Activity: National Nutrition week observation, Demonstration of Davangere mix and Health education activity

Details

Date: 09.09.2023

Day: Saturday

Timings 10:30am to 1pm

Area: Devarahalli, Anganwwadi

Staff from Department of Community Medicine

Dr. Santosh Achappa

Ms. Ramya Bai [Medico-social worker]

Number of Students in attendance for the camp = 18

Camp beneficiaries = 35

Health Education topic: Importance of Nutrition for under 5 children

Demonstration of Davangere mix Preparation

National Nutrition week was observed on 09.09.2023 in Devarahalli Anganwadi. The program was conducted involving students of 3rd phase MBBS. The program started with students giving a talk on "Importance of nutrition to under 5 children" to the mothers of the anganwadi children followed by students demonstrating the preparation of Davangere mix. The significance of Davangere mix was told to the mothers while giving the demonstration. The program concluded with the feedback from the mothers on the event where they mentioned that these kind of programs needs to be conducted so that we can be aware about the proper nutrition for our children.

"SWACHHATA PAKHWADA" 2023

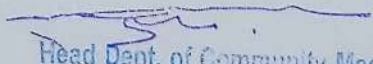

Date: 1st October 2023

Venue: Harohalli

Faculty-in-charge: Dr Sushma J

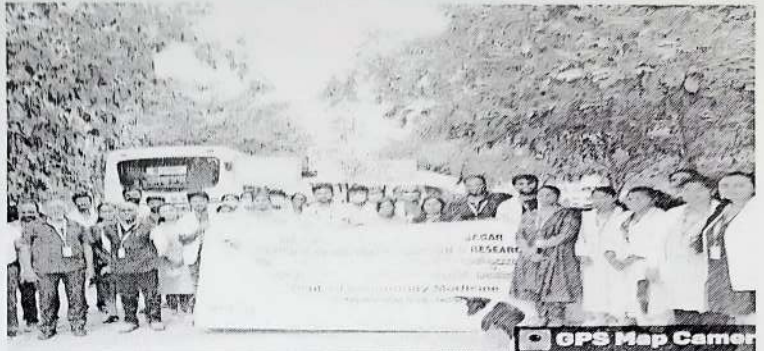

As part of the campaign for Swachh Bharat-Swachhta Pakhwada launched by Government of India, CLEANLINESS DRIVE including a rally was organized by the Department of Community Medicine around Harohalli bus stop on 1st of October 2023 between 9am and 12pm. The objective of the drive was to create awareness in the community regarding cleanliness and the ongoing cleanliness drive "Swachh Bharat".

The event involved participation of about 100 people and a rally was inaugurated at the Community Health Centre, Harohalli by the Principle and Dean, Dr A C Ashok. The participants included the head of the Department and all the faculty of Department of Community Medicine, Medico-social workers, students of I MBBS and III MBBS, Facility team and Marketing team. Slogans on 'cleanliness and health' were used for the campaign. The area of about 1kilometer around the bus stop was cleaned by the participants.

REPORT ON HEALTH CAMP AT CHIKKADEVARAHALLI

Organized by: Department of Community Medicine, CDSIMER as a part of posting schedule

