

All sessions were good. Would be more convenient if sessions can be completed by 4 pm

Better if Less lectures

Time management in a couple of talks

Everything was perfect

The soft copy of the handouts or print outs of the handouts could've been given prior so as to follow the teachings smoothly

Take home message slides would be of help

None

Reduce the theory content, explain more practically with examples

Nothing everything was thing till now

More of interactive session

Reduce the number of slides

Videos

3. What would you change if you were to organize this workshop?

31 responses

Nothing

None

All good. No changes required1

Give real life examples of how u improved grades of students by incorprating these methods

Will be time bound

More handouts to participants,

Definitive tasks could be better , sometimes understanding the activity is difficult

ensure that the workshop content aligns with participants' skill levels and interests, making it relevant and applicable to their needs.

At present nothing

More

Some more problem based learning session

I will provide copy of syllabus/course

Nothing

Activities given needed to be explained

Nothing much

Sessions were well organised

Precise pointer slides , clear instructions for group activities and prior demo if feasible

Included more examples based activities so that clarity for first timers would be ensured

Nothing specific.Good interactive sessions but sometimes had to be cut short due to lack of time

Nothing as of now

Couldn't find any in today's session

Tailored sessions

Cut short the topics which are not important, stress more practically in important concepts

Nil

Not much

Hourly breaks

Completion within 4 pm

May be restrict for 2 day's or morning sessions for 4-5 days

4. What aspects of the sessions need clarification which you did not understand during today's sessions? List if any

31 responses

Nil

None

Nothing

Everything was clear

Last session...may be bcoz of time constraints

Types of Feedback

NA

Teaching learning methods

TLM

Large group teaching

Methods to make lectures interactive could have been elaborate

SLO

All sessions were good

Assessment

SLO framing

Formation of clinical assessment

Nothing

T-L M , SDL

SLO and competency

Nothing much

Specific learning objectives. Since it's difficult to begin with, but doubts still remain the same. Requires further clarification

Teaching learning methods

No

..

5. Which part of today's sessions that you anticipate using in your work?

31 responses

All

Assessment

Design specific learning objectives

Competency

Preparing sol s and competency

Assessment including all 3 domains

Assessment... Formative

All of the sessions

Teaching learning methods, understanding on competency based education and importance of specific learning objectives , assessments, clarification received on formative, summative and Internal Assessment,

Planning a lecture , assesment of students

All sessions

TLM

Designing the lecture

Assessments and teaching methods

Assessment methods

Lesson plan

Mostly all.

Learning domains and their use in formulating teaching and assessment plans

SLO

Assessment planning

Delivery of interactive lecture

Internal assessment and teaching learning programme

Teching students and planning it

Teaching learning methods

Nothing

Lesson plan

Specific learning objectives

.everything

25 responses

1. What was good about the sessions?

25 responses

Clarity in each sessions. Best was how to write questions of each type

Everything

Very much interactive than yesterday

Interactive

Interactive

Made the session interesting, role play , interactive n assignment

Topics were clear & crisp

Easy to understand

All sessions were interactive, interesting and easy to understand

More informative

Interactive sessions

Roleplay

Interactive nature

MCQ

All the sessions were interactive and explanation with the examples helped

Very clear and interactive topics

Relevant Content ,problem solving

Addition of summary n take home messages was helpful.

Content was rich, engaging and practical. The trainers demonstrated a deep understanding of effective teaching methods, and the interactive sessions made the learning experience both enjoyable and valuable.

Very much interactive.Activities were designed in a way giving a close connect to daily clinical practice

Interactive lively sessions

Activity was more which made us think and construct

Concept presentation

Good topics

All the sessions were good

2. What could have been even better?

20 responses

Nothing

Time management

Nil

Good visibility of the presentation and seating arrangements

Very lengthy

Nothing

Could have given more examples

Materials in hard copies could have been provided

Cut short the last MCQ session. Everyspeaker will be gi

Some topics were extensive

Time slots for activity discussion

Nothing much

Couldn't find any

Nothing specific

Intervals between sessions

Short lectures with interval activity and again lecture would do good.

Longer duration required for few sessions.

3. What would you change if you were to organize this workshop?

25 responses

Nothing

None

No changes

Completion within 4 pm

Every day I would change the group so that less talking among them as they get to know each other

Shorter sessions- 30 min sessions

Nothing much

Reduce number of the groups presenting a single activity. So we can complete the session by 4pm.

Number of groups presenting a single activity could be reduced in order to wind up sessions earlier

Better time management

Handouts can be given at the start of the session of core content and outline of session .

Every speaker has to be given time and they have to finish it in time.

To reduce some of the content

-

None

Limit MCQ session for 1 hr and stress more upon how to build an MCQ rather dan how no to write na mcq

Nil

Include more of these type of patient centric group activities

Not much

Divide the long topic into subtopics

Will give more time for few sessions

May be organize each session for about 20-25mins and give activity for 5-10mins

4. What aspects of the sessions need clarification which you did not understand during today's sessions? List if any

25 responses

None

Nothing

Nothing

Nil

Preparing lesson plans needs practice

—

Relationship MCQ format.

Choosing TL methods for different domains were little confusing may be with quick revisions would help

Na

-

Framing SLOs how to write and frame SLOs still needs clarification

Nil

All sessions were good.

Almost understood something out of everything

5. Which part of today's sessions that you anticipate using in your work?

25 responses

Making question pool

Many aspects

Last two sessions with immediate effect

Designing MCQ

Assessment planning, writing the correct essay and mcq

Preparing MCQ

Blueprint, MCQs

All sessions.

All sessions

All of them

Planning TLM and assessment

Preparing question paper and counselling patients

Framing questions by splitting the marks

Blueprinting and question framing

AETCOM modules
Teaching learning methods
Structuring questions and MCQs

Blueprint and questions

Writing an MCQ ,teaching skills in clinical set up, AETCOM method of teaching

MCQ preparation and structuring questions

AETCOM,aligning TLM for objectives

AETCOM,MCQ designing

Question paper settings,mcqs,aetcom

Teaching skills and preparing questionnaires.

All sessions

MCQ framing session was very useful

Aetcom

Please provide your valuable feedback by answering the following questions related to OSCE WORKSHOP HELD ON 14th March 2024

The respondent's email (**drshwetaderma@gmail.com**) was recorded on submission of this form.

Email *

drshwetaderma@gmail.com

Name *

Dr Shweta P Bhadbhade

Designation & Department *

Associate Professor, Dermatology

1.What did you like best in the today's sessions? *

Role play

2.What is the most valuable thing you learned today? *

Coordination in setting up osce stations

3.Which part of today's sessions that you anticipate using in your work? *

Introduction to osce

4.Was there anything you did not understand during today's sessions? List if any *

None

5. List your queries with respect to today's session of OSCE workshop *

Can osce replace the spotters and short case discussion in exam

FEEDBACK REPORT OF OSCE WORKSHOP HELD ON 14.03.2024

The **OSCE workshop** for faculty members of CDSIMER was conducted on **14.03.2024** between **9.00 A.M to 4.P.M**. **Thirty one participants** attended the session and their feedback is summarized below.

Majority of participants **appreciated** the **interactive nature** of the sessions as they had an **opportunity** to **engage in discussions and activities**, which made the **learning experience more dynamic and enjoyable**. Many highlighted that afternoon **hands on sessions** were **enlightening** and were applicable to their workplace. A significant number of participants **expressed interest** in **exploring coordination in setting up OSCE stations, construct of stations aligning with respective objectives, designing a reliable and validated checklist** pertinent to their specialty in detail to gain a comprehensive understanding. A few participants **raised concerns** about **time frame** required for incorporating OSCE as **summative assessment tool** .Overall, the feedback from participants indicated a positive response to the training session. The interactive nature, clarity of presentation, and valuable insights provided were particularly well-received by the participants. Based on this feedback, efforts shall be made to incorporate participant suggestions to meet their needs and expectations and enhance learning experience further in future sessions.

SCHOOL OF ENGINEERING

Vision

Transform lives through excellence in engineering education, research and innovation with an emphasis on sustainability, inclusive technologies and global needs.

Mission

1. Design and deliver contemporary engineering curricula to address regional and global needs while emphasizing ethics, values, integrity and regional relevance.
2. Carryout high impact academic research, industry projects and innovation activities with active student engagement to advance science and engineering knowledge and state-of-the-art industry practices.
3. Develop regional and national leaders to advance the society and economy.

Intercontinental Innovo Quest – 24

The CSE (AI and ML) department organized a 30Hrs Intercontinential Hackathon – Innovo Quest 24. Inaugurating the pioneering event "Innoquest 2024," a 30-hour Hackathon which was a collaboration between Dayananda Sagar University and Letourneau university Longview Texas USA dedicated to the exploration of "computing for social good,". Participants immersed themselves in a spirited competition. Notable figures such as Jhonson Jose, Director at Alphabet Inc., graced the occasion as a Guest of Honor, while the distinguished Chief Guest, Dr. Brent Bass, HOD of CSE at Letourneau University, conveyed his wishes virtually, adding to the significance of the event.

The formal inauguration was graced by esteemed dignitaries including Dean Uday Kumar Reddy from SOE, Dean of Academics Dr. Ramesh R. Galigere, Dean of Research and Development Dr. Kousalya Govardhanan, and Vice President of International Affairs Ms. Supriya Mathew. With 43 teams and 125 enthusiastic problem solvers, participants began crafting their presentations aimed at addressing societal challenges. These presentations were evaluated by a respected jury panel, comprising experts from both industry and academia, Dr. Hariharan, a retired ISRO Scientist, Dr. Bipin Kumar, Dr. Gopalsharma R. Joshi, Dr. Arun Balodi, Dr. Kousalya Govardhanan, and Dr. Pramod Naik, all from the School of Engineering at DSU.

Date: 1st March 2024 to 03rd March 2024

Convener:
Dr. UDAYA KUMAR REDDY K R, Dean SoE
Dr. AMIT BHATT, Vice Chancellor, DSU
Dr. PUTTAMADAPPA C, Registrar, DSU
Dr. RAMESH R GALIGEKERE, Dean (Acad), Science & technology
Ms. SUPRIYA MATHEW, Vice-president, International affairs, DSU
Dr. JAYAVRINDA VRINDAVANAM, Chairperson and Professor, Department of CSE (AI & ML)
Faculty Coordinator:
DR. VINUTHA N, Associate Professor, Department of CSE (AI & ML)
PROF. PRADEEP KUMAR K, Assistant Professor, Department of CSE (AI & ML)

20-Hour Value Added Course on IIoT for 4th Semester

The Department of Electronics and Communication Engineering, Bengaluru is pleased to welcome our "Scholar in Residence at SOE" Dr. Stefano Rinaldi is an Associate Professor at the University of Brescia, Italy specializing in Electric and Electronic Measurement.

His research focuses on IoT systems aimed at bolstering industrial automation, as well as the development of Smart Grids and Smart Cities. He is particularly interested in integrating renewable energy sources, electrical storage systems, and e-vehicle charging stations into distribution grids. He has delivered a value-added program on "Mastering Industrial IoT on a Comprehensive Exploration".

Dr. Stefano Rinaldi engaged in discussions with Full-time PhD research scholars, on March 4, 2024. This interaction has opened up a broad range of opportunities for us to explore research projects in the fields of renewable energy, IIoT, and sensor technology.

The course ended on 15th March 2024 with the feedback and question-answersession. All the students and faculty coordinators have expressed their experience and discussed for further collaboration for the projects in the IIoT Domain.

Seminar on “Navigating the future, Mastering Industrial IOT”

The Department of Electronics and Communication has completed the seminar on “Navigating the future, Mastering Industrial IOT”. The seminar was conducted on 7th March 2024 at DSU, Kudlu Gate, Bangalore.
The seminar started with a welcome note to all dignitaries by Dr. Saara, followed by the introduction of the guest speaker Dr. Stefano Rinaldi by Prof. Sivasankari. The chairman of the ECE department addressed the gathering and motivated the students to actively participate in the seminar. Then session was handed over to the Dr. Stefano Rinaldi. He explained the Internet of Things and CPS. He elaborated on the vision and challenges of IIOT. The guest speaker explained how the IOT is connected and how it communicates with each device. Students understood about automation in industries. The session concluded with the question-and-answer session, in which students actively participated and cleared their doubts.

“THREE DAYS WORKSHOP ON MACHINE VISION INSTRUMENTATION”

The Dept. of AI&ML invited Dr. Pavel, associate professor, Institute of Automation and Computer Science at Brno University of Technology in the Czech Republic to conduct a three days workshop on Machine Vision Instrumentation from 25th march to 27th march 2024

The workshop provided comprehensive insights into machine vision systems and lighting geometry for industrial applications. Participants learned about the intricate interaction of radiation with matter, crucial for understanding image formation and color perception, aspects of industrial imaging, covering diffused incident illumination, radiation sources, and camera lens fundamentals. The workshop also provided insights into UV fluorescent imaging and camera lens functionalities.

“WORKSHOP ON FUZZY SETS, FUZZY LOGIC AND THEIR APPLICATIONS”

The Dept. of AI&ML invited Dr. Pavel, associate professor, Institute of Automation and Computer Science at Brno University of Technology in the Czech Republic to conduct a three day workshop on Fuzzy Logic And Their Applications from 18th march to 20th march 2024

To maintain student engagement and interactivity throughout the session, a quiz was organized across all three days. Professor Pradeep Kumar K led the quiz, which focused on the topic taught by Dr. Pavel. The quiz consisted of five questions aimed at reinforcing key concepts covered during Dr. Pavel's lecture.. This interactive approach not only helped students to actively participate in the learning process but also provided an opportunity for immediate assessment and reinforcement of their understanding. By incorporating quizzes into the session, the organizers ensured that students remained attentive and engaged, enhancing the overall learning experience.

“FACULTY INTERACTION ON MACHINE VISION INSTRUMENTATION AND DEEP CONVOLUTIONAL NETWORKS”

The AI & ML department organized a Faculty Interaction Session with Dr. Pavel Skrabanek on March 22, 2024, from 2:00 PM to 4:30 PM. The event took place at G0036 ‘B’ Block. The event started by welcoming the resource person and faculties from the School of Engineering by Dr. Vinutha N and Dr. Monika Goyal introduced the guest speaker, Dr. Pavel Skrabanek. Dr. Pavel commenced the session by providing insights into Fuzzy Regression and Machine Vision Instrumentation. He elaborated on ongoing funded projects, including Monitoring the condition of plants in the greenhouse and Development of smart light for machine vision.

WORKSHOPS / SKILL DEVELOPMENT PROGRAMS

Workshop on “New Product Design and Development”

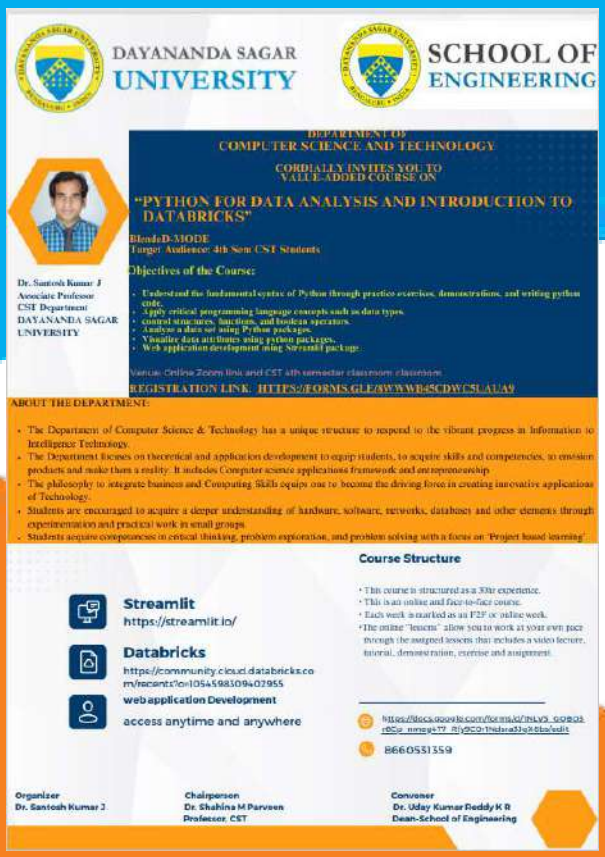
The Department of Computer Science & Technology conducted Workshop on new product design and development on 23rd March 2024.The resource person for the workshop was Mr. Santosh Bhoosthali, a multi skilled person who has completed his M.Tech in Indian Institute of Technology (IIT) Bombay. Students learnt about the stages involved in process of new product development. There were some activities conducted for the students to identify their potential and boost their self –confidence. The main focus was to teach the students how to build products and also on beyond thinking, critical high level thinking as per industry requirements.

3-day workshop on “Innovation & Design Registration”

The Department of Computer Science & Technology has organized a 3-day workshop on Innovation & Design Registration from 13th March 2024 to 20th March 2024 in the classroom A541. The workshop was conducted in hybrid mode. The day-1 started on 13th March at 11:00 AM. The resource person for this session was Mr. Pranav Bhatt, intellectual property strategist and Dr. M Shahina Parveen, Professor & Chairperson, CST. The session started with an introduction to the speaker by Prof. Ramandeep Kaur, Assistant Professor. Prof. Ramandeep Kaur told students about the importance of this workshop and handed over the session to Dr. M Shahina Parveen.

VALUE-ADDED COURSE ON
“PYTHON FOR DATA ANALYSIS AND INTRODUCTION TO DATABRICKS”

The Department of Computer Science & Technology has organized a 30 Hours Value-Added Course on “PYTHON FOR DATA ANALYSIS AND INTRODUCTION TO DATABRICKS” from 21st February to 10th March 2024 in Hybrid mode. Students were able to understand the fundamental syntax of Python through readings, practice exercises, demonstrations, and writing Python code.



Sl.No.	Date	Content	Hours
1	21/02/24	Python-OVERVIEW,Python-ENVIRONMENT, Python - BASIC SYNTAX, Python - DATA TYPES, Python - VARIABLES, Python-OPERATORS	4

Two-Day Workshop on Mastering ReactJS

In an era where technology evolves rapidly, staying ahead of the curve is imperative for aspiring developers. To equip the budding talents in the field of Computer Science and Engineering (CSE) with cutting-edge skills, the Department of Computer Science and Engineering - Full Stack Development Students Club organized a transformative 2-day workshop titled "Mastering ReactJS: From Development to Deployment with GitHub." Held on the 13th and 14th of March 2024 at Dayananda Sagar University, Kudlu Gate, the workshop aimed to provide 3rd-year CSE students with comprehensive insights into ReactJS, a leading JavaScript library for building user interfaces. Under the guidance of Dr. Gousia Thahniyath, the esteemed faculty coordinator of the workshop, participants embarked on a journey to explore the depths of ReactJS and its integration with GitHub for seamless development and deployment. The two-day workshop on mastering ReactJS proved to be a transformative experience for 3rd-year CSE students. Empowered with comprehensive insights and practical skills, participants are poised to embark on their journey as proficient React developers, equipped to tackle real-world challenges with confidence and innovation. As technology continues to evolve, initiatives such as these serve as catalysts in nurturing the next generation of tech luminaries, driving innovation and progress forward.

One-Day UI/UX Design Workshop

The Ganakanveshana Club of the Department of Computer Science and Engineering (CSE) organized a dynamic one-day workshop titled "UI/UX Design" on March 23rd, 2024. Designed specifically for 4th-semester students the workshop unfolded at the picturesque Dayananda Sagar University, Main Campus, Harohalli. Notably, the workshop's speaker was Kishore Kumar K, an 8th-semester student, bringing a fresh perspective and practical insights to the session. The primary objective of the workshop was to provide students with a comprehensive understanding of UI/UX principles and practical hands-on experience to empower students in creating engaging and intuitive digital experiences. Dr.Savitha Hiremath, played an instrumental role as organizer, ensuring the smooth execution and success of the workshop.

3-Day Workshop on “Basic Robotics Simulations”

The AI & ML department, in cooperation with YANTROVE STUDENT CLUB, organized a 3-Day Workshop on Basic Robotics Simulation.
Resource Persons:
Dr. Arun Ananthanarayanan, Associate Professor, Department of ECE
Prof. Abhinav Karan, Assistant Professor, Department of ECE
Prof. Pradeep Kumar K, Assistant Professor, Department of CSE (AI & ML)
Conveners:
Dr. Amit Bhatt, In-charge Vice Chancellor, DSU
Dr. Puttamadappa C, Registrar, DSU
Dr. Udaya Kumar Reddy KR, Dean, School of Engineering, DSU
Dr. Ramesh R Galigekere, Dean (Acad) Science & Technology
Dr. Jayavrinda Vrindavanam V, Professor & Chairperson CSE (AI & ML), DSU
Faculty Coordinators:
Prof. Subhash Mondal, Assistant Professor, Department of CSE (AI & ML)
Prof. Mitha Guru, Assistant Professor, Department. of CSE (AI & ML)

Value-Added Course on “ANSA”

We are thrilled to share the exciting news of the ongoing Value-Added Course on ANSA Preprocessor for Finite Element Method (FEM), currently underway at our esteemed institution in collaboration with BETA SIMULATION SYSTEMS-Bangalore. Tailored meticulously for our 6th-semester students, this course represents a pivotal opportunity to cultivate indispensable skills in computational analysis, which stand as a cornerstone of modern engineering practices.

Led by the eminent Dr. Aruna M N, a distinguished trainer in the field, this course is designed to harness a wealth of academic and industrial insights, enriching the learning experience for all participants. Spanning from 14th March to 3rd May 2024, our Thursdays and Fridays are dedicated to immersive sessions covering vital topics such as FEA Basics, ANSA GUI navigation, Geometry Healing, Surface Meshing, and Batch Meshing. These sessions are thoughtfully complemented by hands-on practice, ensuring a holistic understanding where theoretical concepts seamlessly translate into practical proficiency in using ANSA Preprocessor.

Convener: Dr. Kamalbabu (Assistant Professor ME Department, Campus 3)

Co-convener: Dr. P M G Bashir Asdaque (Assistant Professor, ME Department , Campus 4)

Value Added Course on 3D experience by EDS Technologies on 3D Experience Catia

A value-added course on 3D Experience Catia was held on 19-21 March 2024 in association with EDS Technologies Bangalore in this training students got hands-on experience on 3D Experience Catia which was mainly on part design assembly and surfacing of different aerospace components. This training was conducted by Mr Sudheer Application Engineer at EDS Technologies and Prof Sripad Kulkarni Asst Prof, Dept of ASE, DSU.

WEBINARS / SEMINARS / TECHNICAL TALKS

Tech Talk on Product Design and Development

The Department of Computer Science & Technology conducted a Tech Talk on Product Design and Development on 14/03/2024. Peer-to-peer teaching, also known as peer tutoring or collaborative learning, is a pedagogical approach where students learn from and teach each other under the guidance of a facilitator or instructor.

✓ Talk aims to foster product design and development process stages.
✓ Peer-to-peer discussion for developing the product.
✓ Confidence building to words developing product
✓ Highlight the importance of product sustainability in the market.
✓ Provide step-by-step guidance on design procedures.

Tips and Tricks of GATE – Informative session for 6th sem AIML

The AI & ML department organized a talk called “Tips and Tricks of GATE”. The session on "Career Opportunities with GATE (DS and AI)" hosted by Dayananda Sagar University and IMS Gate Academy offered invaluable insights into the evolving landscape of careers in Data Science (DS) and Artificial Intelligence (AI). By addressing crucial topics such as internships, AI advancements, GATE exam preparation, and industry trends, the session aimed to empower attendees with strategic knowledge for navigating the competitive job market in these fields. This report provides a concise overview of the key discussions and takeaways from the session, highlighting the importance of informed career planning and skill development in the domains of DS and AI.
Mr. Vineet Gupta was the speaker, he had pursued his Masters from IIITB & JBIMS, B. Tech from SPCE, Mumbai, JE selected at MSEB. And has 15 Years of Expertise. He has successfully guided 30,000+ GATE aspirants towards their IIT/PSU dreams.

Webinar on “ROBOTICS - A PRIMER”

The AI & ML department, in cooperation with YANTROVE STUDENT CLUB, organized a Webinar on Robotics – A Primer for 1Hr 30Min to 4th semester Students at DSU Harohalli Campus.

Mrs Shyni Thomas, an esteemed expert in the field of robotics, recently delivered a captivating online technical talk at Dayananda Sagar University, enlightening 2nd-year students on the vast realm of robotics and its diverse applications. Her talk was not just informative but also inspiring, shedding light on the transformative potential of robotics in various industries. Mrs. Thomas commenced her discourse by delving into the fundamentals of robotics, elucidating the integration of mechanical, electrical, and computer science principles in designing and developing robotic systems. She artfully navigated through complex topics, making them accessible and engaging for the students. Furthermore, she elaborated on the wide-ranging applications of robotics, from industrial automation and healthcare advancements to space exploration and artificial intelligence. Her insights into the future of robotics and its impact on society left the audience in awe of the endless possibilities that this field presents. Overall, Mrs. Shyni Thomas's technical talk was a resounding success, leaving an indelible impression on the young minds at Dayananda Sagar University and igniting their passion for exploring the fascinating world of robotics.

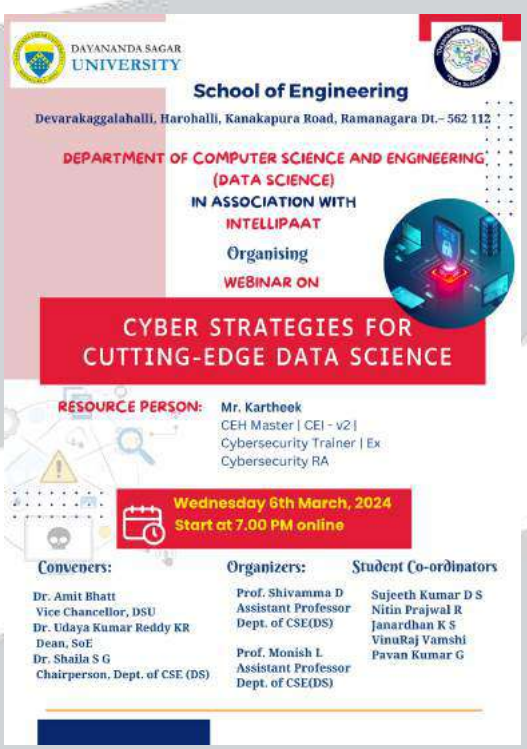
“Application of Proximity and Optical Sensors in Industry”

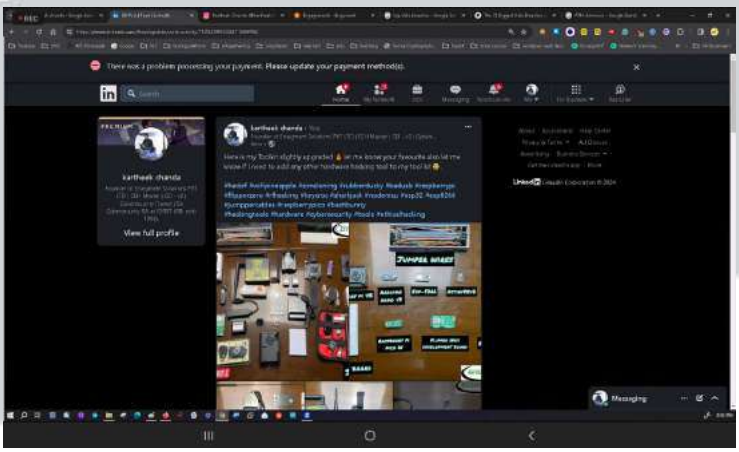
As a part of SAE Student Collegiate Club Activity-SoE-DSU, a guest lecture on“Application of Proximity and Optical Sensors in Industry” was conducted on 9th March 2024 at City Innovation Campus, DSU. The distinguished speaker was Mr.Deepak Sethi, an entrepreneur and former Mico-BOSCH Employee. The current 4th Sem, 6th Sem, and final-year mechanical engineering students benefited from this practically enriched session on sensors. Moreover, Mr. Sethi donated a few important things to our SAE club for future works

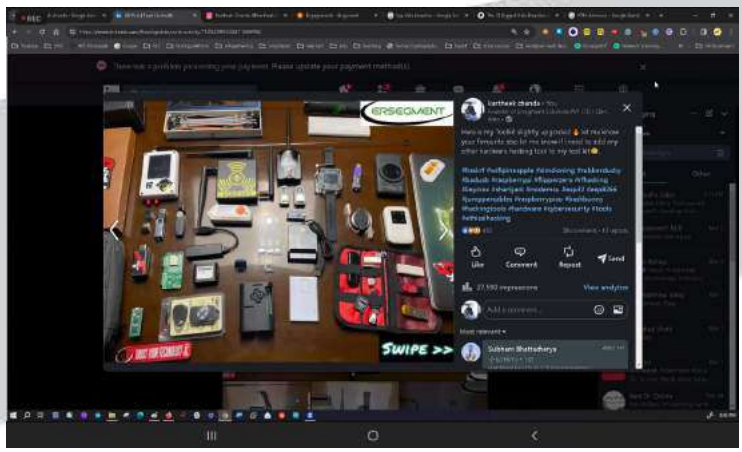
Webinar on
"Cyber Strategies for Cutting-Edge Data Science"

The DataScience@DSU Club, in collaboration with Intellipaat and the Department of Computer Science and Engineering (Data Science), organized an online Webinar on "Cyber Strategies for Cutting-Edge Data Science" on March 6th, 2024. The webinar emphasized integrating cybersecurity measures into data science practices and highlighted proactive threat detection, privacy compliance, and collaboration among stakeholders as essential strategies for safeguarding data assets in the digital age. The Webinar was organized by Prof. Shivamma D, Assistant Professor, Department of CSE (Data Science), and Prof. Monish L, Assistant Professor, Department of CSE (Data Science). The Webinar was attended by 42 students.

Resource Person: Kartheek
CEH Master | CEI - v2 | Cybersecurity Trainer | Ex Cybersecurity RA







Webinar on
"Exploring Paths in Data Science Careers"

The webinar titled "Exploring Paths in Data Science Careers" organized by the DataScience@DSU Club in collaboration with Intellipaat and the Department of CSE (Data Science) at DSU, " held on 9th March, 2024 organized by Prof. Shivamma D,Assistant Professor, Dept. of CSE (Data Science), and Prof. Monish L, Assistant Professor, Dept. of CSE (Data Science) proved to be a valuable resource for students and professionals interested in pursuing careers in data science. Led by esteemed speakers from both industry and academia, the webinar provided insights into the diverse career paths available within the field of data science, ranging from data analysis to machine learning engineering. Participants gained a deeper understanding of the essential skills and qualifications required to excel in data science roles, along with practical guidance on building a strong portfolio and navigating the job market.
Ajay Bharaj, a seasoned data scientist with extensive experience in the industry. Ajay shared his insights into industry trends, emerging technologies, and potential career growth opportunities within the data science field. His expertise and practical advice resonated with the audience, providing valuable insights and inspiration for those looking to carve out successful careers in data science. Overall, the webinar served as a platform for knowledge sharing, networking, and career guidance, empowering attendees to embark on their journey towards fulfilling and rewarding careers in data science.

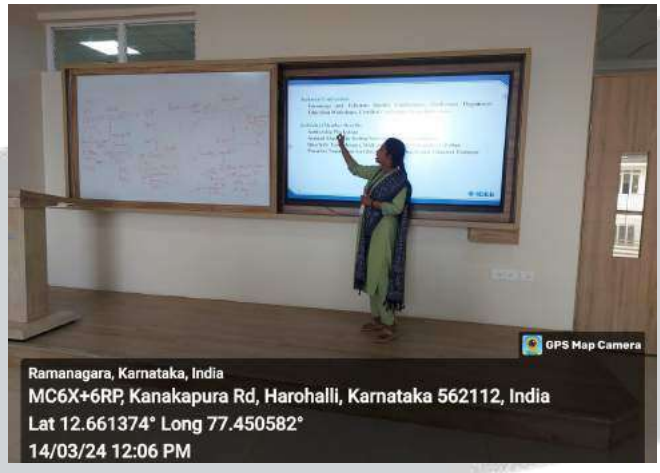
Resource Person: Ajay Bharaj, Data Science Specialist
Mckinsey and Company

Tech Talk on “Datasphere: IEEE Data Science Exploration"

The DataScience@DSU Club, the Department of CSE (Data Science) organized a Talk on IEEE “Datasphere: IEEE Data Science Exploration” held on 14th March 2024 organized by Prof. Monish L, Assistant Professor, Dept. of CSE (Data Science), and Prof. Shivamma D, Assistant Professor, Dept. of CSE (Data Science).

Dr. Pushpa Mala S, a senior IEEE member and Life Member of ISTE, actively fosters collaboration and knowledge exchange within the scientific community. Her leadership in the EXECOM-IEEE Bangalore Section underscores her dedication to promoting excellence in electronics engineering.

Resource Person: Dr. Pushpa Mala S, Associate Professor,
Dept. of EC & E, SOE, DSU



Webinar on Campus Hero

The Department of Computer Applications in collaboration with Coding Ninjas has conducted an exclusive online speaker session(webinar) that ignited our student's passion and guided their career trajectory. The speaker for the session is Ms. Taruvar Mittal who has carved a niche at Google.

ALUMNI TALK

On March 21/03/2024, the Department of Computer Application has organised an Alumni Talk by Nilesh Krishna. He is an esteemed alumnus of Dayananda Sagar University with over 3 years of experience in supply chain Analytics and delivered a compelling technical talk at our institution. Nilesh Kumar currently serves as an SAP EDI Analyst in Montreal, QC for peerless clothing, showcasing his expertise in the field.

During the talk, Nilesh shared invaluable insights glanced from his past experience at Zycus Infotech Pvt Ltd in Mumbai, where he served as a procurement business Analyst, and his current role at Peerless Clothing. He Shared light on the intricacies of SAP and its role in modern business operations, providing clarity on its functionalities and the significance of his role as an SAP EDI Analyst.

Nilesh Kumar emphasized the importance of continuous learning and skill development, urging students to obtain course completion certificates in Oracle and make use of library facilities for reference learning. He encouraged active participation in lecturing and leveraging platforms like LinkedIn to expand the profile of knowledge we gained and build professional networks.

EVENTS: PROFESSIONAL SOCIETIES / CLUB ACTIVITIES

Pre-Placement Training for 6th-semester students

The Department of Computer Science & Technology has organized a Pre-Placement series for 6th-semester students. The training was organized by Prof. Baskar Venugopalan, Associate Professor, CST, and Prof. Ramandeep Kaur, Assistant Professor, CST. This training is started as a series where the alumni of the CST department share their experience with current students and provide them with necessary knowledge about the training. The first session of this training was delivered by Mr. Sayantan Kumar, Backend Developer, Societe Generale

The training started at 11:30 am with a welcome to Mr. Sayantan Kumar by Prof. Ramandeep Kaur and student Sohana introduction and hand over the session to the speaker. Mr. Sayantan started his session with a small interaction with students and later he explained how to prepare for placement and why it is important. This training armed students with essential skills, from REST APIs to client-server architecture and CRUD operations. As they embark on their professional journey, these foundational concepts pave the way for success.

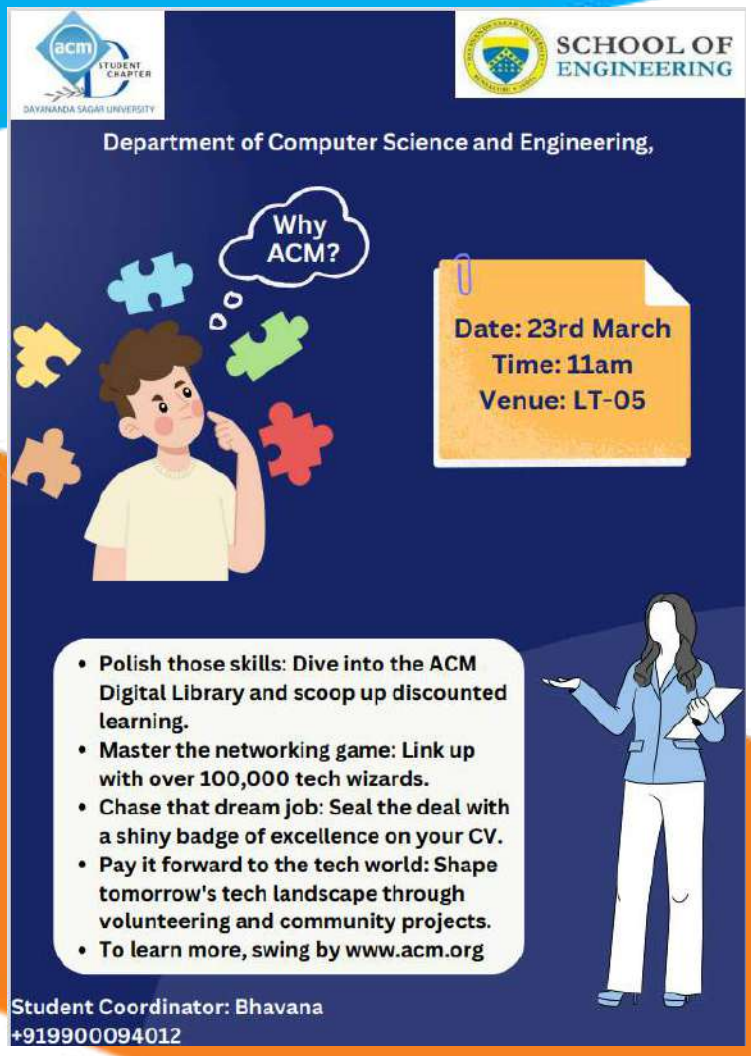
Parent Teacher Meeting for 8th& 6th semester students

Parents – Teachers Meeting was conducted by the Dept. of Computer Science and Technology for the parents of 8th & 6th semester students on March 30th , 2024. The meeting saw an encouraging turnout of parents in attendance, actively engaging in discussions with faculty members. Prof. Nivetha and Prof. Chithambarathanu presented the PPT with detailed insights into the academic performances of students, highlighting both strengths and areas needing improvement. Parents were provided with individualized reports and feedback on their ward's academic standing and were encouraged to actively participate in their ward's educational journey. The PTM also included discussions on the importance of extracurricular activities in holistic student development. Parents were informed about the various clubs, sports teams, and cultural activities available at the college, emphasizing the role of these activities in shaping an all-rounded individual. Dr. M Shahina Parveen, Chairman, shared observations regarding students' behavior, social interactions, and overall attitude in and outside the classroom. She gave a short introduction to department activities, the College website, important web pages, the Curriculum, and the important links on the website. Also, explained the curriculum design methodology and sought input from parents about the curriculum.

An introductory session on “DSU -ACM student chapter Activities ”

On the vibrant campus of Dayananda Sagar University (DSU) in Harohalli, an exciting and informative session unfolded on the 23rd of March 2024. Spearheaded by Dr. Meenakshi Malhotra, Associate Professor in the Department of Computer Science and Engineering (CSE) at DSU and the Faculty Sponsor of DSU-ACM Student Chapter. With the active participation of student office bearers, the event marked the beginning of a promising journey for DSU students passionate about computer science and technology. The introductory session on the DSU-ACM Student Chapter heralded a new era of opportunities for students at DSU, Harohalli campus. Under the guidance of Dr. Meenakshi Malhotra and the dedicated student office bearers, the chapter is poised to make significant strides in fostering academic excellence, innovation, and professional development among its members.



IoT Workshop's Project Exhibition

The Department of Computer Science and Engineering (CSE) at Dayananda Sagar University (DSU), in collaboration with AIC-DSU and DLithe, hosted a transformative event titled "IoT Project-based Idea Realization Workshop" from February 21st to March 2nd, 2024. On March 28th, the Dayananda Sagar University, Kudlu Gate campus, became a hub of technological innovation as it hosted a dynamic Project Exhibition as part of its IoT workshop. The event showcased the culmination of efforts and creativity of participants who delved into the realm of Internet of Things (IoT) technology. The Project Exhibition served not only as a platform for participants to exhibit their innovations but also as a catalyst for fostering a community of IoT enthusiasts and experts

The event was coordinated by Dr Revathi V, Dr.George Fernandez I, Dr Rajesh T M, and Dr Pramod Kumar Naik, ensuring smooth execution and participant engagement. Prof. Pradeep Kumar T K, Prof. Navya Damodar, and Prof. Bharathy Vijayan spearheaded the organizing committee, overseeing the planning and implementation of the workshop.

Unnat Bharath Abhiyaan (UBA) on Solid waste management awareness

Unnat Bharath Abhiyaan (UBA) on Solid waste management awareness was conducted in Cheelur village (UBA Adopted village by DSU). Students across various streams of the School of Engineering- Mechanical Department, Computer Science Department and its cluster, Electronics and Aerospace Department Volunteered to Conduct an awareness drive seeking waste management practices adopted by village households and the PDO office.

The student volunteers also visited the Government high school, Cheelur Village, and interacted with high school faculty and students about Solid waste management practices. Dr Vinayak Hemadri- Chairman of the Mechanical Department, Abhijith N- Assistant Professor of the Mechanical Department and UBA and NSS Co-ordinator for DSU- SoE, Dr Bhagya Jyothi- Physical Education Director of DSU and Mr. Madhu- Instructor of Mechanical Department assisted the students throughout for smooth conduction and Co-ordination during the event. Ms Shamantha Suryapraksh- Director of Student Affairs arranged the necessary resources for the smooth conduction of the event.

International Forest Day

Department of Mechanical Engineering, DSU - SoE commemorated International Forest Day on March 21st, 2024 in Government High School, Cheelur Village, Harohalli, Hobli. Students of 4th-semester Mechanical Engineering volunteered for this event and interacted with students about the importance of forests.

Dr Vinayak Hemadri- Chairman of the ME Department, and Abhijith N- Assistant Professor of the ME Department addressed the high school students about the importance of forest conservation for a sustainable future. The staff of the high school was welcoming and eager to interact more with us in the future. Dr Bhagyajyothi- Director of Physical Education, and Mr. Madhu- Instructor, Mechanical Engineering coordinated with us for the smooth conduction of the event. Ms. Shamantha Suryaprakash- Director of Student Affairs helped us in arranging necessary resources and coordination.

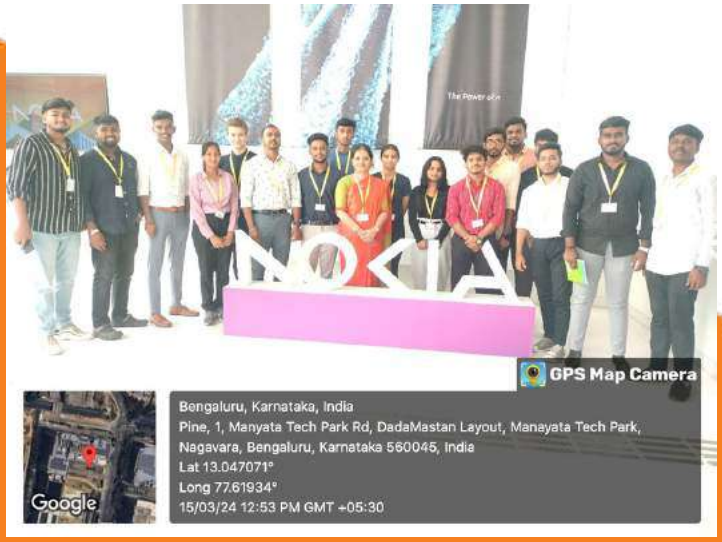
LABATHON

On March 15th, 2024, a cohort of 20 6th-semester students from the Electronics and Communication Engineering (ECE) department actively participated in the Labathon event organized by Nokia at Manyata Tech Park, Nagawara ORR, Bangalore 560045. Dr. Saara K, serving as their mentor, accompanied the students and actively engaged in the event. The primary objective of the Labathon was to provide participants with comprehensive insights into the generation of telecom, radio setup, and the flow of 5G technology. Through a combination of lectures and lab visits, students had the unique opportunity to delve into the practical applications and nuances of telecommunications, gaining invaluable experiential knowledge in their field of study.

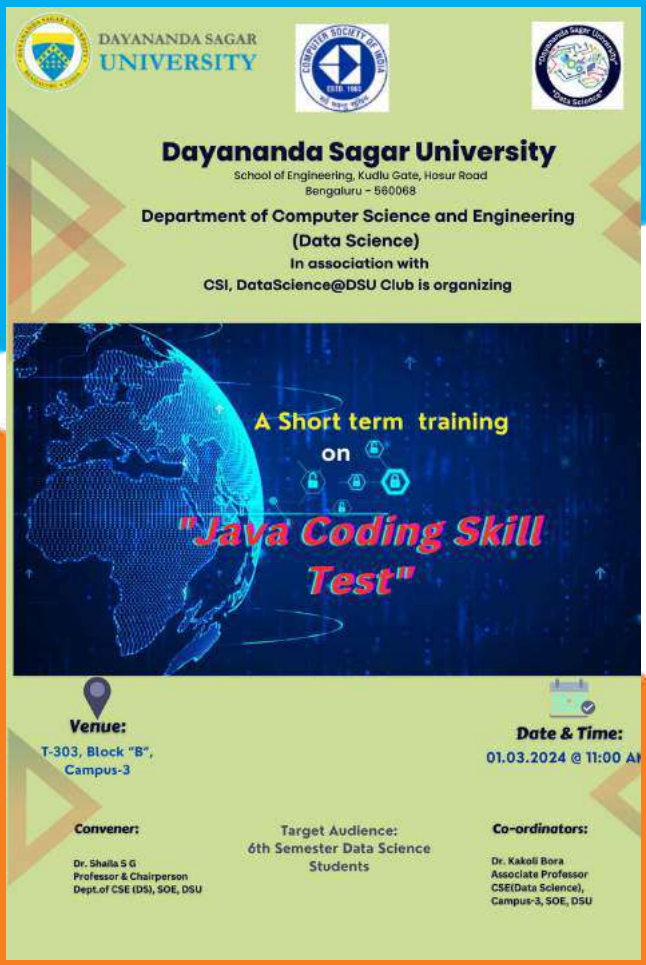


The Mathematical Vision of Maryam Mirzakhani

On March 13th, 2024, the 6th semester Electronics and Communication Engineering (ECE) students had the honor of attending an event organized by the Infosys Science Foundation, facilitated by the guidance of Dr. Mukti C, Dr. Vinu, and Dr. Saara K, who provided invaluable support throughout the activity. The event granted students a remarkable opportunity to engage in a screening of the documentary titled "The Mathematical Vision of Maryam Mirzakhani" in commemoration of the International Day of Mathematics 2024. This documentary not only celebrated the profound mathematical achievements of Maryam Mirzakhani but also served as an inspirational testament to the transformative power of mathematical inquiry.

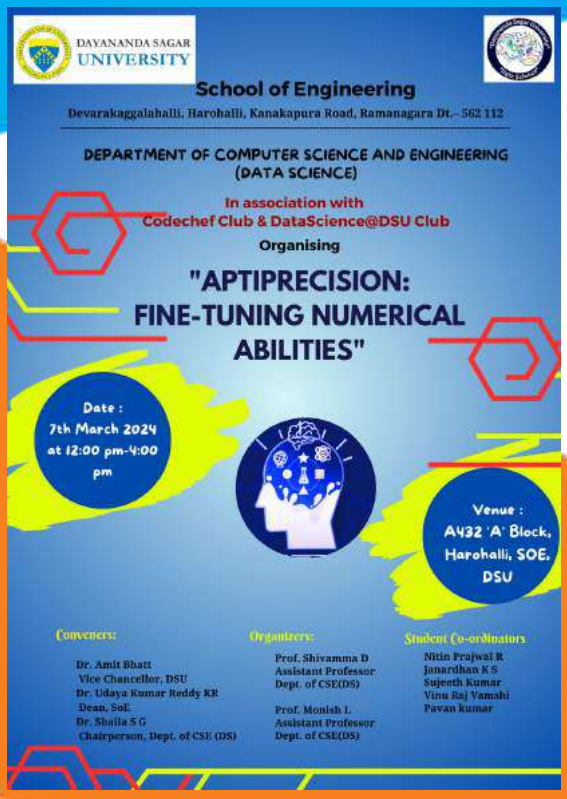
Short Term Training on “Java Coding Skill Test”

The DataScience@DSU Club, the Department of CSE (Data Science) conducted a short-term training on “Java Coding Skill” held on 1st March 2024 organized by the faculties of the CSE(Data Science) department. The session was taken by Dr. Kakoli Bora, Associate Professor, who gave an insight on problem-solving using the JAVA programming language along with a technical quiz on aptitude problem-solving. The students actively participated on both days.



Quiz on
“AptiPrecision: Fine-Tuning Numerical Abilities”

The DataScience@DSU Club, the Department of CSE (Data Science) organized a Quiz "AptiPrecision: Fine-Tuning Numerical Abilities" held on 7th March 2024 organized by Prof. Shivamma D, Assistant Professor, Dept. of CSE (Data Science), and Prof. Monish L, Assistant Professor, Dept. of CSE (Data Science).
AptiPrecision: Fine-Tuning Numerical Abilities is aimed at enhancing participants' numerical proficiency through targeted strategies and practice. By delving into numerical concepts and problem-solving techniques, attendees gain valuable insights into optimizing their performance in aptitude tests and exams. Through practical guidance and interactive sessions, the webinar equips participants with the skills and confidence needed to tackle numerical challenges effectively. With a focus on precision and efficiency, AptiPrecision empowers individuals to refine their numerical abilities, ultimately leading to improved academic and professional outcomes.

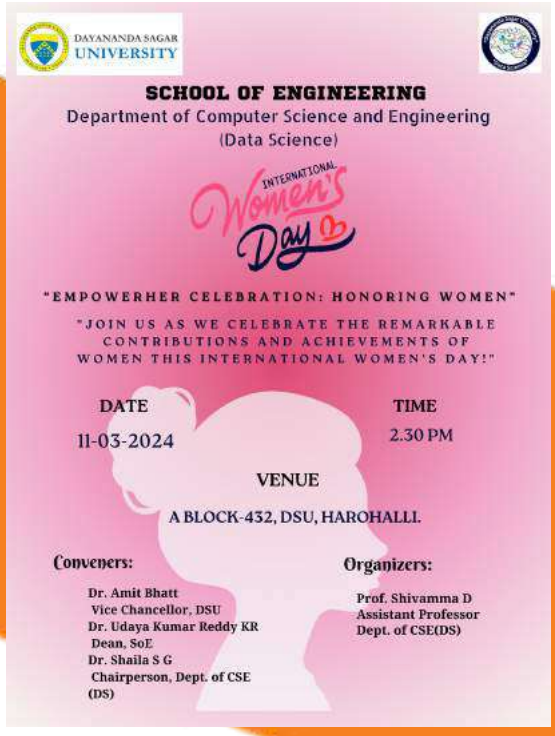


Women’s Day Celebration

“Empower Her Celebration: Honouring Women"The DataScience@DSU Club, the Department of CSE (Data Science) organized a Women's Day Celebration “EMPOWER HER CELEBRATION: HONORING WOMEN” held on 11th March 2024 on the occasion of International Women’s Day organized by Prof. Shivamma D, Assistant Professor, Dept. of CSE (Data Science) the event aimed to commemorate International Women's Day and honor the contributions of women in various fields. The celebration featured a series of engaging activities, including inspirational talks, panel discussions, and cultural performances, showcasing the achievements and empowerment of women. Participants expressed their appreciation for the event's insightful discussions and uplifting atmosphere, highlighting the importance of recognizing and supporting women's endeavors in society. Overall, the "Empower Her Celebration: Honouring Women" served as a meaningful tribute to women's achievements and a platform for promoting gender equality and empowerment.

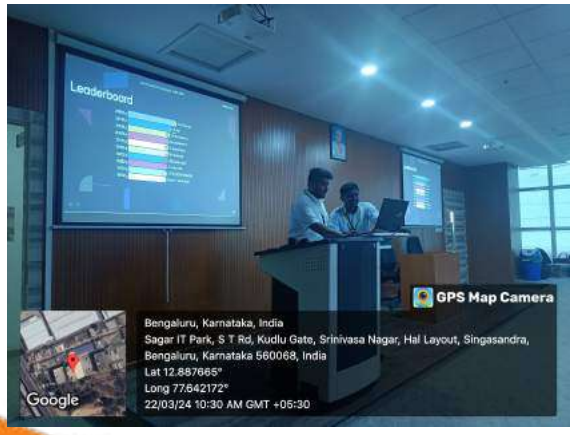
Eminent Women Role Models of DSU Invited:

· Dr. Mahalakshmi P, Chairperson, Dept. of Mathematics
· Dr. Pushpamala S, Professor, Dept. of ECE
· Dr. Savitha Hiremath, Professor, Dept. of CSE
· Prof. Nandhini, Assistant Professor, Dept. of CSE



CODE-A-BIT ’24

The DataScience@DSU Club, the Department of CSE (Data Science) organized CODE-A-BIT'24, held on March 21st and 22nd, 2024, at Gallery Hall-01 & GE Healthcare A-Block, Campus-03, showcased the technical prowess and innovation of students from DSU's School of Engineering. Organized by the Department of Computer Science and Engineering - Data Science, the event featured four rounds: Innovative Interface, Frontend Knockout, Mind Sprint, and Data Fusion. Participants demonstrated their skills in UI design, web development, quiz challenges, and data analytics. Chief Guest Mr. Vinod Shankar, CEO of AIC-DSU, graced the event, emphasizing our commitment to academic excellence and technological advancement.
Round 1: Innovate Interface - UI Design Participants redesigned the ISRO website's user interface, focusing on visual appeal and appropriateness. They showcased their design abilities by conveying ISRO's mission, vision, brand identity, and values effectively.
Round 2: Front-End Knockout: In this round, participants navigated through three levels of increasing complexity, testing their ability to recreate website designs using front-end technologies like HTML, CSS, and JavaScript.
Chief Guest: Mr. Vinod Shankar, CEO of AIC-DSU



Awareness on student exchange program

The Department of Computer Applications in collaboration with the Department of International Affairs organized an awareness session on Student Exchange Program Awareness Session for all semesters of BCA and 1st sem MCA students on 06-03-2024 and 07-03-2024. The session aimed to provide students with insights into the benefits and opportunities offered by student exchange programs.

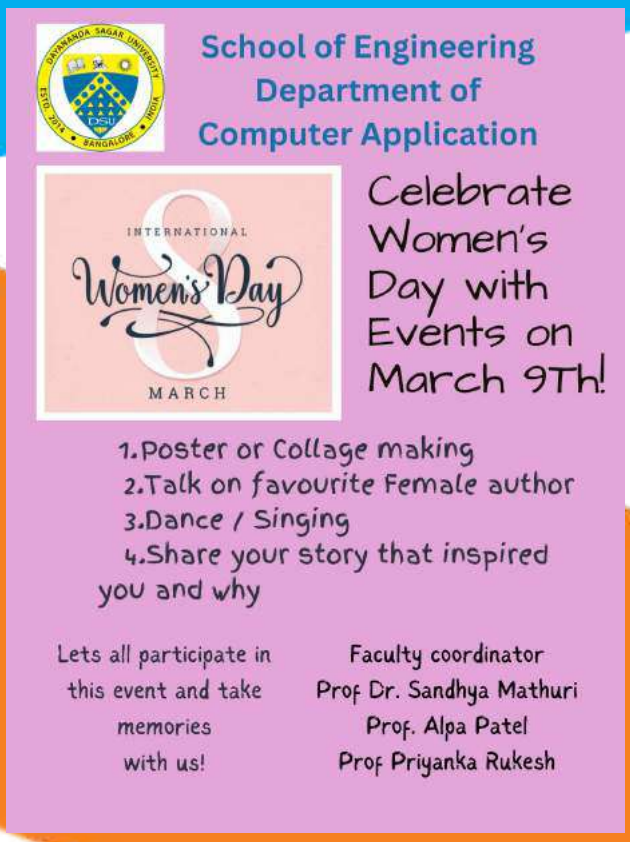
The session has proved to be a valuable initiative in promoting internationalization and cultural exchange among BCA and MCA students. By equipping students with the necessary information and resources, the session empowered them to consider and pursue enriching opportunities beyond their academic confines.

Women's Day Celebration

Department of Computer Applications at Dayananda Sagar University celebrated Women's Day at DSU, Kudlu gate campus amidst much fanfare involving staff and management. The celebrations started with the setting up of an attractive floral decoration of women with wings to fly high in the reception area which turned out to be attractive and mesmerizing and took everyone into a world of festivity and fun.

The event started with this year's Women's Day oath delivered by Dr. Sandhya Mathuri G. and henceforth the inspiring talk by Dr.Vasanthi Kumari P. chairperson of Computer applications.

As the celebratory spirit continued, the event proceeded with dance performances presented by students MCA I semester student and BCA IV semester students, a speech about the inspired author and inspired women by BCA II semester and BCA IV semester students, singing by BCA II semester student and poster presentation done by BCA IV semester student.



WORLD WATER DAY SLOGAN CONTEST

On the occasion of World Water Day, the Department of Computer Application at Dayananda Sagar University organized an event centered around the theme of water conservation. The celebration took place on 22-03-2024 at the Kudlu campus, bringing together students to raise awareness about the importance of preserving our planet's most precious resource.

The highlight of the event was a slogan-writing contest, which aimed to encourage creative thinking and meaningful reflection on the significance of water conservation. The contest was uniquely structured, requiring participants to form groups of two people. This collaborative approach fostered teamwork and encouraged participants to exchange ideas while crafting their slogans.

“Searching THE VOICE” Karaoke Singing Competition

On 23rd March, 2024 in commemoration of World Water Day, a special Karaoke Singing Competition was organized at DSU. The event aimed to raise awareness about water conservation and sustainability through the universal language of music. Here is a comprehensive report on this unique occasion.
The theme of the competition emphasized the importance of preserving water resources for future generations. Participants were invited to register for the competition in advance, with a special emphasis on selecting songs related to water, rivers, oceans, or environmental conservation.
The event aimed to provide a platform for aspiring singers to showcase their skills, entertain the audience, and foster a sense of camaraderie among participants.

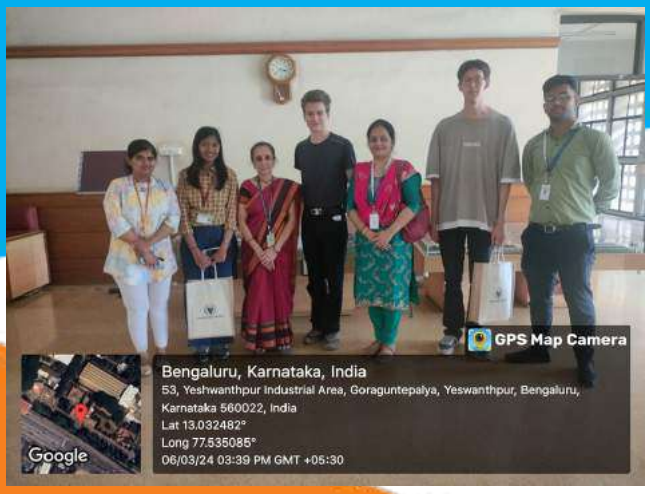
INDUSTRIAL VISITS

Industrial Visit to CMTI Bangalore

The industrial visit organized by Dr. Saara K at CMTI Bangalore on March 6th, 2024, offered MIET Russian international students an invaluable opportunity to explore cutting-edge technologies in manufacturing. Throughout the visit, students gained firsthand insights into Sensor Development Technology, Advanced Material and Characterization, Micro Nano Manufacturing, Additive Manufacturing, and the Noise and Vibration Laboratory. From learning about sensor calibration to witnessing the precision of micro and nano manufacturing, the visit provided a comprehensive understanding of modern engineering practices. Ms. Sumeha Banu N and Mr. Aashish from the international department commended the immersive experience. This visit not only bridged theoretical knowledge with practical applications but also facilitated cross-cultural exchange, preparing students to become future leaders in the global manufacturing landscape.



Industrial Visit to MOX ISRO ISTRAC

The DataScience@DSU Club, the Department of CSE (Data Science) organized an Industry visit to MOX ISRO ISTRAC for 4th Semester students held on 27th March 2024 organized by Prof. Shivamma D, Assistant Professor, Dept. of CSE (Data Science).

During the industry visit to MOX ISRO ISTRAC, Mr. Sankar Madaswamy, Manager of HRD at ISTRAC/ISRO, provided insightful explanations about the organization's operations and its significance in the aerospace sector. He elaborated on the critical role of ISTRAC (ISRO Telemetry, Tracking and Command Network) in tracking and controlling satellites launched by the Indian Space Research Organisation (ISRO). Mr. Madaswamy highlighted how ISTRAC's advanced telemetry, tracking, and command capabilities enable real-time monitoring and management of satellite missions, ensuring precise navigation and communication. He also shed light on the complex technical infrastructure and sophisticated systems employed by ISTRAC to support various space missions, emphasizing its contributions to India's space exploration endeavors.

During the visit to MOX ISRO ISTRAC, the students had the privilege of meeting Ms. Nindini Harinath, who led the operations team at ISTRAC, ensuring the successful mission operations of Chandrayaan-3 and Aditya. Ms. Harinath shared valuable insights into the planning, execution, and operational aspects of the Chandrayaan-3 mission, which is India's ambitious lunar exploration project. She provided a comprehensive overview of the mission's objectives, scientific goals, and the advanced technology deployed for lunar exploration. Ms. Harinath also discussed the challenges encountered during the mission and the innovative solutions devised by ISRO's team to overcome them. Her interaction with the students offered them a rare opportunity to learn firsthand about the intricacies of space missions and the pivotal role played by operational directors in ensuring their success. Overall, the meeting with Ms. Nindini Harinath enriched the students' understanding of India's space exploration endeavors and inspired them to pursue careers in space research and technology.

RESEARCH ARTICLE

Multilayer coating-assisted gold-encapsulated tilted fiber Bragg grating biosensor design

P. B. Prathap[1,2] · K. Saara[1]

Received: 29 December 2023 / Accepted: 2 February 2024

Abstract To cope with up high rise in healthcare demands and accurate clinical decisions the fiber Bragg grating (FBG) sensors have performed superior over the traditional analog sensors for varied clinical decisions. The higher sensitivity and resolution toward accurate sensing make FBG a viable technology for clinical decision systems including biomechanical sensing, physiological sensing, non-invasive surgery, and biosensing. Depth assessment indicates that the encapsulated tilted FBG (TFBG), and surface plasmon resonance sensors have performed satisfactorily, yet, their suitability over the different operating conditions such as temperature, viscosity-change, noise, etc., remains suspicious. The at-hand biosensors fail to demodulate the response accurately once the surrounding refractive index approaches the cladding index. It requires a sufficiently large spectrum shift to demodulate and predict biosensing yield. To achieve it, in this paper, a multilayer coating-assisted gold-encapsulated TFBG biosensor is proposed. The proposed TFBG biosensor was designed with the grating angle of 10°, while gold encapsulation was done to improve resolution and sensitivity. To improve biosensing toward protein analysis and immunological assessment at first gold plating was done to improve reflectivity, while graphene oxide (GO) coating was done to enhance plasmonic attraction for biosensing. In function, GO coating served dual purposes including improved antibody and antigen absorption that helped sensitivity as well as yields sufficiently large spectra change to make detection decisions. More specifically, GO coating enables the trapping of the target molecules that eventually increases the refractive index of the coating material and hence undergoes a shift in the wavelength spectra, which is used for biosensing tasks. The higher refractive index of the coating material over the cladding index results in spectral shift and coupling wavelength shifts which helps target biosensing tasks. Simulations confirmed wavelength spectrum shift signifying biosensing tasks including protein analysis and immunological assessments for clinical decisions.

Keywords Fiber Bragg grating · Biosensor · Multilayer encapsulation · Surface plasmon resonance · Protein analysis · Immunological analysis

Introduction

The high pace rising global population and allied pressure on at-hand healthcare infrastructures including human experts have forced industry to achieve more automated and accurate diagnosis and medication solutions. Undeniably, healthcare innovations are going on across the horizon including pharmaceuticals, medicine, telemedicine, computer-aided diagnosis (CAD), etc. However, the development in hardware, especially sensor technologies has made diagnosis more time-efficient and scalable. The rising health complications have been demanding more accurate and reliable sensors to make early detection and diagnosis. This as a result can not only reduce mortality rate but can avoid further complications if diagnosed early and medicated on time. There are numerous complex healthcare practices such as cancer diagnosis, serum tests, protein analysis, etc., which demand reliable sensor solutions. Additionally, varied applications like biomechanical sensing, physiological

FDP Report 2023

DAYANANDA SAGAR UNIVERSITY

Bengaluru

SCHOOL OF ENGINEERING

A FIVE DAY NATIONAL LEVEL FACULTY DEVELOPMENT PROGRAM ON

MODEL-BASED SYSTEMS ENGINEERING (MBSE)

07-11 AUGUST, 2023

Organised by

DEPARTMENT OF AEROSPACE ENGINEERING

DAYANANDA SAGAR UNIVERSITY (DSU)

A top emerging university in Bengaluru, which has ideally positioned itself in providing value-based education, research and healthcare is now all set to take forward its 6 decades legacy of providing world-class quality education in its sprawling campus at Harohalli, Bengaluru. Being a completely self-contained campus at Harohalli, it is equipped with all the modern state-of-the-art infrastructure, creating a conducive environment for progressive experiential learning and futuristic growth creating next-generation innovators, explorers, leaders, and researchers.

DEPARTMENT OF AEROSPACE ENGINEERING

The Department of Aerospace Engineering (AE) - School of Engineering (SoE) at DSU focuses on the design, analysis, of aircraft and spacecraft followed by cutting-edge research on various aspects. The department trains the students with technical expertise, creativity, and problem-solving skills and plays a vital role in advancing in understanding of the universe.

About FDP

The faculty development program on MBSE using the 3DExperience platform encompasses a range of topics to ensure participants gain a comprehensive understanding of the Aero modelling. The program begins with an introduction to MBSE concepts, emphasizing the benefits of adopting a model-based approach. Participant's will learn about the different types of models used in MBSE through hands on experience

THANKS NOTE

It is our honour to extend heartfelt gratitude to all the dignitaries who have graced us with their presence at this five Day National level Faculty Development Program On MODEL-BASED Systems Engineering (MBSE) - 2023

Firstly, we would like to express our sincere gratitude to our Vice-Chancellor, Dr. K.N.B Murthy has been a constant source of inspiration and guidance. His vision and leadership have been instrumental in making this FDP a grand success.

We also extend our heartfelt thanks to Pro-Vice-Chancellors, Shri R Janardan and Dr. Amit R Batt, who has played a pivotal role in ensuring that this event runs smoothly. The support for this five Day National level Faculty Development Program On MODEL-BASED Systems Engineering (MBSE) - 2023 was a memorable and a great experience for all of us.

Our Chief Guest Cmde. C D BALAJI, (Retd), we were honoured to have you with us for the five Day National level Faculty Development Program On MODEL-BASED Systems Engineering (MBSE) - 2023 and your vast experience and knowledge in this field has inspired us all.

We sincerely thank the Dean of SoE Dr. Udaya Kumar Reddy, who is the driving force in the success of this five Day National level Faculty Development Program On MODEL-BASED Systems Engineering (MBSE) - 2023. Their unwavering support and guidance have been a source of strength for us all. We also request you keep the same spirit to organise many such interdisciplinary programs in future for the sake of encouraging research and possible outcomes in various domains.

We would like to thank our Registrar, Dr. C Puttamadappa, whose contribution to making this five Day National level Faculty Development Program On MODEL-BASED Systems Engineering (MBSE) - 2023 a success cannot be overstated. We would also like to thank all the participants who have made this symposium a lively and scientifically engaging event.

Objectives of FDP

- Familiarity with the 3D Experience platform
- Applying MBSE principles
- Integrating multidisciplinary aspects
- System Modeling Techniques
- Fostering research and innovation
- Application of MBSE in Real-world Scenarios

FDP Topics

- Combining computational and experimental models in engineering structural dynamics
- System identification methodologies using Convolutional Neural networks.
- Digital lean manufacturing solution using DELMIA 3DExperience platform.
- Simulation-driven innovation in Aerospace Engineering
- Introduction to 3DExperience tool overview*
- Introduction to MBSE
- Demonstration of MBSE Process*
- Rudder Actuator model using MBSE*
- Enovia software 3D Experience platform*
- Functional Architecture of Rudder Actuator*
- Logical Architecture of Rudder Actuator*
- Behaviour Modeling in Dymola*
- Physical Architecture & Detailed Design*
- Component Design and Integration*
- Design Verification using MBSE*
- Demonstration of Digital Mock-Up*
- Evaluation Digital Mock-Up*
- Industrial Expert Talk on MBSE
- R&D Expert Talk on MBSE
- Start up & Incubation

* Hands-on experience

Speakers

- Cmde. C D BALAJI, (Retd), Distinguished Scientist, Former Programme Director (Combat Aircraft) & Director, ADA, Government of India
- Dr. Manohar C S, Professor, IISc, Bangalore
- Mr.Ajay Mishra, Collins Aerospace, Bangalore
- Mr.Nikunj Manvar, Quantity Engineering Manager - R&D CATIA Systemes Modeling
- Mr. Sri krishna, Dassault Systemes, Bangalore
- Mr. Mathurthi Murali Krishna Kumar,
- EDS Technologies Bangalore.
- Mr. Ramesh Kumar, KTech, CoE, Bangalore
- Mr. Madhushudan Rao, KTech, CoE,Bangalore
- Mr.Anoop karpur KTech, CoE, Bangalore
- Prof Sripad Kulkarni S, DSU, Bangalore.
- Mr.Ajo George,TUM, Switzerland
- Mr. Vinod Shankar, AIC-DSU

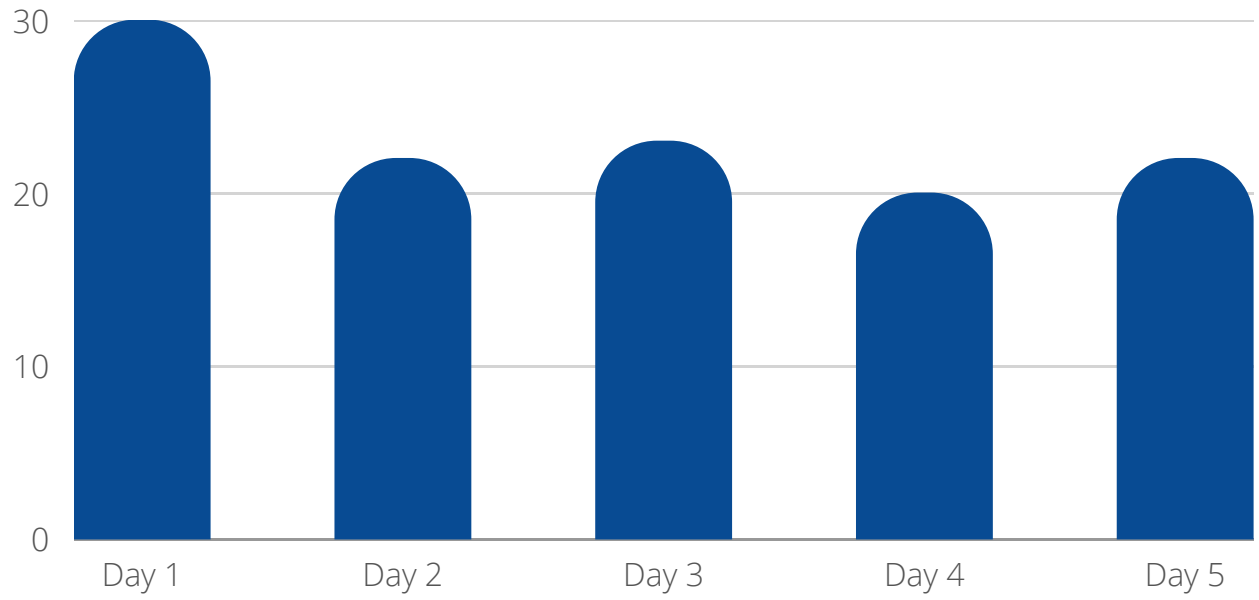
INAUGURATION OF FIVE DAY NATIONAL LEVEL FACULTY DEVELOPMENT PROGRAM ON MODEL-BASED SYSTEMS ENGINEERING (MBSE) - 2023

Participants

A Faculty Development Program is designed to enhance the skills, knowledge, and teaching methodologies of faculty members. These programs often cover emerging topics, new technologies, and advanced teaching techniques to keep educators up-to-date and better equipped to deliver quality education to their students.



Day-wise participants

FDP SUMMARY

This Five-Day National-Level Faculty Development Program on Model-Based Systems Engineering aims to provide participants with a comprehensive foundation in MBSE, enabling them to integrate modern systems engineering practices into their teaching, research, and professional activities. By focusing on modeling techniques, requirements management, and collaborative design, the program contributes to the advancement of engineering education and innovation.

Cmde. C D Balaji

Mr. Ramesh kumar

Ajo George

Prof .C S Manohar

PROGRAM HIGHLIGHTS

- Introduction to MBSE: An overview of what MBSE entails, its importance in modern engineering practices, and how it improves system development and management.
- Key Concepts in MBSE: Exploring fundamental concepts such as system modelling, requirements management, architecture design, verification, and validation using models.
- MBSE Tools and Technologies: Introduction to software tools and platforms used in MBSE, including popular modeling languages like SysML (Systems Modeling Language).
- Modeling Languages: In-depth coverage of modeling languages such as SysML for creating system models that capture various aspects of a system's architecture, behavior, and requirements.
- Systems Engineering Process: Understanding how MBSE integrates into the broader systems engineering process and enhances collaboration among multidisciplinary teams.
- Model-Based Design: Exploring how MBSE can be applied to the design phase of a project, helping to visualize and optimize system architecture and behavior.
- Requirements Management: How MBSE helps in effectively managing and tracing requirements throughout the system development lifecycle.
- Case Studies: Real-world case studies from various industries (aerospace, automotive, healthcare, etc.) demonstrating the successful implementation of MBSE in complex projects.
- Hands-on Workshops: Practical workshops where participants get hands-on experience using MBSE tools to create system models, simulate behavior, and analyze architectures.
- Guest Lectures: Inviting experts from academia and industry to share their experiences and insights on the application of MBSE.
- Certification: Participants might receive a certificate upon successful completion of the program, which can be a valuable addition to their professional development.
-

Vision

Transform lives through excellence in engineering education, research and innovation with an emphasis on sustainability, inclusive technologies and global needs.

Mission

1. Design and deliver contemporary engineering curricula to address regional and global needs while emphasizing ethics, values, integrity and regional relevance.
2. Carryout high impact academic research, industry projects and innovation activities with active student engagement to advance science and engineering knowledge and state-of-the-art industry practices.
3. Develop regional and national leaders to advance the society and economy.

Intercontinental Innovo Quest – 24

The CSE (AI and ML) department organized a 30Hrs Intercontinential Hackathon – Innovo Quest 24. Inaugurating the pioneering event "Innoquest 2024," a 30-hour Hackathon which was a collaboration between Dayananda Sagar University and Letourneau university Longview Texas USA dedicated to the exploration of "computing for social good,". Participants immersed themselves in a spirited competition. Notable figures such as Jhonson Jose, Director at Alphabet Inc., graced the occasion as a Guest of Honor, while the distinguished Chief Guest, Dr. Brent Bass, HOD of CSE at Letourneau University, conveyed his wishes virtually, adding to the significance of the event.

The formal inauguration was graced by esteemed dignitaries including Dean Uday Kumar Reddy from SOE, Dean of Academics Dr. Ramesh R. Galigere, Dean of Research and Development Dr. Kousalya Govardhanan, and Vice President of International Affairs Ms. Supriya Mathew. With 43 teams and 125 enthusiastic problem solvers, participants began crafting their presentations aimed at addressing societal challenges. These presentations were evaluated by a respected jury panel, comprising experts from both industry and academia, Dr. Hariharan, a retired ISRO Scientist, Dr. Bipin Kumar, Dr. Gopalsharma R. Joshi, Dr. Arun Balodi, Dr. Kousalya Govardhanan, and Dr. Pramod Naik, all from the School of Engineering at DSU.

Date: 1st March 2024 to 03rd March 2024

Convener:
Dr. UDAYA KUMAR REDDY K R, Dean SoE
Dr. AMIT BHATT, Vice Chancellor, DSU
Dr. PUTTAMADAPPA C, Registrar, DSU
Dr. RAMESH R GALIGEKERE, Dean (Acad), Science & technology
Ms. SUPRIYA MATHEW, Vice-president, International affairs, DSU
Dr. JAYAVRINDA VRINDAVANAM, Chairperson and Professor, Department of CSE (AI & ML)
Faculty Coordinator:
DR. VINUTHA N, Associate Professor, Department of CSE (AI & ML)
PROF. PRADEEP KUMAR K, Assistant Professor, Department of CSE (AI & ML)

Student Coordinators:
Mr ANUJ DWIVEDI, Student, Department of CSE (AI & ML)
Mr HARSH MANALEL, Student, Department of CSE (AI & ML)
Ms NEHA AMIN, Student, Department of CSE (AI & ML)
Mr ARJUN PULIVARTHI, Student, Department of CSE (AI & ML)

20-Hour Value Added Course on IIoT for 4th Semester

The Department of Electronics and Communication Engineering, Bengaluru is pleased to welcome our "Scholar in Residence at SOE" Dr. Stefano Rinaldi is an Associate Professor at the University of Brescia, Italy specializing in Electric and Electronic Measurement.

His research focuses on IoT systems aimed at bolstering industrial automation, as well as the development of Smart Grids and Smart Cities. He is particularly interested in integrating renewable energy sources, electrical storage systems, and e-vehicle charging stations into distribution grids. He has delivered a value-added program on "Mastering Industrial IoT on a Comprehensive Exploration".

Dr. Stefano Rinaldi engaged in discussions with Full-time PhD research scholars, on March 4, 2024. This interaction has opened up a broad range of opportunities for us to explore research projects in the fields of renewable energy, IIoT, and sensor technology.

The course ended on 15th March 2024 with the feedback and question-answersession. All the students and faculty coordinators have expressed their experience and discussed for further collaboration for the projects in the IIoT Domain.

Seminar on “Navigating the future, Mastering Industrial IOT”

The Department of Electronics and Communication has completed the seminar on “Navigating the future, Mastering Industrial IOT”. The seminar was conducted on 7th March 2024 at DSU, Kudlu Gate, Bangalore.
The seminar started with a welcome note to all dignitaries by Dr. Saara, followed by the introduction of the guest speaker Dr. Stefano Rinaldi by Prof. Sivasankari. The chairman of the ECE department addressed the gathering and motivated the students to actively participate in the seminar. Then session was handed over to the Dr. Stefano Rinaldi. He explained the Internet of Things and CPS. He elaborated on the vision and challenges of IIOT. The guest speaker explained how the IOT is connected and how it communicates with each device. Students understood about automation in industries. The session concluded with the question-and-answer session, in which students actively participated and cleared their doubts.

“THREE DAYS WORKSHOP ON MACHINE VISION INSTRUMENTATION”

The Dept. of AI&ML invited Dr. Pavel, associate professor, Institute of Automation and Computer Science at Brno University of Technology in the Czech Republic to conduct a three days workshop on Machine Vision Instrumentation from 25th march to 27th march 2024

The workshop provided comprehensive insights into machine vision systems and lighting geometry for industrial applications. Participants learned about the intricate interaction of radiation with matter, crucial for understanding image formation and color perception, aspects of industrial imaging, covering diffused incident illumination, radiation sources, and camera lens fundamentals. The workshop also provided insights into UV fluorescent imaging and camera lens functionalities.

“WORKSHOP ON FUZZY SETS, FUZZY LOGIC AND THEIR APPLICATIONS”

The Dept. of AI&ML invited Dr. Pavel, associate professor, Institute of Automation and Computer Science at Brno University of Technology in the Czech Republic to conduct a three day workshop on Fuzzy Logic And Their Applications from 18th march to 20th march 2024

To maintain student engagement and interactivity throughout the session, a quiz was organized across all three days. Professor Pradeep Kumar K led the quiz, which focused on the topic taught by Dr. Pavel. The quiz consisted of five questions aimed at reinforcing key concepts covered during Dr. Pavel's lecture.. This interactive approach not only helped students to actively participate in the learning process but also provided an opportunity for immediate assessment and reinforcement of their understanding. By incorporating quizzes into the session, the organizers ensured that students remained attentive and engaged, enhancing the overall learning experience.

“FACULTY INTERACTION ON MACHINE VISION INSTRUMENTATION AND DEEP CONVOLUTIONAL NETWORKS”

The AI & ML department organized a Faculty Interaction Session with Dr. Pavel Skrabanek on March 22, 2024, from 2:00 PM to 4:30 PM. The event took place at G0036 ‘B’ Block. The event started by welcoming the resource person and faculties from the School of Engineering by Dr. Vinutha N and Dr. Monika Goyal introduced the guest speaker, Dr. Pavel Skrabanek. Dr. Pavel commenced the session by providing insights into Fuzzy Regression and Machine Vision Instrumentation. He elaborated on ongoing funded projects, including Monitoring the condition of plants in the greenhouse and Development of smart light for machine vision.

WORKSHOPS / SKILL DEVELOPMENT PROGRAMS

Workshop on “New Product Design and Development”

The Department of Computer Science & Technology conducted Workshop on new product design and development on 23rd March 2024.The resource person for the workshop was Mr. Santosh Bhoosthali, a multi skilled person who has completed his M.Tech in Indian Institute of Technology (IIT) Bombay. Students learnt about the stages involved in process of new product development. There were some activities conducted for the students to identify their potential and boost their self –confidence. The main focus was to teach the students how to build products and also on beyond thinking, critical high level thinking as per industry requirements.

3-day workshop on “Innovation & Design Registration”

The Department of Computer Science & Technology has organized a 3-day workshop on Innovation & Design Registration from 13th March 2024 to 20th March 2024 in the classroom A541. The workshop was conducted in hybrid mode. The day-1 started on 13th March at 11:00 AM. The resource person for this session was Mr. Pranav Bhatt, intellectual property strategist and Dr. M Shahina Parveen, Professor & Chairperson, CST. The session started with an introduction to the speaker by Prof. Ramandeep Kaur, Assistant Professor. Prof. Ramandeep Kaur told students about the importance of this workshop and handed over the session to Dr. M Shahina Parveen.

VALUE-ADDED COURSE ON
“PYTHON FOR DATA ANALYSIS AND INTRODUCTION TO DATABRICKS”

The Department of Computer Science & Technology has organized a 30 Hours Value-Added Course on “PYTHON FOR DATA ANALYSIS AND INTRODUCTION TO DATABRICKS” from 21st February to 10th March 2024 in Hybrid mode. Students were able to understand the fundamental syntax of Python through readings, practice exercises, demonstrations, and writing Python code.

Two-Day Workshop on Mastering ReactJS

In an era where technology evolves rapidly, staying ahead of the curve is imperative for aspiring developers. To equip the budding talents in the field of Computer Science and Engineering (CSE) with cutting-edge skills, the Department of Computer Science and Engineering - Full Stack Development Students Club organized a transformative 2-day workshop titled "Mastering ReactJS: From Development to Deployment with GitHub." Held on the 13th and 14th of March 2024 at Dayananda Sagar University, Kudlu Gate, the workshop aimed to provide 3rd-year CSE students with comprehensive insights into ReactJS, a leading JavaScript library for building user interfaces. Under the guidance of Dr. Gousia Thahniyath, the esteemed faculty coordinator of the workshop, participants embarked on a journey to explore the depths of ReactJS and its integration with GitHub for seamless development and deployment. The two-day workshop on mastering ReactJS proved to be a transformative experience for 3rd-year CSE students. Empowered with comprehensive insights and practical skills, participants are poised to embark on their journey as proficient React developers, equipped to tackle real-world challenges with confidence and innovation. As technology continues to evolve, initiatives such as these serve as catalysts in nurturing the next generation of tech luminaries, driving innovation and progress forward.

One-Day UI/UX Design Workshop

The Ganakanveshana Club of the Department of Computer Science and Engineering (CSE) organized a dynamic one-day workshop titled "UI/UX Design" on March 23rd, 2024. Designed specifically for 4th-semester students the workshop unfolded at the picturesque Dayananda Sagar University, Main Campus, Harohalli. Notably, the workshop's speaker was Kishore Kumar K, an 8th-semester student, bringing a fresh perspective and practical insights to the session. The primary objective of the workshop was to provide students with a comprehensive understanding of UI/UX principles and practical hands-on experience to empower students in creating engaging and intuitive digital experiences. Dr.Savitha Hiremath, played an instrumental role as organizer, ensuring the smooth execution and success of the workshop.

3-Day Workshop on “Basic Robotics Simulations”

The AI & ML department, in cooperation with YANTROVE STUDENT CLUB, organized a 3-Day Workshop on Basic Robotics Simulation.
Resource Persons:
Dr. Arun Ananthanarayanan, Associate Professor, Department of ECE
Prof. Abhinav Karan, Assistant Professor, Department of ECE
Prof. Pradeep Kumar K, Assistant Professor, Department of CSE (AI & ML)
Conveners:
Dr. Amit Bhatt, In-charge Vice Chancellor, DSU
Dr. Puttamadappa C, Registrar, DSU
Dr. Udaya Kumar Reddy KR, Dean, School of Engineering, DSU
Dr. Ramesh R Galigekere, Dean (Acad) Science & Technology
Dr. Jayavrinda Vrindavanam V, Professor & Chairperson CSE (AI & ML), DSU
Faculty Coordinators:
Prof. Subhash Mondal, Assistant Professor, Department of CSE (AI & ML)
Prof. Mitha Guru, Assistant Professor, Department. of CSE (AI & ML)

Value-Added Course on “ANSA”

We are thrilled to share the exciting news of the ongoing Value-Added Course on ANSA Preprocessor for Finite Element Method (FEM), currently underway at our esteemed institution in collaboration with BETA SIMULATION SYSTEMS-Bangalore. Tailored meticulously for our 6th-semester students, this course represents a pivotal opportunity to cultivate indispensable skills in computational analysis, which stand as a cornerstone of modern engineering practices.

Led by the eminent Dr. Aruna M N, a distinguished trainer in the field, this course is designed to harness a wealth of academic and industrial insights, enriching the learning experience for all participants. Spanning from 14th March to 3rd May 2024, our Thursdays and Fridays are dedicated to immersive sessions covering vital topics such as FEA Basics, ANSA GUI navigation, Geometry Healing, Surface Meshing, and Batch Meshing. These sessions are thoughtfully complemented by hands-on practice, ensuring a holistic understanding where theoretical concepts seamlessly translate into practical proficiency in using ANSA Preprocessor.

Convener: Dr. Kamalbabu (Assistant Professor ME Department, Campus 3)

Co-convener: Dr. P M G Bashir Asdaque (Assistant Professor, ME Department , Campus 4)

Value Added Course on 3D experience by EDS Technologies on 3D Experience Catia

A value-added course on 3D Experience Catia was held on 19-21 March 2024 in association with EDS Technologies Bangalore in this training students got hands-on experience on 3D Experience Catia which was mainly on part design assembly and surfacing of different aerospace components. This training was conducted by Mr Sudheer Application Engineer at EDS Technologies and Prof Sripad Kulkarni Asst Prof, Dept of ASE, DSU.

WEBINARS / SEMINARS / TECHNICAL TALKS

Tech Talk on Product Design and Development

The Department of Computer Science & Technology conducted a Tech Talk on Product Design and Development on 14/03/2024. Peer-to-peer teaching, also known as peer tutoring or collaborative learning, is a pedagogical approach where students learn from and teach each other under the guidance of a facilitator or instructor.

✓ Talk aims to foster product design and development process stages.
✓ Peer-to-peer discussion for developing the product.
✓ Confidence building to words developing product
✓ Highlight the importance of product sustainability in the market.
✓ Provide step-by-step guidance on design procedures.

Tips and Tricks of GATE – Informative session for 6th sem AIML

The AI & ML department organized a talk called “Tips and Tricks of GATE”. The session on "Career Opportunities with GATE (DS and AI)" hosted by Dayananda Sagar University and IMS Gate Academy offered invaluable insights into the evolving landscape of careers in Data Science (DS) and Artificial Intelligence (AI). By addressing crucial topics such as internships, AI advancements, GATE exam preparation, and industry trends, the session aimed to empower attendees with strategic knowledge for navigating the competitive job market in these fields. This report provides a concise overview of the key discussions and takeaways from the session, highlighting the importance of informed career planning and skill development in the domains of DS and AI.
Mr. Vineet Gupta was the speaker, he had pursued his Masters from IIITB & JBIMS, B. Tech from SPCE, Mumbai, JE selected at MSEB. And has 15 Years of Expertise. He has successfully guided 30,000+ GATE aspirants towards their IIT/PSU dreams.

Webinar on “ROBOTICS - A PRIMER”

The AI & ML department, in cooperation with YANTROVE STUDENT CLUB, organized a Webinar on Robotics – A Primer for 1Hr 30Min to 4th semester Students at DSU Harohalli Campus.

Mrs Shyni Thomas, an esteemed expert in the field of robotics, recently delivered a captivating online technical talk at Dayananda Sagar University, enlightening 2nd-year students on the vast realm of robotics and its diverse applications. Her talk was not just informative but also inspiring, shedding light on the transformative potential of robotics in various industries. Mrs. Thomas commenced her discourse by delving into the fundamentals of robotics, elucidating the integration of mechanical, electrical, and computer science principles in designing and developing robotic systems. She artfully navigated through complex topics, making them accessible and engaging for the students. Furthermore, she elaborated on the wide-ranging applications of robotics, from industrial automation and healthcare advancements to space exploration and artificial intelligence. Her insights into the future of robotics and its impact on society left the audience in awe of the endless possibilities that this field presents. Overall, Mrs. Shyni Thomas's technical talk was a resounding success, leaving an indelible impression on the young minds at Dayananda Sagar University and igniting their passion for exploring the fascinating world of robotics.