Date: 13/10/2023

Time: 10AM - 1PM

Venue: Chikkadevarahalli

Staff members: 3

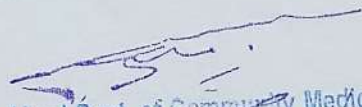

Students attended: 13

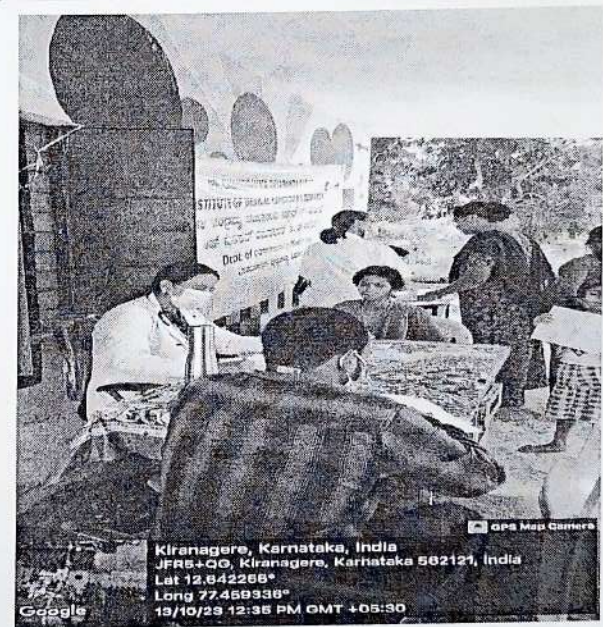

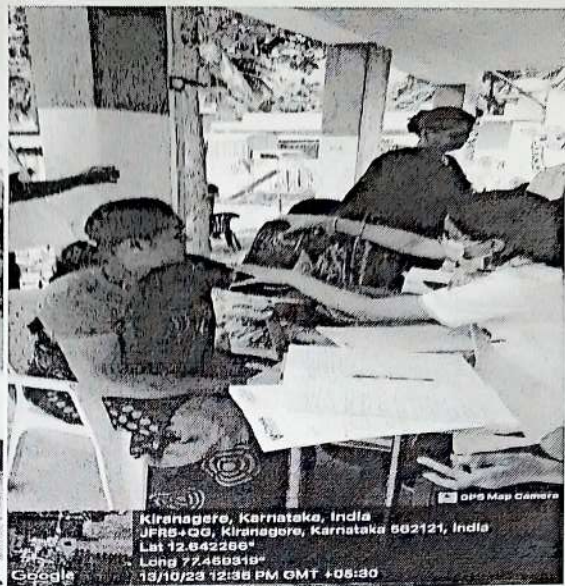

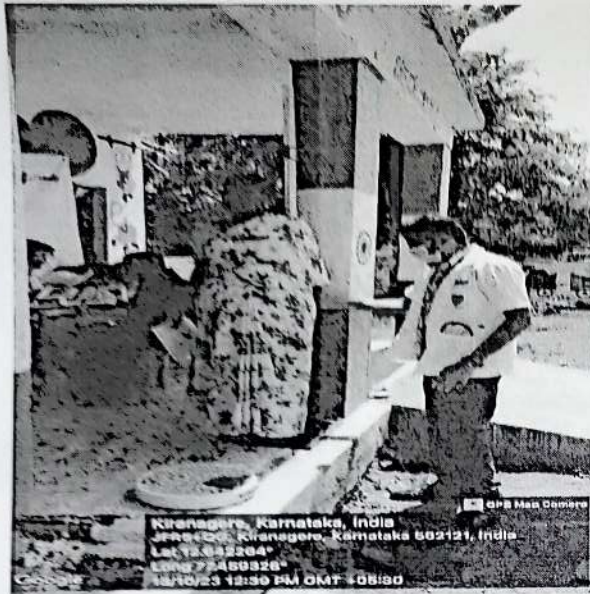

No of Beneficiaries: 37

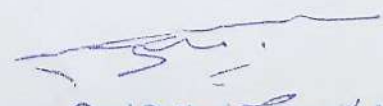

STAFF: Dr. Brunda NK, Dr. Harish K

Brief Summary:

The annual health camp conducted at Chikkadevarahalli as a part of Clinico-social posting schedule involved 13 students of third year MBBS (2020-21). Beneficiaries of different age group and gender attended the health camp. Majority of them were elderly and had musculoskeletal symptoms, diabetes and hypertension. Other conditions included cataract, dental caries, skin conditions, varicose veins, plantar fasciitis. Adequate treatment was given to the beneficiaries and 5 patients were referred to CDSIMER hospital for further management.