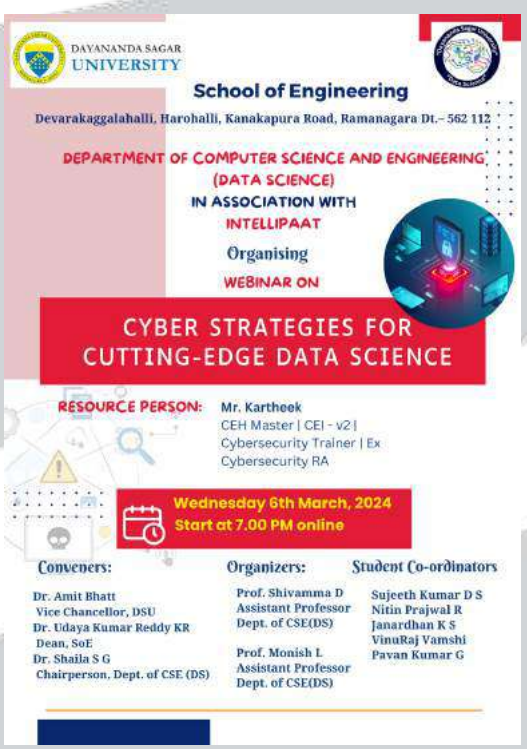
“Application of Proximity and Optical Sensors in Industry”

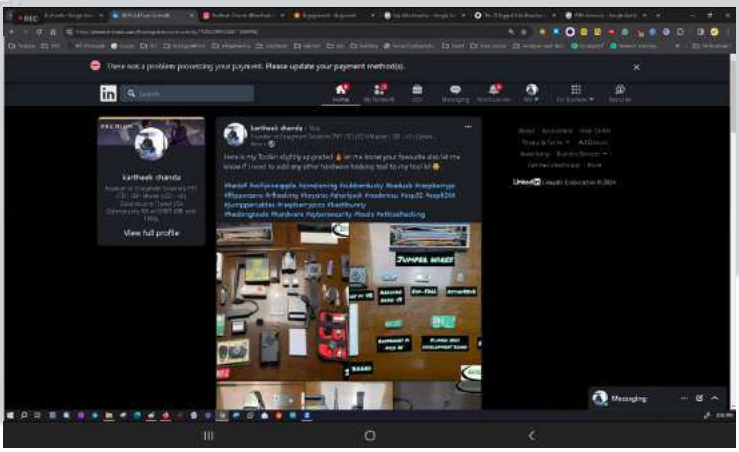
As a part of SAE Student Collegiate Club Activity-SoE-DSU, a guest lecture on“Application of Proximity and Optical Sensors in Industry” was conducted on 9th March 2024 at City Innovation Campus, DSU. The distinguished speaker was Mr.Deepak Sethi, an entrepreneur and former Mico-BOSCH Employee. The current 4th Sem, 6th Sem, and final-year mechanical engineering students benefited from this practically enriched session on sensors. Moreover, Mr. Sethi donated a few important things to our SAE club for future works

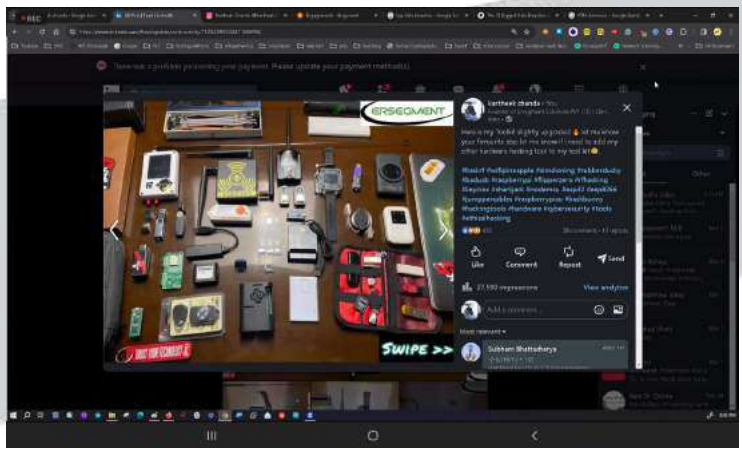
Webinar on
"Cyber Strategies for Cutting-Edge Data Science"

The DataScience@DSU Club, in collaboration with Intellipaat and the Department of Computer Science and Engineering (Data Science), organized an online Webinar on "Cyber Strategies for Cutting-Edge Data Science" on March 6th, 2024. The webinar emphasized integrating cybersecurity measures into data science practices and highlighted proactive threat detection, privacy compliance, and collaboration among stakeholders as essential strategies for safeguarding data assets in the digital age. The Webinar was organized by Prof. Shivamma D, Assistant Professor, Department of CSE (Data Science), and Prof. Monish L, Assistant Professor, Department of CSE (Data Science). The Webinar was attended by 42 students.

Resource Person: Kartheek
CEH Master | CEI - v2 | Cybersecurity Trainer | Ex Cybersecurity RA







Webinar on
"Exploring Paths in Data Science Careers"

The webinar titled "Exploring Paths in Data Science Careers" organized by the DataScience@DSU Club in collaboration with Intellipaat and the Department of CSE (Data Science) at DSU, " held on 9th March, 2024 organized by Prof. Shivamma D,Assistant Professor, Dept. of CSE (Data Science), and Prof. Monish L, Assistant Professor, Dept. of CSE (Data Science) proved to be a valuable resource for students and professionals interested in pursuing careers in data science. Led by esteemed speakers from both industry and academia, the webinar provided insights into the diverse career paths available within the field of data science, ranging from data analysis to machine learning engineering. Participants gained a deeper understanding of the essential skills and qualifications required to excel in data science roles, along with practical guidance on building a strong portfolio and navigating the job market.
Ajay Bharaj, a seasoned data scientist with extensive experience in the industry. Ajay shared his insights into industry trends, emerging technologies, and potential career growth opportunities within the data science field. His expertise and practical advice resonated with the audience, providing valuable insights and inspiration for those looking to carve out successful careers in data science. Overall, the webinar served as a platform for knowledge sharing, networking, and career guidance, empowering attendees to embark on their journey towards fulfilling and rewarding careers in data science.

Resource Person: Ajay Bharaj, Data Science Specialist

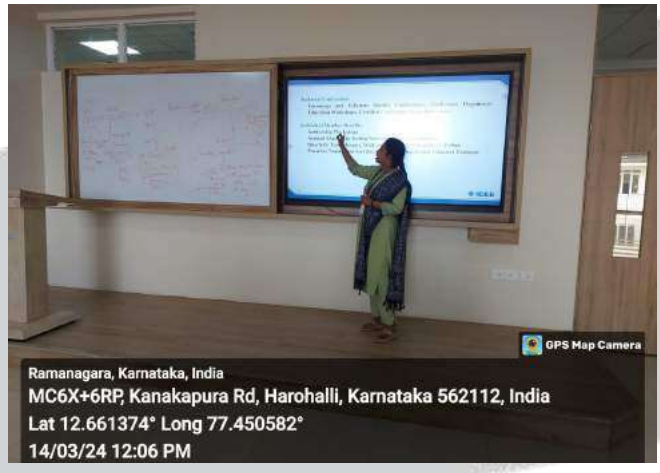
Tech Talk on “Datasphere: IEEE Data Science Exploration"

The DataScience@DSU Club, the Department of CSE (Data Science) organized a Talk on IEEE “Datasphere: IEEE Data Science Exploration” held on 14th March 2024 organized by Prof. Monish L, Assistant Professor, Dept. of CSE (Data Science), and Prof. Shivamma D, Assistant Professor, Dept. of CSE (Data Science).

Dr. Pushpa Mala S, a senior IEEE member and Life Member of ISTE, actively fosters collaboration and knowledge exchange within the scientific community. Her leadership in the EXECOM-IEEE Bangalore Section underscores her dedication to promoting excellence in electronics engineering.

Resource Person: Dr. Pushpa Mala S, Associate Professor,
Dept. of EC & E, SOE, DSU



Webinar on Campus Hero

The Department of Computer Applications in collaboration with Coding Ninjas has conducted an exclusive online speaker session(webinar) that ignited our student's passion and guided their career trajectory. The speaker for the session is Ms. Taruvar Mittal who has carved a niche at Google.

ALUMNI TALK

On March 21/03/2024, the Department of Computer Application has organised an Alumni Talk by Nilesh Krishna. He is an esteemed alumnus of Dayananda Sagar University with over 3 years of experience in supply chain Analytics and delivered a compelling technical talk at our institution. Nilesh Kumar currently serves as an SAP EDI Analyst in Montreal, QC for peerless clothing, showcasing his expertise in the field.

During the talk, Nilesh shared invaluable insights glanced from his past experience at Zycus Infotech Pvt Ltd in Mumbai, where he served as a procurement business Analyst, and his current role at Peerless Clothing. He Shared light on the intricacies of SAP and its role in modern business operations, providing clarity on its functionalities and the significance of his role as an SAP EDI Analyst.

Nilesh Kumar emphasized the importance of continuous learning and skill development, urging students to obtain course completion certificates in Oracle and make use of library facilities for reference learning. He encouraged active participation in lecturing and leveraging platforms like LinkedIn to expand the profile of knowledge we gained and build professional networks.

EVENTS: PROFESSIONAL SOCIETIES / CLUB ACTIVITIES

Pre-Placement Training for 6th-semester students

The Department of Computer Science & Technology has organized a Pre-Placement series for 6th-semester students. The training was organized by Prof. Baskar Venugopalan, Associate Professor, CST, and Prof. Ramandeep Kaur, Assistant Professor, CST. This training is started as a series where the alumni of the CST department share their experience with current students and provide them with necessary knowledge about the training. The first session of this training was delivered by Mr. Sayantan Kumar, Backend Developer, Societe Generale

The training started at 11:30 am with a welcome to Mr. Sayantan Kumar by Prof. Ramandeep Kaur and student Sohana introduction and hand over the session to the speaker. Mr. Sayantan started his session with a small interaction with students and later he explained how to prepare for placement and why it is important. This training armed students with essential skills, from REST APIs to client-server architecture and CRUD operations. As they embark on their professional journey, these foundational concepts pave the way for success.

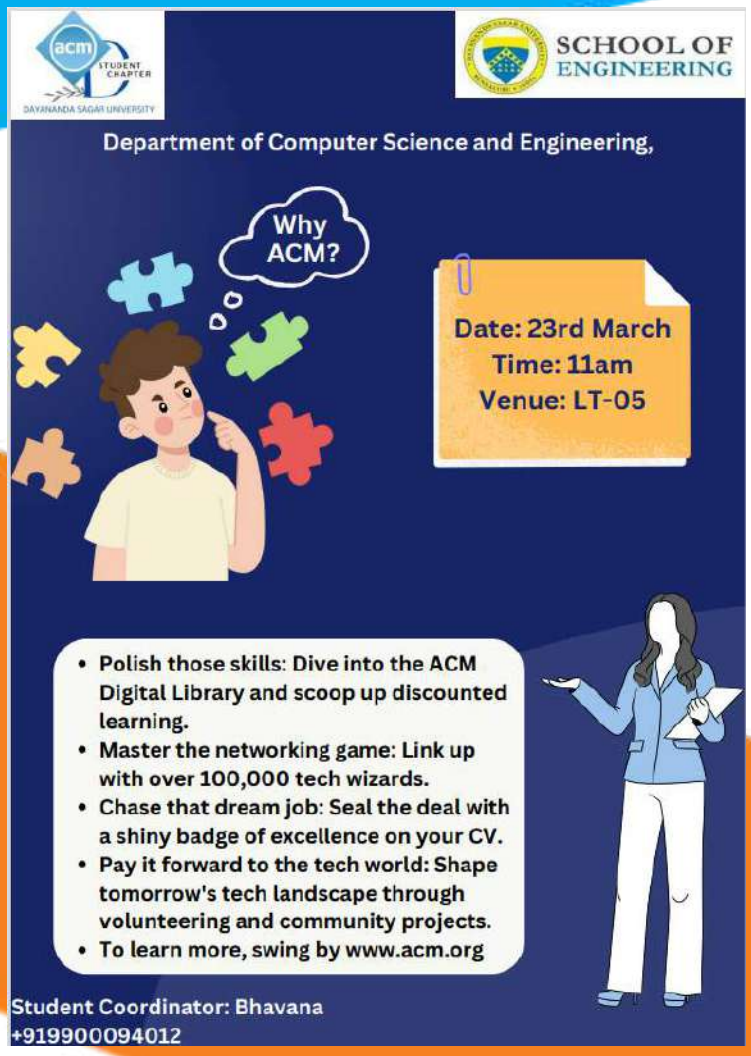
Parent Teacher Meeting for 8th& 6th semester students

Parents – Teachers Meeting was conducted by the Dept. of Computer Science and Technology for the parents of 8th & 6th semester students on March 30th , 2024. The meeting saw an encouraging turnout of parents in attendance, actively engaging in discussions with faculty members. Prof. Nivetha and Prof. Chithambarathanu presented the PPT with detailed insights into the academic performances of students, highlighting both strengths and areas needing improvement. Parents were provided with individualized reports and feedback on their ward's academic standing and were encouraged to actively participate in their ward's educational journey. The PTM also included discussions on the importance of extracurricular activities in holistic student development. Parents were informed about the various clubs, sports teams, and cultural activities available at the college, emphasizing the role of these activities in shaping an all-rounded individual. Dr. M Shahina Parveen, Chairman, shared observations regarding students' behavior, social interactions, and overall attitude in and outside the classroom. She gave a short introduction to department activities, the College website, important web pages, the Curriculum, and the important links on the website. Also, explained the curriculum design methodology and sought input from parents about the curriculum.

An introductory session on “DSU -ACM student chapter Activities ”

On the vibrant campus of Dayananda Sagar University (DSU) in Harohalli, an exciting and informative session unfolded on the 23rd of March 2024. Spearheaded by Dr. Meenakshi Malhotra, Associate Professor in the Department of Computer Science and Engineering (CSE) at DSU and the Faculty Sponsor of DSU-ACM Student Chapter. With the active participation of student office bearers, the event marked the beginning of a promising journey for DSU students passionate about computer science and technology. The introductory session on the DSU-ACM Student Chapter heralded a new era of opportunities for students at DSU, Harohalli campus. Under the guidance of Dr. Meenakshi Malhotra and the dedicated student office bearers, the chapter is poised to make significant strides in fostering academic excellence, innovation, and professional development among its members.



IoT Workshop's Project Exhibition

The Department of Computer Science and Engineering (CSE) at Dayananda Sagar University (DSU), in collaboration with AIC-DSU and DLithe, hosted a transformative event titled "IoT Project-based Idea Realization Workshop" from February 21st to March 2nd, 2024. On March 28th, the Dayananda Sagar University, Kudlu Gate campus, became a hub of technological innovation as it hosted a dynamic Project Exhibition as part of its IoT workshop. The event showcased the culmination of efforts and creativity of participants who delved into the realm of Internet of Things (IoT) technology. The Project Exhibition served not only as a platform for participants to exhibit their innovations but also as a catalyst for fostering a community of IoT enthusiasts and experts

The event was coordinated by Dr Revathi V, Dr.George Fernandez I, Dr Rajesh T M, and Dr Pramod Kumar Naik, ensuring smooth execution and participant engagement. Prof. Pradeep Kumar T K, Prof. Navya Damodar, and Prof. Bharathy Vijayan spearheaded the organizing committee, overseeing the planning and implementation of the workshop.

Unnat Bharath Abhiyaan (UBA) on Solid waste management awareness

Unnat Bharath Abhiyaan (UBA) on Solid waste management awareness was conducted in Cheelur village (UBA Adopted village by DSU). Students across various streams of the School of Engineering- Mechanical Department, Computer Science Department and its cluster, Electronics and Aerospace Department Volunteered to Conduct an awareness drive seeking waste management practices adopted by village households and the PDO office.

The student volunteers also visited the Government high school, Cheelur Village, and interacted with high school faculty and students about Solid waste management practices. Dr Vinayak Hemadri- Chairman of the Mechanical Department, Abhijith N- Assistant Professor of the Mechanical Department and UBA and NSS Co-ordinator for DSU- SoE, Dr Bhagya Jyothi- Physical Education Director of DSU and Mr. Madhu- Instructor of Mechanical Department assisted the students throughout for smooth conduction and Co-ordination during the event. Ms Shamantha Suryapraksh- Director of Student Affairs arranged the necessary resources for the smooth conduction of the event.

International Forest Day

Department of Mechanical Engineering, DSU - SoE commemorated International Forest Day on March 21st, 2024 in Government High School, Cheelur Village, Harohalli, Hobli. Students of 4th-semester Mechanical Engineering volunteered for this event and interacted with students about the importance of forests.

Dr Vinayak Hemadri- Chairman of the ME Department, and Abhijith N- Assistant Professor of the ME Department addressed the high school students about the importance of forest conservation for a sustainable future. The staff of the high school was welcoming and eager to interact more with us in the future. Dr Bhagyajyothi- Director of Physical Education, and Mr. Madhu- Instructor, Mechanical Engineering coordinated with us for the smooth conduction of the event. Ms. Shamantha Suryaprakash- Director of Student Affairs helped us in arranging necessary resources and coordination.

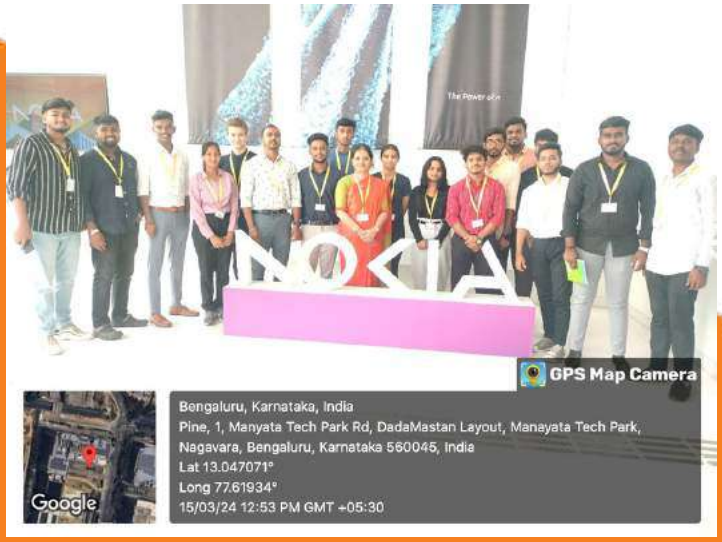
LABATHON

On March 15th, 2024, a cohort of 20 6th-semester students from the Electronics and Communication Engineering (ECE) department actively participated in the Labathon event organized by Nokia at Manyata Tech Park, Nagawara ORR, Bangalore 560045. Dr. Saara K, serving as their mentor, accompanied the students and actively engaged in the event. The primary objective of the Labathon was to provide participants with comprehensive insights into the generation of telecom, radio setup, and the flow of 5G technology. Through a combination of lectures and lab visits, students had the unique opportunity to delve into the practical applications and nuances of telecommunications, gaining invaluable experiential knowledge in their field of study.

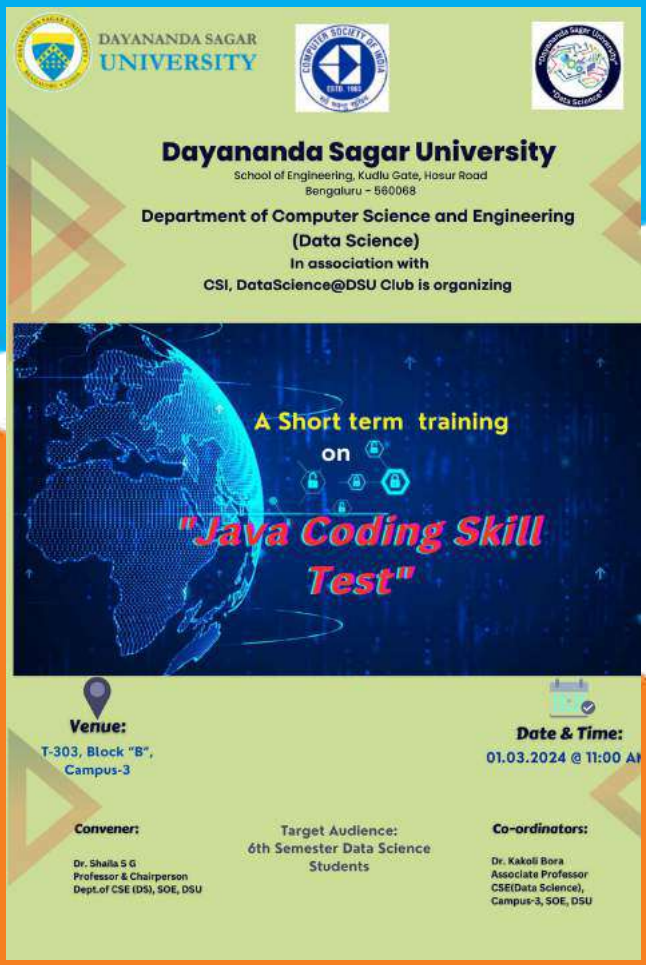


The Mathematical Vision of Maryam Mirzakhani

On March 13th, 2024, the 6th semester Electronics and Communication Engineering (ECE) students had the honor of attending an event organized by the Infosys Science Foundation, facilitated by the guidance of Dr. Mukti C, Dr. Vinu, and Dr. Saara K, who provided invaluable support throughout the activity. The event granted students a remarkable opportunity to engage in a screening of the documentary titled "The Mathematical Vision of Maryam Mirzakhani" in commemoration of the International Day of Mathematics 2024. This documentary not only celebrated the profound mathematical achievements of Maryam Mirzakhani but also served as an inspirational testament to the transformative power of mathematical inquiry.

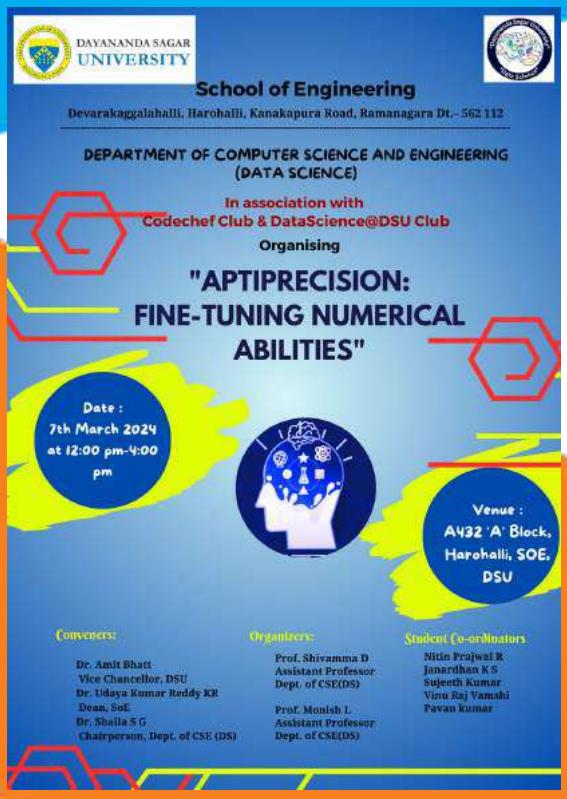
Short Term Training on “Java Coding Skill Test”

The DataScience@DSU Club, the Department of CSE (Data Science) conducted a short-term training on “Java Coding Skill” held on 1st March 2024 organized by the faculties of the CSE(Data Science) department. The session was taken by Dr. Kakoli Bora, Associate Professor, who gave an insight on problem-solving using the JAVA programming language along with a technical quiz on aptitude problem-solving. The students actively participated on both days.



Quiz on
“AptiPrecision: Fine-Tuning Numerical Abilities”

The DataScience@DSU Club, the Department of CSE (Data Science) organized a Quiz "AptiPrecision: Fine-Tuning Numerical Abilities" held on 7th March 2024 organized by Prof. Shivamma D, Assistant Professor, Dept. of CSE (Data Science), and Prof. Monish L, Assistant Professor, Dept. of CSE (Data Science).
AptiPrecision: Fine-Tuning Numerical Abilities is aimed at enhancing participants' numerical proficiency through targeted strategies and practice. By delving into numerical concepts and problem-solving techniques, attendees gain valuable insights into optimizing their performance in aptitude tests and exams. Through practical guidance and interactive sessions, the webinar equips participants with the skills and confidence needed to tackle numerical challenges effectively. With a focus on precision and efficiency, AptiPrecision empowers individuals to refine their numerical abilities, ultimately leading to improved academic and professional outcomes.

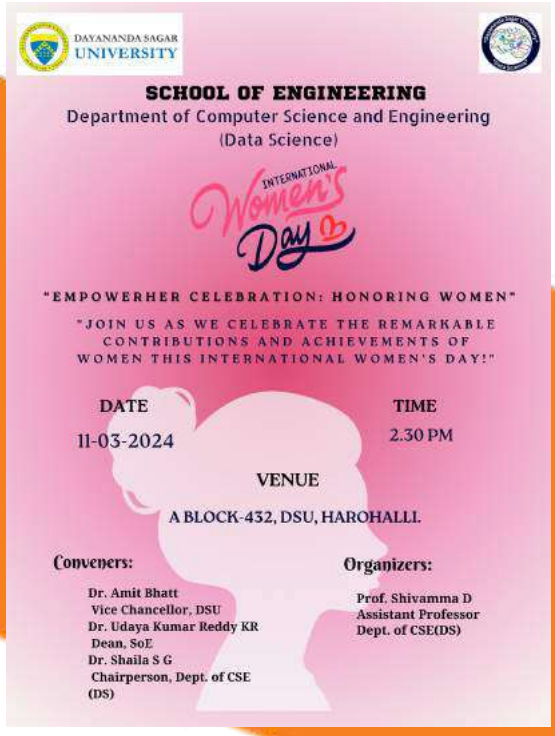


Women’s Day Celebration

“Empower Her Celebration: Honouring Women"The DataScience@DSU Club, the Department of CSE (Data Science) organized a Women's Day Celebration “EMPOWER HER CELEBRATION: HONORING WOMEN” held on 11th March 2024 on the occasion of International Women’s Day organized by Prof. Shivamma D, Assistant Professor, Dept. of CSE (Data Science) the event aimed to commemorate International Women's Day and honor the contributions of women in various fields. The celebration featured a series of engaging activities, including inspirational talks, panel discussions, and cultural performances, showcasing the achievements and empowerment of women. Participants expressed their appreciation for the event's insightful discussions and uplifting atmosphere, highlighting the importance of recognizing and supporting women's endeavors in society. Overall, the "Empower Her Celebration: Honouring Women" served as a meaningful tribute to women's achievements and a platform for promoting gender equality and empowerment.

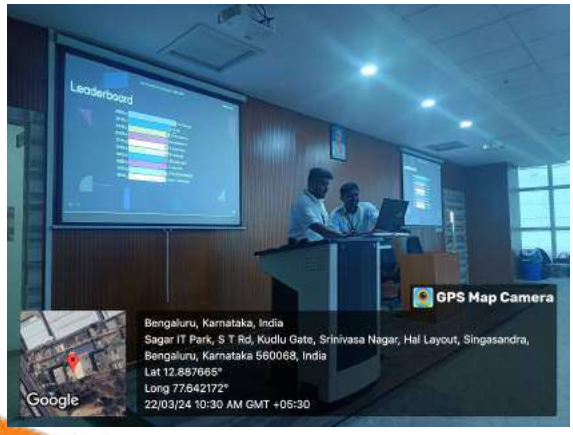
Eminent Women Role Models of DSU Invited:

· Dr. Mahalakshmi P, Chairperson, Dept. of Mathematics
· Dr. Pushpamala S, Professor, Dept. of ECE
· Dr. Savitha Hiremath, Professor, Dept. of CSE
· Prof. Nandhini, Assistant Professor, Dept. of CSE



CODE-A-BIT ’24

The DataScience@DSU Club, the Department of CSE (Data Science) organized CODE-A-BIT'24, held on March 21st and 22nd, 2024, at Gallery Hall-01 & GE Healthcare A-Block, Campus-03, showcased the technical prowess and innovation of students from DSU's School of Engineering. Organized by the Department of Computer Science and Engineering - Data Science, the event featured four rounds: Innovative Interface, Frontend Knockout, Mind Sprint, and Data Fusion. Participants demonstrated their skills in UI design, web development, quiz challenges, and data analytics. Chief Guest Mr. Vinod Shankar, CEO of AIC-DSU, graced the event, emphasizing our commitment to academic excellence and technological advancement.
Round 1: Innovate Interface - UI Design Participants redesigned the ISRO website's user interface, focusing on visual appeal and appropriateness. They showcased their design abilities by conveying ISRO's mission, vision, brand identity, and values effectively.
Round 2: Front-End Knockout: In this round, participants navigated through three levels of increasing complexity, testing their ability to recreate website designs using front-end technologies like HTML, CSS, and JavaScript.
Chief Guest: Mr. Vinod Shankar, CEO of AIC-DSU



Awareness on student exchange program

The Department of Computer Applications in collaboration with the Department of International Affairs organized an awareness session on Student Exchange Program Awareness Session for all semesters of BCA and 1st sem MCA students on 06-03-2024 and 07-03-2024. The session aimed to provide students with insights into the benefits and opportunities offered by student exchange programs.

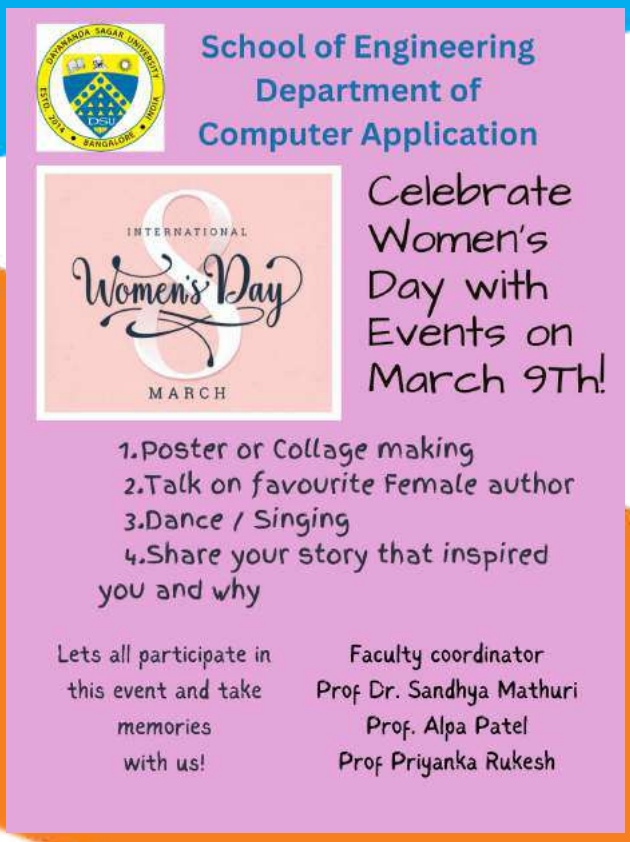
The session has proved to be a valuable initiative in promoting internationalization and cultural exchange among BCA and MCA students. By equipping students with the necessary information and resources, the session empowered them to consider and pursue enriching opportunities beyond their academic confines.

Women's Day Celebration

Department of Computer Applications at Dayananda Sagar University celebrated Women's Day at DSU, Kudlu gate campus amidst much fanfare involving staff and management. The celebrations started with the setting up of an attractive floral decoration of women with wings to fly high in the reception area which turned out to be attractive and mesmerizing and took everyone into a world of festivity and fun.

The event started with this year's Women's Day oath delivered by Dr. Sandhya Mathuri G. and henceforth the inspiring talk by Dr.Vasanthi Kumari P. chairperson of Computer applications.

As the celebratory spirit continued, the event proceeded with dance performances presented by students MCA I semester student and BCA IV semester students, a speech about the inspired author and inspired women by BCA II semester and BCA IV semester students, singing by BCA II semester student and poster presentation done by BCA IV semester student.



WORLD WATER DAY SLOGAN CONTEST

On the occasion of World Water Day, the Department of Computer Application at Dayananda Sagar University organized an event centered around the theme of water conservation. The celebration took place on 22-03-2024 at the Kudlu campus, bringing together students to raise awareness about the importance of preserving our planet's most precious resource.

The highlight of the event was a slogan-writing contest, which aimed to encourage creative thinking and meaningful reflection on the significance of water conservation. The contest was uniquely structured, requiring participants to form groups of two people. This collaborative approach fostered teamwork and encouraged participants to exchange ideas while crafting their slogans.

“Searching THE VOICE” Karaoke Singing Competition

On 23rd March, 2024 in commemoration of World Water Day, a special Karaoke Singing Competition was organized at DSU. The event aimed to raise awareness about water conservation and sustainability through the universal language of music. Here is a comprehensive report on this unique occasion.
The theme of the competition emphasized the importance of preserving water resources for future generations. Participants were invited to register for the competition in advance, with a special emphasis on selecting songs related to water, rivers, oceans, or environmental conservation.
The event aimed to provide a platform for aspiring singers to showcase their skills, entertain the audience, and foster a sense of camaraderie among participants.

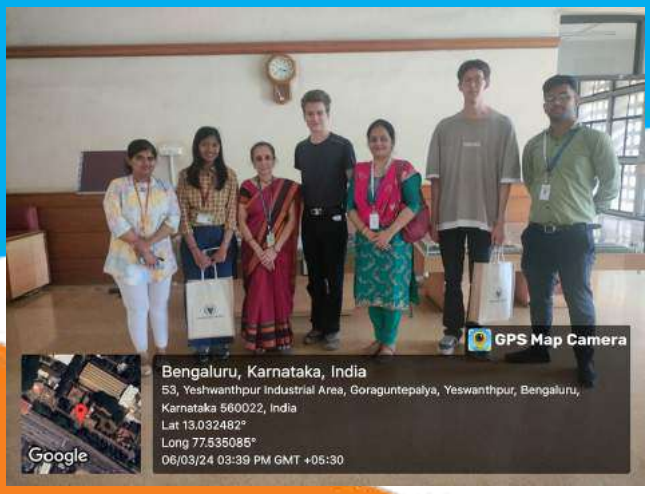
INDUSTRIAL VISITS

Industrial Visit to CMTI Bangalore

The industrial visit organized by Dr. Saara K at CMTI Bangalore on March 6th, 2024, offered MIET Russian international students an invaluable opportunity to explore cutting-edge technologies in manufacturing. Throughout the visit, students gained firsthand insights into Sensor Development Technology, Advanced Material and Characterization, Micro Nano Manufacturing, Additive Manufacturing, and the Noise and Vibration Laboratory. From learning about sensor calibration to witnessing the precision of micro and nano manufacturing, the visit provided a comprehensive understanding of modern engineering practices. Ms. Sumeha Banu N and Mr. Aashish from the international department commended the immersive experience. This visit not only bridged theoretical knowledge with practical applications but also facilitated cross-cultural exchange, preparing students to become future leaders in the global manufacturing landscape.



Industrial Visit to MOX ISRO ISTRAC

The DataScience@DSU Club, the Department of CSE (Data Science) organized an Industry visit to MOX ISRO ISTRAC for 4th Semester students held on 27th March 2024 organized by Prof. Shivamma D, Assistant Professor, Dept. of CSE (Data Science).

During the industry visit to MOX ISRO ISTRAC, Mr. Sankar Madaswamy, Manager of HRD at ISTRAC/ISRO, provided insightful explanations about the organization's operations and its significance in the aerospace sector. He elaborated on the critical role of ISTRAC (ISRO Telemetry, Tracking and Command Network) in tracking and controlling satellites launched by the Indian Space Research Organisation (ISRO). Mr. Madaswamy highlighted how ISTRAC's advanced telemetry, tracking, and command capabilities enable real-time monitoring and management of satellite missions, ensuring precise navigation and communication. He also shed light on the complex technical infrastructure and sophisticated systems employed by ISTRAC to support various space missions, emphasizing its contributions to India's space exploration endeavors.

During the visit to MOX ISRO ISTRAC, the students had the privilege of meeting Ms. Nindini Harinath, who led the operations team at ISTRAC, ensuring the successful mission operations of Chandrayaan-3 and Aditya. Ms. Harinath shared valuable insights into the planning, execution, and operational aspects of the Chandrayaan-3 mission, which is India's ambitious lunar exploration project. She provided a comprehensive overview of the mission's objectives, scientific goals, and the advanced technology deployed for lunar exploration. Ms. Harinath also discussed the challenges encountered during the mission and the innovative solutions devised by ISRO's team to overcome them. Her interaction with the students offered them a rare opportunity to learn firsthand about the intricacies of space missions and the pivotal role played by operational directors in ensuring their success. Overall, the meeting with Ms. Nindini Harinath enriched the students' understanding of India's space exploration endeavors and inspired them to pursue careers in space research and technology.

RESEARCH ARTICLE

Multilayer coating-assisted gold-encapsulated tilted fiber Bragg grating biosensor design

P. B. Prathap[1,2] · K. Saara[1]

Received: 29 December 2023 / Accepted: 2 February 2024
© The Author(s), under exclusive licence to The Optical Society of India 2024

Abstract To cope with up high rise in healthcare demands and accurate clinical decisions the fiber Bragg grating (FBG) sensors have performed superior over the traditional analog sensors for varied clinical decisions. The higher sensitivity and resolution toward accurate sensing make FBG a viable technology for clinical decision systems including biomechanical sensing, physiological sensing, non-invasive surgery, and biosensing. Depth assessment indicates that the encapsulated tilted FBG (TFBG), and surface plasmon resonance sensors have performed satisfactorily, yet, their suitability over the different operating conditions such as temperature, viscosity-change, noise, etc., remains suspicious. The at-hand biosensors fail to demodulate the response accurately once the surrounding refractive index approaches the cladding index. It requires a sufficiently large spectrum shift to demodulate and predict biosensing yield. To achieve it, in this paper, a multilayer coating-assisted gold-encapsulated TFBG biosensor is proposed. The proposed TFBG biosensor was designed with the grating angle of 10°, while gold encapsulation was done to improve resolution and sensitivity. To improve biosensing toward protein analysis and immunological assessment at first gold plating was done to improve reflectivity, while graphene oxide (GO) coating was done to enhance plasmonic attraction for biosensing. In function, GO coating served dual purposes including improved antibody and antigen absorption that helped sensitivity as well as yields sufficiently large spectra change to make detection decisions. More specifically, GO coating enables the trapping of the target molecules that eventually increases the refractive index of the coating material and hence undergoes a shift in the wavelength spectra, which is used for biosensing tasks. The higher refractive index of the coating material over the cladding index results in spectral shift and coupling wavelength shifts which helps target biosensing tasks. Simulations confirmed wavelength spectrum shift signifying biosensing tasks including protein analysis and immunological assessments for clinical decisions.

Keywords Fiber Bragg grating · Biosensor · Multilayer encapsulation · Surface plasmon resonance · Protein analysis · Immunological analysis

Introduction

The high pace rising global population and allied pressure on at-hand healthcare infrastructures including human experts have forced industry to achieve more automated and accurate diagnosis and medication solutions. Undeniably, healthcare innovations are going on across the horizon including pharmaceuticals, medicine, telemedicine, computer-aided diagnosis (CAD), etc. However, the development in hardware, especially sensor technologies has made diagnosis more time-efficient and scalable. The rising health complications have been demanding more accurate and reliable sensors to make early detection and diagnosis. This as a result can not only reduce mortality rate but can avoid further complications if diagnosed early and medicated on time. There are numerous complex healthcare practices such as cancer diagnosis, serum tests, protein analysis, etc., which demand reliable sensor solutions. Additionally, varied applications like biomechanical sensing, physiological

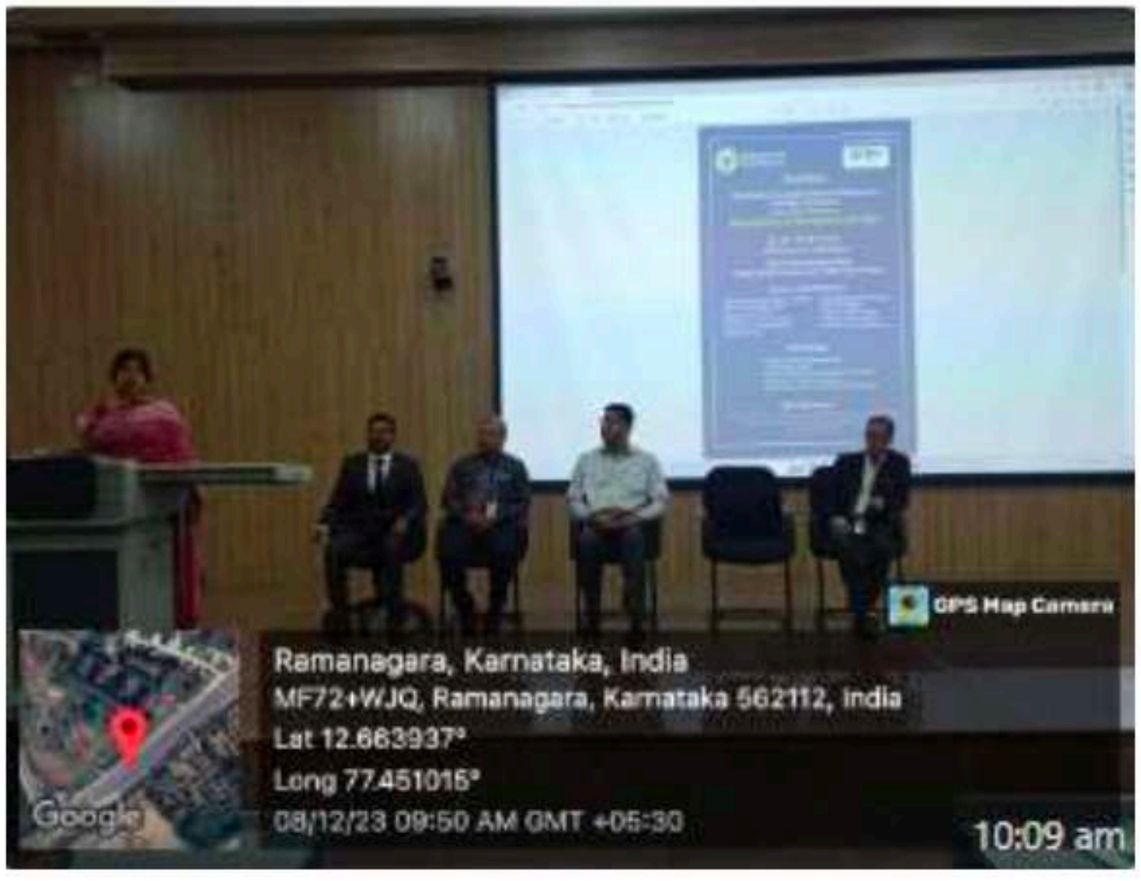
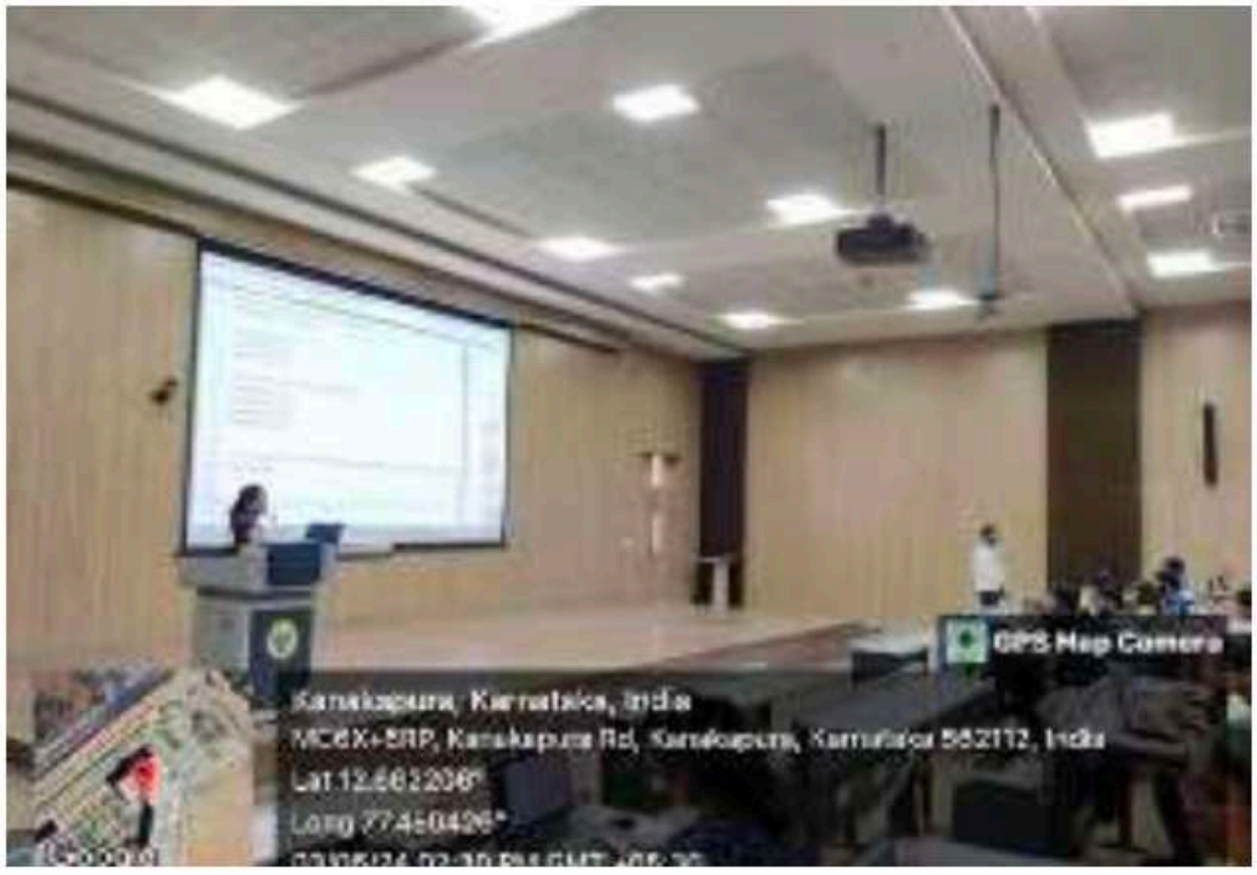
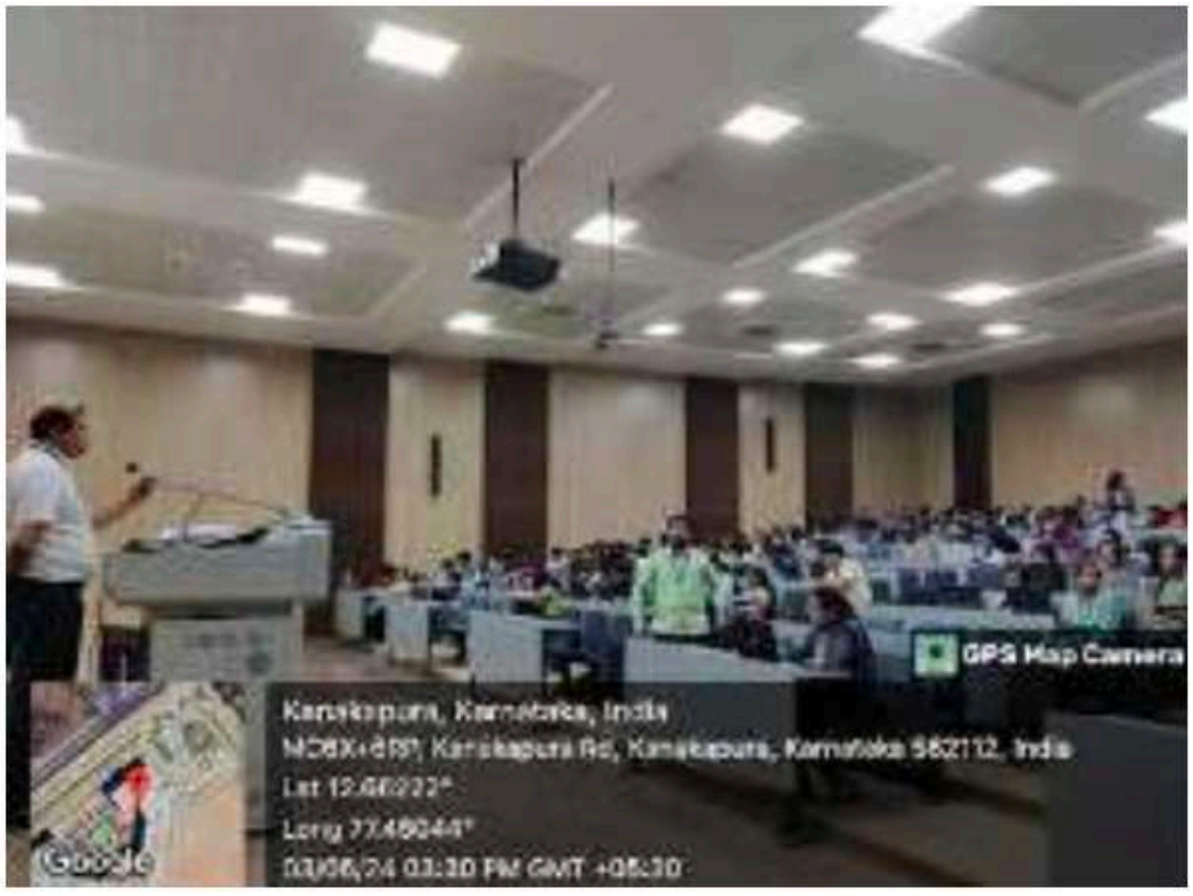
A two-day workshop on Development of Entrepreneurial Skills

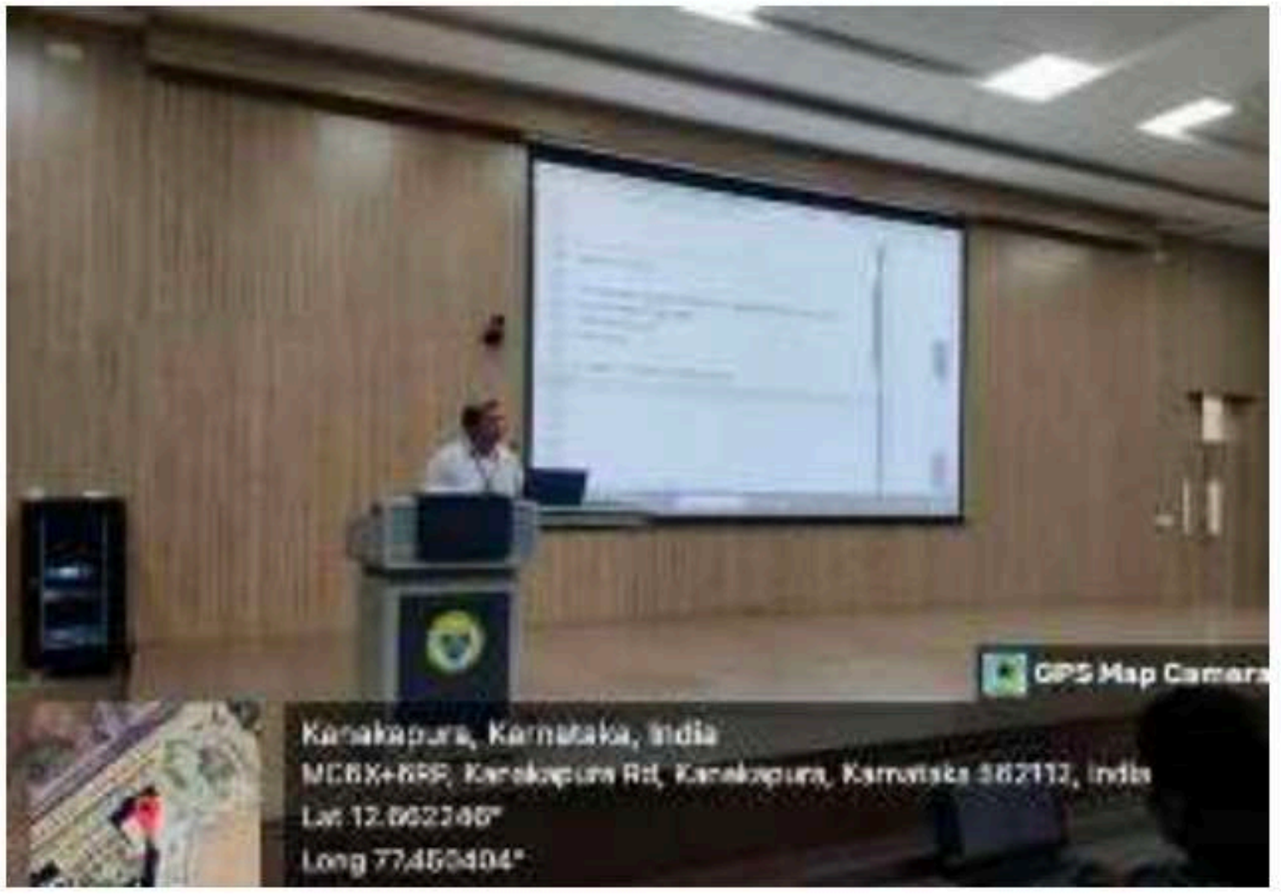
The Department of Computer Science and Engineering has organized a two-day workshop on "Development of Entrepreneurial Skills" on the 8th and 9th of December,2023 at the Harohalli Campus. This empowering event was led by the esteemed Mr. Vivek Tonapi, Chief Nurturer at Potentialtree. The workshop was a unique opportunity for students to not only develop entrepreneurial skills but also learn practical strategies for translating ideas into successful ventures.



Workshop on LaTeX Fundamentals: Crafting Research Articles, Presentations, and Reports







The Department of Computer Science and Engineering (CSE) organized a workshop on LaTeX Fundamentals: Crafting Research Articles, Presentations, and Reports on 3rd June 2024. This workshop aimed to equip participants with the essential skills to efficiently use LaTeX, a powerful typesetting system widely used for technical and scientific documentation. Dr. Savitha Hiremath, Associate Professor, CSE department, led the workshop as the resource person. With her extensive experience and expertise in LaTeX, Dr.Savitha Hiremath provided comprehensive insights and practical knowledge to the students. Her guidance was instrumental in helping participants understand the intricacies of LaTeX and its applications in academic and professional writing. The workshop was coordinated by Dr. Rajesh T M, Associate Professor, CSE and Prof. Manjusha Kulkarni, Research Scholar, CSE. They both played a crucial role in organizing and overseeing the workshop, ensuring its smooth execution.

The workshop on LaTeX Fundamentals provided a valuable learning opportunity for students. Participants left with a deeper understanding of LaTeX and its capabilities, enabling them to enhance the quality and presentation of their academic and professional documents

One-Day Workshop on Essential Computing Skills for Research Methodology

The Department of Computer Science and Engineering, in collaboration with the College of Physiotherapy, organized a one-day workshop titled "Essential Computing Skills for Research Methodology" on 20th June 2024. This workshop aimed to equip participants with vital computing skills necessary for conducting and enhancing research methodologies across various disciplines. The workshop featured two distinguished resource persons: Dr. Seema Tharannum, Professor, Department of Biological Sciences and Dr. Savitha Hiremath, Associate Professor, Department of CSE.

The one-day workshop on “Essential Computing Skills for Research Methodology” was a resounding success, providing valuable learning opportunities for students from various disciplines. The collaborative effort between the Department of Computer Science and Engineering and the College of Physiotherapy highlighted the importance of interdisciplinary approaches in enhancing research capabilities. The Department of CSE remains committed to organizing such enriching programs that contribute to the academic and professional growth of its members, fostering a culture of excellence and innovation in research.

ALUMNI TALK SERIES SESSION-5: "THE SPARK THAT IGNITED: HOW RESEARCH FUELED MY PASSION"

The Department of Computer Science and Engineering (CSE) at Dayananda Sagar University successfully organized the Alumni Talk Series Session-5 on 14th September 2024. The talk, titled "The Spark that Ignited: How Research Fueled My Passion," was conducted targeting 5th and 7th-semester CSE students.

The speaker for the session was Nyrika Bhargavaram Renuka, a distinguished alumna of the university and currently a Software Engineer II (AI/ML) at Lucid Motors. Nyrika holds an MS in Computer Science from Boston University and specializes in AI/ML applications in the automotive industry.

The session was coordinated by:

- Dr. Rajesh T M, Associate Professor, Department of CSE
- Dr. Praveen Kulkarni, Associate Professor, Department of CSE
- Dr. Renukadevi M N, Assistant Professor, Department of CSE
-

Overall, "The Spark that Ignited: How Research Fueled My Passion" was an inspiring and motivating session. It provided valuable insights into the role of research in professional success and personal growth, leaving a lasting impact on the students who attended.

Target Audiences: 3rd Semester students of CSE (DS)

The DataScience@DSU Club, the Department of CSE (Data Science) organized a Non-Technical Event "**Abhyudaya"-** Creativity, Talent, and Skills of the Youth, Singing And Debate Competition held on 26th October 2023 organized by Dr. Shaila S G, Professor and Chairperson, Dept. of CSE(Data Science), Prof. Shivamma D and Prof. Monish L, Assistant Professor, Dept. of CSE (DS)**.**

The event was tailor-made for third-semester B.Tech students, featuring both Singing and Debate competitions with AI Ethics as the debate topic, revealed just five minutes before the event's commencement.

Judge: Dr. Kiran B. Malagi, Chairmen, Dept of CSE (Cyber Security)

Objective: To provide a comprehensive understanding of AI ethics and foster students' skills in both singing and debate through engaging competitions.

Key takeaway: To gain a deeper understanding of AI ethics and develop their singing and debate abilities in a dynamic and challenging environment.

Winners of the event

Debate Compitation:

- Venkat Nivas Reddy K.
- Job jomy
- Vinuraj Vamshi
- Arian Kovacs

Singing Compitiation:

- Venkat Nivas Reddy K.

DAY 1
MAR - 21

Captivating software rounds within Code-A-Bit 2024 event.

ROUND 1: INNOVATE INTERFACE

In this round, put your design prowess to the test! Create intuitive and visually appealing UI design. We get to test your designing skills and creativity. Using any comfortable platform. Showcase your creativity.

ROUND 2: Front End Knockout

A captivating software round. participants explore into the world of front-end development using HTML, Java, and CSS. They get to showcase their creativity, design skills, and technical knowledge by crafting engaging and visually appealing design.

GUIDELINES

- ID CARD IS MANDATORY
- Reporting Time is 8:45 am
- A Maximum of 4 and a Minimum of 2 members per teams are allowed
- Each team must carry their laptops along with charger
- Teams must be present on both the days of the event
- College dress code must be followed
- Participants are advised to carry lunch
- Refreshments will be provided
- Judges reserve the right to disqualify any team indulged in misbehavior/ malpractices
- Judges decision shall be final and binding on all

Join us as we celebrate innovation, ignite curiosity at CODE - A - BIT 24'

DAY 2
MAR - 22

ROUND 3: MIND SPRINT

Join the Mind Sprint quiz round and race against the clock! From algorithms to programming languages, from hardware to software, we've got a brain-teasing lineup of questions.

ROUND 4: DATA FUSION

In this Round, Given a problem statement and a dataset, analyze, visualize, and extract meaningful insights. Whether you're a data scientist or just curious about numbers, this round will challenge your analytical skills.

CODE-A-BIT'24: Get Your Geek On! Held on March 21st and 22nd, 2024, at the Gallery Hall-01 & GE Healthcare A-Block, Campus-03, this event, organized by the **Department of Computer Science and Engineering - Data Science**, showcased the technical prowess and innovation of students from the School of Engineering at DSU. Featuring four engaging rounds - Innovative Interface, Frontend Knockout, Mind Sprint, and Data Fusion - participants demonstrated their skills in UI design, web development, quiz challenges, and data analytics. With the esteemed presence of Chief Guest, **Mr. Vinod Shankar, CEO, AIC-DSU**, and the guidance of our dedicated event coordinators and conveners, CODE-A-BIT'24 exemplified our commitment to academic excellence and technological advancement. This report encapsulates the highlights, achievements, and insights gained from this enriching experience.

Image**: Prof. Vaishali VB** and **Bindhu B** Image**: Dr. Shaila S G** addressed the gathering**.** Welcomed the dignitaries**.**

DAY-01 (MARCH 21st)

Round 1: Innovate Interface - UI Design Round

The first round, Innovate Interface, focused on **UI design,** where participants were tasked with redesigning the official website of the **Indian Space Research Organisation (ISRO)** while ensuring visual appeal and appropriateness.

Round Overview:

- Challenging participants to showcase their design abilities by completely redesigning the ISRO website's user interface.
- Required to create visually appealing and appropriate UI designs that effectively conveyed ISRO's mission, vision, brand identity and values.

Image: Briefed about the First round to all the participants

Participants' Tasks:

- Conduct a thorough analysis of the existing ISRO website to identify areas requiring improvement in terms of design, usability, user experience, and overall aesthetic appeal.
- Incorporate modern design elements and trends, such as responsive layouts, intuitive navigation menus, visually appealing graphics, and multimedia elements, while maintaining the essence of ISRO's brand identity.

- Ensure user-friendly designs by adhering to best practices in UI design principles, accessibility guidelines, and industry standards for web design.

Image: Participants immersed in deep thoughts and discussions.

Design Process:

- Participants were given the freedom to use their preferred design tools, techniques, and methodologies, including wireframing, prototyping, and visual design software.
- They had to consider and address various aspects of UI design, such as layout structure, typography choices, colour schemes, iconography, and overall aesthetic appeal.
- An iterative design process was encouraged, where participants were expected to create multiple iterations of their designs, incorporating feedback from peers and mentors, and refining their concepts until they achieved a polished final product.

Submissions and Evaluation:

- At the end of the allotted time, participants submitted their redesigned ISRO website UI designs to the panel of judges.
- The judging panel comprised **Prof. Vivek Wallabhadas, Associate Professor** and **Prof. Komala DS**, **Assistant Professor** from Design and Digital Transmedia, DSU.
- The judges meticulously evaluated each submission based on a comprehensive set of criteria, including visual appeal, usability, adherence to ISRO's branding guidelines, creativity, innovation, attention to detail, and overall design quality.
- Their expertise and discerning eye ensured a fair, unbiased, and comprehensive evaluation process.

Image: **Prof. Vaishali VB** discussing judging criteria with the judges

Round01 Judges **Prof. Vivek Wallabhadas** and **Prof. Komala DS**

Winners of innovate interface round:

Team **MEATBALLS**
From Dept. of CSE
- Priyanka Datta ENG21CS0309
- Sri Hari ENG21CS0344
- Sakshi Singh ENG21CS0343

Round 2: Front-End Knockout

The second round, Front-End Knockout, brought an exhilarating challenge to the competition.

Round Overview:

- Participants engaged in a thrilling game of memory and coding prowess as they navigated through three levels of increasing complexity.
- They were tested on their ability to recreate website designs using front-end technologies like HTML, CSS, and JavaScript.

Participants' Tasks:

- For each level, a website design was briefly displayed to the participants.
- After the brief exposure, participants had to replicate the website's design and functionality using front-end coding languages and frameworks.
- The complexity of the websites increased with each level, requiring participants to display their adaptability and problem-solving skills.

Images: Frontend Mastery in action.

Challenge Details:

- Level 1: Participants had to recreate a basic website layout with minimal styling and interactivity.
- Level 2: The difficulty increased with more complex design elements, animations, and user interactions to be implemented.
- Level 3: The final level presented a fully-fledged website with intricate designs, dynamic content, and advanced functionality.

Evaluation Criteria:

- Accuracy in replicating the website designs, including layout, styling, and responsiveness.
- Proper implementation of interactivity and functionality using JavaScript.
- Code quality, organization, and adherence to best practices.
- Performance optimization and cross-browser compatibility.

Judging Panel:
- **Mr. Pranav,** a senior student with expertise in front-end development and a 2024 batch, was invited to act as the judge for this round.

Submissions and Evaluation:
- Participants submitted their coded solutions for each level within the allotted time.
- The judge meticulously evaluated each submission, assessing their ability to think on their feet, code efficiently, and deliver under pressure.
- Participants were encouraged to collaborate and support each other, fostering a sense of community within the competition.

Winners of Frontend Knockout:

Team **LET US COOK**
From Dept. of CSE

- K V S Balaji	ENG21CS0195
- Naindeep Singh	ENG21CS0261
- Andrew Nitin Joseph	ENG21CS0164
- Jasmitha JK	ENG21CS0168

DAY-02 (MARCH 22nd)

Round 3 – Mind Sprint:

- The third round of the event conducted on Day 2 was a quiz round, consisting of **40 questions** in total.
- The quiz comprised 15 questions on **logo guessing**, identifying places, and persons, followed by 10 questions on **non-technical and general topics**, and concluded with 15 **technical-based** questions.
- The round was conducted on the platform called **Mentimeter** and involved 22 participating teams.
- Simple rules were set for the round, requiring each team to use only one phone, visibly placed in front of a volunteer.
- The round did not require panel members, as the Mentimeter platform automatically scored participants based on the speed of their answers.
- The quiz commenced at 9:30 am, with an initial explanation of rules and regulations followed by a demo round to familiarize participants with the platform.
- The main quiz lasted until 10:30 am, encompassing a variety of challenging questions to test the teams' knowledge and quick thinking abilities.

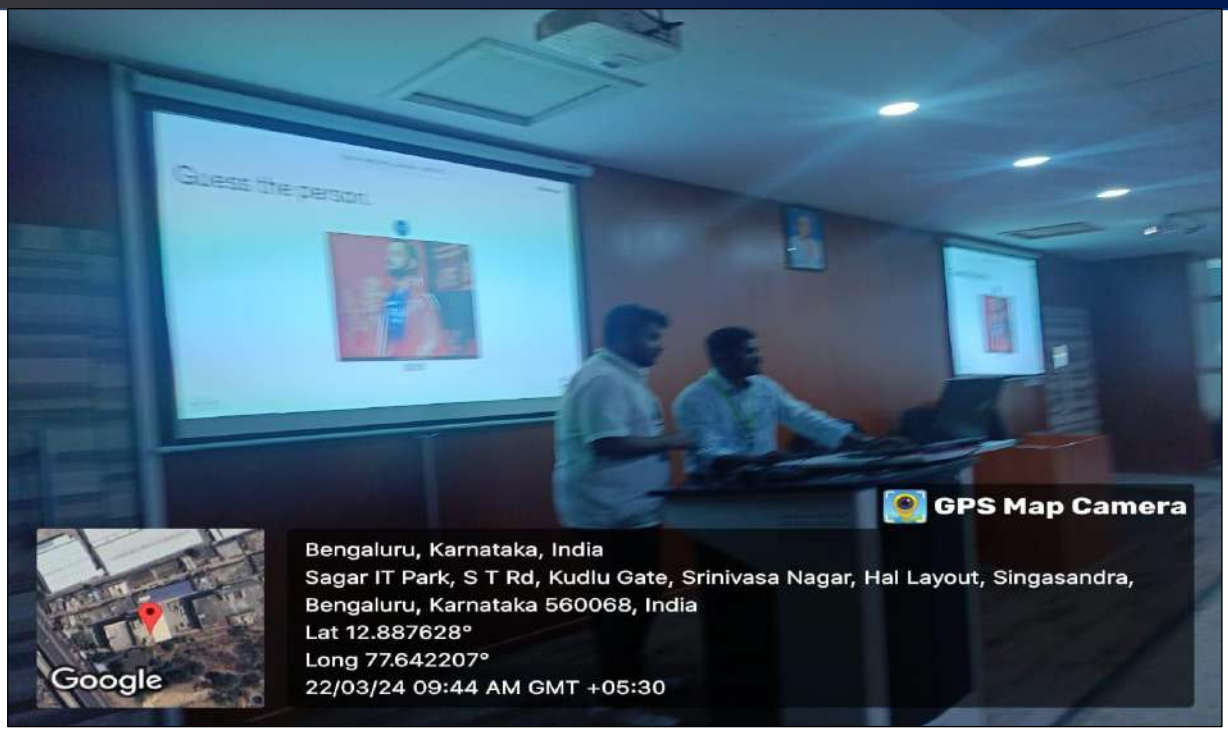

Image: Volunteers giving demo of the quiz to Participants.

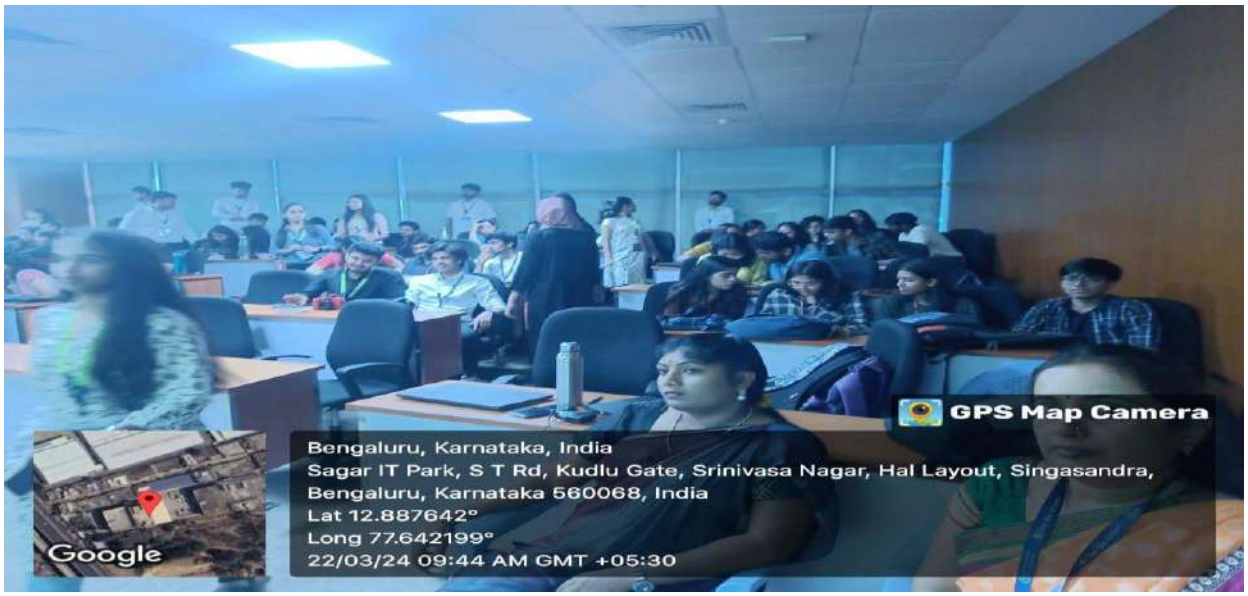

Image: Volunteers strictly monitoring the participants during the Quiz.

Winners of Mind Sprint:

Team **LET US COOK**
From Dept. of CSE

- K V S Balaji ENG21CS0195
- Naindeep Singh ENG21CS0261

- Andrew Nitin Joseph ENG21CS0164
- Jasmitha JK ENG21CS0168

Round 04- DATA FUSION:

Objective:

- The Data Fusion is a **Data Analytics round**, where each participant team was tasked with solving problem statements based on a dataset. Each team must also make a report or dashboard with charts supporting their solutions. Finally, team will have to present their solutions during the presentation round.
- This exciting round is an intellectually challenging round that engages the participant in problem solving. This greatly reveals to the student, different perspectives on how to look at problems and find new approaches to solving them successfully.

Round Overview:

- Each team was given a specific dataset and 6 problem statements associated with it. They began solving the problems by applying data analysis techniques such as filtering, grouping and sorting.
- Each team had to solve problem statements with the help of bar, line, pie, correlation charts and other visualization components.
- The teams were suggested to use a dashboard/report making platform called Looker Studio, to present their charts.
- From these charts they had to make observations and identify patterns and trends to gain insights and arrive at potential conclusions and present them to the Panel to judges

Images: Participants Engaging in Data Analytics Excellence.

Round procedure:

- There were 15 teams who were selected and participated in this round.
- The Report making session began at 11:30 am and ended at 1:00 pm, after which the participants had to submit their reports through a form link.
- The round began with participants curiously waiting for the problem statements. Once the dataset and problem statements were provided, the teams began to brainstorm and discuss the solutions. Teams thoughtfully prepared their solution and submitted their report.
- The report submission slot ended at 1:10pm with, after which participants left for lunch. They were asked to assemble by 2:00pm for the presentation session.
- The presentation session began at 2:00PM, when each team had to come up to the stage to present their solutions with their report to the Judges, with the report displayed.
- The team had to answer any questions asked by the judges.

- Teams began presenting their solutions by showing visualizations and explained the trends that were observed from the charts. They not only proved their points, but also suggested new ways to improve a business, interpret results and suggested better alternatives.

- The presentation round ended at 4:00pm, thereby all teams completing their presentation task.

Images: Participants presenting their reports to the Judges.

PANEL OF JUDGES:

Ms. Arya Suresh, Consultant from Archlynk India Pvt. Ltd. and alumni of DSU, who is experienced in Data Analysis, was invited to act as the judge for the Data Fusion round.

Dr. Kakoli Bora, Associate Professor from the Department of Computer Science and Engineering (DATA SCIENCE), DSU having 17 years of teaching and research experience, was requested to join the panel of judges

Image: Judges evaluating the reports and presentation,
Ms. Arya Suresh(right) and **Dr. Kakoli Bora**, (left)

Evaluation:
- Teams were evaluated and awarded points based on their solution, reasoning, report content and presentation.
- Participants who actively justified their solution with convincing and accurate reasons with observed trends, were awarded more points by the panel of Judges.

Winners of Data Fusion Round:

Team **TESSERACT**
From Dept. of CSE

- P Roshan ENG21CS0286
- P Supreeth ENG21CS0427
- P L N Sai Sriniketh ENG21CS0283
- Reuben Titus Roji ENG21CS0330

Top 3 Event winners:

1st Prize:

Team **LET US COOK**
From Dept. of CSE

- K V S Balaji ENG21CS0195
- Naindeep Singh ENG21CS0261
- Andrew Nitin Joseph ENG21CS0164

Image: Chief Guest Mr. Vinod Shankar presents First prize to team "Let Us Cook".

2nd Prize:

Team **TECHCRAFTERS**
From Dept. of CST

- Pooja V M ENG21CT0029
- Harika Reddy K ENG21CT0007
- Krutarth Y G ENG21CT0019
- Venkat B S ENG22AM3015

Image: Dr. M Shahina Parveen presents second prize to team "TECHCRAFTERS"

3rd Prize:

Team **MEAT BALLS**
From Dept. of CSE

****Open to all B Tech. students**

The DataScience@DSU Club, the Department of CSE (Data Science) organized a **Diya Illuminare: "Designing Light and Beauty" Designing Light and Beauty** held on 3rd November 2023 organized by Prof. Shivamma D, Assistant Professor, Dept. of CSE (Data Science). The targeted audience was B.Tech students (all Branches).

Deepawali' – a festival of light and happiness, symbolizes the victory of good over evil, brightness over darkness and truth over falseness. This festival helps people to find moments of joy and happiness amongst their jam pack daily routine. The most traditional and closer to heart way to celebrate this festival is by lighting diyas and candles. Enlighting this festival through diyas symbolizes the supremacy and consequence of brightness over darkness.

In a way of giving a warm welcome to this festival, Department of CSE (DS) had organized a competition of Diya Illuminare: "Designing Light and Beauty" on 3rd November, 2022. A total of 53 teams had participated in this activity from 1st and 3rd semester. Students had used their creative ideas for beautiful and colorful decoration of both diya, symbolizing light and prosperity. The students have painted, decorated and made enticing diyas as a part of Deepawali celebration. They experienced the effort involved in decorating diya and also its significance in this festival of light and joy.

Evaluation of their cerative ideas was a tough task for the judges. To evaluate the efforts of students Dr Meenakshi Malhotra, Professor of CSE and Dr.V. Sreemathy, Assistant Professor - Technical English were invited for judgment.

This competition was organized under the guidance of Prof. Shivamma D, Assistant professor. Students were positively motivated by Dr. Shaila S G, Professor and Chairperson, Dept. of CSE (Data Science)..

Outcome :

The students got aware of the culture and traditions of this specific festival called "Deepawali". They acquired knowledge on the importance of making diyas and lightening all over to celebrate the victory of Lord Rama. They learnt how to make diyas more enticing and attractive by painting and colouring.

No. of participants:

Total 177 students were enrolled for this competition to participate in this activity.

Winners of the event:

1st Place: Vaishnavi N M and Usha DK
2nd Place: Thrisha P, Raksha U and Pragna G
3rd Place: Manoj G Sanningammanavar, Anoop pola and Girish

64 responses

Please describe your overall experience with the diya design activity. What did you enjoy the most, and what could have been better?

64 responses

Very nice and it's a enjoy moment

It was good.

The expirence was too good we learnt things and we greatly enjoyed it was a good relax during our academic

I really enjoyed the competition as I got to know about my painting skills.In a group sitting ,painting and sharing ideas .

It was really good.

I enjoyed the most by decorating my diyas

Good team building experience

What is your level of satisfaction of the event (Note: Five is the highest level of satisfaction)

Report on **Future of Gen AI - Talk at Merck MITC**

The placement department has arranged a talk for 10 students from 6 semesters across the departments. Two students from CSE(Data Science) Akshaya B(ENG21DS0006) and Chaithra K(ENG21DS0014) were selected to attend the event “MITC X FireSide Chat with MITC : The Future of GenAI” on 22nd May at Merck office, Bangalore from 11:00 AM onwards.

The event started with Introduction to Merck, its business, IT tech stack use, etc. The second phase featured the selection process for a campus ambassador. Candidates from various colleges presented their qualifications and motivations for the role. The selection process was competitive, with candidates showcasing their leadership abilities, communication skills, and understanding of Merck's values and objectives.

The final phase was a comprehensive panel discussion on the future of Generative AI, featuring esteemed panelists including an editor of an analytics magazine, an angel investor, a neuroscientist, and a data scientist from Merck. The discussion covered topics like : Future of Generative AI, Large Language Models, Impact on Jobs, Quantum and Cloud Computing, Edge Computing, and Generative AI in Health Science.

Overall, the event was highly informative, offering attendees a detailed understanding of Merck's operations, the process of selecting a campus ambassador, and the future prospects of Generative AI.

Assistant Professor

Convener:

Dr. Shaila SG
Professor & Chairperson
Dept. of CSE(DS)
SoE, DSU

Target Audiences: 2nd and 4th Semester students of CSE (DS)

Report

The DataScience@DSU Club, the Department of CSE (Data Science) organized a Workshop on **Beginner's Guide to Machine Learning and Neural Networks** held on 8th June, 2024 at **9:00 AM-1:00 PM** organized by **Dr. Shaila S G**, Professor and Chairperson (DS), **Prof. Shivamma D,** Assistant Professor, Dept. of CSE (Data Science), and **Prof. Monish L,** Assistant Professor, Dept. of CSE (Data Science). More than 40+ students have been registered for the event.

The event began with an overview of AI and neural networks, emphasizing their ability to simulate brain function with billions of interconnected nerve cells. Key topics included Static Neural Networks, their structure, and the role of threshold and activation functions in processing inputs. The seminar also covered Artificial Neural Networks (ANN), explaining their architecture and training processes.
Participants learned about the perceptron model and the importance of multilayer neural networks in capturing complex data patterns. Interactive workshop sessions provided practical experience, enhancing participants' understanding of neural network applications in machine learning.

Conclusion

The workshop offered a thorough introduction to machine learning and neural networks, making complex concepts accessible to beginners. Participants gained a solid understanding of neural networks' functioning, activation functions' importance, and the training processes for effective models. Practical sessions enriched the learning experience, equipping attendees with skills to apply these concepts in real-world scenarios. This seminar significantly fostered interest and knowledge in artificial intelligence among the participants.

Resource Person: Dr. K S Sreedhar
Professor, Dept. of CSE, UBDT, Davanagere

Key Takeaways:

1. Students gained a foundational understanding of neural networks, including their architecture, functioning, and the significance of activation functions, enabling them to grasp complex AI concepts.
2. Students learned how to apply machine learning techniques to real-world problems, preparing them for practical implementation and further study or work in the field of artificial intelligence.
3. Students enhanced their problem-solving skills, equipping them with the tools to tackle complex challenges in AI and data science.

Objectives:

1. To provide participants with a fundamental understanding of artificial intelligence and neural networks, including their architecture, activation functions, and training processes.
2. To encourage a deeper interest in AI and machine learning, equipping participants with the skills and insights necessary for further study or professional work in these fields.

The DataScience@DSU Club, the Department of CSE (Data Science) organized a online Webinar on "**Cyber Strategies for Cutting-Edge Data Science**" held on 6th March 2024 organized by **Prof. Shivamma D,** Assistant Professor, Dept. of CSE (Data Science), and **Prof. Monish L,** Assistant Professor, Dept. of CSE (Data Science).

The Takeaways of the event are:

1. **Integration of Cybersecurity and Data Science**: The webinar emphasized the critical need to integrate cybersecurity measures into data science practices right from the outset. This integration ensures that data-driven insights are not only accurate but also secure from potential cyber threats.
2. **Threat Detection and Prevention**: Effective cybersecurity strategies highlighted in the webinar focused on proactive threat detection and prevention techniques. These include advanced analytics, machine learning algorithms, and anomaly detection to identify and mitigate potential cyber threats in real-time.
3. **Data Privacy and Compliance**: Maintaining data privacy and compliance with regulatory standards such as GDPR and HIPAA emerged as paramount concerns. The webinar discussed various strategies and best practices for safeguarding sensitive data and ensuring compliance with relevant regulations.
4. **Continuous Monitoring and Response**: Continuous monitoring of data systems and prompt response to cybersecurity incidents are essential components of a robust cyber strategy. The webinar emphasized the importance of implementing automated monitoring tools and establishing incident response protocols to minimize the impact of cyberattacks.
5. **Collaboration and Knowledge Sharing**: Collaboration among data scientists, cybersecurity experts, and other stakeholders is crucial for developing comprehensive cyber strategies. The webinar encouraged knowledge sharing and interdisciplinary collaboration to address evolving cyber threats effectively.
6. **Adoption of Emerging Technologies**: Embracing emerging technologies such as blockchain, homomorphic encryption, and secure multi-party computation can enhance the security and privacy of data science initiatives. The webinar highlighted the potential of these technologies in mitigating cyber risks and ensuring data integrity.

Detailed Report of **Cyber Strategies for Cutting-Edge Data Science**

The DataScience@DSU Club, under the Department of Computer Science and Engineering (Data Science), organized an online Webinar on "**Cyber Strategies for Cutting-Edge Data Science**" on March 6th, 2024. The webinar emphasized integrating cybersecurity measures into data science practices and highlighted proactive threat detection, privacy compliance, and collaboration among stakeholders as essential strategies for safeguarding data assets in the digital age. The Webinar was organized by Prof. Shivamma D, Assistant Professor, Department of CSE (Data Science), and Prof. Monish L, Assistant Professor, Department of CSE (Data Science). The Webinar was attended by 42 students.

The DataScience@DSU Club, the Department of CSE (Data Science) organized a Talk on **IEEE "DATASPHERE: IEEE DATA SCIENCE EXPLORATION"** held on 14th March 2024 organized by **Prof. Monish L,** Assistant Professor, Dept. of CSE (Data Science), and **Prof. Shivamma D,** Assistant Professor, Dept. of CSE (Data Science).

Resource Persons Profile:

Dr. Pushpa Mala S, an Associate Professor whose contributions to the field of Electronics Engineering have been nothing short of exceptional. With a Ph.D. earned from Jain University, Bengaluru, her expertise encompasses a wide range of areas, including Image Processing, Signal Processing, and Very LargeScale Integrated Circuits designing and modeling. Her dedication to advancing these domains has been evident through numerous projects funded by prestigious institutions like the Karnataka State Council for Science & Technology and the Vision Group of Science and Technology (KSTePS).

With a combined experience of 12 years in teaching and 4 years in research, Dr. Pushpa Mala S embodies the perfect balance of academic rigor and practical knowledge. Her scholarly pursuits have resulted in approximately 35 papers published in various International Conferences and Indexed international journals, showcasing her commitment to advancing the frontiers of knowledge in her field. Additionally, her role as a reviewer for SPIE and various international conferences underscores her dedication to upholding the highest standards of academic excellence.

As a senior member of IEEE and a Life Member of ISTE, Dr. Pushpa Mala S remains deeply engaged in the scientific community, fostering collaboration and knowledge exchange. Her involvement in the EXECOM-IEEE Bangalore Section further highlights her commitment to promoting excellence in electronics engineering and advancing the mission of IEEE. It is with great anticipation that we await Dr. Pushpa Mala S's address

on IEEE, where her insights and expertise are sure to inspire and enlighten us all.

The Takeaways of the event are:

1. **Emerging Technologies**: Events like these often showcase the latest developments and trends in data science, including emerging technologies such as machine learning, artificial intelligence, big data analytics, and data visualization.
2. **Applications Across Industries**: Data science has applications across various industries, including healthcare, finance, retail, transportation, and more. Attendees might gain insights into how data science techniques are being applied in different sectors to solve complex problems and drive innovation.
3. **Ethical Considerations**: With the increasing use of data-driven technologies, ethical considerations become paramount. Discussions around data privacy, bias in algorithms, transparency, and accountability are common in such events.
4. **Skills and Education**: Events like these often include workshops, tutorials, and discussions focused on enhancing skills in data science and related areas. Participants may learn about the latest tools, programming languages, and methodologies used in the field.
5. **Collaboration Opportunities**: Networking opportunities abound at these events, allowing attendees to connect with peers, researchers, industry professionals, and potential collaborators. Collaboration across disciplines is often encouraged to tackle complex data science challenges effectively.
6. **Research Frontiers**: Academic research plays a significant role in advancing the field of data science. Events like these provide a platform for researchers to present their latest findings, discuss cutting-edge research topics, and explore future directions for the field.
7. **Real-world Case Studies**: Practical insights from real-world case studies can be invaluable for attendees. Presentations or panel discussions featuring successful data science projects, challenges faced, and lessons learned offer valuable insights into the application of data science in practice.
8. **Continuous Learning**: Data science is a rapidly evolving field, and continuous learning is essential for professionals to stay updated with the latest developments.

Events like these offer opportunities for lifelong learning and professional development

Detailed Report of **DATASPHERE: IEEE DATA SCIENCE EXPLORATION**

Dr. Pushpamala, warmly welcomed and invited by student coordinators, commenced the session with an engaging video aimed at capturing the interest and attention of the attending students. Following this captivating introduction, she delved into an enlightening discussion about IEEE and its rich history, providing valuable insights into the organization's significance within the realm of technology and innovation.

During her presentation, Dr. Pushpa Mala emphasized the importance of establishing student chapters within IEEE, highlighting how these chapters serve as pivotal platforms for fostering learning, collaboration, and professional development among aspiring engineers and technologists. She elaborated on the process and benefits of establishing such chapters, encouraging students to actively participate and contribute to their local IEEE communities.

Throughout the session, Dr. Pushpa Mala welcomed questions and doubts from the students, fostering an interactive environment where attendees could seek clarification and deepen their understanding of the topics discussed. This open dialogue not only facilitated knowledge exchange but also empowered students to actively engage with the material presented.

In addition to exploring the history and significance of IEEE, Dr. Pushpa Mala provided valuable insights into the evolving landscape of technology and the role of IEEE in shaping the future of engineering and innovation. By incorporating real-world examples and case studies, she effectively demonstrated the practical applications of IEEE's initiatives and the impact they have on the global technological ecosystem.

Overall, Dr. Pushpa Mala's session served as an inspiring and informative journey into the world of IEEE, leaving students with a deeper appreciation for the organization's mission and the opportunities it presents for their academic and professional growth.

We extend our heartfelt gratitude to Dr. Pushpa Mala for his illuminating session and look forward to more such enriching experiences as we continue our quest for excellence in data science in collaboration with IEEE.

Department of CSE (Data Science), SoE, DSU

Target Audiences: 4th Semester students of CSE (DS)

The DataScience@DSU Club, the Department of CSE (Data Science) organized a Quiz **"AptiPrecision: Fine-Tuning Numerical Abilities"** held on 7th March 2024 organized by **Prof. Shivamma D,** Assistant Professor, Dept. of CSE (Data Science), and **Prof. Monish L,** Assistant Professor, Dept. of CSE (Data Science).

The Takeaways of the event are:

1. Strengths and Weaknesses: Identify areas where you excel and areas where you may need improvement in terms of problem-solving, critical thinking, mathematical reasoning, etc.
2. Time Management: Understand how well you manage your time during the quiz. Did you complete all the questions within the allotted time, or did you struggle to finish?
3. Problem-solving Strategies: Reflect on the strategies you used to solve different types of questions. Determine which strategies were effective and which ones need refinement.
4. Conceptual Understanding: Assess your understanding of fundamental concepts in areas such as mathematics, logic, reasoning, and analytical thinking.
5. Preparation Needs: Identify any gaps in your knowledge or skills that need to be addressed through further study or practice.
6. Confidence Boost: Recognize areas where you performed well, which can boost your confidence in your abilities.
7. Areas for Improvement: Pinpoint specific topics or types of questions where you struggled and make a plan to improve in those areas.

Detailed Report of **QUIZ-VENTURE: Enhance your skills with C**

The DataScience@DSU Club, under the Department of Computer Science and Engineering (Data Science), organized a Quiz event titled "AptiPrecision: Fine-Tuning Numerical Abilities" on March 7th, 2024. "Quiz-Venture" offers skill enhancement through engaging quizzes, fostering continuous learning and personal development. Join to level up your expertise with interactive challenges. The quiz was organized by Prof. Shivamma D, Assistant Professor, Department of CSE (Data Science), and Prof. Monish L, Assistant Professor, Department of CSE (Data Science). The Quiz was taken up by 41 students. The winners of the Quiz were:

5-day SERB-sponsored workshop on "Integration of Artificial Intelligence and IoT in Agriculture"

18th June, 2024 - 22nd June, 2024

Prof. Shivamma D, Assistant Professor, Dept. of CSE (Data Science) recently participated in a **5-day SERB-sponsored workshop titled "Integration of Artificial Intelligence and IoT in Agriculture,"** held at Alliance University, Bengaluru from June 18th to 22nd, 2024. This workshop proved to be a transformative experience at the intersection of technology and agriculture, marking significant advancements in the field.

The workshop commenced with an inauguration by distinguished guests, including Dr. Nagaraja Prakasham and Dr. Bijay Kumar Sahu, setting a high intellectual tone for the sessions that followed.

Throughout the workshop:

- Day 1 focused on foundational aspects with Dr. Bijay Kumar Sahu discussing agricultural automation and intellectual property, followed by insights from Dr. Selvakumar K on AI, machine learning, and sensors in agriculture.
- Day 2 delved deeper into AI applications in crop management with Dr. Maryam Shojaei Baghini, complemented by practical guidance from Dr. Vijaya Kumar B P on deploying IoT sensors for precision farming.
- Day 3 highlighted advancements in water management through IoT and AI by Dr. Abesh Reghuvaran and Dr. Vijayabaskaran Sundararju, crucial for enhancing irrigation efficiency.
- Day 4 expanded perspectives with Dr. Kumar Rajamani exploring geospatial AI for climate-resilient agriculture, and Dr. Uttam Kumar discussing AI's role in forestry and biodiversity conservation.

- Final Day addressed integration challenges of AI and IoT in agriculture by Dr. Sreenath Vijayakumar, and Dr. Chakravarthi Naik along with Dr. Mohit Hemanth Kumar discussed intellectual property rights protection. Dr. Rakesh R Warier concluded with insights into multi-agent systems and intelligent IoT applications.

The workshop underscored that AI and IoT are not mere theoretical concepts but robust tools addressing practical challenges in agriculture, from predictive analytics for crop yield estimation to smart irrigation systems and disease detection.

Shivamma D's active participation and exemplary performance earned her the **Excellence Award,** recognizing her deep engagement and mastery of IoT and AI concepts applied in agricultural contexts.