**A REPORT ON ROAD SAFETY AWARENESS PROGRAMME AT
PADAVANAGERE VILLAGE**

Date and time: 29/05/2024 at 9 am

Venue: Paduvanagere Village

INTRODUCTION

Road safety awareness is paramount in today's society, where bustling traffic and diverse road users make navigating streets a constant challenge. Effective road safety initiatives aim to educate individuals about the importance of adhering to traffic rules, promoting responsible driving behaviors, and fostering a culture of mutual respect and consideration among road users. Through proactive campaigns, community engagement, and the implementation of innovative strategies, road safety advocates strive to reduce accidents, injuries, and fatalities, ultimately creating safer environments for all travelers.

OBJECTIVES

Road safety awareness programs typically have several objectives aimed at reducing the number of accidents, injuries, and fatalities on the roads. Some common objectives include:

1. **Educating the Public:** Increasing awareness among all road users about safe practices, traffic rules, and the importance of following them.
2. **Changing Behavior:** Encouraging behavioral changes to promote safer driving habits, such as wearing seat belts, avoiding distracted driving, and not driving under the influence of alcohol or drugs.
3. **Reducing Risky Behaviors:** Targeting specific risky behaviors like speeding, aggressive driving, and not yielding to pedestrians, and advocating for their reduction.
4. **Promoting Vulnerable Road User Safety:** Highlighting the importance of protecting vulnerable road users such as pedestrians, cyclists, and motorcyclists, and encouraging mutual respect among all road users.
5. **Enhancing Road Infrastructure:** Advocating for improvements in road design, signage, lighting, and other infrastructure to make roads safer for everyone.
6. **Enforcement of Traffic Laws:** Supporting law enforcement efforts to ensure compliance with traffic laws and penalties for violations, which can act as a deterrent for unsafe behavior.
7. **Empowering Communities:** Engaging local communities in road safety initiatives, encouraging grassroots efforts, and fostering a sense of collective responsibility for road safety.
8. **Targeting High-Risk Groups:** Identifying and targeting groups that are at higher risk of road accidents, such as young drivers, elderly drivers, and commercial vehicle operators, with tailored educational programs.
9. **Measuring and Evaluating Impact:** Establishing metrics to measure the effectiveness of road safety programs and initiatives and using this data to refine strategies for maximum impact.
10. **Creating a Culture of Road Safety:** Ultimately, the overarching objective is to cultivate a culture of road safety where safe driving practices become the norm, leading to a significant reduction in road accidents and fatalities.

OUTCOME

The road safety awareness rally was conducted by NSS on 29/06/2024 at Paduvanagere village. The students from 4th year BSc Nursing and 5TH semester BSc Nursing students participated in the programme. The rally started at 10 pm in paduvanagere village and the people were educated the importance of road safety measures such as wearing helmets, seat belts, safe driving etc. The faculty Mr Ravi Kulal, Ms Susheela, Ms Sabina and Ms Ashwini were present during the programme. The road safety awareness was given by Mr Ayub Pasha, Senior Traffic Sub-Inspector Harohalli Police station. The principal, Dr D Santham Sweet Rose was Welcomed the guest and delivered keynote address followed by the guest lecture. Ms Sabina welcomed the Guest and the vote of Thanks was given by Mr Ravi kulal,

**A REPORT ON TB AWARENESS PROGRAMME AT BALECHENNAVALASE
AND T-HOSAHALLI VILLAGE**

Date and time: 20/05/2024 & 21/05/2024, 9 am Onwards

Venue: Balechennavalase and T-Hosahalli

INTRODUCTION

The TB Awareness Programme aims to educate communities about tuberculosis (TB), a highly infectious disease that affects millions worldwide. Through a combination of informational sessions, workshops, and outreach activities, the programme endeavors to raise awareness about TB transmission, symptoms, prevention, and treatment options. By fostering understanding and dispelling misconceptions surrounding TB, the initiative seeks to empower individuals to seek early diagnosis and access appropriate healthcare services, ultimately contributing to the global efforts to combat this preventable and treatable disease.