Key outcomes from the workshop:

1. Gained insights into the cutting-edge technologies of Artificial Intelligence (AI) and Internet of Things (IoT) and their potential applications in agriculture. This included improving crop management, optimizing water usage through smart irrigation, and enhancing sustainability practices.
2. The workshop provided practical examples and case studies illustrating how AI and IoT can be implemented in real-world agricultural scenarios. This included hands-on experiences with deploying IoT sensors, utilizing AI algorithms for data analysis, and integrating these technologies into existing farming practices.
3. Impact on Efficiency and Productivity: Attendees learned how AI and IoT solutions can significantly improve efficiency in agriculture. From predicting crop yields and optimizing resource allocation to monitoring environmental conditions and managing pests, these technologies offer transformative benefits for enhancing productivity in farming.
4. To Gain a deeper understanding of the complexities involved in adopting and integrating these technologies on a large scale.

Glimpses of the Event:

Report:

The DataScience@DSU Club, the Department of CSE (Data Science) organized a workshop on **"Ink and Insight: An Art of Crafting Research Papers and Thesis"** held on 4th September 2023 organized by Dr. Kakoli Bora, Associate Professor, Dept. of CSE (Data Science), and Prof. Shahwar Ara Kamal S, Assistant Professor, Dept. of CSE (Data Science).

The Speaker was in house faculty. **Dr. Kakoli Bora** gave an insight on how to write research papers. The session started with an introduction to the different technical documents like scientific paper, user manuals, whitepapers, and about journal and conference papers. The speaker discussed the procedures to be followed and each component of a research paper.

At the end of the event an evaluation was carried out and the students submitted great feedback.

The Takeaways of the event are:

1. Introduced to conference and journal paper publication
2. Got to know different types of technical writing
3. Understood the steps to follow while writing technical papers
4. Introduced to the key components of a technical paper
5. Steps to be followed while submitting a paper

Target Audiences: 6th Semester students of CSE (DS)

The DataScience@DSU club, Department of Computer Science Engineering (Data Science) in association with CSI has organized a short term training programme on **"Java Coding Skill Test".** The targeted audience are 6th Semester students of CSE (DS). The department has taken an initiative to train the 6th semester students to enhance programming skills on various languages, aptitude skills to face interviews in the coming days. On 1st March, 2024 Dr. Kakoli Bora conducted a Java programming skill test from 11:00 AM to 1:00 PM.

Report:

The DataScience@DSU Club, the Department of CSE (Data Science) conducted a short term training on Java coding skill held on 1st March, 2024 organized by the faculties of CSE(Data Science) department. The session was taken by **Dr. Kakoli Bora, Associate Professor,** who gave an insight on problem solving using the JAVA programming language along with a technical quiz on aptitude problem solving. The students took active participation on both the days.

The Takeaways of the event are:

1. Gain Knowledge on basic concepts of Java language
2. Improved problem solving skills
3. Exposure to different types of aptitude problems and solutions

The DataScience@DSU Club, the Department of CSE (Data Science) organized a workshop on **"SYNERGIZING DATA SCIENCE: COLLABORATIVE APPROACHES FOR COMPLEX PROBLEMS"** held on 22nd September 2023 organized by **Prof. Monish L,** Assistant Professor, Dept. of CSE (Data Science), and **Prof. Manjula M,** Assistant Professor, Dept. of CSE (Data Science).

Mr. Amruth Raj and Mr. Arun Kumar, Founder & CEO of Nikki.Build has an IT experience of 15 Years and worked in IT and Banking sector, with a German company gave an insight on building prototypes in low cost and joy of building the models with low code with existing built in the libraries.

The Takeaways of the event are:

1. Guide them on creating a professional and consistent personal brand as an entrepreneur.
2. Provide insights into different industries-based prototypes.
3. Incorporate interpersonal skills, adaptability, and problem-solving abilities in rapid prototype building.
4. Encourage students to implement Industry 5.0 human machine interaction models in areas of interest.

SYNERGIZING DATA SCIENCE: COLLABORATIVE APPROACHES FOR COMPLEX PROBLEMS

Department of CSE (Data Science) organized a session on " SYNERGIZING DATA SCIENCE: COLLABORATIVE APPROACHES FOR COMPLEX PROBLEMS " on 22nd September 2023 for the 5th-semester students.

The session was graced by the esteemed presence of Mr. Arun Kumar, the Founder and CEO Nikkibuild, shared his wealth of knowledge and experience on how to prepare for a successful career in industry as an entrepreneur. The session commenced with an overview of the dynamic data science landscape.

A rapid prototype building with low code for industry 5.0 Interaction with every line of coding which makes learning more practical and creative. As the agenda of industry 5.0 for Human machine collaboration is implemented in more than 20 models were demonstrated in the session, such as working of Zomato, self-driving JCB model, oximeter, touch less controls.

Some applications demonstrated to students

- Air drop application using common zoom in and out application
- Easy speech interaction using Anyang library,
- Data collection from Bluetooth made easy using BLE (Bluetooth low energy) library
- Vehicle performance prediction with low cost
- Gesture control with low cost using media.pi library
- Tracking of vehicle in Zomato and Swiggy using leaflet library

Arun Kumar Sir emphasized the rapid growth and ever-increasing demand for prototypes with low cost and affordable across various industries. He delved into the crucial aspect of creating a easy going model for the layman. He provided valuable insights into what employers look for in a data science candidate's, including highlighting key skills, projects, and achievements. His tips on skill development and future as were particularly enlightening.

The session concluded with a glimpse into the promising future that awaits data science enthusiasts. Mr. Arun Kumar spoke about the myriad of career paths as an entrepreneur and opportunities that data science offers.

The session left the students motivated and well-prepared for their journey ahead. Armed with invaluable insights from him, they are now ready to embark on their data science careers with confidence, equipped with the knowledge and skills to thrive in the corporate world.

We extend our heartfelt gratitude to Mr. Arun Kumar for his illuminating session and look forward to more such enriching experiences as we continue our quest for excellence in data science in collaboration with Nikki.Build.

Target Audiences: 4th Semester students of CSE (DS)

The DataScience@DSU Club, the Department of CSE (Data Science) organized a Workshop on **Technical Writing in Multilingual Contexts** held on 23rd May 2024 organized by **Prof. Monish L,** Assistant Professor, Dept. of CSE (Data Science), and **Prof. Shivamma D,** Assistant Professor, Dept. of CSE (Data Science).

The workshop on Technical Writing in Multilingual Contexts, organized by the DataScience@DSU Club and the Department of CSE (Data Science) on 23rd May 2024, shed light on the intricacies of producing high-quality technical documentation for diverse audiences. Led by Prof. Monish L and Prof. Shivamma D, Assistant Professors in the Department of CSE (Data Science), the event underscored the importance of a systematic approach in writing research papers.

Dr. Shaila's contribution to the talk on technical writing in multilingual contexts encapsulated the importance of a systematic approach to writing research papers. Beginning with meticulous topic selection and thorough preliminary research, attendees gained valuable insights into crafting a clear thesis statement and maintaining coherence through an organized outline. Dr. Shaila underscored the significance of conducting in-depth research, structuring body paragraphs effectively, and critically analyzing results. Her emphasis on these elements highlighted the importance of producing a meticulously revised and polished final draft, ready for scholarly submission. Dr. Shaila's guidance provided attendees with practical strategies to navigate the complexities of multilingual technical writing, ensuring clarity, accuracy, and adherence to scholarly standards in their research papers.

Takeaways:

1. Students gained insights into upcoming courses, enabling informed academic choices.

2. To focus on technical content writing, empowered students with practical skills and fostered active learning and participation.

About the Event:

The College of Pharmaceutical Sciences at Dayananda Sagar University, in collaboration with Pharmacy Council of India (PCI) New Delhi, conducted "PHARMA ANVESHAN-2024" Leveraging Synergism: Industry-Academia Partnership for Implementation of National Education Policy, 2020, a tribute to 122nd Birth Anniversary of Prof. Mahadeva Lal Schrof, Father of Pharmacy Education in India on 6th March, 2024.

In continuation to celebrate PHARMA ANVESHAN 2024, a guest lecture was organized in which **Prof. S RAMACHANDRA Setty**, Director, R&D, RGUHS & Central Council Member, PCI, **Dr.B. G Nagavi** Founder CEO &Senior Consultant Higher Education Skill Development and Rese (HESDAR) Center, Mysuru and **Dr. Badrinath** Technical Project Leader Elanco Animal Health Inc, India have delivered expert talk and MANY EMINENT PERSONALITIES from Pharmaceutical Industries and Academia.

The eminent speakers have given the expert talk regarding how Pharmaceutical Education can be a good carrier and how to hold the way for success in your field. Students should have competition encourages creative expression, awareness on pharmaceutical innovation, effective communication and multidisciplinary approaches. The lecture was an interactive session, where attendees had the opportunity to seek clarification, share their experiences, and engage in meaningful discussions with **Prof. S RAMACHANDRA Setty, Dr.B. G Nagavi**. And **Dr. Badrinath.** The openness to questions and willingness to share knowledge enriched the learning experience for all participants.

In order to enrich the students' understanding, an orientation competition and quiz competition on "Pharmacy Education in India- Present Scenario" to focusing on pharmacy knowledge was organized for both M. Pharmacy, B. Pharm and D. Pharm students. The competition, facilitated by Ms. Seema S. Rathore, Assistant Professor at the College of Pharmaceutical Sciences, DSU, served as an engaging platform for testing and enhancing their knowledge in the field.

In continuation, the introductory note was given by Head of the Institution, **Dr. N.M. Raghavendra**, enlighting the various important of Prof. Mahadeva Lal Schroff in establishing the Pharmacy Education in India.

More than 200 students have been benefited by the expert talk in the form of knowledge, facts and information in the integration of various disciplines such as science, technology, and entrepreneurship. A quiz competition was conducted among the students on "Industry-Academia Partnership for Implementation of National Education Policy, 2020" and collectively contribute to the educational and professional development of participants; align with the subject knowledge and experience. The event was also attended by the respective HODs and the Faculty members.

Finally, as a gesture of appreciation, the guest was presented with a shawl and a memento by the host organization. This thoughtful act served to express gratitude and honor towards the guest for their presence and contribution.

The program concluded with a vote of thanks delivered by **Dr. Kranthi Kumar K- Convener-** PHARMA ANVESHAN 2024. In his expression of gratitude, **Dr. Kranthi Kumar K** extended appreciation to all participants, speakers, and organizers for their valuable contributions and efforts throughout the event.

No. of students Participated: 200

Faculty Coordinators:

1. Ms. Seema S. Rathore, Assistant Professor, COPS, DSU.
2. Dr. Kumari Preeti, Assistant Professor, COPS, DSU
3. Dr. Ashwini Prem Kumar, Assistant Professor, COPS, DSU

Outcomes:

1. This program can educate the students about the importance of comprehensive understanding of "Pharma Anveshan 2024.
2. The program provided an ideal platform for knowledge sharing and networking, thereby contributing significantly to the academic and professional development of all participants.
3. The program explained the aspects of the National Education Policy and its benefits for future students, emphasizing a learner-centric approach that allows students to pursue their passions.

Summary:

Ms. Seema S. Rathore, anchored the whole session and welcomed the audience.

Dr. Kumari Preeti and **Mr. Muthukumarn T**, given the welcome address to the audience, followed by the introductory remarks and vote of thanks given by **Dr. Kranthi Kumar K COPS, DSU.**

Session – 1: 12:00 PM-04:00 PM.

CIRCULAR

DEPARTMENT OF PHARMACY PRACTICE

To shape the future of patient centered healthcare, exchange of knowledge is crucial. Department of Pharmacy Practice is organizing an international symposium on "Enhancing Patient Care"- Explore the advanced clinical pharmacy services bridging India and USA.

The main objective of the symposium is to highlight latest advancements in the field of clinical pharmacy practice. It also provides a platform to connect, meet, interact and collaborate with experts from this field and foster relationships that motivate, inspire and help discover new perspectives.

We welcome all faculties and students to attend this international symposium and make it a grand success.

Day 1 - 29th December 2023 at Auditorium, F block, CDSIMER

Day 2- 30th December 2023 at C.D. Sagar Auditorium, COPS, KS Layout

Time: 9:00 AM – 4:00PM

OBJECTIVES AND HIGHLIGHTS OF THE EVENT

- The Symposium is aimed at highlighting the latest advancements in the field of Clinical Pharmacy Practice which is a relatively new discipline in which the emphasis is transferred from products oriented to patient-oriented practice and development.
- The program will feature discussions on providing patient care that optimizes the use of medication and promotes health, wellness, disease prevention, and digital transformation with technological changes.
- It seeks to connect, meet, interact, collaborate with experts from this field and foster relationships that motivates, inspires and help you discover new perspectives.

DAY	HOUR	PROGRAM
1 29/12/2023	09:15 – 10:00 am	Inauguration
	10:00 – 11:00 am	Interaction session for MBBS and PharmD students by Dr Vijay - One planet One health , Dr Ashwani Dhar - Intersection of Healthcare and Technology.
	11:00 – 12:00 pm	Panel discussion with Doctors from CDSIMER, Dr.Vijay and Prof. Satheesh S
	12:00 – 01:00 pm	Lunch
	01:00 – 04:00 pm	Hands-on Workshop on Clinical Pharmacy Activities Dr. Karthik Rakam
2 30/12/2023	10:00 – 10:30 am	Interaction with Dr. Ashwini Dhar and Dr.Vijay
	10:30 - 11:00 am	Talk on Full Bright Scholarship – Dr. Chandra Sekar
	11:00 – 12:00 pm	Steps to become a registered Pharmacist in the USA. Roles and responsibility of Pharmacists in the USA – Prof. Satheesh S
	12:00 - 01:00 pm	Lunch
	01:00 - 01:30 pm	Talk by USA Pharm.D students and Dr.Karthik
	01:30 – 03:15 pm	Clinical pharmacy activities at different setups in India and hands-on training sessions by Dr. Akshara and Dr.Divya - MS Ramaiah.
	03:15 - 04:00 pm	Clinical pharmacy as a foundation for Enhancing Patient Care through Medical affairs and Clinical research - talk by Dr. Gayatri

CONTESTS ORGANIZED

Poster presentation (PP) - Present their research work.

Patient Information Leaflet Preparation (PIL) - Make a leaflet regarding medications and/or diseases.

Patient Counselling Role Play (PCRP) - Take a role of a patient, patient attender and clinical pharmacist respectively and do a role play.

Pharmacist Intervention Contest (APIC) - Present your pharmacist intervention

Elocution on Practical solutions to improve Clinical Pharmacy in India (PSICP) - Talk for 3 min proposing practical solutions to improve Clinical Pharmacy in India.

Video to introduce Pharm.D (VIP) - Create a 2 min video to introduce Pharm.D to Hospitals, Patients and Pharma Industry.

ABOUT DSU

Dayananda Sagar University is a private university with four different campuses in Karnataka. DSU is a proud member of the Dayananda Sagar Institutions family, founded by Late Sri Dayananda Sagar in the early sixties. DSU has morphed into a global education powerhouse, spread over four campuses, catering to the education needs of over 17,000 students into professionals in diverse specializations such as Health Sciences, Engineering, Computer Applications, Arts, and Management in the Bachelor, Master, and Ph.D. levels. Research, Innovation, and Incubation (spread over 25,000 sq ft of industry quality labs) form the core of DSU.

ABOUT COPS

Dayananda Sagar College of Pharmacy was started in 1981 to cater to the needs of Pharmacy Education in India under RGUHS, Karnataka. COPS is recognized by PCI, New Delhi; and the Government of Karnataka; It is also a recognized Scientific and Industrial Organization by DSIR, Govt of India. The COPS offers B. Pharm, M. Pharm, Pharm D, and Ph.D. programs in major pharmaceutical disciplines . Along with its innovative ecosystems focused on drug discovery and development, it also has an excellent pharmacy practice department dedicated to the betterment of the healthcare community in association with Sagar hospitals, and CDSIMER

DEPARTMENT OF PHARMACY PRACTICE, COPS, DSU

Established in 2013, the Department of Pharmacy Practice is a versatile discipline in pharmacy education. It excels in comprehensive medication management, fostering leadership skills, and lifelong learning. Our clinical pharmacy services encompass drug information queries, patient counselling, medication therapy management, prescription auditing, medication history interviews, adverse event reporting, drug interaction checking, and antibiotic auditing. The department's expanding roles include applying evidence-based medicine to patient safety, pharmaceutical care, pharmacogenomics, translational research, and clinical research in disease management.

ABOUT AVENIDA INNOVATIONS

Avenida Innovations, with its two verticals, Avenida Academy and Avenida Practice, is revolutionizing education and healthcare in India. The Academy collaborates with professionals and institutions for career excellence, while the Practice manages various healthcare projects. Avenida has ties with organizations like Arintra, Mapmygenome, and CIPACA,Suvarna Swasthya Research Centre, First Care Clinics, Knowurture, 3 Analytics, SciVoc, SUITS, MedAux, DocKare, ThinkRoman, SuJeevan Health & Wellness, Jiyyo, Litemed, Eldorado Biotech among others. It has launched Avenida Portal, a sophisticated platform designed to enhance the engagement of Pharm.Ds in Clinical Pharmacy Practice, monitor key performance indicators, and optimize their contributions..

EVENT REPORT

EVENT: INTERNATIONAL SYMPOSIUM on "ENHANCING PATIENT CARE"
Explore the Advanced Clinical Pharmacy Services Bridging India and USA.

Date and time of Event: 29th December 2023 and 30th December 2023, 9:00am – 4:00pm

Pre-symposium student interactions: 26th, 27th and 28th December 2023, 9:00am -4:00pm

Venue:

Day 1 (29/12/2023): AUDITORIUM, F – BLOCK, CDSIMER

Day 2 (30/12/2023): CD SAGAR AUDITORIUM, COPS, KS Layout

About the Event: The College of Pharmaceutical Sciences, DSU, Department of Pharmacy Practice conducted a 2-day international symposium on **"ENHANCING PATIENT CARE":** Explore the Advanced Clinical Pharmacy Services Bridging India and USA on 29th and 30th December 2023. The event commenced with an introductory session by Dr Anju Jose, Assistant Professor, Department of Pharmacy Practice, COPS along with a warm Welcome Address by Dr. N.M. Raghavendra, Principal, COPS. His introductory remarks set the tone for the session, emphasizing the importance of this symposium. Dr. Pushpa Sarkar, Dean, School of Health Sciences, delivered the Introductory Remarks, further enriching the session with her expertise.

Pre symposium interactions- Initiation of pre symposium interaction started with a brief introduction of American and Indian Pharm. D. students to each other followed by briefing on the structure and functioning of the healthcare facility.

Ward rounds –

- Rotations with medical doctors to observe and participate in in-patient care.
- Discussion on patient cases, treatment plans and medication management.

Case presentations-

- Joint presentations by American and Indian Pharm-D students on selected patient cases.
- Feedback and discussions on different approaches to patient care.

The collaborative ward rounds proved to be a valuable experience for both American and Indian Pharm-D students. The initiative successfully achieved its objectives of cultural exchange, enhanced clinical skills and collaborative learning.

Community visit – Dr. Sundar, HOD, Department of Community Medicine introduced the students to Community Health Centre staff and provided a brief overview on the services

Scanned with CamScanner

provided to patients. He engaged a discussion with healthcare professionals about prevalent health issues and what are the challenges in delivering healthcare services in the community, role of pharmacy in addressing community health challenges.

Anganwadi centre visit- During the visit to the Anganwadi centre, participants received an introduction to the centre's pivotal role in child development, providing a comprehensive briefing on the services offered for both children and pregnant women. The engagement was dynamic, involving discussions on basic health and hygiene practices through interactive sessions and activities. Furthermore, interactions with Anganwadi staff provided a valuable insight into the community dynamics, fostering a deeper understanding of the local context and its impact on child development and maternal health. (Fig 6-8)

Day 1: (Fig 1-5)

Session 1 - AI in Healthcare by Dr. Ashwani Dhar

Dr. Sajeev Kumar, Professor, Department of Pharmaceutics, welcomed Dr. Ashwani Dhar with a brief introduction. The session led by Dr. Ashwani Dhar, was a resounding success. Dr. Dhar's presentation on AI in healthcare provided participants with an insightful understanding of the transformative role of Artificial intelligence in the domain of healthcare. One of the highlights of the talk was the live demonstration of healthcare AI tools. This hands-on approach not only reinforced the concepts discussed but also allowed participants to witness the practical applications of AI in real-time. Attendees were educated on the current state of AI in healthcare and were also inspired to think creatively and explore innovative solutions. The session acted as a catalyst for encouraging participants to think outside the box, fostering a spirit of curiosity and enthusiasm.

Session 2 – Panel discussion entitled "Beyond Prescriptions – Enhancing Patient Care"

The panellists Dr. Ashwani Dhar, Dr. Satheesh Gottipati, Dr. Chandra Sekar, Dr. Vijay Yeldandi, Dr. Shiva Murthy, Dr. Gopal Das and Dr. Naveen were welcomed to the Dias for panel discussion along with their brief introduction. The panel list highlighted the evolving role of Pharm-D students in the healthcare system. The key points discussed were integration of clinical skills, interdisciplinary collaboration with other healthcare professionals to ensure holistic patient care and patient education on medication management and adherence. The discussion also focused on the necessary enhancements in Pharm-D curriculum such as practical exposure through clinical rotations and internships programmes, integrating the latest

Scanned with CamScanner

technological advancements into the curriculum and interpersonal skills in pharmacy practice. The panellist shared insights on addressing the role of clinical pharmacists in health policies for better patient care. The panel discussion was followed by an engaging Q&A session, where the audience had the opportunity to seek clarification and share their perspective on the topics discussed.

Session 3- One Planet One Health by Dr. Vijay Yeldandi

Dr. Pravalika, Ph.D. scholar, Department of Pharmacy Practice, welcomed Dr. Vijay Yeldandi with a brief introduction. Dr. Vijay Yeldandi's session on "One Planet, One Health" was a masterclass that shone a light on the crucial intersection between global health and environmental stewardship. His presentation focused on antimicrobial resistant, and was a blend of innovative thinking and real-world relevance, aligning perfectly with the session's evocative title. The key Highlights of the talk were, Insights on Antimicrobial Resistance, Innovative Solutions to tackle AMR, Engaging Examples and Scenarios: The session was brought to life by Dr. Yeldandi's use of real-life examples and scenarios and Practical Ideologies.

Session 4- Fullbright scholarship by Dr. Chandra Sekar

Dr. Chandra Sekar's talk was a captivating and inspirational recount of his life's journey, culminating in the remarkable achievement of being awarded a Fulbright Scholarship at the age of 70. His story was not just about academic excellence, but also about perseverance, lifelong learning, and the pursuit of passion against all odds. Dr. Sekar began by sharing insights into his Early Years and Challenges he faced. However, these challenges shaped his resilient character and fuelled his desire for knowledge. Dr. Sekar emphasized the importance of continuous learning. He took the audience through his diverse professional experiences, highlighting how each role contributed to his growth. He held various positions in academia, research, and industry, with each step bringing him closer to his ultimate goal. He then moved on to his journey on acquiring the Fulbright Scholarship. He ended his talk by providing insights onto his FullBright scholarship project.

Day 2 –

Session 1- Hands-on workshop on Clinical Pharmacy activities by Dr. Karthik Rakam

In his hands-on workshop on Clinical Pharmacy activities, Karthik Rakam skilfully navigated through the intricacies of the subject, using a detailed case study as a focal point. The session

Scanned with CamScanner

was immensely informative, offering participants practical insights into the nuances of clinical pharmacy practices. Dr. Rakam's emphasis on attention to detail stood out, underlining the importance of meticulousness in this field. The workshop successfully blended theory with hands-on application, providing a comprehensive learning experience for all attendees. Overall, Rakam's talk left participants with a heightened understanding of clinical pharmacy activities and a renewed focus on precision in their practice.

Session 2 – Steps to become a registered Pharmacist in the USA by Professor Satheesh. S. Gottipati

Professor Satheesh S. Gottipati delivered an exceptionally detailed and informative presentation on the steps to become a registered pharmacist in the USA. He meticulously outlined each step of the process, providing a clear roadmap for aspiring pharmacists. His presentation included the latest updates on licensure requirements, fee structures, and examination processes. Professor Gottipati's ability to present complex regulatory information in an accessible manner made this session particularly valuable. Attendees left the talk equipped with a comprehensive understanding of the pathway to becoming a registered pharmacist in the United States, along with practical insights into navigating the various administrative and educational requirements.

Session 3- Clinical pharmacy activities at different setups in India and hands-on training sessions by Dr. Akshara and Dr. Divya - MS Ramaiah

The clinical pharmacy activities at various setups in India, coupled with hands on training sessions encompassed a diverse range of practical experiences in the field. Participants engaged in real-world clinical scenarios across different healthcare settings in India. Dr. Akshara and Dr. Divya led hands on training sessions, providing a valuable insights and practical skills to enhance the participants understanding of clinical pharmacy practices. These activities aimed to bridge the gap between theoretical knowledge and its application in clinical settings, contributing to the professional development of those involved.

Session 4- Clinical pharmacy as a foundation for Enhancing Patient Care through Medical affairs and Clinical research - talk by Dr. Gayatri Suresh

The talk by Dr. Gayatri Suresh on "Clinical Pharmacy as a foundation for enhancing patient care through medical affairs and Clinical research" served as a comprehensive exploration of the pivotal role clinical pharmacy plays in advancing patient care within realms of medical affairs and clinical research. Dr. Gayatri Suresh emphasized how clinical pharmacy forms a

Scanned with CamScanner

crucial foundation in these domains, providing a bridging between pharmaceutical services and patient-centred healthcare. The discussion likely to delved into the integration of clinical pharmacy expertise in medical affairs activities, such as medical information, education and engagement with healthcare professionals. Additionally, insights into leveraging clinical pharmacy skills in designing and conducting clinical research were likely highlighted. Overall, Dr. Gayatri Suresh's talk likely provided a holistic perspective on the intersection of clinical pharmacy, patient care and its integral role in medical affairs and clinical research.

Session ended with a vote of thanks by Dr Manoj Kumar, Assistant Professor, Department of Pharmacy Practice, COPS.

We thank Dr. Mahadevamma L, Convener of the Event for organizing this Event. Expressing gratitude to the Chief Guest, Dean, Principal, Faculty, Pharm D Interns and all the participants.

No. of Participants: 240

Outcomes:

1) Develop curriculum modules addressing appropriate antimicrobial use, infection control practices, and resistance prevention strategies, equipping future healthcare professionals with the necessary skills to combat Antimicrobial Resistance.
2) Empower participants to integrate Artificial Intelligence concepts into curriculum development, preparing students to apply AI technologies in clinical practice and fostering innovation in patient care and research.
3) Symposium facilitated a robust exchange of knowledge and experiences between physicians, professors, and pharmacists from the USA and India.
4) Fostered a collaborative learning environment that promotes the sharing of best practices and innovations in clinical pharmacy services.
5) Created a platform for networking among healthcare professionals, encouraging the establishment of connections and collaborations between Indian and US participants.
6) Empowered pharmacists with the latest advancements in technology and methodologies relevant to clinical pharmacy.
7) Encouraged the sharing of research findings and ongoing studies to stimulate further exploration in patient care.
8) Facilitated a meaningful knowledge exchange between the US students and their Indian counterparts, fostering cross-cultural understanding and collaboration.

Scanned with CamScanner

9) Explored policy implications and regulatory aspects related to advanced clinical pharmacy services in both countries.

Summary:

Dr. Anju Jose anchored the whole session.

Dr. N.M. Raghavendra welcomed the gathering with his introductory remarks. He emphasized the importance of the day and thanked the guest who graced the day with their presence.

Dr. Pushpa Sarkar gave her opening remark and motivated the faculties to on Enhancing Patient Care and exploring the Advanced Clinical Pharmacy Services bridging India and USA.

Dr. Ashwani Dhar highlighted the advances in technology and the utilisation of AI in healthcare.

Dr. Vijay Yeldandi focused on antimicrobial resistance with special emphasis on "One health and One Planet"

Dr. Chandra Sekar discussed on the process of FullBright Scholarship application.

Dr. Satheesh. S gave an in-depth session on Pharmacist registration in the USA.

Dr. Gayathri Suresh highlighted on the Clinical Research associate role of Pharm.D professionals and also emphasized on the opportunities for Pharm.D graduates.

Dr. Akshara C.R and Dr. Divya Bharathi provided hands on training on performing various clinical pharmacy activities at hospital settings.

Dr. Manoj Kumar gave the vote of thanks and he expressed his gratitude to the Speakers, Management, Principal, Faculties, Participants and Volunteers for their invaluable support for the smooth conduct of the international symposium.

Course of the event:

1. Welcome and Introductory Speech
2. Pre-symposium interactions with US Interns.
3. Speaker sessions and panel discussion
4. Felicitation of Speakers

CIRCULAR

DEPARTMENT OF PHARMACY PRACTICE

To gain a deeper understanding of Pharmacist's role in patient care, therapeutic management and inter professional collaboration, Department of Pharmacy Practice is organizing a guest talk on **"Case dissection from a clinical pharmacist perspective".**

The main objective of the guest talk is to dissect real-life clinical cases through the lens of a clinical pharmacist, exploring the intricacies of medication management, therapeutic decision-making, and patient care.

We welcome all Pharm. D. Students to attend this guest talk and make it a grand success.

Venue- Classroom 1.07, CD Sagar building, KS layout, COPS, DSU

Date- 27-02-2024.

EVENT REPORT

Event – Guest talk on *"Case dissection from a Clinical Pharmacist perspective"*

Date and time - 27/02/2024, 10:00am - 12:00pm

Venue – 1.07, C. D. Sagar building, KS Layout campus, DSU

About the event – The Department of Pharmacy Practice, College of Pharmaceutical Sciences, DSU, conducted a guest talk on Case dissection from a clinical pharmacist perspective on 27/02/2024. The event commenced with an introductory remark by Dr. Pravalika S, Ph.D. Scholar, Department of Pharmacy Practice, followed by warm welcome address by the Principal, Dr. N.M. Raghavendra.

The event speaker, Dr. Satheesh S. Gottipati, is a seasoned clinical pharmacist with many years of experience in the field. His expertise and profound knowledge in pharmacotherapy and patient care provided a solid foundation for the discourse.

The speaker introduced the SOAP format - **S**ubjective, **O**bjective, **A**ssessment, and **P**lan - as a structured approach to organizing clinical information. He elucidated how each component contributes to comprehensive evidence collection and analysis.

Attendees gained valuable insights into gathering subjective information from patient narratives, objective data from clinical assessments, and how to synthesize this information into a coherent assessment of the patient's condition. Through real-life case examples, the speaker demonstrated the application of the SOAP format in analyzing complex clinical scenarios. He also highlighted the importance of critical thinking and clinical judgment in formulating appropriate assessments and plans for patient care.

A focal point of the talk was the preparation of FARM (Findings, Assessment, Recommendation, Monitoring) notes. The speaker provided practical tips on structuring FARM notes to communicate key clinical findings, assessments, recommendations, and monitoring parameters effectively. Participants had the opportunity to delve deeper into specific aspects of case dissection and seek clarification on complex topics.

In conclusion, the guest talk on case dissection from a clinical pharmacist perspective was both enlightening and enriching. Attendees left with a deeper understanding of the SOAP format, enhanced analytical skills, and practical tools for FARM note preparation, empowering them to excel in clinical practice.

The event concluded by the vote of thanks delivered by Dr. Mahadevamma L., Head of the department, Pharmacy Practice, COPS, DSU.

Objectives

- The primary goal of this workshop is to transmit the knowledge and skills necessary to use, comprehend and operate sophisticated instrument Gas chromatography.

- The participant will gain a competitive edge in today's cutting-edge technology by getting trained on the instrumentation and functions of HPLC at **Embiotic Laboratories** Pvt. Ltd., Bengaluru.

Outcomes

- The workshop provides basic understanding of GC and HPLC.
- Best practices in GC and HPLC.
- Practical Applications of GC and HPLC in the industry.

About the Event: (100 words)

The Department of Pharmaceutical Chemistry, College of Pharmaceutical Sciences, organized a Workshop on Analytical Techniques "Hands-on training: GC and HPLC" on 23rd & 24th February 2024 in collaboration with Embiotic Laboratories. Dr. N. M. Raghavendra, Principal; Dr. Pushpa Sarkar, Dean, School of Health Sciences, Mr.Gopalkrishna D and Dr. Srikanth Kanithi chaired the dias. Participants experienced theoretical insights and practical skills on GC and HPLC.

No. of students Participated: 60

Faculty Coordinators:

1. Dr. K.B.Premakumari, Associate Professor, R&D, Convener, COPS
2. Dr. Kalpana Divekar, HOD, Dept of Pharmaceutical Chemistry, Coordinator, COPS

Scanned with CamScanner

Outcomes:

- Enhance participants' practical skills in applying these techniques.
- In-depth knowledge of various analytical techniques.
- Insights into the latest advancements in analytical chemistry.
- Networking opportunities with professionals in the field.

Summary:

Dr. K.B. Premakumari Convener, anchored the session and she welcomed the guests, a student sung a prayer song.

Dr. NM Raghavendra, Principal addressed the gathering. He emphasized the importance of Workshop on Analytical Trechniques.

Dr. Pushpa Sarkar highlighted the importance of the workshop.

Mr. Gopalkrishna addressed the gathering discussed the components of HPLC and GC system including pumps, injectors, columns and detectors.

Dr. Kalpana Divekar, HOD, Dept. of Pharmaceutical Chemistry delivered vote of thanks.

vote of thanks, she expressed the gratitude to the resource person, management, Dean, Principal and participants.

High-Tea break: 15 minutes

The Speakers addressed the gathering on the following topics

Day 1

1. **Morning session** was commenced by Mr. Anand Raju Goal Product Specialist Spincotech, India, and Mr. Dushyanth Hegde Manager (Application Support South IndiaRegion) Toshvin Analytical, India. They gave an Overview of the importance and scope of analytical techniques in various industries. They aimed to provide hands-on experience, theoretical insights, and practical skills essential for the effective utilization of GC and HPLC in analytical processes.
2. **Afternoon session** included the hands-on training session where the students were divided into different batches and were provided with an in-depth understanding of the instruments. Participants actively engaged in practical sessions where they operated gas chromatography instrument, prepared and injected samples, and analyzed chromatograms. This hands-on approach provided participants with a

Scanned with CamScanner

tangible experience of using GC instruments and HPLC instruments. This hands-on approach allowed them to apply theoretical knowledge in a real-world context.

Day 2

Morning Session

1. The day commenced by gracefully welcoming Dr. Srikanth Kanithi Group Leader in Quality Assurance Strides Pharma Science Limited, Bengaluru. He provided insight into the current opportunities within the pharmaceutical sector, highlighting key areas of growth and potential for professionals and investors. The pharmaceutical sector presents a spectrum of opportunities across research, manufacturing, technology, global markets, and regulatory affairs. Professionals and investors can capitalize on these trends to contribute to the industry's growth and success.
2. QbD in the pharmaceutical industry promotes a holistic and proactive approach to ensure product quality. By integrating scientific principles and risk management, QbD enhances efficiency, reduces costs, and fosters regulatory compliance.
3. **Afternoon session** involved a visit to the Embiotic Laboratories Pvt Ltd. Bengaluru. The primary objectives of the visit were to understand to explore diverse applications of HPLC in research and industry. The participants and faculties were welcomed warmly by Dr. Harish Jain. The participants were divided into 2 batches and a demonstration of HPLC was given. It not only bridged the gap between theoretical learning and practical application but also inspired participants with a deeper understanding of the industry's dynamics.

CIRCULAR

This nobel prize lecture series will host interactive speeches on the Nobel Prizes topics 2023 in the field of medicine, physics, chemistry, literature, economics, and peace. The lecture series will highlight the discoveries of Nobel prize topics; its importance and greatest benefits to humankind leading to sustainable development and to reinforce positive attitude and values towards novel cause, COPS, DSU proposes to conduct "**Nobel Prize Lecture Series 2023**" on **8th, 15th and 21st December 2023** through online mode.

We are sure that this initiative of COPS, DSU, will be a contribution to exchange the ideas and knowledge. This platform is open for the participation of scientific and non-scientific community from Academia and Industry.

All students and faculty are requested to participate in " **Nobel Prize Lecture Series 2023** enthusiastically and make the event a huge success.

1st week, Friday-8th Dec 2023

COLLEGE OF PHARMACEUTICAL SCIENCES

Dr. N. Madhusudana Rao
CEO, AIC-CCMB,
Retd. Scientist G at CCMB, India

Medicine: For their discoveries concerning nucleoside base modifications that enabled the development of effective mRNA vaccines against COVID-19

Dr. N. Madhusudhana Rao is working as CEO, AIC-CCMB, Retd. Scientist G at CCMB. Presently his group is interested in two projects: a, protein engineering and proteins at interfaces; B, Cell biology of gene delivery especially with cationic lipids. He is the coordinator of the CSIR network program on nanomaterials and nanodevices, involving several institutions.

Physics: For experimental methods that generate attosecond pulses of light for the study of electron dynamics in matter

Dr. Gopal Dixit is currently serving as Associate Professor in the department of Physics, IIT, Bombay, India. His research focuses on Attosecond Physics, Ultrafast X-ray Science, Quantum Technologies, Coherent Control, and Chemical Physics. Dr. Dixit also worked as Visiting Professor, CNRS-Universite de Lorraine, Metz France and also Guest scientist, Max-Born Institute Berlin, Germany

Dr. Gopal Dixit
Associate Professor
Indian Institute of Technology Bombay, India

Program Schedule

Time	Program Detail	Program Owner
06:50 to 06:55 PM	Opening remarks	Dr. N.M. Raghavendra, Principal, COPS, DSU
06:56 to 07:00 PM	COPS Profile	Saptaranga Team
07:01 to 07:02 PM	Introduce speaker	Dr. Geetha KM, Professor, COPS, DSU
07:03 to 07:40 PM	Lecture on Medicine	Dr. N. Madhusudhana Rao, CEO, AIC-CCMB, India
07:41 to 07:43 PM	Introduction to Speaker	Dr. Vanaja K, Professor, COPS, DSU
07:44 to 08:25 PM	Lecture on Physics	Dr. Gopal Dixit, IIT, Bombay, India
08:26 to 08:28 PM	Closing remarks	Dr. Archana, Assistant Professor, COPS, DSU

www.dsu.edu.in/pharmacy

COLLEGE OF
PHARMACEUTICAL SCIENCES

2nd week, Friday-15th Dec 2023

Dr. Ram Kuntal Hazra
Associate Professor
Delhi University, India

Chemistry: For the discovery and synthesis of quantum dots

Dr. Ram Kuntal Hazra is currently serving in the Department of Chemistry as an Associate Professor. His research group mainly focusses on development of many-body interactions in lateral (electrical) and transverse (magnetic) confinements by Coulomb's Green function in generic coordinates. Condensed matter physics generally deals with electron-electron, electron-hole, and electron-phonon interactions.

Literature: For his innovative plays and prose which give voice to the unsayable

Mr. Mihir established an English language institute in 1984, which transitioned to online services in 2020. He is a writer and translator with 28 titles and more than 900 articles to his credit. Currently, he holds the position of Deputy Registrar at Metropolitan University, Sylhet, Bangladesh, and is an Adjunct Faculty in various departments.

Mr. Mihir Kanti Choudhury
Deputy Registrar
Metropolitan University, Bangladesh

Program Schedule

Time	Program Detail	Program Owner
06:50 to 06:55 PM	Opening remarks	Dr. N.M. Raghavendra, Principal, COPS, DSU
06:56 to 07:00 PM	COPS Profile	Saptaranga Team
07:01 to 07:02 PM	Introduction to Speaker	Dr. Prashant Tiwari, Associate Professor, COPS, DSU
07:03 to 07:40 PM	Lecture on Chemistry	Dr. Ram Kuntal Hazra, Delhi University, India
07:41 to 07:43 PM	Introduction to Speaker	Dr. Sonal Dubey, Professor, COPS, DSU
07:44 to 08:25 PM	Lecture on Literature	Mr. Mihir Kanti Choudhury, Metropolitan University, Bangladesh
08:26 to 08:28 PM	Closing remarks	Dr. Seema Rathore, Assistant Professor, COPS, DSU

COLLEGE OF
PHARMACEUTICAL SCIENCES

3rd week, Thursday-21 Dec 2023

Dr. Michael Strange
Associate Professor
Department of Global Political Studies, Sweden

Economics: For having advanced our understanding of women's labour market outcomes

His research and teaching is radically interdisciplinary but focused on core questions of political agency and democratic engagement. In that context he works on Artificial Intelligence, health, trade, and migration. He has published in journals and books within Global Political Economy, Civil Society, Media, Political Science, Critical Geography, Participatory Design, and AI.

Peace: Peace for progress of mankind.

Prof (Dr.) V. Aswatha Ramaiah has authored books titled 'A Celebration Called Life', 'Redefining Husband Wife Relationship', 'Success through' English Alphabets' etc. He has produced a video film titled 'Parivartane' with film actors and professionals. He is engaged in a number of CSR activities like conducting Training Programs for Orphanages, Old Age homes, NGOs, Government Offices etc.

Prof V. Aswatha Ramaiah
Head Unique Consultant, India

Program Schedule

Time	Program Detail	Program Owner
06:50 to 06:54 PM	Opening remarks	Dr. N.M. Raghavendra, Principal, COPS, DSU
06:55 to 06:57 PM	COPS Profile	Saptaranga Team
6:58 to 07:00 PM	Introduction to Speaker	Dr. Sunil Kumar, Associate Professor, COPS, DSU
07:00 to 07:40 PM	Lecture on Economics	Dr. Michale Strange, Department of Global Political Studies, Sweden
07:41 to 07:43 PM	Introduction to Speaker	Dr. Sajeev Kumar B, Professor, COPS, DSU
07:44 to 08:25 PM	Lecture on Peace	Prof. V. Aswatha Ramaiah, Head Unique Consultant, India
08:26 to 08:30 PM	Vote of Thanks	Dr. Manoj Kumar, Associate Professor, COPS, DSU

COLLEGE OF
PHARMACEUTICAL SCIENCES

OBJECTIVES

- This virtual lecture series provides a platform to highlight the Nobel Prize discoveries 2023, narrated by eminent scientists on outcome of the discoveries and its benefits to the welfare of mankind.
- The event may be a torchbearer for the Millennials who look forward to the innovations.
- The platform will create a link between eminent scientist across the globe and budding scientists.

EXPECTED OUTCOMES

- The event will ignite the young minds on the innovations that can be translated into useful products.
- Young scientists across the globe will be benefited by the knowledge and expertise shared by the resource persons.
- The event also showcases and values the discoveries and the effort made by Nobel Laureates in creating models and contributing to the benefit of the world community.
- Youth will be motivated on innovative approaches, developing new solutions to the challenges the world faces today.

COLLEGE OF
PHARMACEUTICAL SCIENCES

About College of Pharmaceutical Sciences (COPS)

Dayananda Sagar College of Pharmacy was started in 1981 to cater to the needs of Pharmacy Education in India under Rajiv Gandhi University of Health Sciences, Karnataka. In the year 2015, the institution was renamed "College of Pharmaceutical Sciences" and merged as a branch of the School of Health Sciences, affiliated with Dayananda Sagar University. The college is recognized by PCI, New Delhi; and the Government of Karnataka; It is also a recognized Scientific and Industrial Organization by DSIR, Govt of India. The COPS offers B. Pharm, M. Pharm, Pharm D, and Ph.D. programs in Pharmaceutical Chemistry, Pharmacology, Pharmaceutics, Pharmacognosy, and Pharmaceutical Analysis. The College has vibrant clusters of innovation ecosystems focused on drug discovery and development; in collaboration with industrial partners and research organizations. It also has an excellent pharmacy practice department dedicated to the betterment of the healthcare community in association with Sagar hospitals, and Dr. Chandramma Dayananda Sagar Institute of Medical Education and Research

About Dayananda Sagar University (DSU)

Dayananda Sagar University is a private university; it has four different campuses in Karnataka. DSU is a proud member of the Dayananda Sagar Institutions family, founded by Late Sri Dayananda Sagar in the early sixties. DSU has morphed into a global education powerhouse, spread over four campuses, catering to the education needs of over 17,000 students. Operating under the aegis of the Mahatma Gandhi Vidya Peth Trust in Bengaluru, DSI has enabled the transformation of tens of thousands of young Indians and international citizens into professionals in diverse specializations such as Health Sciences, Engineering, Computer Applications, Arts, and Management in the Bachelor, Master, and Ph.D. levels. Supporting the academic activities are the Centers of Excellence in Drug Discovery, HealthCare, ICT, Energy, and Life Science, among other fast-evolving fields of study. Research, Innovation, and Incubation (spread over 25,000 sq ft of industry quality labs) form the core of DSU.

Patrons

- Dr. D. Hemachandra Sagar, Chancellor, DSU
- Dr. D. Premachandra Sagar, Pro Chancellor, DSU

Advisory Committee

- Dr. K.N.B. Murthy, Vice-Chancellor, DSU
- Dr. Puttamadappa C, Registrar, DSU
- Dr. Pushpa Sarkar, Dean, SHS DSU

Organizing Chairman

- Dr. N.M. Raghavendra, Principal, COPS, DSU

Convenor

- Dr. Prashant Tiwari, Associate Professor, COPS, DSU

Executive Committee

- Dr. Geetha KM, Professor, COPS, DSU
- Dr. Vanaja K, Professor, COPS, DSU
- Dr. Sonal Dubey, Professor, COPS, DSU
- Dr. Sajeev Kumar B, Professor, COPS, DSU
- Dr. Vijay Kumar M, Associate Professor, COPS, DSU
- Dr. Archana Prabhu, Assistant Professor, COPS, DSU
- Ms. Seema S. Rathore, Assistant Professor, COPS, DS

Saptaranga Team

- Ms. Madhumitha, President, Saptaranga, COPS, DSU
- Mr. Sai G. Kathik Secretary, Saptaranga, COPS, DSU
- Mr. Sharavana, Joint Secratory, Saptaranga, COPS, DSU

Registration Link

Register Now!

https://rb.gy/r1sm5p

Event Format

Two virtual talks of 40 min each on every Friday from 2nd week of December to 3rd week of December 2023.

Timings: 7:00-8:30 PM (IST)

Online platform: Zoom Meeting

Who can attend the program

Academicians, Scientists, Research Scholars, and Students of Technology, Science, Management, Literature, Architecture, and Allied Health Science.

FREE REGISTRATION AND E-CERTIFICATE SHALL BE PROVIDED TO THE DELEGATES

About the Event: (100 words)

This nobel prize lecture series-2023 hosted interactive speeches on the Nobel Prizes topics 2023 in the field of medicine, physics, chemistry, literature, economics, and peace held on 8th, 15th, & 21st December 2023, 07:00 PM-08.30 PM. The lecture series highlighted the discoveries of Nobel prize topics; its importance and greatest benefits to humankind leading to sustainable development. This was an open platform for the participation of scientific and non-scientific community from Academia and Industry.

No. of students Participated: 200

Faculty Coordinators:

1. Dr. Prashant Tiwari, Convenor, COPS, DSU
2. Dr. Geetha KM, Professor, COPS, DSU
3. Dr. Vanaja K, Professor, COPS, DSU
4. Dr. Sonal Dubey, Professor, COPS, DSU
5. Dr. Sajeev Kumar B, Professor, COPS, DSU
6. Dr. Vijay Kumar M, Associate Professor, COPS, DSU
7. Dr. Archana Prabhu, Assistant Professor, COPS, DSU
8. Ms. Seema S. Rathore, Assistant Professor, COPS, DS

Outcomes:

1. The event was igniting the young minds on the innovations that can be translated into useful products.
2. Young scientists across the globe were benefited by the knowledge and expertise shared by the resource persons. The event also showcases and values the discoveries and the effort made by Nobel Laureates in creating models and contributing to the benefit of the world community.
3. Youth was motivated on innovative approaches, developing new solutions to the challenges the world faces today.

Summary:

Ms. Seema Rathore, anchored the whole session of the dayone and she welcomed guests, principal and auidances.

Dr. N M Raghavendra, welcomed the gathering with the opening remarks. He emphasized the importance of nobel prize.

Dr. Geetha KM and **Dr. Vanaka K,** introduced speaker to the audience rspectively.

Dr. N Madhusudhan Rao addressed the gathering on Medicine and **Dr. Gopal Dixit** addressed the gathering on Physics.

Dr. Prashant Tiwari and **Dr. Sonal Dubey,** introduced speaker to the audience rspectively.

Dr. Ram Kuntal Hazra addressed the gathering on Chemistry and **Mr. Miit Kanti Choudhury** addressed the gathering on Literature.

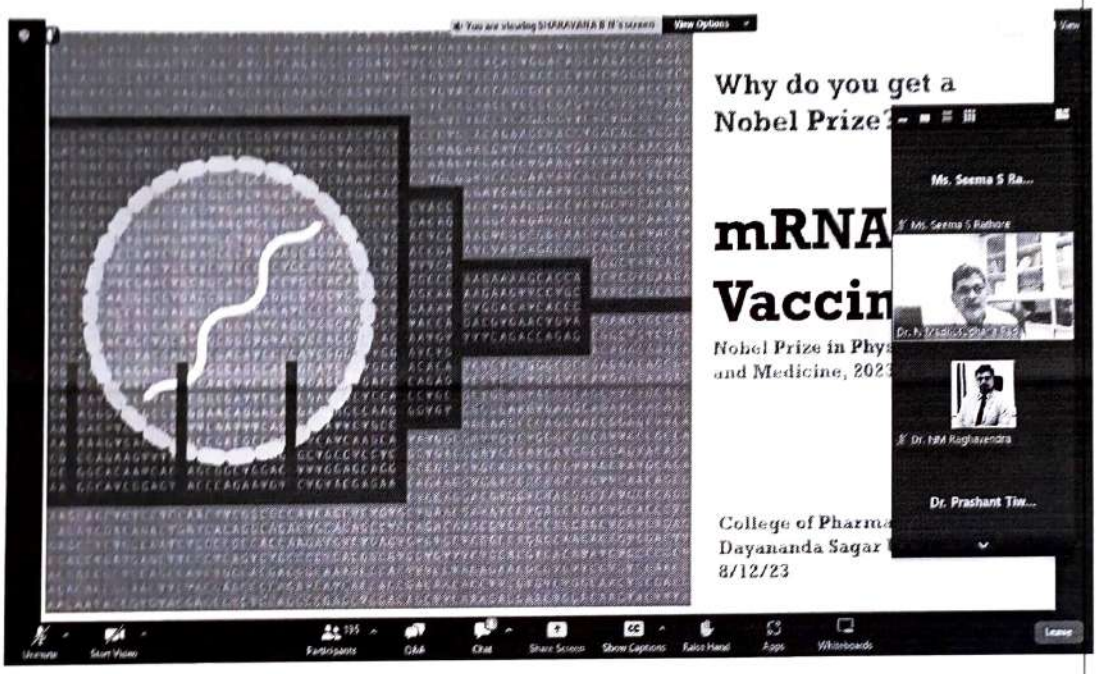
Dr. Sunil Kumar and **Dr. Sajeev B,** introduced speaker to the audience rspectively.

Dr. Michale Stage addressed the gathering on Econimocs and **Prof. V. Aswatha Ramaiah** addressed the gathering on Peace.

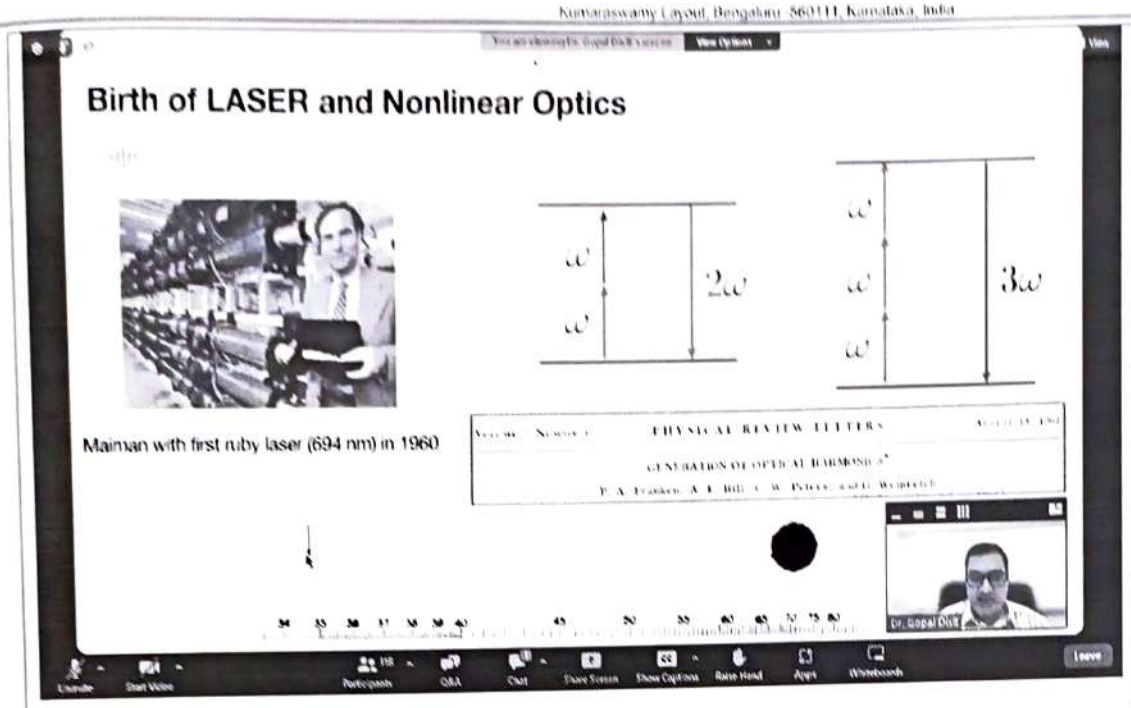
After the talk was over, Speaker was honored by the Principal.

Dr. Ms Seema, Dr. Pravalika and Ms. Pallavi, gave the closing remarks respectively.

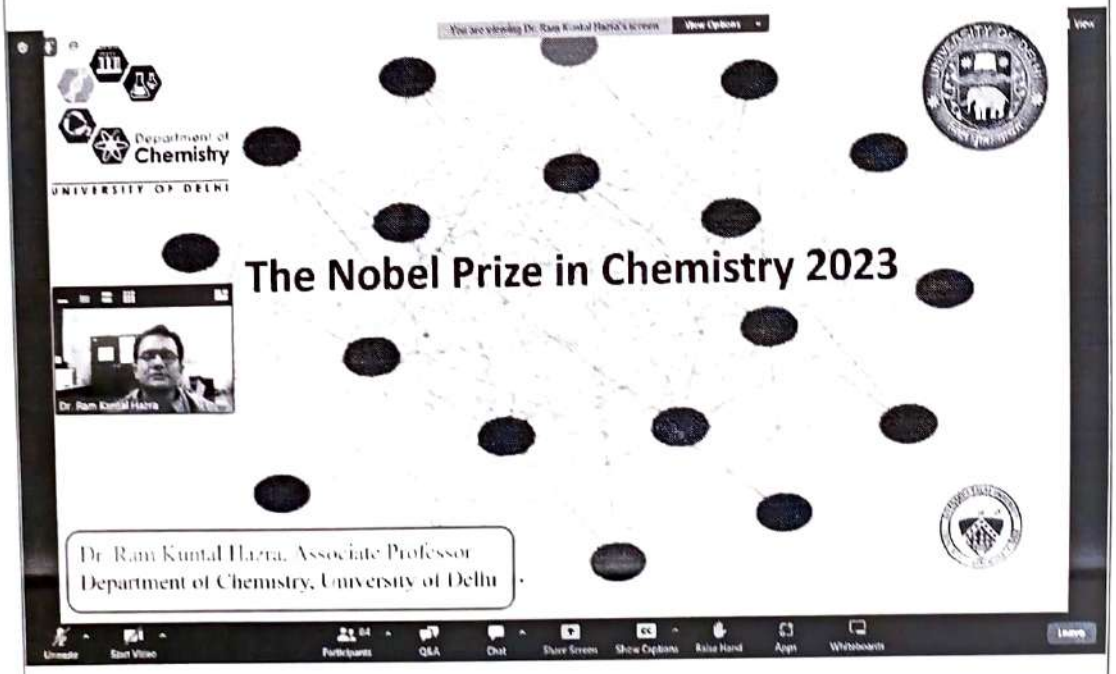
Dr. Manoj Kumar gave vote of thanks, he expressed the gratitude to the resource person, management, principal and participants.



Week 1 (8/12/2023): Dr. N. Madhusudhana Rao giving a talk during Nobel Prize **Lecture Series on medicine.**

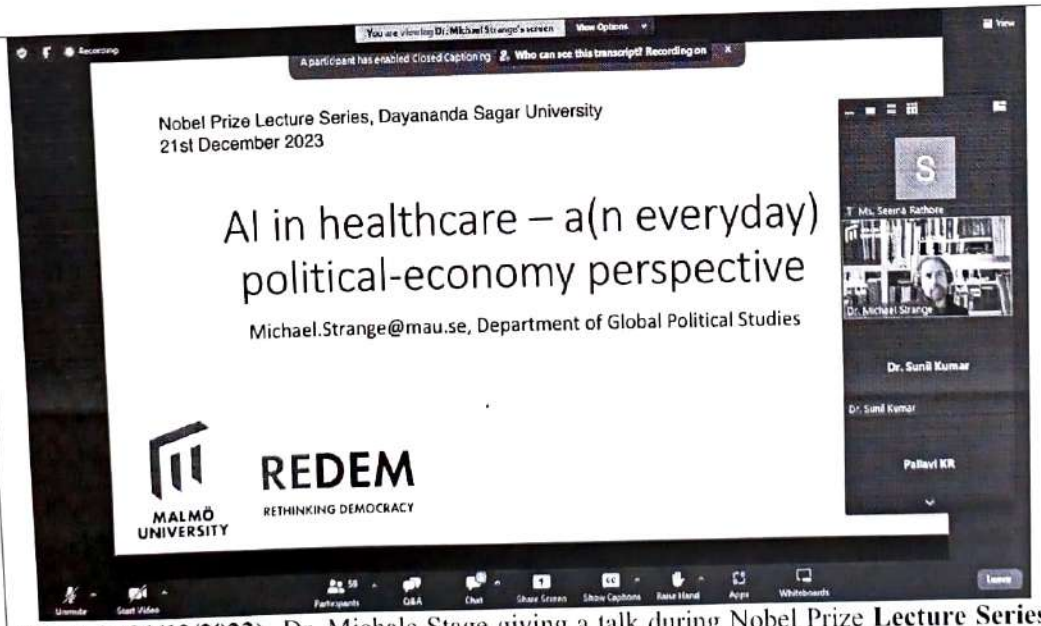


Week 1 (8/12/2023): Dr. Gopal Dixit giving a talk during Nobel Prize **Lecture Series on physics.**



Week 2 (15/12/2023): Dr. Ram Kumtal Hazra giving a talk during Nobel Prize **Lecture Series on Chemistry**

Week 2 (15/12/2023): Mr. Mihir Kanti Choudhury giving a talk during Nobel Prize **Lecture Series on Literature**



Week 3 (21/12/2023): Dr. Michale Stage giving a talk during Nobel Prize **Lecture Series on Economics**

CDD 2023
CONVENTION ON DRUG DISCOVERY AND DEVELOPMENT

CONVENTION ON DRUG DISCOVERY AND DEVELOPMENT

Blueprints from Target to Clinical Candidate

Organised by

College of Pharmaceutical Sciences

Dayananda Sagar University Bengaluru

In Association with

Karnataka Drugs And Pharmaceuticals Manufacturer's Association

BANGALORE BIOINNOVATION CENTRE

Dates :

18th & 19th October 2023

Venue:

PC Sagar Auditorium, Campus - I

Kumaraswamy Layout, Bengaluru - 560111, Karnataka

Website: https://www.dsu.edu.in/pharmacy/cdd/

GISTER NOW

ABOUT CDD-2023

The Convention is aimed to highlight the latest developments in the field of drug discovery and development. The program will feature discussions on Pharma drug discovery, pharma industrial revolution, artificial intelligence, digital transformation with technological changes, pharma engineering and clinical research. The meeting will bring together the senior executives of pharma industry making the big decisions for a high-level strategic deliberation that will shape the future of the drug discovery, and research.

The convention will have a gathering of pharmaceutical professionals, scientists, medical specialists, clinical scientists, technologists, and other healthcare professionals. This global meeting is a platform where stakeholders will have a chance to share and discuss the future challenges, benefits of various innovative approaches in pharmaceutical technology enabling futuristic drug discovery and development for a global need. The sessions include opinion to decision making, exhibition, networking with peers, to high-end conference. The comprehensive program agenda will include presentations from global regulatory and industry experts who will share recent case studies and current trends in the field of pharmaceutical drug discovery and research. A QA session and panel discussion will be also held.

The program will be held for 2 days and includes 7 - 8 keynote talks with oral/poster presentations to be held for research scholars.

Who can participate?

Delegates from Health Care and Clinical services / Pharma Industry/ Entrepreneurs – Startup / Research Scholars, Faculties – Pharmacy / Clinical Pharmacy / Health Sciences / Allied Health Sciences, Biotechnology, life sciences, AI / Bioinformatics and Bioengineering, clinical research organizations.

About DSU

Dayananda Sagar University is a private university; it has three different campuses in Karnataka. DSU is a proud member of the Dayananda Sagar Institutions family, founded by Late Sri Dayananda Sagar in the early sixties. DSU has morphed into a global education powerhouse, spread over four campuses, catering to the education needs of over 17,000 students. Operating under the aegis of the Mahatma Gandhi Vidya Peth Trust in Bengaluru, DSI has enabled the transformation of tens of thousands of young Indians and international citizens into professionals in diverse specializations such as Health Sciences, Engineering, Computer Applications, Arts, and Management in the Bachelor, Master, and Ph.D. levels. Supporting the academic activities are the Centers of Excellence in Drug Discovery, HealthCare, ICT, Energy, and Life Science, among other fast-evolving fields of study. Research, Innovation, and Incubation (spread over 25,000 sq ft of industry quality labs) form the core of DSU.

About COPS

Dayananda Sagar College of Pharmacy was started in 1981 to cater to the needs of Pharmacy Education in India under Bangalore University, later Rajiv Gandhi University of Health Sciences, Karnataka. In the year 2015, the institution was renamed "College of Pharmaceutical Sciences" and merged as a branch of the School of Health Sciences, affiliated with Dayananda Sagar University. The college is recognized by PCI, New Delhi; and the Government of Karnataka; It is also a recognized Scientific and Industrial Organization by DSIR, Govt of India. The COPS offers B. Pharm, M. Pharm, Pharm D, and Ph.D. programs in Pharmaceutical Chemistry, Pharmacology, Pharmaceutics, Pharmacognosy, and Pharmaceutical Analysis. The College has vibrant clusters of innovation ecosystems focused on drug discovery and development; in collaboration with industrial partners and research organizations. It also has an excellent pharmacy practice department dedicated to the betterment of the healthcare community in association with Sagar hospitals, and Dr. Chandramma Dayananda Sagar Institute of Medical Education and Research.

About Bangalore Bioinnovation Centre (BBC)

BBC is a research and development centre under Govt. of Karnataka dedicated to bring cutting-edge life science innovation from bench to bedside through collaboration with Biotech and academia. BBC is based in the midst of Bangalore Helix Biotechnology Park, Karnataka, India and is one of the world's most vibrant life science ecosystems. BBC provides innovators with access to the information and tools they need to take their ideas to the next level.

https://www.bioinnovationcentre.com/about-bbc

About Karnataka Drugs & Pharmaceuticals Manufacturer's Association (KDPMA)

KDPMA is the Apex body of the Pharmaceutical Manufacturers in Karnataka and has members from Small, Medium, and Large-Scale Units, Government Enterprises and Multinationals operating from Karnataka, with collective turnover of approx. Rs. 12,500 Crores, export sales of approx, Rs.5,200 Crores. KDPMA has embarked on an 'awareness program' to find a rightful place for the well-developed drugs and pharmaceutical industry on Karnataka's industrial road map. KDPMA will continue to work with the Government to establish priority sector status to drugs and pharmaceutical industry. KDPMA will continue to prevail on the Government to address the IPR issues on drugs and pharmaceutical based on bio-diversity, biotechnology, as well as newer chemistry-based drug. https://kdpma.org/index.php

OBJECTIVES

- Have deeper understanding of the current global state of drug discovery and development
- Comprehend Drug Discovery: From target to clinical candidate
- Promote multidisciplinary drug discovery research and emerging technologies
- Recognize opportunities to develop the knowledge and skills to work in industry / Clinical settings or go into further pharma research

OUTCOMES OF EVENT

- A highly interactive session with peers of global repute.
- A hybrid networking for professionals.
- A glimpse of technological advancements in drug discovery.
- Scope for pharma collaboration and clinical research advancements.
- Technical support and networking from bioanalytical equipment manufactures.

BENEFITS OF THE CONVENTION

- The delegates will have an insight of future technology advancements in various sectors of R&D, pharma manufacturing, QA, QC, clinical trials and pharmacovigilance etc.
- A platform for career development amongst pharma graduates.
- An occasion to interact with key stake holders to build networking & international linkage for future collaborations in their career path.
- A venue to observe the sophisticated bio analytical instruments from leading global manufactures and an occasion to interact in shaping the R&D facility and for business exchange.
- An event for collaboration and translational research leading to innovation and technology transfer.
- The convention will have poster and oral presentation with due recognition for awards.

CDD 2023
CONVENTION ON DRUG DISCOVERY AND DEVELOPMENT

SCIENTIFIC SESSIONS

Session Tracks

1. Computer Aided Drug Design
   AI & ML in Pharmaceutical Industry
   Synthetic and Natural Product Chemistry
   Pharmaceutical and Medicinal Chemistry
2. Cell biology & Proteomics
   Pharmacology & Toxicology
   Pharmaceutical Microbiology
3. Formulation and Development
   Nanomedicine & Advanced Drug Delivery Systems
4. Clinical Trials & Case Studies
   Translational Research & Personalized Medicine
   Pharmacovigilance & Drug Safety
5. Regulatory and Quality Management
   Intellectual Property Rights in Pharmaceutical Research

Highlights of the Convention

- National and International Speakers
- Plenary Sessions
- Panel Discussion
- Pharma Expo
- Scientific Presentations (Oral /Poster)
- Awards and Cash prizes
- Special track for PhD scholars for oral presentation.

*All proceedings, and selected full length article to be published in Scopus Index Journal (Conditions apply).

Scopus

Distinguished Awards in Research

- Innovative Researcher (Student category) 2023
- Teacher-Researcher Award-2023
- Principal of the Year 2023

Awards & Prizes

CDD-2023

ORAL PRESENTATION

First	INR 6000/-
Second	INR 2500/-
Third	INR 2000/-

POSTER PRESENTATION

First	INR 4000/-
Second	INR 2000/-
Third	INR 1500/-

ABSTRACT SUBMISSION GUIDELINES FOR CDD 2023

- The abstract should be no more than 250 words long (Be concise and to the point)
- Title: The title should be concise and informative, and should accurately reflect the content of the abstract.
- Authors and Affiliations
- Introduction: The introduction should provide a brief overview of the research topic and the relevant literature.
- Methods: The methods section should describe the study design, the participants, the interventions, and the data collection and analysis methods.
- Results: The results section should present the key findings of the study in a clear and concise manner.
- Conclusions: The conclusions should summarize the main findings of the study and discuss their implications.
- Keywords: A list of keywords (5-7) should be included to facilitate indexing and retrieval of the abstract.
- Presentation preference: Oral/Poster
- Department:

Here are some additional tips for writing a strong structured abstract:

- Use clear and concise language. Avoid jargon and technical terms that may not be understood by the general audience.
- Use keywords that are relevant to your research topic. This will help people find your abstract when someone is searching for information on your topic.
- Proofread your abstract carefully before submitting it. Make sure there are no errors in grammar or spelling.

Extended Date:
Abstract Submission - Oral & Poster Presentation : 05/ 10/2023
Notification of Acceptance of Abstracts: 06/ 10/2023

Program Schedule

Day 1- 18-10-2023

8.00 am - 9.44 am	Registration	
	Inaugural Function	
9.45 am - 9.50 am	Welcome Address	**Dr. N.M Raghavendra** Principal, COPS, DSU.
9.51 am - 9.54 am	Lamp Lighting	Guests
9.55 am - 10.25 am	Inaugural and Keynote Address by Chief Guest	**Prof. Y.K Gupta, M.D.,** Principal Advisor, India Strategy Development, Govt. of India, GARDP, President, AIIMS- Vijaynagar, Jammu.
10.26 am - 10.30 am	Address by Guest of Honour	**Mr. Manoj Palrecha** President, Karnataka Drugs and Pharmaceutical Association (KDPMA), Karnataka.
10.31 am - 10.35 am	Address by Guest of Honour	**Dr. Veeranna S** Managing Director – Bioinnovation Centre (BBC), Govt. of Karnataka. Bangalore
10.36 am - 10.41 am	Presidential Address	**Dr. Pushpa Sarkar** Dean, School of Health Sciences (SHS), DSU, Bengaluru.
10.42 am - 10.45 am	Vote of Thanks	**Dr. Sajeev Kumar B** Convenor - CDD2023
10.45 am - 5.00 pm	Scientific Sessions Followed by cultural fest	

Day 2- 19-10-2023

9.00 am - 4.00 pm	Scientific Sessions & Presentations	
4.15 pm - 4.45 pm	Panel Discussion	
	Valedictory Function	
4.45 pm - 4.52 pm	Address by Special Invitee	**Mr. Harish Jain,** Director, Embiotic Laboratories, Bengaluru
4.52 pm - 5.00 pm	Address by Special Invitee	**Dr. Sunil Attavar** Chairman, Group Pharmaceuticals, Bengaluru
5.00 pm - 5.08 pm	Convention Report & Vote of thanks:	**Dr. Vijay Kumar M** Co-Convenor - CDD2023
5.08 pm - 5.30 pm	Awards & Cultural Fest	

CDD 2023
CONVENTION ON DRUG DISCOVERY AND DEVELOPMENT

CONVENTION ON DRUG DISCOVERY AND DEVELOPMENT

Blueprints from Target to Clinical Candidate

18th | 19th October, 2023

SCIENTIFIC SESSION

Chief Guest & Keynote Speaker

Prof. Y K Gupta, MD

Principal Advisor, India Strategy Development, Govt. of India

GARDP, President - AIIMS, Vijaynagar, Jammu

18th October 2023

Dr. Kenneth Barr

Senior Vice President - Discovery Services at Syngene International Limited, Bengaluru.

Drug Discovery

11.15 am- 11.55 am (Session : 1)

Dr. Latha Damle

Chief Scientific Officer, Atrimed Biotech, Bengaluru.

Phytomedicine in drug discovery and development

11.55 am- 12.35 pm (Session : 2)

Dr Mark Toleman

Professor, School of Medicine, Cardiff University, UK

Antimicrobial Resistance (AMR)

12.35 pm- 01.15 pm (Session : 3)

19th October 2023

Dr. Ziyue Karen Jiang

Senior Principal Scientist, Pfizer, San Diego, USA

In vivo Imaging and Pharmacology in Drug Development

11.00 am- 11.40 am (Session : 4)

Dr. Sridharan Rajagopal

Vice President- Head of Medicinal Chemistry-Jubilant Therapeutics Inc and Site Head Jubilant Therapeutics India Ltd, Bengaluru.

CADD and medicinal chemistry

11.40 am- 12.20 pm (Session : 5)

Dr. Jaganathan K.S

Deputy Director, Serum Institute India Pvt Ltd, Pune.

Vaccine Delivery - Formulation Challenges

12.20 pm- 01.00 pm (Session : 6)

College of Pharmaceutical Sciences

BENGALURU ATTRACTIONS

VIDHAN SOUDHA

Vidhana Soudha houses the state legislature of Karnataka, constructed in the Neo-Dravidian style of architecture this is one of Bangalore's most imposing buildings. The Vishana Soudha is known for the intricate woodwork on the insides of the building, including the Sandalwood door to the cabinet room and the speaker's chair that is made out of Rosewood from Mysore.

BANGALORE PALACE

If you wish to see a replica of the Windsor Castle in the middle of India, complete with Tudor and Scottish Gothic architecture, granite turrets, towers and battlements then a visit to the Bangalore Palace Is a must. Spread over a rambling 430 acres the Bangalore Palace was acquired by the King Chamarajendra Wodeyar in 1873 from its original owner Reverend J Garret who was then the principal of the Bangalore Central High School. A visit to Bangalore without visiting the Bangalore Palace is surely incomplete.

ISKON

The ISKCON an international society having 350 temples dedicated to Lord Krishna across the world. Among these, the temple in Bangaluru is the largest. It was inaugurated in 1977 by the President of India. Built atop a hillock, the temple offers the visitor an ethnic view of the surrounding. The architecture is a mix of neoclassical and Dravidian style, with four tall towers called gopurams.

LALBAGH

Literally translated as the "Red Garden" this is one of the star attractions of the city of Bangalore, the Lalbagh Botanical Gardens are spread over a sprawling 96 hectares and is rich in a variety of flora. This park was founded by Hyder Ali in the year 1760 who commissioned it as a private retreat for himself and wanted it be along the lines of the Mughal Gardens in Delhi. Tipu Sultan, Hyder Ali's son completed this garden and named it Lalbagh due to it's profusion of red roses.

MYSURU DASARA

Mysore Dasara is a Royal festival celebrating victory of truth over evil. Legend has it that the Goddess Chamundeeswari or Durga slew the demon Mahishasuran on Vijayadashami.

In Karnataka, Dasara is observed as State festival - Nadahabba, because of the celebration ofthe festival is steered by the Royal Family by performing special puja on the occasion of Dasara. In short it is grandeur religious and martial event with royal support.

Mysore is an enthralling destination for travellers, especially during Dasara. The illuminated Mysore Palace during celebrations draws tourists from all over the world. Nearly Rs. 10 millionis spent annually towards maintenance of the illumination alone and more than 25,000electric bulbs are replaced every year just before the Dasara festivities. The elephants for the Dasara processions are trained for the grand finale. Twelve handpicked Dasara jumbos will march on the procession route from Mysore Palace to Bannimantap twice a day.

10.42 am - 10.45 am	Vote of Thanks	**Dr. Sajeev Kumar B** Convener - CDD2023

Resource Person / Event Incharge:

1. Dr. Kenneth Barr, Senior Vice President, Discovery Sciences, Syngene International Ltd. Bengaluru
2. Dr. Latha Damle, Chief Scientific Officer, Atrimed Biotech, Bengaluru
3. Dr. Mark Toleman, Professor, Cardiff University, UK
4. Dr. Ziyue Karen Jiang, Senior Principal Scientist, Pfizer, San Diego, USA

5. Dr. Sridharan Rajagopal. Vice President-Head of Medicinal Chemistry-Jubilant Therapeutics Inc and Site Head Jubilant Therapeutics India Ltd. Bengaluru.
6. Dr. Jaganathan K.S. Deputy Director. Serum Institute India Pvt Ltd. Pune.

Panel discussion

Panel Discussion Speakers : Advances in Drug Discovery and Development

1. Dr. Maneesh Paul S. CEO. Microvioma. (Moderator)
2. Dr. Sridharan Rajagopal. Vice President-Head of Medicinal Chemistry- Jubilant Therapeutics Inc and Site Head Jubilant Therapeutics India Ltd. Bengaluru.
3. Dr. Guru Betageri. Professor of Pharmaceutical Sciences at Western University of Health Sciences. USA
4. Dr. Jaganathan K.S. Deputy Director. Serum Institute India Pvt Ltd. Pune.
5. Dr. N. M. Raghavendra. Professor and Principal. College of Pharmaceutical Sciences. DSU

Introducing Panel Members : Dr. Sajeev Kumar B & Dr. Vanaja K

About the Event: (100 words)

CDD2023 was organized by COPS. DSU in association with KDPMA and BBC Bengaluru. CDD2023 aimed to highlight the latest developments in the field of drug discovery and development. The program featured discussions on Pharma drug discovery. pharma industrial revolution. artificial intelligence. digital transformation with technological changes. pharma engineering and clinical research. The convention brought together an interaction with the senior executives of pharma industry and discussed on cutting edge topics The session topics included Pharma drug discovery. pharma industrial revolution. artificial intelligence. digital transformation with technological changes. pharma engineering and clinical research.

The convention had a gathering of 700 plus pharmaceutical professionals. scientists. medical specialists. clinical scientists. technologists. and other healthcare professionals from various universities and organizations. This global meeting was a platform to share and discuss the future challenges. benefits of various innovative approaches in pharmaceutical technology enabling futuristic drug discovery and development for a global need. Along with the speakers session. poster presentations. oral presentations were held for scholars two days. All oral and poster presentations were meticulously evaluated for awards and prizes.

Same time award for the best teacher research and best principal award was also announced. The sessions had opinion to decision making. exhibition. networking with peers. to high-end conference. The comprehensive program agenda included presentations from global

regulatory and industry experts including recent case studies and current trends in the field of pharmaceutical drug discovery and research. A QA session and panel discussion was also held.

The event was successfully closed on 19th October with a reminder to rejoin in CDD2024.

No. of Participants 700

Faculty Convener(s):

1. Dr. Sajeev Kumar B, R&D Coordinator, COPS
2. Dr. Vijay Kumar, COPS

Outcomes:

The Convention had the following remarks.

1. A highly interactive session with peers of global repute.
2. A hybrid networking for professionals.
3. A glimpse of technological advancements in drug discovery.
4. Scope for pharma collaboration and clinical research advancements.
5. Technical support and networking from bioanalytical equipment manufactures

Summary:

Dr. N.M Raghavendra: Welcome address

Prof. Y.K Gupta, M.D : Inaugurated and Delivered the Keynote Address

Mr. Harish Jain : Guest of Honor

Dr. Veeranna S : Guest of Honor

UNLOCK RESEARCH POTENTIAL

About the Workshop

Research involves the creation of new knowledge and/or the use of existing knowledge in a new and creative way so as to generate new concepts, methodologies and understandings. Research requires extensive knowledge of how to improve and make use of certain opportunities that might arise. The workshop explicates all about research design, including several tools and steps on how to advance your research evaluation strategies, as well as recognizing and optimizing your actions regarding research gaps.

Workshop Dynamics

This event hosts experienced instructors, researchers, academicians, and other health sector professionals. The modules incorporate offline sessions, live interaction and hands on training on software, followed by a panel discussion by experts.

Objectives

The workshop aims to bridge the gap between academic and practical evidence, and help in augmentation of skills amongst research scholars. The objective of this workshop is to introduce the basic concepts in research methodology in pharmaceutical sciences. This workshop addresses the issues inherent in selecting a research problem and discuss the techniques and tools to be employed in completing a research project. The workshop will be focused on gaining experience in

- Crafting a research protocol
- Good practices in literature search and review
- Knowledge of Search engines and biomedical databases
- Exploring legitimate journal for publication
- Application of statistical method in pharmacy research
- Efficiently formulating various components of a research paper
- Application of software (prism and graph pad) in data analysis.

Scopus
DOAJ
PubMed
SCIMAGO INSTITUTIONS RANKINGS
Web of Science Journal Indexing
NIH National Institutes of Health

Outcomes

- Demonstrate the ability to choose methods appropriate to research.
- Understand the limitations of particular research methods.
- Develop skills in qualitative and quantitative data analysis and presentation.
- Develop advanced critical thinking skills.
- Learn the basics of funding your research, data management, academic writing and publishing.

Who will benefit from this event?

Research Scholars, faculties and students from life science, applied science, biosciences, medical and para medical background.

About DSU

Dayananda Sagar University (DSU) is a private university having three different campuses in Karnataka. DSU is a proud member of the Dayananda Sagar Institutions (DSI) family, founded by Late Sri Dayananda Sagar in the early sixties. DSU has emerged into a global education powerhouse, catering to the education needs of over 17,000 students and operating under the aegis of the Mahatma Gandhi Vidya Peth Trust in Bengaluru. DSI has enabled the transformation of thousands of young Indians and international citizens into professionals in their diverse specializations. DSU proudly houses various departments like, Health Sciences, Engineering, Computer Applications, Arts, and Management in the Bachelor, Master, and Ph.D. levels. Supporting the academic activities are the Centers of Excellence in Drug Discovery, Health Care, ICT, Energy, and Life Science, among other fast-evolving fields of study. Research, Innovation, and Incubation (spread over 25,000 sq ft of industry quality labs) form the core of DSU.

About College of Pharmaceutical Sciences

Dayananda Sagar College of Pharmacy was found in 1981 to cater to the needs of Pharmacy Education in India under Bangalore University, later Rajiv Gandhi University of Health Sciences, Karnataka. In the year 2015, the institution was renamed "College of Pharmaceutical Sciences" and merged as a branch of the School of Health Sciences, affiliated with Dayananda Sagar University. The college is recognized by PCI, New Delhi; and the Government of Karnataka; It is also a recognized Scientific and Industrial Organization by DSIR, Govt of India. The COPS offers B. Pharm, M. Pharm, Pharm D, and Ph.D. programs in Pharmaceutical Chemistry, Pharmacology, Pharmaceutics, Pharmacognosy, and Pharmaceutical Analysis. The College has a vibrant clusters of innovation ecosystems focused on drug discovery and development; in collaboration with industrial partners and research organizations. It also has an excellent pharmacy practice department dedicated to the betterment of the healthcare community in association with Sagar hospitals, and Dr. Chandramma Dayananda Sagar Institute of Medical Education and Research (CDSIMER).

Program Schedule

Inaugural Function

RM 2024
UNLOCK RESEARCH POTENTIAL

9.45 - 9.50 am	Welcome Address	Dr. N.M Raghavendra Principal, COPS, DSU
9.51 - 9.54 am	Lamp Lighting	Guests
9.55 - 10.00 am	Inaugural and Keynote Speech - Chief Guest	Dr. G. Jagadeesh Former Sr. Pharmacologist, USFDA, USA
10.01 - 10.05 am	Guest of Honor	Dr. Pitchai Balakumar Professor & Director, Research Training & Publications - PMIST, Thanjavur, India
10.06-10.10 am	Guest of Honor	Dr. Gangaboriah Andanaiah Professor Emeritus and Research Head, Dayananda Sagar College of Dental Sciences, Bengaluru
10.11 - 10.17 am	Presidential Address	Dr. Pushpa Sarkar Dean, School of Health Sciences (SHS), Dayananda Sagar University, Bengaluru
10.18 - 10.20 am	Vote of Thanks	Dr. Sajeev Kumar B, Convener, COPS, DSU.

DAY : 1 (18TH JANUARY, 2024)		
Module I. 10.30 - 11.45 am	Dr. G Jagadeesh	Embarking on research: Crafting a research protocol or proposal
Module II. 11.45 - 1.00 pm	Dr. P Balakumar	Good practices in literature search and review
Break - 1.00 to 2.00 pm		
Module II. 2.00 - 3.15 pm	Dr. P Balakumar	An overview of search engines and biomedical databases
Module IVa. 3.30 - 4.15 pm	Dr. Shubhada Nagarkar	Publication ethics
Module IVb. 4:15 - 5:00 pm	Dr. P Balakumar	How to find a legitimate journal to submit your article for publication?
DAY : 2 (19TH JANUARY, 2024)		
Module V. 9.30 to 11.00 am	Dr. G Jagadeesh	The Power of Publication: Enhancing institutions' world ranking and researchers' influence. The publication and peer review process.
Module VI. 11.15 - 1:00 pm	Dr. Gangaboriah A	Application of statistical method in pharmacy research
Break - 1.00 to 2.00 pm		
Module VII. 2:00 - 3:00 pm	Dr. P Balakumar	Efficiently formulating various components of a research paper
Module VIII. 3.15 - 4.30 pm	Dr. Gangaboriah A	Software applications in pharma research and data analysis. (prism and graph pad)
4.30 pm	Experts	Panel Discussion
Closing Session

MINUTES OF MEETING

Circular Reference No: COPS/DSU/R&D-12012024

Date & Time : 13-01-2024, 2.00– 5.00 PM

Location : Pharmaceutics PG Lab, CD Sagar building.

Duration : 1 hour

Agenda : Organizing and distribution of responsibilities for "Research Methodology, Biostatistics and Publication Ethics-RM2024" workshop.

Members present:

#	Name	Designation	Signature
1	Dr. Sajeev Kumar B	Professor	
2	Dr. Sonal Dubey	Professor	
3	Dr. Prashant Tiwari	Assoc. Professor	
4	Dr. Pravalika	Research Scholar	
5	Dr. Mohammad Azar	Research Scholar	
6	Keerthana Devi M	Research Scholar	
7	Swetha BR	Research Scholar	

Discussion Summary:

Dr. Sajeev Kumar B, convener thanked all the members for their kind contribution and in providing the necessary inputs for the smooth functioning of workshop. Various responsibilities like stage work, preparation of speaker's biodata, order of events, snacks, hot beverages to be ordered, stationary required, attendance list and finally certificate template approval and designing. In the below the responsibilities allotted are mentioned.

Scanned with CamScanner

Following is the summary of the details:

#	Responsibility	
Dr. Sajeev Kumar B	• Managing the organizing team and saptaranga team. • Co-ordinating and hospitality towards delegates • Memento • Vote of thanks	
Dr. Sonal Dubay	• Managing the organizing team. • Introduction of the event speech.	
Dr. Prashant Tiwari	• Food and beverages in-charge.	
Dr. Pravalika	• Mastering the event	
Dr. Mohammad Azar	• Purchasing biscuits, cups, tissues, oil. • Introducing Delegates.	
Keerthana Devi M	• Broucher Xerox • Certificate and brochure designing • Certificate generation for the participants • Introducing Delegates. • Food Coupon for both days.	
Swetha BR	• Name Plates for stage/delegates • Drafting • Flower – lamp and rose bouque. • Attendace preparation. • Technical arrangement

EVENT REPORT

EVENT: Workshop on "Research Methodology, Biostatistics and Publication Ethics"

REF: COPS-R&D_19012024

Date and time of Event: 18th January 2024, to 19th January 2024, 9.30 AM to 5.00 PM

Venue: CD Sagar Auditorium, DSU

Chief Guest :

Dr. Pitchai Balakumar, Professor & Director,Research Training & Publications - The Office of Research & Development, Periyar Maniammai Institute of Science & Technology, Thanjavur, India

Guest of Honors:

Dr. Shubhada Nagarkar, Associate Professor, Department of Library and Information Science, University of Pune

Dr. G. Jagadeesh,Senior Pharmacologist, USFDA, USA,

Dr. Gangaboriah Andanaiah, Professor Emeritus and Research Head, Dayananda Sagar College of Dental Sciences, Bengaluru

Research Methodology, Biostatistics and Publication Ethics-RM2024

The workshop was organized by research and development team at COPS, DSU on 18th and 19th January, 2024. The event had over 220 students of PG and Ph.D course and faculties, from various institutions and faculties of our own institute. The inaugural ceremony was elegantly conducted at CD Sagar auditorium. The crowd witnessed the grand presence of the distinguished dignitaries including Dr. Pitchai Balakumar of Periyar Maniammai Institute of Science & Technology, Thanjavur ; Dr. Shubhada Nagarkar, Associate Professor, Department of Library and Information Science, University of Pune ; Dr. G. Jagadeesh,Senior Pharmacologist, USFDA ; Dr. Gangaboriah Andanaiah, Professor Emeritus and Research Head, Dayananda Sagar College of Dental Sciences, Bengaluru. (Eq 1-8).

The event started with a wonderfull introduction by Dr. Sonal Dubay and State anthem was played. The guests were graciously welcomed at COPS in the auspicious presence of Dr.

Scanned with CamScanner

Pushpa Sarkar, Dean, SHS, the Principal, the faculty and the students. The inaugural ceremony commenced pleasingly with a lamp lighting, the blessing of the almighty, and the kind commemoration of late Sri Dayananda Sagar followed by a delightful prayer by Ms.Sahana. Dr. N.M Raghavendra, Principal welcomed the chief guests and the guest of honours, and gave a charming message to the participants and notified about the significance of this event. Dr. Pushpa Sarkar was invited to address the gathering. Dr Pushpa Sarkar gave an insight on the implication of organising the workshop and emphasised the needs to pursue their goals to create a vibrant research ecosystem. After the guest's few words, the delegates were felicitated with a memento by Dr. Pusha Sarkar. The modules of day-1 were hosted by Mrs. Pravalika.

Module :1: Embarking on research: Crafting a research protocol or proposal was deleivered by Dr. G Jagadeesh. This session was very insightful for research personells in drafting proposals and how to develop proposal and various components of the proposals to be incorporated.

Module :2: Module two was precided with Dr.P.Balakumar, who had an interactive session about literature search and ethical practices in review search. He covered various search engines usefull during research. He educated on various biomedical databases and provided hands on session as well. Module two was preceded with lunch.

Module 3: Dr.Shubhada joined the event via online mode and presented very enlighnting session on Publication ethics. She also provided various spurious journals and how to beaware of fake journals. This short yet highly effective session was carried ahead in the next module.

Module 4: Dr.Pitchai Balakumar gave the last session for the day one on 'How to find a legitimate journal to submit article for publication?', this session was very knowledgeful to everyone aspiring to publish their work. He demonstrated how to identify real versus predatory journals and how to enhanced your paper to reduce desk rejection.

Day one sessions were concluded with a high tea session.

Module 5: Day two module was started with Dr.G Jagadeesh who furshied with parts of journal paper and significance of the same. He also spoke about the significance of publishing the data and how it covers-up the research gap. The session came to an end with the procces involved in peer-review process.

Module 6: As Dr. Balakumar, himself is a reviwer for Elsevier journal, this session covered different ways to fabricate research paper and what a reviewer expects in a paper. He also

Scanned with CamScanner

gave his inputs on how to enhance the value of the paper through technical additives. After a good meal the workshop continued.

Module 7: Dr.Gangaboriah, started the module with introduction to statistics and significance of the same. He gave very insightful session on various theories and their applications. The session came to an end with hands-on training in Graph-pad prism- a statistical software and provided a very large exposure to that the benefits of that software and its user friendly factor.

The valedictory function was concluded with a panel discussion between the honorable speakers and the attending delegates. The programme was wrapped up with a vote of thanks by Dr. Sajeev Kumar B and followed by a tea break at 5.30 pm.

No. of Participants: 220

Outcomes:

1. The workshop provided a platform for interaction and discussion, exchange ideas and to parade and harness research activity for students. The presentation was informative for students to strengthen their research and publication skills.
2. The workshop provided solutions to problems commonly faced in article writing and thus can help scholars, in future to get better in their research work.
3. The modules gave a very important information with respect to ethics in research and how to stay away from predatory journal.
4. The session also provided with practical exposure with statistical softwares.

Summary:

Research conclave was organised at COPS, DSU on 18th and 19th January,2024. Around 08 PhD scholars and 200 master students participated with their, faculties in the event.

The workshop witnessed the presence of the distinguished dignitaries including Dr.P.Balakumar , Dr. Jagadeesh G, Dr.Shubhada and Dr. Gangaboriah. The guests were graciously welcomed at COPS.

The inaugural ceremony commenced with a lamp lighting, followed by a delightful prayer. **Dr. N.M Raghavendra, Principal** welcomed the guests. **Dr. Pusha Sarkar** felicitated the chief guest with a memento.

Scanned with CamScanner

Dr. Pushpa Sarkar gave an insight on research and emphasised the need for quality research, paper publication and patenting.

Dr. P. Balakumar delivered the session on Good practices in literature survey, identification of legitimate journal, and formulating various components of a research paper

Dr. G. Jagadeesh mentioned the benefits of publishing, research gap and,process in peer-reviewing.

Dr. Shubhada Nagarkar gave an online delivery note on publication ethics and different types of fake or unethical publications.

Dr. Dr. Gangaboriah sir presented with importance of statistics and gave hands-on training on Graph-pad prism

Dr. N.M.Raghavendra concluded the events after a panel discussion.

Tea and lunch were served for all delegates.

Dr. Sajeev Kumar B, Convener RM2024 proposed the vote of thanks.

Circular

Date: 12-04-2024

Ref. No.: COPD-DSU-CON-12032024

Department of Pharmaceutics, College of Pharmaceutical Sciences, Dayananda Sagar University, Bengaluru is organizing a one day national conference on *"Nanomedicine – The Advances and Challenges"*. All the staff and students are cordially invited for the same.

Date : 14/04/2024
Time : 10.00 am
Venue : PC Sagar Auditorium

12/04/2024
Convener
Dr. B. Wilson

30/4/24
Principal
Dr. N.M. Raghavendra

COLLEGE OF
PHARMACEUTICAL SCIENCES

Dayananda Sagar University
School of Health Sciences
Kumaraswamy Layout, Bengaluru-560111

Cordially invites you for the
Inaugural function of
Conference on

"Nanomedicine – The Advances and Challenges"
On 14th March 2024, 9:45 AM

Chief Guest
Dr. Ramesh Jayaraman
Director & Co-founder
Theraindx Lifesciences
Bengaluru

Guest of Honour
Dr. Sarasija Suresh
Director, RVGRI, Bengaluru &
Project Director, IDBR
Bengaluru

Dr. Amit R. Bhatt
Vice Chancellor, DSU

Dr. Puttamadappa C.
Registrar, DSU

Dr. Pushpa Sarkar
Dean, School of Health Sciences, DSU

Will preside over the function

Staff & Students

Dr. N.M. Raghavendra
Principal

Venue: Dr. C.D. Sagar Auditorium

COLLEGE OF
PHARMACEUTICAL SCIENCES

INSTITUTION'S
INNOVATION
COUNCIL
(Ministry of HRD Initiative)

CONFERENCE ON

NANOMEDICINE – THE ADVANCES AND CHALLENGES

MARCH 14TH, 2024

ORGANIZED BY

Department of Pharmaceutics
College of Pharmaceutical Sciences
Dayananda Sagar University
Bengaluru-560111

Venue

Dr. C.D. Sagar Auditorium, College of Pharmaceutical Sciences
Kumaraswamy Layout, Bengaluru – 560111

www.dsu.edu.in/pharmacy

Tel: +91-80-42161746

Objectives

- To give an opportunity for in-depth assessment of the breakthrough achieved and the advances and challenges involved in the fast-growing field of nanomedicine
- To enhance the knowledge and skills of researchers by sharing multidisciplinary knowledge and expertise between scientists from various universities, research institutions, and pharmaceutical industries

Outcomes

- The participants develop skills in the design and development of nanomedicines
- The participants gain knowledge about recent advances and applications of nanomedicines

Resource Persons

- Eminent resource persons are invited to provide in-depth information on the specialized topic through lectures and discussions

Call for Papers

Scientific papers are invited for E-Poster. Original and unpublished work based on the theme of the conference shall reach the convener by **9th March 2024**. All the papers will be peer-reviewed and accepted papers will be published in the scientific abstract book.

The abstract can be submitted through e-mail (wilson-sps@dsu.edu.in). Only registered delegates will be allowed to present the accepted papers and he/she must be one of the co-authors of the paper during submission. The abstract must be written using Times-new-Roman, 12-point font, 1.5 cm spacing, and MS- word format and should not exceed 250 words. The abstract should include the Title in capital letters, and authors with surnames followed by initials and affiliations. The name of the presenting author should be indicated by underlining the author name. A Cash Prize will be awarded to the selected Best E-Poster.

Conference on

Nanomedicine – The Advances and Challenges

14th March 2024

INAGURATION SCHEDULE

Time	Events
9.00 – 9.45 AM	Registration
9.45 – 9.48 AM	Invocation
9.48 – 9.52 AM	Lighting the Lamp
9.52 – 9.55 AM	Welcome address by Dr. N.M. Raghavendra, Principal, College of Pharmaceutical Sciences, DSU, Bengaluru.
9.55 – 10.00 AM	Opening remarks by Dr. Pushpa Sarkar, Dean, School of Health Sciences, DSU, Bengaluru.
10.00 – 10.13 AM	Keynote address by Chief Guest, Dr. Ramesh Jayaraman Director & Co-founder, Theraindx Lifesciences, Bengaluru.
10.13 – 10.18 AM	Address by Guest of Honour Dr. Sarasija Suresh, Director, RVGRI, Bengaluru & Project Director, IDBR, Bengaluru.
10.18 – 10.28 AM	Presidential address by Dr. Amit R. Bhatt, Vice Chancellor, DSU, Bengaluru.
10.28 – 10.30 AM	Vote of thanks by Convener, Dr. B. Wilson

A National Conference on **"Nanomedicine – The Advances and Challenges"** was organized on March 14th 2024 by the Department of Pharmaceutics, College of Pharmaceutical Sciences, Dayananda Sagar University. The conference was inaugurated by Dr. Ramesh Jayaraman, Director & Co-founder, Theraindx Life sciences, Bengaluru and Dr. Sarasija Suresh, Director, RVGRI, Bengaluru and Project Director, IDBR. Principal Dr. N.M. Raghavendra welcomed the gathering. Opening remarks was given by Dr. Pushpa Sarkar, Dean, School of Health Sciences, DSU. Honorable Vice Chancellor Dr. Amit R. Bhatt

delivered the presidential address. Dr. B. Wilson, Convenor of the conference proposed the vote of thanks.

Dr. Ramesh Jayaraman highlighted the historical reliance of our ancestors on plant-based remedies for combating malignancies, differentiating it from the contemporary emphasis on cutting-edge therapies. Dr. Sarasija Suresh enlightened into the complexity of passive and active targeting mechanisms for intravenous administration, alongside oral delivery routes in nanomedicine. Dr. Neelesh Kumar Mehra unveiled innovative approaches in anticancer therapy, showcasing the integration of Palbociclib-loaded ligand-conjugated hybrid nanoparticles to enhance anticancer efficacy. Dr. Aditya Murthy explained the pivotal role of biopharmaceuticals in bridging drug discovery with clinical outcomes. *In vitro*, *in silico*, and *in vivo* biopharmaceutical models were scrutinized in his talk, with emphasis on popular software tools like Gastro Plus, PK-Sim, PuMaS, and Certara for PBPK studies. A total number of 484 delegates participated the conference and 50 papers were presented. Overall, the programme was a great success.

Faculty Coordinators

Convener
Dr. B. Wilson, Professor, Dept. of Pharmaceutics
Co-Convener
Dr. Vanaja K., Professor
Co-coordinators
Dr. Sajeev Kumar B., Professor
Dr. Josephine Leno Jenita, Asso.Professor
Dr. Manjula D., Asso. Professor
Dr. Kranthi Kumar, Asso. Professor
Ms. Seema S. Rathore, Asst. Professor

Outcomes

- Provided a forum for Scientists and students from academia and industry to intereact and build new collaborations
- The delegates were educated on the recent advances in Nanomedicines and innovations
- Provided a platform for delegates to present their research in E-poster sessions and enabled them to interact with conference visitors and resourse persons

2nd Session: 12.15 to 1.15 PM: by Dr. Neelesh Kumar Mehra, Targeted Nanomedicines for Cancer Management.

Dr. Neelesh Kumar Mehra took the audience on an interesting journey through the history of how drugs are delivered to our bodies, uncovering the complexities of drug-targeting concepts and the various methods of medication delivery. He delved into the rationale behind the utilization of nanoscale drug delivery systems, elucidating their potential to revolutionize therapeutic interventions. Dr. Mehra distinguished the concept of functionalization, illustrating its significance through an effective comparison between complex and simple product paradigms, illuminated by compelling examples. He seamlessly transitioned to the principles of quality by design, weaving a narrative of meticulous implementation within cutting-edge research, ensuring efficacy and safety in therapeutic endeavors.

Lunch Break: 1.15 PM to 2.15 PM

3rd Session: 2.15 PM to 3.15 PM: Dr. Aditya Murthy, PBPK Modelling of Nanoparticles: Opportunities and Challenges

Dr. Aditya Murthy explained the pivotal role of biopharmaceuticals in bridging drug discovery with clinical outcomes. *In vitro*, *in silico*, and *in vivo* biopharmaceutical models were scrutinized in his talk, with emphasis on popular software tools like Gastro Plus, PK-Sim, PuMaS, and Certara for PBPK studies. The session talk surrounded the absorption, distribution, and clearance kinetics of nanoparticles via intravenous and oral routes, highlighting the interesting and significant differences from conventional drug pharmacokinetics. Specialized PBPK models for nanoparticles were expounded upon, alongside regulatory considerations elucidated by the FDA and European Medicines Agency.

Dr. Murthy's talk on parameter sensitivity analysis underscored the importance of robust modelling methodologies, encapsulating challenges inherent in nanoparticle PBPK modelling. The session concluded with a profound understanding of the multifaceted landscape of nanomedicine and drug delivery, poised at the intersection of scientific innovation and clinical translation.

Dr. Richa Sood, Asst. Professor and Ms. Seema S. Rathore, Asst. Professor anchored the scientific sessions.

Dr. B. Wilson, gave closing remarks. Prizes were announced and distributed during valedictory function. Vote of thanks was given by Dr. Vanaja K. She expressed the gratitude to the resource persons, management, Principal and participants. The session was ended with National anthem.

Summary

The programme was anchored by Dr. Shanaz Banu, Asso. Professor, Dept. of Pharmacognosy. Inaugural dance was performed by a student and Dr. N.M.Raghavendra, Principal welcomed the guests, to light the lamp and a student group sung a prayer song.

Dr. N.M. Raghavendra, Principal, welcomed the gathering. Dr. Pushpa Sarkar, Dean, School of Health Sciences has provided the opening remarks. She highlighted the significance of Nanomedicine and its clinical translation and also about the conference. Dr. Ramesh Jayaraman, Director & Co-Founder of TheraIndx Lifesciences, Bengaluru was the chief guest. In his presidential remark, he offered profound insights into the evolution of medicine and the imperative for advanced treatments. Dr. Jayaraman highlighted the historical reliance of our ancestors on plant-based remedies for combating malignancies, differentiating it from the contemporary emphasis on cutting-edge therapies. Dr. Sarasija Suresh, Director, RVGRI, Bengaluru & Project Director, IDBR, Bengaluru was the Guest of Honour.

Dr. B. Wilson, Professor, Department of Pharmaceutics, Convener, has given the vote of thanks for the inaugural function, followed by the scientific sessions.

1st Session: 10.45 AM to 11.45 AM: by Dr. Sarasija Suresh, Advances in Nanomedicine – Lipid Nanoformulation.

Dr. Sarsija Suresh commenced the session with a comprehensive overview of the application of nanotechnology in medicine, particularly emphasizing the rapid progression of nano-drug delivery. She underscored the dual utility of nanomedicines in therapy and diagnostics, delineating the notable features and challenges therein. Dr. Suresh enlightened into the complexity of passive and active targeting mechanisms for intravenous administration, alongside oral delivery routes in nanomedicine. Noteworthy developments like VYXEOS and HENSIFY were highlighted, accentuating the recent advancements in the sector. Moreover, she elucidated on overcoming transition challenges, encompassing process optimization, toxicity mitigation, cost management, and efficacy enhancement strategies. After the talk was over, speaker was presented a momento and certificate of appreciation by the Principal.

Tea break: 11.45 AM to 12.15 Noon

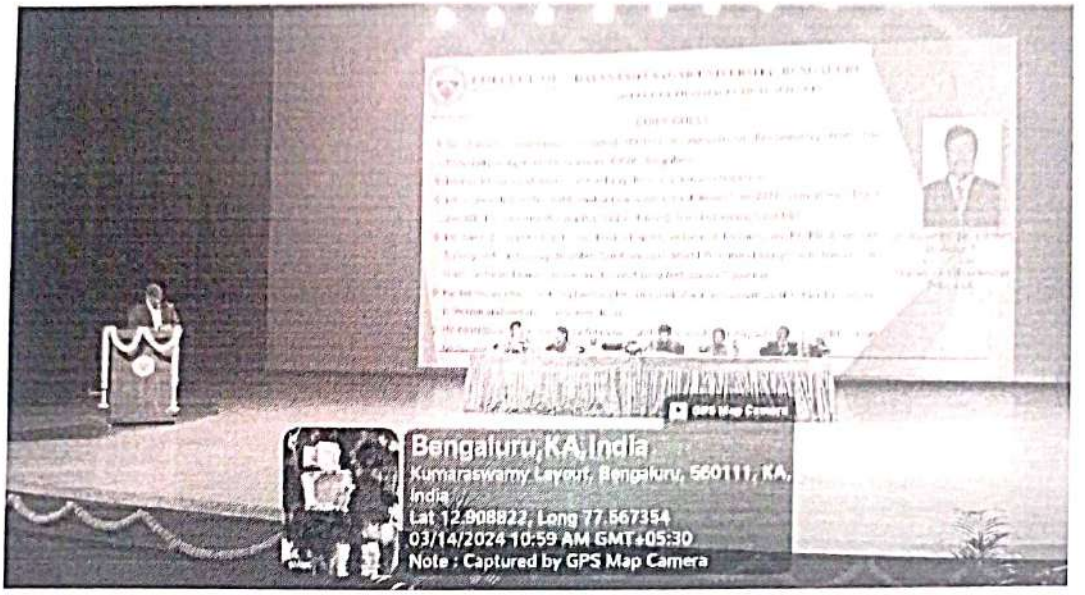
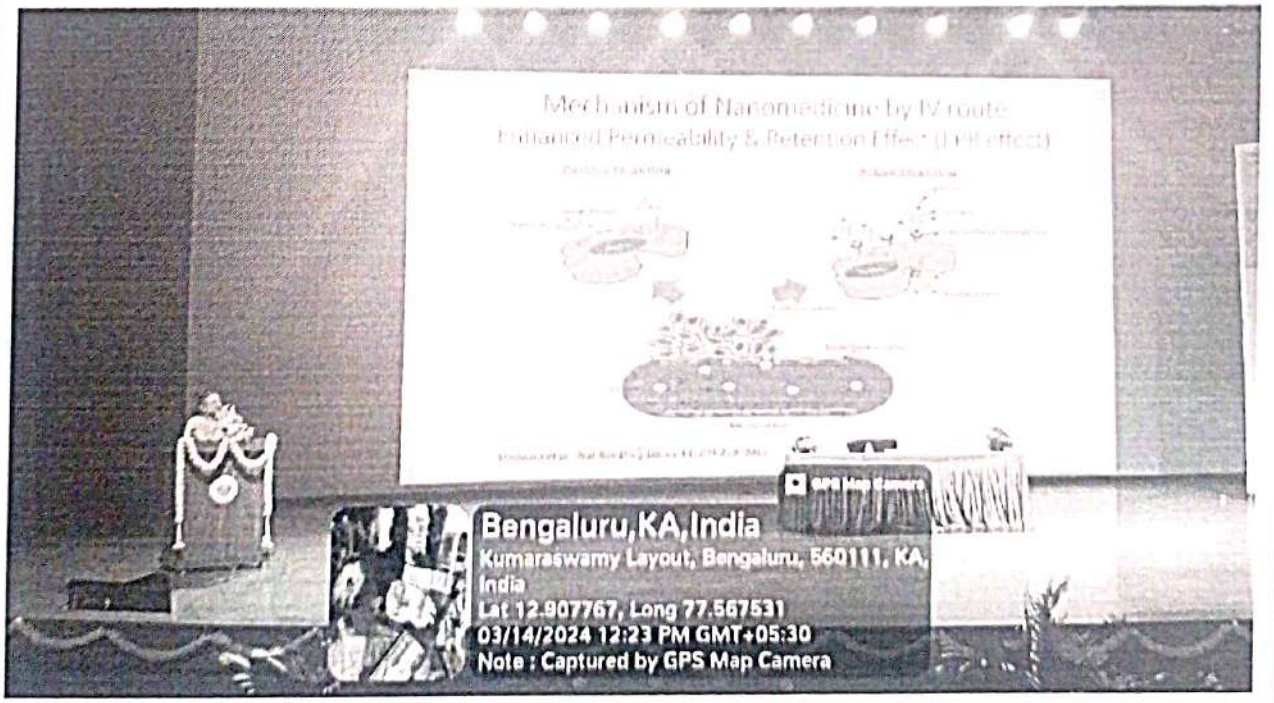
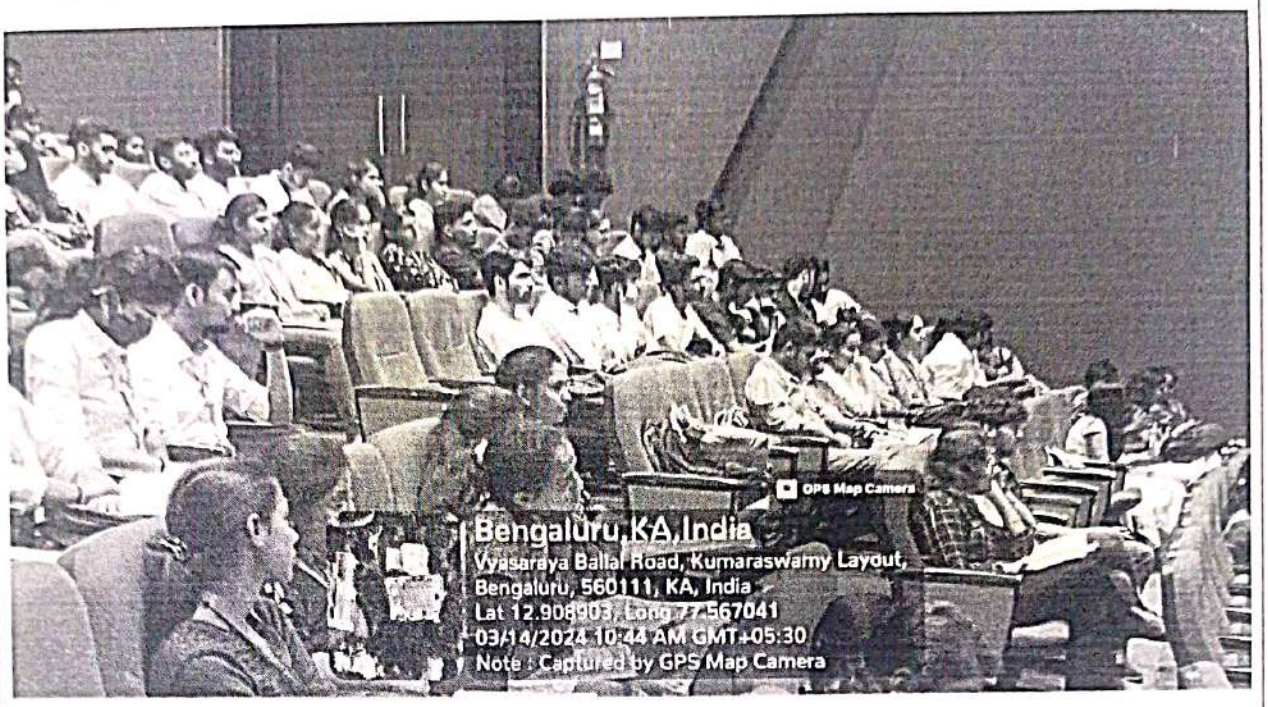
Chief Guest, Dr. Ramesh Jayaraman, delivering Keynote address.



Resource person, Dr. Sarsija Suresh, delivering the lecture.



Delegats attending the national conference.



Signature of the Event Coordinators

Convener: Dr. B. Wilson, Professor

Co-convener: Dr. Vanaja K., Professor

Co-coordinators

Dr. Sajeev Kumar B., Professor

Dr. Josephine Leno Jenita, Asso.Professor

Dr. Manjula D., Asso. Professor

Dr. Kranthi Kumar, Asso. Professor

Dr. Richa S. Sood, Asso. Professor

Ms. Seema S. Rathore, Asst. Professor

30/4/24

Signature of the Principal
(Dr. N.M. Raghavendra)

Department of Pharmacognosy
Circular

Department of Pharmacognosy is organizing a guest talk entitled **"Nutraceuticals - An overview"**. We are inviting an expert Mrs. Jyolsana Agnes Joe, General Manager- Innovation at Lyrus Life Sciences, Bengaluru at the College of Pharmaceutical Sciences to share her expertise.

In this regard, I welcome 8th Semester students to make use of the opportunity to get to know the current status in the field of nutraceuticals.

Venue : Class room 1.07, CD Sagar building.

Date : 23/03/2024

Time : 10.00 am to 11.00 am

Head of the Department
20.3.24

(Dr. P. Sivakami Sundari)

EVENT REPORT

"Nutraceutical- An overview"

REF: COPS-SWC_23032024

Date and time of Event: 23rd March 2024, 10:00 AM-11.00 AM

Venue: Class room 1.07 Building No.10. CD Sagar Building.

About the Event:

No. of students Participated: 54

Faculty Coordinators:

1. Dr. P. Sivakami Sundari
2. Dr. Shanaz Banu
3. Mrs. Pruthvi N
4. Mrs. Vaishali Bambal

Outcomes:

A guest talk was organized for final year BPharm students to explicate status of nutraceutical industry. They understood the industry expectation towards nutraceuticals, regulatory requirements, and carrier opportunities in the field of nutraceuticals.

Summary:

"Nutraceutical- An overview" a guest talk organized to highlight the importance of nutraceutical and the demand at present scenario. Mrs. Jyolsana Agnes Joe, General Manager -Innovation at Lyrus Life Sciences, Bengaluru, also an alumnus of Dayanada Sagar College of Pharmacy, was invited as a guest to enlighten our BPharma students.

She elaborated on the present status of nutraceutical market, research on nutraceuticals at various Pharma Industry, Regulatory bodies governing nutraceutical industry and carrier opportunities in the field of Nutraceuticals.

She also gave an insight into the future perspective of nutraceutical industry.

EVENT REPORT

EVENT: Guest Lecture on "Systems Pharmacology Approaches to Accelerate Drug Discovery and Development"

REF: COPS/DSU/27052024
Date and time of Event: 28th May 2024, 2.00-4.00 PM
Venue: CIL Room, 4th Floor, DSU
Resource Person:

Name- **Dr. Anup Zutshi**
Designation- Senior Scientific Director and Global Head Translational Quantitative Pharmacology-USA
EMD Serono/ Merk R&D Insitute, Inc. Boston, Massachusetts, USA

About the Event: (100 words)

The Department of Pharmacology, College of Pharmaceutical Sciences organized a Guest Lecture on "Systems Pharmacology Approaches to Accelerate Drug Discovery and Development" on 28th June 2024. The talk was delivered by **Dr. Anup Zutshi,** Senior Scientific Director and Global Head Translational Quantitative Pharmacology-USA. The lecture aimed to bridge the gap between traditional pharmacology and the emerging field of systems biology, highlighting how integrated approaches can enhance drug discovery and development. Dr. Zutshi highlighted the real-world applications of systems pharmacology and Computational Modeling in drug development.

No. of students Participated: 50

Faculty Coordinators:

1. Dr. Geetha KM, Professor & Head, COPS, DSU
2. Dr. Prashanth Tiwari, Associate Professor, COPS, DSU

Outcomes:

- Enhanced Understanding of Systems Pharmacology
- Awareness of Cutting-Edge Tools and Techniques:
- Quantitative Systems Pharmacology (QSP) models that simulate drug interactions within biological systems.

Scanned with CamScanner

Summary:

The highly informative guest lecture on "Systems Pharmacology Approaches to Accelerate Drug Discovery and Development", delivered by Dr. Anup Zutshi. The session started with the welcome address by Dr. Geetha KM, Professor & Head, COPS, DSU.

Dr. Zutshi highlighted the significance of systems pharmacology as an interdisciplinary field that integrates pharmacokinetics, pharmacodynamics, and systems biology. He emphasized the importance of understanding complex biological systems and their interactions with drugs to predict therapeutic and adverse effects more accurately. The lecture provided insights into various methodologies used in systems pharmacology, such as Computational Modeling: Techniques like Quantitative Systems Pharmacology (QSP) models that simulate drug interactions within biological systems. Dr. Zutshi also outlined future directions for the field, such as the integration of artificial intelligence and machine learning to enhance predictive modeling.

Q&A Session

The lecture was followed by an engaging Q&A session where students and faculty had the opportunity to ask Dr. Zutshi about various aspects of systems pharmacology. Questions ranged from technical details of computational models to ethical considerations in personalized medicine.

Feedback

Dr. Zutshi's lecture on systems pharmacology was an enlightening experience, providing attendees with a deeper understanding of how this innovative field is transforming drug discovery and development. The lecture underscored the importance of interdisciplinary approaches in modern pharmacology and inspired students to consider careers in this dynamic area of research.

COLLEGE OF
PHARMACEUTICAL SCIENCES

INSTITUTION'S
INNOVATION
COUNCIL
(Ministry of Education Initiative)

ACCREDITED WITH GRADE A+ NAAC

18th June 2024

Venue : C D Sagar Auditorium,DSU Campus - I
Kumaraswamy Layout, Bengaluru - 560111, Karnataka

Invitation

Department of Pharmacology, College of Pharmaceutical Sciences (COPS)
Cordially invites you to the Inaugural Function
Of

Symposium on

"Breaking Boundaries:Exploring Multidisciplinary Research"

On Tuesday , 18th June 2024
Time: 10:00 AM

Guest Speakers

Dr.Harishkumar Madhyastha
Dr.Sundaram Gunasekaran
Dr. MS Santosh
Dr. H. S. S. Ramkrishna Matte

Presiding officer
Dr. Pushpa Sarkar,
Dean, School of Health Sciences , DSU

With Regards
Department of Pharmacology, Principal, Staff and Students , COPS

COLLEGE OF PHARMACEUTICAL SCIENCES

INSTITUTION'S INNOVATION COUNCIL

Symposium on

BREAKING BOUNDARIES:

EXPLORING MULTIDISCIPLINARY RESEARCH

18th June 2024

Jointly Organized by

Department of Pharmacology

College of Pharmaceutical Sciences

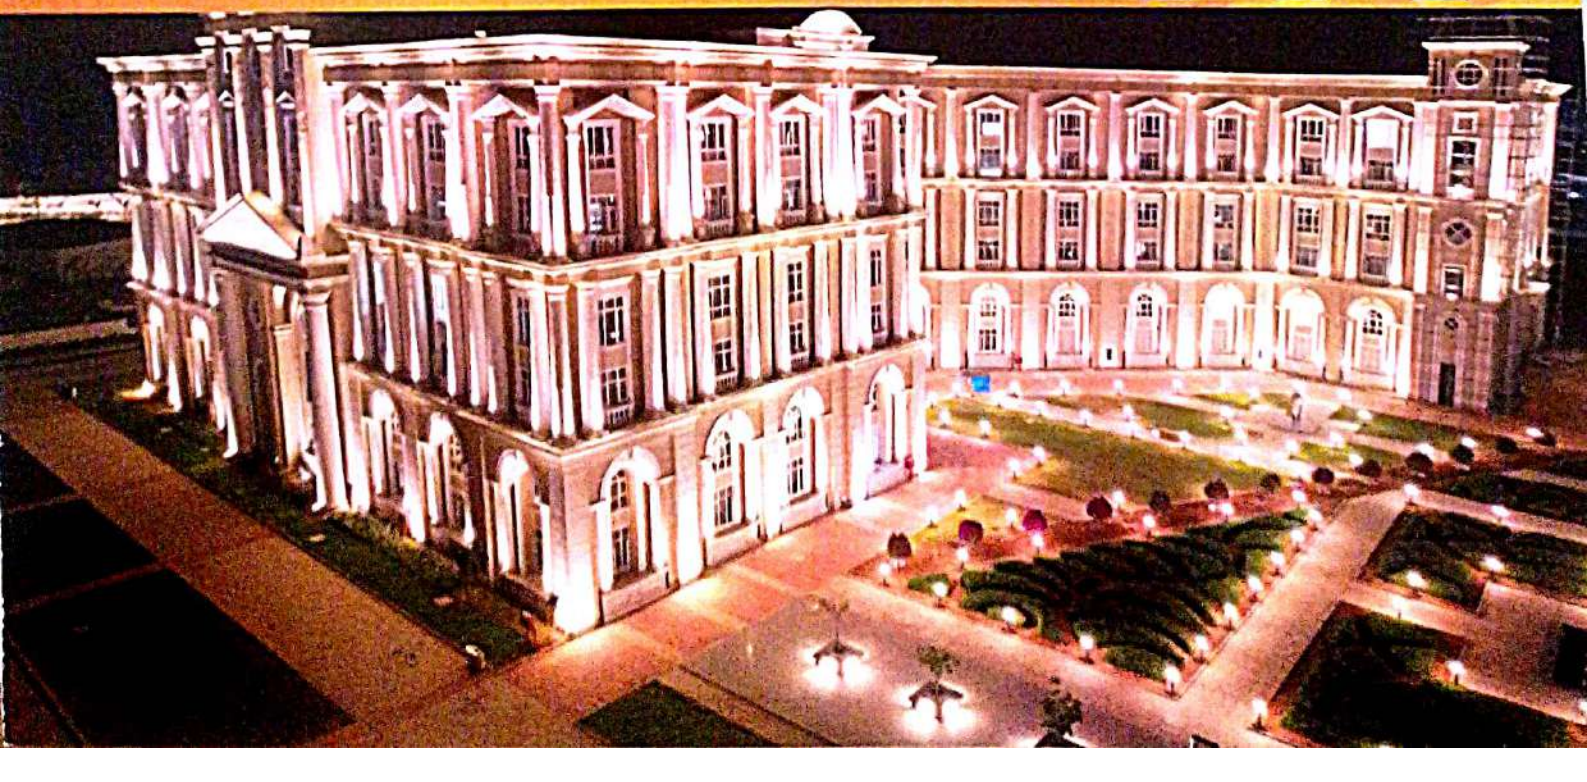
School of Health Sciences,

Dayananda Sagar University

Bengaluru, Karnataka, India

&

Indian National Young Academy of Science (INYAS)



About College of Pharmaceutical Sciences (COPS)

Dayananda Sagar College of Pharmacy was started in 1981 to cater to the needs of Pharmacy Education in India under Rajiv Gandhi University of Health Sciences, Karnataka. In the year 2015, the institution was renamed College of Pharmaceutical Sciences and merged as a branch of the School of Health Sciences, affiliated with Dayananda Sagar University. The college is recognized by PCI, New Delhi; and the Government of Karnataka; It is also a recognized Scientific and Industrial Organization by DSIR, Govt of India. COPS offers B. Pharm, M. Pharm, Pharm D, and Ph.D. programs in Pharmaceutical Chemistry, Pharmacology, Pharmaceutics, Pharmacognosy, and Pharmaceutical Analysis. The College has vibrant clusters of innovation ecosystems focused on drug discovery and development; in collaboration with industrial partners and research organizations. It also has an excellent pharmacy practice department dedicated to the betterment of the healthcare community in association with Sagar hospitals, and Dr. Chandramma Dayananda Sagar Institute of Medical Education and Research

About Dayananda Sagar University (DSU)

Dayananda Sagar University is a private university; it has four different campuses in Karnataka. DSU is a proud member of the Dayananda Sagar Institutions family, founded by Late Sri Dayananda Sagar in the early sixties (with just four students). DSU has morphed into a global education powerhouse, spread over four campuses, catering to the education needs of over 17,000 students. Operating under the aegis of the Mahatma Gandhi Vidya Peth Trust in Bengaluru, DSI has enabled the transformation of tens of thousands of young Indians and international citizens into professionals in diverse specializations such as Health Sciences, Engineering, Computer Applications, Arts, and Management in the Bachelor, Master, and Ph.D. levels. Supporting the academic activities are the Centers of Excellence in Drug Discovery, HealthCare, ICT, Energy, and Life Science, among other fast-evolving fields of study. Research, Innovation, and Incubation (spread over 25,000 sq ft of industry quality labs) form the core of DSU.

About Indian National Young Academy of Science (INYAS)

INYAS was founded by INSA in December 2014 with a vision to promote Science education and networking among Young Scientists. After successfully completing an incubation period of five years, INYAS entered a new phase, since 2020. The journey has been incredible so far with full of experience, new learnings and many achievements. We started our activities with 20 Young Scientists as founding batch members and grew to 116 young, dynamic and committed members contributing towards various objectives of INYAS. This year in the 9th General Body Meeting in Feb. 2024, 30 new members have been inducted in INYAS for a period of five years across various disciplines (Physical Sciences, Chemical Sciences, Biological Sciences, Mathematical Sciences, Medical and Veterinary Sciences, Engineering Sciences, Earth & Atmospheric Sciences, and Agricultural Sciences). The INYAS 2024 Membership's success percentage stands proudly around 7.8%, reflecting the accomplishment of our perpetual efforts to incorporate outstanding talents into our fraternit Additionally, INYAS holds a strong commitment of balanced gender representation, therefore, 11 female and 19 male members have been selected from across the country, ensuring a healthy balance in our ranks This enormous expansion has contributed significantly to our collective expertise and diversity.

RESOURCE PERSONS

Dr . Harishkumar Madhyastha
Professor

Division of Cardio-Vascular Physiology,
Faculty of Medicine University of Miyazaki, Japan

Dr. Sundaram Gunasekaran
Professor & Director
Food Engineering and ,CALS
International Programs, University of
Wisconsin, USA

Dr. M S Santosh
Senior Scientist
CSIR-Central Institute Of Mining
And Fuel Research (CIMFR),
Dhanbad

Dr. H. S. S. Ramakrishna Matte
Scientist-D
Centre for Nano and Soft Matter
Sciences, Bengaluru, Karnataka

Objectives of the Symposium

- **Facilitating Knowledge Exchange**
- **Promoting Collaboration Addressing Complex Challenges in current scientific research**
- **Encouraging Innovation**
- **Enhancing analytical thinking in students**
- **Bridging the gap between industry and academia**

Target audience

- **Participants from Government and Private Universities**
- **Students from Pharmaceutical and Life Sciences(UG,PG)**
- **Research Scholars**
- **Faculty**
- **Industry Personnel**

ORGANIZING COMMITTEE

Patrons

- Dr. D. Hemachandra Sagar, Chancellor, DSU
- Dr. D. Premachandra Sagar, Pro Chancellor, DSU

Organizing Chairperson

- Dr. N.M. Raghavendra, Principal, COPS

Convenor

- Dr. M Vijay Kumar, Associate Professor, COPS

Coordinators

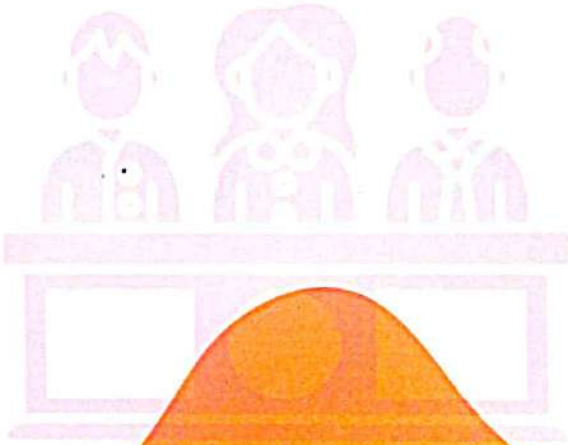
- Dr. Geetha KM, Professor and HOD, COPS
- Dr. Sunil K Kumar, Associate Professor, COPS

Advisory Committee

- Dr. Amit R Bhatt, Vice-Chancellor, DSU
- Dr. Puttamadappa C, Registrar, DSU
- Dr. Pushpa Sarkar, Dean, SHS DSU

Executive Committee

- Dr. Prashant Tiwari, Associate Professor, COPS
- Mrs. Jincy Thomas, Assistant Professor, COPS
- Dr. Kumari Preeti, Assistant Professor, COPS
- Dr. Ashwini P Kumar, Assistant Professor, COPS
- Mr. T Muthukumaran, Assistant Professor, COPS



June 18 2024

Registration is FREE

Circular

One day workshop on **"Dissolution Performance Verification Testing (PVT)"** is organised by the Department of Pharmaceutics, COPS, DSU on 24th June 2024, at 9.30 am to 5.00 pm at CD Sagar Auditorium, CD Sagar Building. Faculty members who are interested are invited for the same.

Resource Person:

Name: Dr. Mark Liddell

Designation: Senior Manager, Dosage Form Performance Laboratory, USP

Address: USP's Rockville headquarters

Dr. Vanaja. K
Convenor

Workshop

Dissolution Performance Verification Testing (PVT)

24th June 2024 | 8:45AM - 4:30PM
College of Pharmaceutical Science of
Dayananda Sagar University, Bengaluru

AGENDA

08:45AM – 09:15AM	**Registrations**
09:15AM – 09:20AM	**Welcome Remarks** *N.M. Raghavendra, Ph.D.* Professor & Principal, College of Pharmaceutical Sciences, Dayananda Sagar University, Bengaluru
09:20AM – 09:30AM	**Opening Remarks** *Mr. Shyam Kanda*, Senior Manager, USP Education
09:30AM – 10:00AM	**Dissolution Theory and History of Dissolution Testing** *Mark Liddell*, Ph.D., Senior Manager, Dosage Form Performance Laboratory, USP
10:00AM – 10:15AM	**Tea/Coffee break**
10:15AM – 11:15AM	**Compendial Dissolution Testing** *Mark Liddell, Ph.D.*, Senior Manager, Dosage Form Performance Laboratory, USP
11:15 AM – 11:45 AM	**Topic: Role of dissolution in drug development** **Speaker Name:** *Ramesh Jagadeesan, Ph.D.*, Vice President - Head - Analytical Services, Recipharm Pharmaservices Pvt. Ltd.
11:45PM – 12:20PM	**Method development & Validation** *Mark Liddell, Ph.D.*, Senior Manager, Dosage Form Performance Laboratory, USP
12:20PM – 01:00PM	**Panel Discussion** *Topic: Impact of Dissolution on determining quality of the product.* **Moderator** *Ramesh Jagadeesan, Ph.D.*, Vice President - Head - Analytical Services, Recipharm Pharmaservices Pvt. Ltd. **Panelist** • Prof. *J.Vijaya Ratna*, Honorary Professor, AU College of Pharmaceutical Sciences, Andhra University • *Sumathi Rao, Ph.D.*, Quality Director, Hibrow Healthcare • *Geetha. V*, Assistant General Manager – Analytical development, Micro Labs Ltd. • *Mark Liddell, Ph.D.*, Senior Manager, Dosage Form Performance Laboratory, USP
01:00PM – 02:00PM	**Lunch**
02:00PM – 03:00PM	**Dissolution System Qualification** *Mark Liddell, Ph.D.*, Senior Manager, Dosage Form Performance Laboratory, USP
03:00PM – 04:00PM	**Dissolution System PVT Demo** *Mark Liddell, Ph.D.*, Senior Manager, Dosage Form Performance Laboratory, USP
04:00PM – 04:10PM	**Q&A**
04:10PM – 04:15PM	**Closing Remarks** *Mr.Amol Yande*, Head - Sales & Marketing, SOTAX India PVT. LTD
04:15PM – 04:20PM	**Vote of Thanks** *Vanaja Kenchappa, PhD.*, Professor, COPS, Dayananda Sagar University
04:15PM – 04:30PM	**Tea Break & Adjourn**

EVENT REPORT

ONE DAY WORKSHOP ON "Dissolution Performance Verification Testing (PVT)"

Sponsored by Ultra Labs, Bangalore & SOTAX, Mumbai, India

In Collaboration with

USP India and SPDS, India

Ref: COPS/DSU/21062024

Date and time of Event: June 24th 2024

Venue: CD Sagar Auditorium, CD Sagar Building

Resource Person:

Name: Dr. Mark Liddell

Designation: Senior Manager, Dosage Form Performance Laboratory, USP

Address: USP's Rockville headquarters

About the event: The workshop benefitted students, dissolution chemists, analytical chemists, laboratory technicians new to dissolution, professionals involved in calibration and testing, as well as regulatory professionals (Image 1, 2).

The Workshop Highlights and Learning objective given below were discussed.

- Critical operational parameters for the accurate setup of dissolution apparatus
- Activities for the proper qualification of USP dissolution apparatus 1 and /or 2
- Understanding and mitigating sources of variability in dissolution results. Best practices for conducting the PVT and interpreting results.
- The importance of apparatus suitability and PVT knowledge for setting up and qualifying a dissolution apparatus, with a focus on apparatus
- Identify the sources of variability in the performance of the dissolution apparatus.
- Describe best practices for the qualification of dissolution apparatus.

No. of participants: 44 Industry personnel and students and 10 faculty members

Faculty Coordinators:

1. Dr. Vanaja K
2. Dr. Wilson B
3. Ms. Seema S. Rathore

Scanned with CamScanner

Outcomes:

- **Enhanced Knowledge and Skills:** Participants gained a deeper understanding of dissolution PVT, including standardized methods and troubleshooting techniques.
- **Regulatory Compliance and Quality Control:** Participants learned how improved adherence to regulatory guidelines and enhanced quality control in pharmaceutical testing ensured safety and efficacy.
- **Professional Networking and Implementation of New Technologies:** Participants could use this as an opportunity for networking and sharing best practices, along with exposure to new technologies that can be applied in their laboratories.

Summary:

- Ms. Seema S. Rathore anchored the event, she welcomed the guest and Principal on stage to light the lamp
- Dr. N. M. Raghavendra, Principal, COPS delivered the welcome remarks
- Mr. Shyam Kanda, Senior Manager, USP Education gave the opening remarks
- Dr. Mark Liddell, Senior Manager, Dosage Form Performance Laboratory, USP (Image 3) addressed the gathering on following topics:
  - 1st Session: 09:30 to 10:00 AM: Dissolution Theory and History of Dissolution Testing
  - Tea Break: 10:00 AM to 10:15AM
  - 2nd Session: 10:15AM to 11:15AM: Compendial Dissolution Testing
- 3rd Session: 11:15 to 11:45 AM: Role of dissolution in drug development by Dr. Ramesh Jagadeesan, Vice President - Head - Analytical Services, Recipharm Pharmaservices Pvt. Ltd (Image 4).
- 4th Session: 11:45AM to 12:20PM Method development & Validation by Dr. Mark Liddell
- 5th Session: 12:20 to 01:00 PM: Panel Discussion on Impact of Dissolution on determining quality of the product.
- Dr. Ramesh Jagadeesan was the moderator for Panel discussion. The panelist were Prof. J.Vijaya Ratna, Honorary Professor, AU College of Pharmaceutical Sciences, Andhra University, Dr. Sumathi Rao, Quality Director, Hibrow Healthcare, Mrs. Geetha. V, Assistant General Manager – Analytical development, Micro Labs Ltd. and Dr. Mark Liddell (Image 4).

Scanned with CamScanner

Office COPS <office-cops@dsu.edu.in>

- 6th Session: 02:00 to 04:00 PM: Dissolution system qualification and PVT Demo by Dr. Mark Liddell
- Vote of Thanks: Dr. Vanaja K from Dayananda Sagar University and Mr.Amol from SOTAX delivered the vote of thanks.

  A certificate of participation was given to all the participants from USP India.

Event Report

Workshop and Hands-on Training
Experimental Techniques and Data Acquisition in Cardiovascular Research

REF: COPS/DSU/24062024
Date: 26 June to 27 June 2024, Time-9.30 am to 5.00pm
Venue: CIL Room, 4th Floor and Pharmacology Laboratory

About the Event: The Department of Pharmacology, College of Pharmaceutical Sciences organized a "Hands-on Workshop on Experimental Techniques and Data Acquisition in Cardiovascular Research" held from 26th June 2024 to 27th June 2024. The workshop aimed to provide participants with practical experience in advanced imaging techniques used in cardiovascular research. The participants were engaged in interactive sessions, demonstrations, and hands-on activities led by leading experts in the field.

Resource Persons

- **Dr. Naseeruddin Inamdar,** Principal, East West College of Pharmacy, Bengaluru
- **Mr. Sumant Bhat,** AD Instruments in Cardiovascular Research AD Instruments South Asia
- **Mr. Onkaramurthy M,** Senior Research Associate, Discovery Sciences Group (R & D) Himalaya Wellness Company, Bengaluru
- **Mr. Ben Samuel**, Application Scientist, AD Instruments South Asia (India), New Delhi
- **Mr. Harish Kumar**, Director, Life Science Technology, Bengaluru

No. of students Participated: 43

Faculty Coordinators:

Dr. Geetha KM, Professor and Head, Department of Pharmacology, COPS

Outcomes:

- **Practical Skills:** Participants gained hands-on experience with advanced imaging techniques in rat models.
- **Expert Insights:** Attendees benefited from the expertise and insights of leading researchers and practitioners in cardiovascular research.
- **Networking Opportunities:** The workshop provided a platform for networking and collaboration among researchers, industry personnel, and students.

Summary

Day 01 (26/06/2024)

The workshop commenced with a warm welcome by Dr. Geetha KM, (Convener) Professor and Head, Department of Pharmacology. Dr. Vijay Kumar, Associate Professor,

Scanned with CamScanner

Department of Pharmacology delivered opening remarks, expressing the significance of the data integration and hands-on training in pharmacological research.

Dr. Pushpa Sarkar, Dean, School of Health Sciences, DSU delivered presidential address and appreciated the initiation of the event. Dr. N.M Raghavendra, Principal, COPS, addressed the gatherings and welcomed. Mr. Onkaramurthy M, provided an overview of the workshop and introduced significance of the cardiovascular research. Mr. Sumant Bhat and Mr. Harish Kumar, emphasized the importance of advanced experimental techniques in experimental Pharmacology. Dr. Pushpa Sarkar and Dr. N.M Raghavendra facilitated the guests with a token of gratitude. The inaugural event was concluded with vote of thanks delivered by Dr. Prashant Tiwari, Associate Professor, Department of Pharmacology.

High-Tea break: 15 minutes

1st Session: 11 AM-12.45 PM

The session was initiated by Mr. Sumant Bhat on the topic AD Instruments in Cardiovascular Research. Mr. Onkaramurthy delivered a session on In-Vivo Hemodynamics followed by the demonstration of ECG.

2nd Session: 1.30 PM -5.00 PM

Post lunch session included hands-on experiments on invasive BP measurements in rat models followed by Q &A sessions.

Day 02 (27/06/2024)

The session started by welcoming Dr. Naseeruddin Inamdar Principal, East West College of Pharmacy, Bengaluru. **Dr. Naseeruddin Inamdar** delivered a talk on "Overview of Isolated Heart Experiments". The session aimed at providing participants with a comprehensive understanding of the methodologies and applications of isolated heart experiments in biomedical research. The session helped the participants familiarise with the theoretical background of isolated heart experiments. Additionally, the session demonstrated the setup and execution of the Langendorff and working heart preparations.

The hands-on training helped the participants to understand the procedure to isolate heart, and measure the physiological parameter including heart rate, contractility, and cardiac output. Data acquisition systems were used to record and analyse these parameters in real-time followed by Q &A sessions.

The Workshop and Hands-on Training "Experimental Techniques and Data Acquisition in Cardiovascular Research" successfully met its objectives, equipping participants with valuable skills and knowledge in research techniques. The interactive nature of the workshop fostered a collaborative learning environment and provided practical experience that will enhance the participants' future research endeavours.

Feedback

Feedback from participants was overwhelmingly positive, with many highlighting the practical nature of the sessions and the opportunity to interact directly with experts. Key areas of appreciation included:

- The quality and clarity of the hands-on activities.
- The relevance of the techniques demonstrated to current research needs.
- The effectiveness of the data analysis training.

Workshop Report: Enhancing PhD Research Skills

Event: 2-Day Workshop for PhD Scholars

Date: October 18-19, 2023

Venue: Board Room, 'F' Block, College of Nursing Sciences (CONS), DSU

Overview:

The College of Nursing Sciences, DSU, successfully organized a 2-day workshop aimed at empowering PhD scholars with essential research skills and knowledge. The event brought together renowned experts from both domestic and international institutions to provide valuable insights and guidance.

Key Highlights:

Day 1:

- Introduction to PhD Program and Leadership Styles: Dr. Santham Sweet Rose, Principal of CONS, DSU, delivered an insightful session on the intricacies of the PhD program and explored various leadership styles relevant to academic research
- Mixed Method Research: Dr. Hephzibah Samuel, Deputy Head of the School for Advanced Practice at Anglia Ruskin University, Chelmsford, UK, shared her expertise on mixed method research, a powerful approach that combines quantitative and qualitative methodologies.

Day 2:

- Research Problem Statement Refinement: The focus shifted to refining and discussing research problem statements, a crucial step in the research process.
- Expert Feedback: Dr. Hephzibah Samuel, Dr. Santham Sweet Rose, and other esteemed supervisors provided valuable feedback and suggestions to the PhD scholars, helping them strengthen their research proposals.

COLLEGE OF NURSING SCIENCES

DAYANANDA SAGAR UNIVERSITY

Conclusion:

The workshop proved to be a significant learning experience for the PhD scholars, equipping them with the necessary tools and knowledge to excel in their research endeavors. The event fostered a collaborative environment, enabling participants to learn from each other and from the experts. By addressing key areas such as leadership, research methodology, and problem statement development, the workshop contributed to the overall enhancement of research quality within the institution.

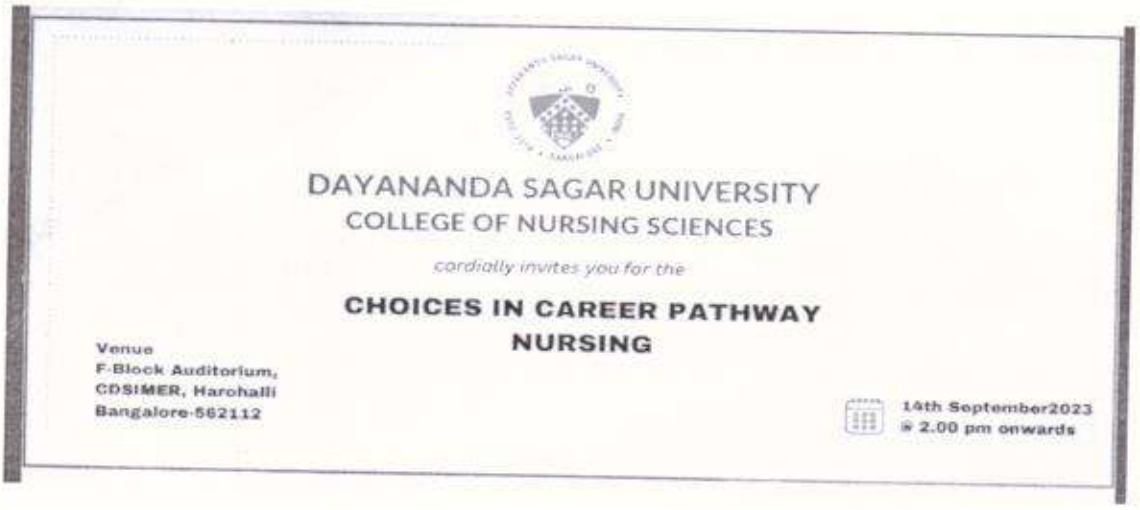
REPORT ON GUESTLECTURE - CHOICES IN CAREER PATHWAY NURSING

Event Date: September 14, 2023
Event Time: 2:00 PM Onwards
Venue: 'F' Block Auditorium



Introduction: The event on "Choices of Career Pathway in Nursing" held at the F Block Auditorium on September 14, 2023, was a resounding success.

Introductory Speech:

Dr. Santham Sweet Rose, Principal of College of Nursing Sciences, DSU, initiated the event by emphasizing the importance of choosing the right career path, especially in nursing. Madam shared her own experience as a student and highlighted how the field of nursing offers various opportunities and emphasized the need for students to make informed decisions regarding their future.

Welcome Address:

Dr. Jamuna, Associate Professor, OBG Nursing Speciality welcomed the gathering with warmth and enthusiasm. She expressed her gratitude to the guest speakers and Principal, College of Nursing Sciences, DSU for their presence and encouraged all the attendees to actively participate in the discussions and make the most of the valuable insights to be shared.

Guest Speaker Presentations:

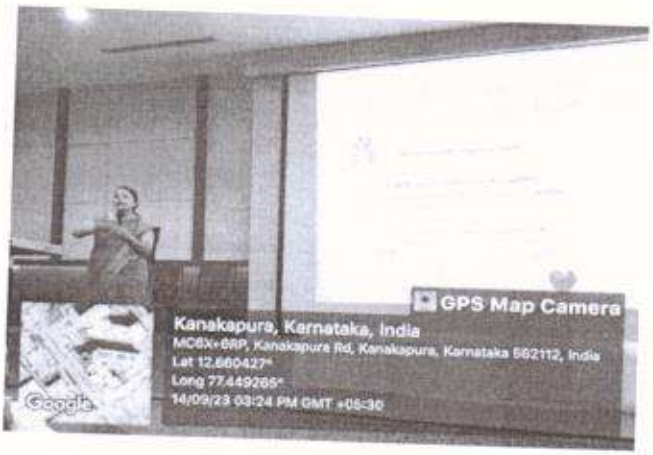
1. **Dr. Umashankar Subramanian.**

Dr. Umashankar Subramanian, one of the guest speakers, began by discussing the diverse career pathways within nursing. He shed light on the opportunities available in clinical nursing, research, education, and administration. Dr.Umashankar Subramanian shared his personal experiences and insights, motivating the students to explore their passions within and out the nursing profession.

2. Professor Mohan.

Prof. Mohan, another distinguished guest speaker, spoke about the evolving role of technology in MBA. He discussed how advancements in healthcare technology are opening up new avenues in nursing, including telemedicine, informatics, and data analysis. Prof. Mohan emphasized the importance of embracing into MBA course and to enhance the prospectus of the students.

3. Dr. Pavithra



Dr. Pavithra, the final guest speaker, shared her expertise in the field of mentoring MBA studentsr. She highlighted the significance of executive MBA and its potential to drive positive changes in healthcare. Dr. Pavithra encouraged students to consider pursuing careers in various specializations in MBA and provided valuable guidance on how to get started in this field.

Vote of Thanks:

Mr. Ramesh, Associate Professor, Medical Surgical Nursing Speciality, faculty representative, delivered the vote of thanks at the end of the event. He expressed gratitude to the guest speakers for their enlightening presentations and to Dr. Santham Sweet Rose, Principal CONS,DSU, Nursing faculty and all the attendees for making the event a success. Mr. Ramesh encouraged fellow students to reflect on the insights gained and make informed decisions about their nursing careers.

Conclusion: The "Choices of Career Pathway in Nursing" event provided students with valuable insights into the diverse opportunities within the nursing profession. The guest speakers, Dr. Umashankar Subramanian, Prof. Mohan, and Dr. Pavithra, shared their expertise, motivating students to explore various career paths in nursing. The event served as a platform for learning and networking, and it is hoped that it will inspire students to make informed and fulfilling career choices in the field of nursing.

Chick embryo: emerging preclinical animal model (29/2/2024 to 1/03/2024)

A workshop on **"Chick embryo: emerging preclinical animal model"** was organized by Department of Biotechnology, School of Basic and Applied Sciences, Dayananda Sagar University, Bangalore on 29/2/2024 to 1/03/2024. Around 35 students of M.Sc. were participated. Workshop Organized and conducted by Dr. Vineetha MS, Assistant Professor, Department of Biotechnology, School of Basic and Applied Sciences, Dayananda Sagar University. The workshop provided hands on training on chick embryo model handling for various studies. Students were trained on candling eggs, toxicity studies using various phytocompound, angiogenesis studies and haemorrhage studies. We are looking forward to many more illuminating sessions one such as this in the future.

Hands on Workshop

on

" Basics of Laboratory Animal handling (Mice/Rat)"

Theme: "Understanding the methodologies and Basics of Research with *in vivo* Murine Model"

On

20th September-2023

Time: 10:00 am onwards

CPCSEA

Committee for the Purpose of Control and Supervision of Experiments on Animals

HIGHLIGHTS

- CPCSEA Regulations Ethics and Welfare
- Anesthesia & Euthanasia
- Biosafety and Occupational Hazard
- Hands on training on animal experiment (Mice model)
- Dissection and collection of Organs
- Restraining, Handling, Intraperitoneal injection etc
- Routes of Drug administration

Every participant will receive certificate at the end of workshop

REPORT

Skill Development "Hands on Workshop

on

" Basics of Laboratory Animal handling (Mice/Rat)"

Theme: "Understanding the methodologies and Basics of Research with *in vivo* Murine Model"

"

Faculty members of Biotechnology conducted a one day Hands on workshop for their MSc final year students on 20th Sep 2023. Total 55 MSc Biotechnology students attended and got trained on for animal handling. Dr. Susweta Das completed the workshop for the students with the help of organizing team including two alumni students of MSc Biotechnology -Ms. Ashika & Ms. Meha , PhD scholar -Ms. Adrija Saha, Lab technician-COPS -Mr Mahesh and Lab attender – Mr Gautham. The senior students extended support to their juniors during the workshop with their skills on animal handling. Dr Susweta along with Lab technician Mr. Mahesh (COPS, DSU) who has > 20 years of experience on animal handling, trained the students during the workshop along with the help of lab attender Mr. Gautham.

The highlights of the workshop content were as follows:

- CPCSEA Regulations Ethics and Welfare
- Anesthesia & Euthanasia
- Biosafety and Occupational Hazard
- Hands on training on animal experiment (Mice model)
- Dissection and collection of Organs
- Restraining, Handling, Intraperitoneal injection etc
- Routes of Drug administration

Certificates were given to all participants and certificate of appreciation was given to the senior students of organizing committee.

Animal handling workshop- 20th Sep 2023

Certificate will be given to all the participants based on attendance & submission of workshop report

4th December to 5th December: Hands on Workshop on Immunotechniques

Dr. Triveni K, Asst Professor- Biotech, organized three days hands on workshop on "Immunotechniques" and trained the students with immunochromatographic assay, ELISA and Immunization from 4th to 5th December 2023 for 60 final year MSc Biotechnology students. Two Biotech alumni students of 2021 MSc batch, Ms. Varsha and Ms. Deekshitha were invited to be part of the workshop to help their juniors during the training and were acknowledged with certificate of appreciation from SBAS.

MSc Biotech students performing ELISA during hands on workshop on Immunotechniques on 4th December 2023

Biotechniques in Industry (06/12/2023)

A workshop on “Biotechniques in Industry” was organized by Department of Biotechnology, School of Basic and Applied Sciences, Dayananda Sagar University, Bangalore in association with Sartorius, Merck and Biocon Academy for benefit of 5th semester B. Sc students and M. Sc students on 06/12/2023. Around 108 of B.Sc. and M.Sc. students were participated. Workshop Organized by Dr. Vineetha MS, Assistant Professor, Department of Biotechnology, School of Basic and Applied Sciences, Dayananda Sagar University. The workshop provided hands on training on Bio-Processing technique to meet the current day Industry need. Students were trained on Upstream process and Downstream process. The speaker, enlightened students on “Introduction to USP application in Biopharmaceuticals manufacturing, “Introduction to DSP application in Biopharmaceutical manufacturing”, Demonstration of DSP and USP Unit operation, Bio pharmaceuticals overview and new modalities in the market, Platform technology in Biopharmaceuticals manufacturing Downstream. Prof SS Eshwaran from Biocon Academy was chief guest and addressed valedictory session. We are looking forward to many more illuminating sessions one such as this in the future.

Skill enhancement

Hands on Certificate Workshop on

"Animal cell culture and its role in research & industry"

Mini Project included:

"Primary cell culture from caudal fin explants of Zebra Fish"

DURATION:

26th February to 28th February 2024

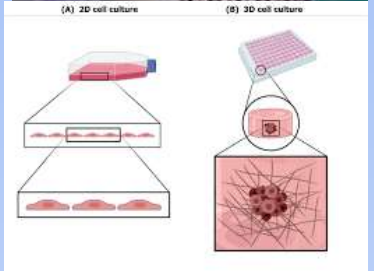
Timings: 10.00 am to 5: 00 pm

Every participant will receive certificate at the end of workshop

Hands on training content - Highlights

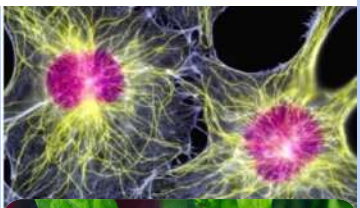
Day1

- Cell culture: Dos and Donts (sterile techniques)
- Cell culture Lab equipments, media, reagents
- Types of cell culture (primary, secondary)
- Types of cell culture (Adherent, nonadherent); Epithelial vs Mesenchymal cells
- Introduction to Mesenchymal Stem cells and applications



Day 1

Preparing Primary cell culture (fibroblast); explant from zebrafish fin

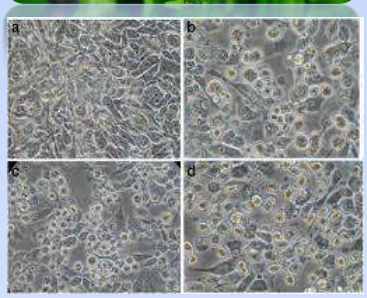


Day2

- Thawing Cells
- Cell Viability assay (Trypan blue)
- Seeding cells 2D (well plates)and 3D
- Real time-Live imaging.

Day3

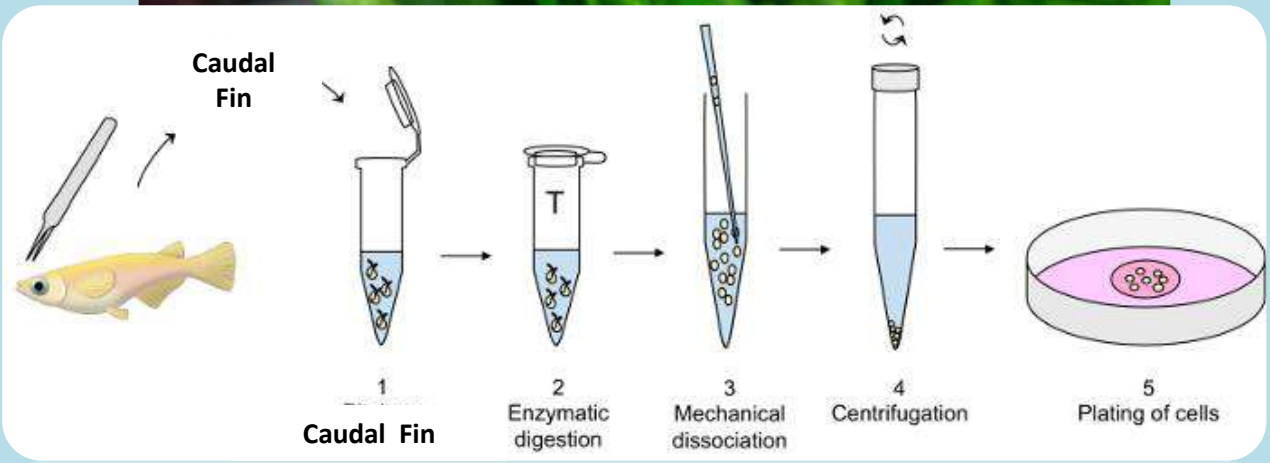
- Observe seeded cells (2D vs 3D)
- Inverted Microscope
- Zebrafish primary cells observe
- Pre-prepared MSC differentiation to adipogenic lineage; stain



Day 4 & 5

Maintenance of cell

Mini Project included:
Primary cell culture from caudal fin explants of Zebra Fish



Collecting cells for DNA/RNA/protein analysis

Resource person:

Dr Gokul Kesavan

Principal Scientist & Founder

Vertex Research & Education

Coordinator: Dr. Susweta Das

Associate Professor Biotechnology

Hands on workshop-

Animal cell culture "Primary cell culture from caudal fin explants of Zebra Fish"

Dr. Susweta Das, faculty of Department of Biotechnology, SBAS conducted a three days hands on workshop on "**Animal cell culture and its role in research & industry" with a mini project titled: "Primary cell culture from caudal fin explants of Zebra Fish"** from 26th Feb to 28th Feb 2024 for final year MSc Biotechnology students. Dr. Gokul Kesavan, Principal Scientist, Vertex Research & Education was the key resource person invited for the three days workshop.

The workshop covered **theoretical sessions** on 2D versus 3D cell culture, stem cells and types, stem cell differentiation, essential media requirements etc followed by **practical sessions**, where students were trained on viability assays, cell counting, seeding for cell culture, trypsinization of adherent cells, primary cell culture, real time live imaging, inverted microscopy, cartilage and bone staining etc.

The session concluded with question answer session where students gained deeper insights on the establishment of a cell line, characterization of stem cells based on different surface markers. Students understood the workflow of how the cell culture invitro system is used for testing drugs besides understanding different diseases by gene expression studies using the cell culture.

MSc Biotech student viewing cells from caudal fin under Inverted Microscope during workshop.

Dr Gokul Kesavan, (Principal Scientist from Vertex Research & Education) training students for imaging

MSc Biotech student dispensing cell culture media in 12 well, 24 well tissue culture plates and T-flasks.

Participants (MSc Final year Biotechnology student) along with
Trainers– Dr Susweta Das, SBAS and Dr Gokul Kesavan, Vertex Research and Education, Bangalore during Hands on Workshop on Animal Cell culture techniques on 28th Feb 2024

SCHOOL OF
COMMERCE & MANAGEMENT STUDIES

Report on Five Days Faculty Development Program on 'Research Methods and Data Analysis using JMP Statistics'

School of Commerce and Management Studies, Dayananda Sagar University, Bengaluru organised Five Days Faculty Development Program on *'Research Methods and Data Analysis using JMP Statistical Software'* from February 26th, 2024 to March 1st, 2024. The involvement of eminent researchers namely, Dr. Roland Has, Prof. IIIT- Bengaluru; Dr. Svatopluk Kapounek, Faculty of Business and Economics, Mendel University in Brno, Czech Republic; Dr. Muralidhara A., JMP, Academic Team as resource persons added immense value to the program.

The participants had the opportunity to learn from experts who have made significant contributions to their respective fields. It was an enriching and insightful event aimed at equipping faculty members and research scholars with advanced tools and techniques in research methodology and data analysis. Throughout the duration of the FDP, participants engaged in a series of lectures and interactive sessions led by resource persons. The practical aspect of the FDP was further enhanced through hands-on exercises. These sessions covered a wide range of topics, including research paradigms, writing of research papers and proposals, data analysis techniques, descriptive analysis, Inferential Analysis, ethical considerations in research.

Date: 26/02/2024 – 01/03/2024
Mode: Hybrid

- Participants must download trial version of software from **www.jmp.com/try**
- Datasets, case studies and Zoom link will be shared **3 days prior to the FDP.**
- Kindly carry **a mouse** along with the laptop.

Resource Persons

Dr. Roland Haas

Roland Haas is the Co-founder of an AI high-tech-startup which works on innovative solutions combining knowledge graphs, deep learning and generative AI. In 2007, he founded QSO Technologies India Pvt. Ltd., a consulting and systems engineering services provider headquartered in Bangalore. He is a professor at the International Institute of Information Technology Bangalore, India.

He has more than 25 years of professional experience in research, senior techno-managerial, business innovation and business development assignments in Germany, India, USA, Japan and Israel. Dr. Haas has broad experience in Automotive R&D, Aerospace R&D, Systems Engineering, Software & IT services, consulting and strategy.

From 1993 to 2006 he worked with the Daimler (daym-luh) group, heading the Daimler India R&D Center in Bangalore, now called MBRDI, from 2001 to 2006. Roland Haas has co-authored several books; the most recent one being a textbook on Automotive Connectivity and Cybersecurity published by Springer. Dr. Haas was an adjunct faculty member of the Indian Institute of Science (IISc) and has done teaching and research in Cyber Security, AI, Digital Health, Automotive Electronics & Software, Autonomous Systems, Management Information Systems and Virtual Product Creation. He is an Alumnus of the German National Academic Foundation & the Mercedes-Benz Scholarship Foundation. Dr. Haas studied Computer Science, Mathematics and Electrical Engineering at the University of Karlsruhe (now Karlsruhe Institute of Technology, KIT) and the Technical University of Clausthal.

Dr. Svatopluk Kapounek

Dr. Svatopluk Kapounek is a senior researcher and lecturer in the field of financial econometrics, international investment management, international finance, monetary economics and central banking. He has served as head of the Department of Finance, program director of Finance and Investment Management, and head of the research group Mendel FinHub at the Faculty of Business and Economics, Mendel University Czech Republic. He has served as President of the Czech Economic Society (2020-2022)

and Vice-Dean of Research at the Faculty of Business and Economics, Mendel University from (2014-2022).

Dr. Muralidhara. A

Muralidhara. A is part of JMP Global Academic Team. He holds a B Tech, MBA, and PhD. He has served more than 22 years in Analytics and Data Science Industry and worked for Genpact, Target and Danske holding various leadership positions. He is also a trainer in Statistical Data Analysis, Data Science & ML and DOE (Design of Experiments) and has conducted workshops for IISc, IIM, IIT, NIT and other academic institutions. He has authored several case studies for teaching and also a co-author of the book Machine Learning for Business Analytics from Wiley International Publications. He continues to learn and share in Statistical Thinking for Problem solving.

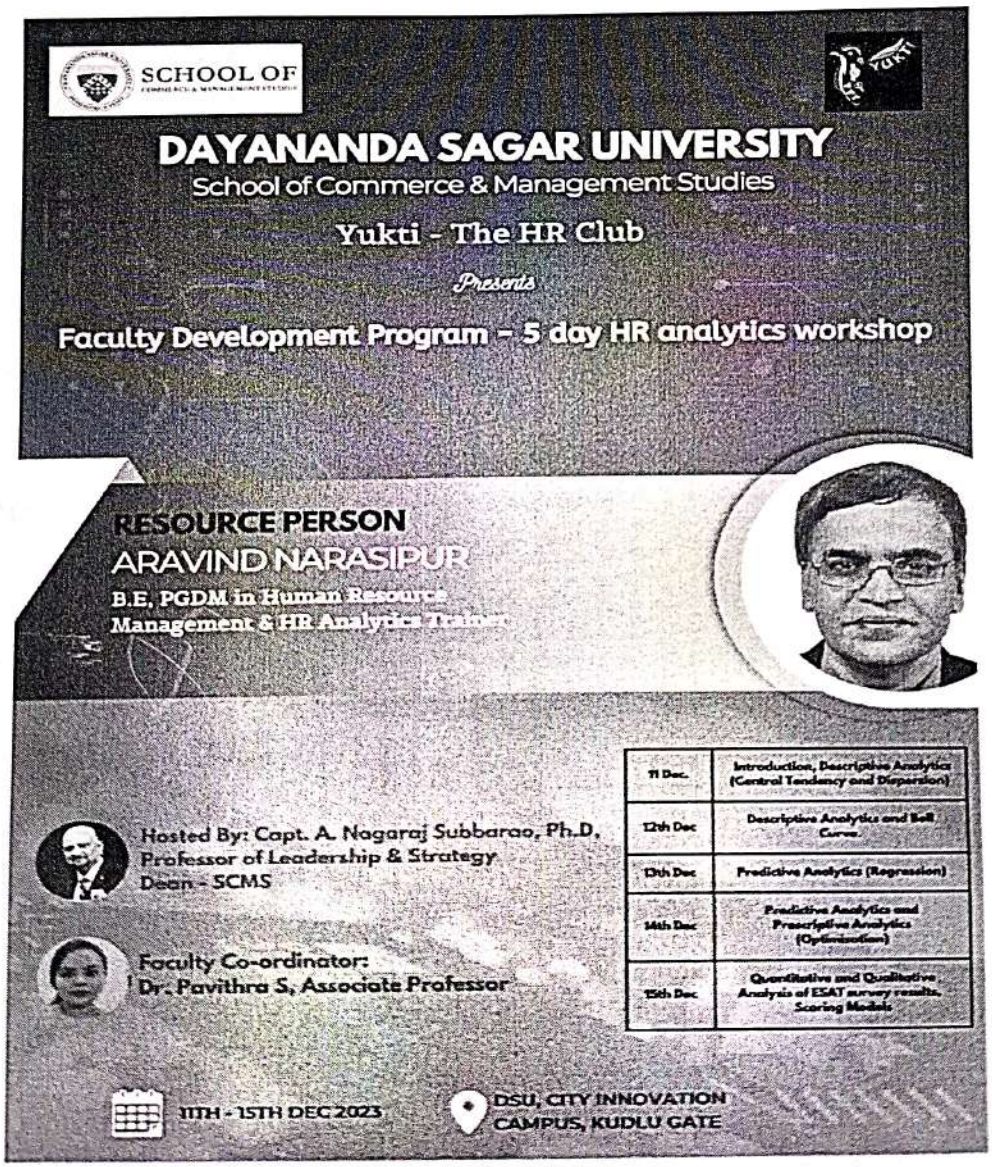
Report on 5 days FDP-HR Analytics



School of Commerce and management studies in association with Yukti club had conducted a Faculty Development Program for 5-days on HR Analytics from 11th Dec to 15th Dec.

The Resource person for the FDP was Mr. Aravind Narasipur. He holds a degree in Engineering and a PG Diploma in Human Resource Management. He has 15 years' experience in teaching and corporate training, that is preceded by a 16-year stint in industry.

The FDP covered the following topics during for 5 days.

11 Dec. Introduction, Descriptive Analytics (Central Tendency and Dispersion)

12 Dec. Descriptive Analytics and Bell Curve.

13 Dec. Predictive Analytics (Regression)

14 Dec. Predictive Analytics and Prescriptive Analytics (Optimisation)

15 Dec. Quantitative and Qualitative Analysis of ESAT survey results, Scoring Models.

20 Faculties participated for FDP. The FDP helped faculty members to understand the role of HR analytics is transforming how the HR department operates. They understood how HR analytics can help to answer a number of key organizational questions and importantly, help the business to gain a competitive advantage. The Hands-on session helped them to prepare and present insightful analysis and reports that help the decision makers to act swiftly.

Report on Startup Conclave
Empowering Tomorrow's Entrepreneurs.

Antah Prerna – Activity for May 2024
The Cope in Entrepreneurship of the School of Commerce & Management Studies organised the Startup Conclave on the 25th of May 2024.

Vision of COPE –
The vision is to inspire, empower, and transform our students into innovative, socially conscious entrepreneurs and leaders. Who drive positive change, shape the future, and solve problems. We envision a university ecosystem where entrepreneurial thinking flourishes, unlocking the leadership potential of students fostering creativity, and creating a lasting impact on society and the economy. Unleashing Entrepreneurial Potential: Introducing Antah Prerna – The DSU–COPE in Entrepreneurship (Centre for Proficiency Enhancement in Entrepreneurship)

Objectives of the COPE –
"Is to inspire, empower, and transform students into innovative, socially conscious leaders and entrepreneurs. Who drive positive change, shape the future, and solve problems."The outcome is for students to understand what an entrepreneurial mindset is.

SCHOOL OF COMMERCE & MANAGEMENT STUDIES

Introduction

The inaugural Startup Conclave, held on the 25th of May, was a pioneering event aimed at bringing startup founders and students onto a common platform. This event also served as a forum to felicitate the participants of the Business Plan Competition. The conclave was an attempt to bridge the gap between entrepreneurial vision and venture, fostering an entrepreneurial mindset among students.

Event Overview

The event commenced with a welcome address by Jitendranath Patri, the Head of COPE in Entrepreneurship (E-Cell). He introduced the topic, elaborated on the ethos of the startup conclave, and extended his gratitude to the partners, sponsors, participants, and invitees. Following his address, he invited Dean Capt. Nagaraj Subba Rao, Ph.D., to speak.

Dean's Address

Dean Capt. Nagaraj Subba Rao highlighted the origins and evolution of the Business Plan Competition. He emphasized the importance of cultivating an entrepreneurial mindset and urged students to start planning their entrepreneurial journeys early. His address set a motivational tone for the rest of the event.

Guest Speakers

The invitees were introduced and invited to share their insights and experiences. Each speaker brought a unique perspective to the table, enriching the discussions with their diverse backgrounds and expertise.

Mr. Vinod Shankar: As the CEO of the Atal Innovation Centre - DSU collaboration, Mr. Shankar spoke about his reasons for sponsoring the Business Plan Competition. He highlighted the focus areas of the Atal Innovation Centre, including healthcare, mobility, and renewable energy. He thanked SCMS for organizing the event and congratulated the participants.

Antah Prerna
CENTRE FOR PROFICIENCY ENHANCEMENT IN ENTREPRENEURSHIP

SCHOOL OF
COMMERCE & MANAGEMENT STUDIES

Mr. Vishnu Bhat: The CEO & MD of Blue Neem Medicals shared his journey into entrepreneurship. He discussed how his intrapreneurial stint at Infosys, where he set up new business units, helped condition his entrepreneurial mindset. He encouraged participants to focus on long-term goals.

Prof. Chaminda (Dilhanake) Hettiarachchi: Visiting faculty from Sri Lanka, Prof. Hettiarachchi shared his experiences in social entrepreneurship. He spoke about his company, FabLanka Foundation, and its mission to use digital manufacturing technology to transform Sri Lanka into a manufacturing-based economy. He emphasized the importance of innovation in improving the quality of life.

Mr. Greeshan Fernando: Co-founder of FabLanka and a consultant with Boeing, Mr. Fernando shared his academic journey and his involvement in entrepreneurship. His insights added depth to the discussion on global entrepreneurial trends.

Student Entrepreneurs

The event also featured presentations from student entrepreneurs:

Jennifer Immanuelle: An 8th-semester student from the Computer Science Department of the School of Engineering at DSU, Jennifer shared her entrepreneurial journey, which began six months ago after she was uninspired by her placement offers. She encouraged her peers to stay focused and consider the broader picture.

Sumit & Abhijeet: These students spoke about their venture to create a platform for the gaming community using NFTs. Their presentation highlighted the innovative spirit and technological prowess of DSU students.

Felicitation of Participants

Following the speeches, the event transitioned to the felicitation of participants and winners of the Business Plan Competition. This segment celebrated the talent and creativity of the student community, recognizing their hard work and innovative ideas. The winning teams:

Sl No	Startup Idea	Names of Student	Certificate
1	Project SAVELY	Malabika Biswas	3rd Place
		Swapnil Banik	3rd Place
		Mohd Saad Soudagar	3rd Place
2	Betel Leaf Wine	Francis Ronald	2nd Place
3	Ink Insights Thoughts	Kruthika N	1st Place
		Aashish N	1st Place

Antah Prerna

SCHOOL OF
COMMERCE & MANAGEMENT STUDIES

Conclusion

The event concluded with a vote of thanks, expressing appreciation to all speakers, participants, and attendees. The conclave underscored the intent to continue bridging the gap between students and entrepreneurs, fostering a culture of innovation and collaboration. The formal proceedings were followed by a sumptuous lunch, providing an opportunity for networking and informal discussions.

Acknowledgments

The success of the Startup Conclave was made possible by the support of our distinguished guests, panellists, sponsors (AIC-DSU and Nth Space), and the enthusiastic participation of students. The event marked the beginning of a series of initiatives aimed at empowering the next generation of entrepreneurs.

School of Commerce and Management Studies-PG Program

Report on Session on Digital business design by Prof Alagiri G

The goal of Digital Transformation Centre for Proficiency Enhancement (COPE) is to adopt a digital approach, which the student will need to understand, in order to align with strategic decisions.

Prof Alagiri G, Founder and director of two boutique Industry 4.0 companies, took the session for PG students. This session helped students connect with Industry professional to bring practical perspectives and practices of Digital Trends.

It was a very interactive and useful session for students.

47 students attended the session and the key takeaways for the students are as follows:

1. Business design Vs digital business design - Same or something different?
2. Digital business design – what it is?
3. Strategy Vs Business model
4. Why business models are not constant?
5. How corporate identify the necessity to change the existing business models?

Date: 16-Feb-2024
Time: 10:00 AM to 11:00 AM
Venue: Gallery 2, Block A, Dayananda Sagar University, Kudlu Gate, Bengaluru

Blockchain Management Workshop

The Workshop on Blockchain Management was held on **August 9–12, 2023** , in **Gallery 3 , DSU City Campus, Hosur** Road, Bengaluru by Dr. Pierre Al Khouray.

Objectives:

The aim of the workshop was to educate students about blockchain technology , its fundamental concepts, applications, and potential implications.

Dr. Pierre Al Khouray is a Lebanese economist, educator, and public policy expert. He is currently the Professor of Economics and Dean of the Faculty of Business at the American University of Technology. He is also the Secretary General of the Lebanese Economic Association.

The session commenced with a detailed overview of what blockchain is, its history, how it works, and its consensus mechanisms. A discussion on the components , benefits , drawbacks, and applications of blockchain was done. An overview was given of the future of blockchain and blockchain consensus mechanisms such as proof of work, proof of stake, and delegated proof of stake. Blockchain in finance is highlighted in terms of how it is used in the finance sector and its decentralised finance (Defi) and smart contracts. In Blockchain in Supply Chain , students learned about the potential for blockchain to revolutionise traceability and authentication. The healthcare and pharmaceutical application discussion emphasised mainly secured patient mechanisms.

Feedback

The Blockchain Workshop successfully met its objectives by equipping students with a comprehensive understanding of blockchain technology and its impact on various sectors.

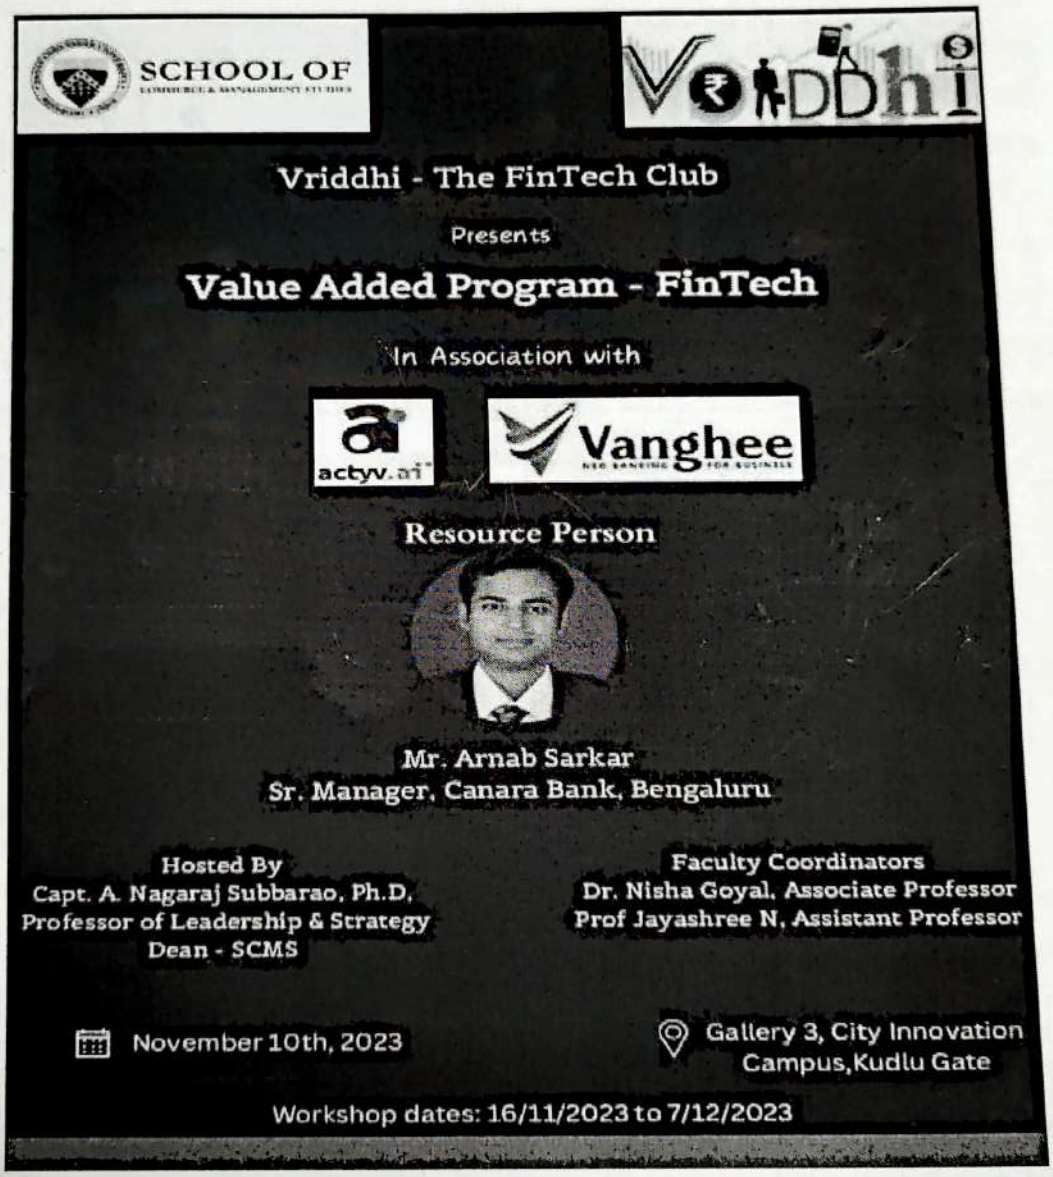
Report on Value Added Program- FinTech



Date: Launch of the event 10-11-2023

Workshop Dates: 16-11-2023 - 07-12-2023

Venue: Gallery-3, City Innovation Campus

Time: 2.00 PM- 5.00 PM

Mode: Hybrid

Meeting ID: https://zoom.us/j/9060841464

About the Program

Vriddhi- the Fintech club at School of Commerce and Management Studies in association with Actyv.ai and Vanghee has organised Value Added Program- Fintech for MBA students. Dr Nisha Goyal gave the welcome speech to kick off the workshop and welcomed our resource person Prof. Arnab Sarkar, Senior Manager, Canara Bank, Bengaluru.

This program has provided a comprehensive exploration of the dynamic and rapidly evolving landscape of financial technology. It covers a spectrum of topics from block chain and cryptocurrencies to robo-advisors and digital banking, the sessions equipped students with a comprehensive understanding of how technology is reshaping the financial industry. The engaging discussions and case studies delved into the disruptive potential of fintech, emphasizing its impact on traditional financial institutions and the emergence of innovative business models. By fostering a collaborative learning environment, the sessions encouraged critical thinking and strategic analysis, empowering MBA students to comprehend the intricacies of fintech and its implications for the future of finance.

Resource Person

Mr. Arnab Sarkar has over 11 years' experience in Software & Banking sector. He is a B.Tech (IT) from Jalpaiguri Government Engineering College under West Bengal University of Technology & MBA (Finance) from Indira Gandhi National Open University, Delhi.

He has worked for Automation Unit under R&D Vertical at Ericsson, Kista (Sweden) for 3.5 years where he has contributed to the co-relational framework which is implemented in 5G Technology. He also has experience in working with IT giants like IBM, CMC & Cognizant.

At Canara Bank he has worked across various verticals like– MSME, Corporate, Retail & Automation. Mr. Arnab has headed a SME Branch at Kumbalagodu, situated outskirts of Bengaluru for 3 years & earned the bank a net profit of Rs. 21.00 cr in 3 years (majorly

Covid-19 period). He has handled around 700 MSME organizations. Mr. Arnab Sarkar has 6 years' experience of working with startups & entrepreneurs. He has also worked with several Fintech companies for automation of various processes in the financial. He has worked with various startups helping them in their incubation.

Key Takeaways

1. **Fintech Overview**

- Explored the evolution of financial technology and its transformative impact on traditional banking systems.
- Discussed the rise of fintech startups, their business models, and the competitive landscape.

2. **Open Banking**

- Explored the concept of open banking and its role in fostering innovation by allowing third-party developers to build applications around financial institutions' data.
- Analyzed the benefits and challenges associated with open banking, including increased competition and enhanced customer experience.

3. **Regtech (Regulatory Technology)**

- Examined the role of technology in regulatory compliance within the financial industry.
- Explored how regtech solutions leverage automation and data analytics to streamline compliance processes and manage regulatory risks effectively.

4. **Techfin vs. Fintech**

- Differentiated between techfin and fintech, understanding how technology companies are entering the financial services space and disrupting traditional models.

5. **Ocean Protocol**

- Explored the concept of Ocean Protocol and its impact on decentralized data exchange, particularly in the context of the financial industry.

6. **Open Network for Digital Commerce (ONDC)**

- Discussed the significance of ONDC in the context of creating a standardized and open digital commerce infrastructure, particularly in the financial sector.

7. Internet of Things (IoT) in Finance:

- Explored the integration of IoT in financial services, discussing how connected devices and sensors are transforming customer interactions, risk management, and fraud prevention.

8. **Artificial Intelligence (AI) in Finance**

- Analyzed the applications of AI in finance, including chatbots, algorithmic trading, credit scoring, and personalized customer experiences.

9. **API (Application Programming Interface)**

- Discussed the role of APIs in enabling seamless integration between different financial systems, fostering innovation and collaboration in the industry.

10. **Blockchain Technology**

- Explored the decentralized and secure nature of blockchain, focusing on its applications in areas such as smart contracts, cross-border payments, and supply chain finance.

11. **Nano Banking**

- Discussed the emergence of nano banks and their role in providing hyper-personalized financial services, often leveraging digital channels and innovative technologies

These key takeaways collectively provide a comprehensive understanding of the multifaceted fintech landscape, covering technological trends and innovations shaping the future of the financial industry

Conclusion

In summary, the fintech sessions provided a comprehensive exploration of the rapidly evolving financial technology landscape. Through an in-depth examination of key concepts such as open banking, regtech, techfin, Ocean Protocol, ONDC, Internet of Things, AI, API, blockchain, and nano banking, participants gained valuable insights into the transformative forces reshaping the industry. The sessions fostered a holistic understanding of how emerging technologies are not only disrupting traditional financial models but also presenting new opportunities for innovation and collaboration.