OBJECTIVES

The objectives of a TB (Tuberculosis) awareness camp typically include:

1. ****Education****: Educating the community about tuberculosis, its causes, symptoms, and methods of prevention. This includes dispelling myths and misconceptions about the disease.
2. ****Early Detection****: Encouraging people to recognize the symptoms of TB and seek medical help early. Early detection can lead to better treatment outcomes and reduce the spread of the disease.
3. ****Promoting Testing****: Encouraging individuals who may be at risk of TB to undergo testing, including those who have been in close contact with someone diagnosed with TB, individuals with weakened immune systems, and people living in crowded or unsanitary conditions.
4. ****Stigma Reduction****: Addressing the stigma associated with TB, which can prevent individuals from seeking treatment or disclosing their condition. This involves fostering a supportive and non-judgmental environment for those affected by TB.
5. ****Treatment Adherence****: Emphasizing the importance of completing the full course of TB treatment to prevent drug resistance and ensure successful recovery.
6. ****Community Mobilization****: Mobilizing community members, including local leaders, healthcare providers, and volunteers, to support TB prevention and control efforts.
7. ****Advocacy****: Advocating for improved access to TB diagnosis, treatment, and care services, as well as for policies that address social determinants of TB, such as poverty and lack of access to healthcare.

8. ****Collaboration****: Facilitating collaboration between healthcare providers, government agencies, non-profit organizations, and other stakeholders involved in TB control efforts.

9. ****Monitoring and Evaluation****: Assessing the effectiveness of TB awareness campaigns through monitoring and evaluation activities, and making adjustments as needed to improve outcomes.

By addressing these objectives, TB awareness camps contribute to reducing the burden of TB in communities and promoting better health outcomes for individuals affected by the disease.

OUTCOME

The Tb awareness camp was conducted at T-Hosahalli village and Balechennavalase village on 20/05/2024 & 21/05/2024. The faculty of community health nursing along with 4th year and 5th semester B.Sc Nursing students organized the programme. The camp was conducted for two days in two villages respectively. A pretest was administered to the samples containing 20 questions. A puppet show was conducted regarding TB and its transmission and Prevention followed by a post test.

REPORT ON UNDER FIVE SCREENING PROGRAMME

From 7th – 9th December 2023, Department of child health nursing conducted under five screening programme in selected anganwadi around Karnataka to assess the health status of under 5 children with the help of B.Sc Nursing 3rd year students.

OBJECTIVE:

- Assess the health status of Under five children in selected anganwadi
- Identifying the health problem in the under 5 children
- Educating the parents and under five children related to the health problem
- Referral services to those children who were identified to have health problem

ACTIVITIES PLANNED FOR UNDER FIVE SCREENING

- Screening for under 5 children
- Referral services – Dental and Pediatric departments
- Health education
 - ☛ Personal and oral hygiene
 - ☛ Immunization
 - ☛ Under 5 nutrition – Hyderabad mix preparation
 - ☛ Worm infestation
- Educating children through puppet show

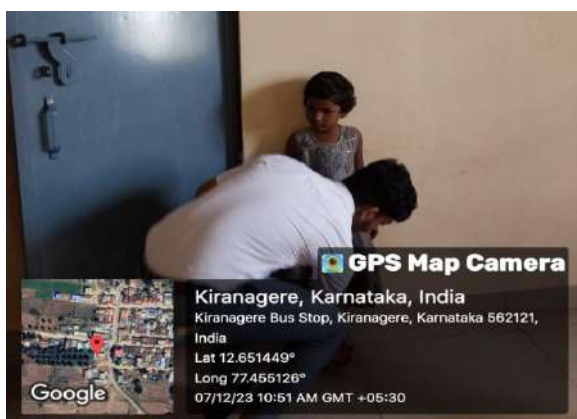

DAY 1

KIRANGERE, ANGANWADI

On 7.12.2023, 10 students from B.Sc Nursing 3rd year with three faculties i.e. Ms. Julice Varghese, Ms. Sabina Christan and Ms Sathana G went for under five screening programme in Kirangere Anganwadi from 9.30 am – 1.00 pm.

Out 11 children in Kirangere anganwadi 3 children were found out to be having dental caries problem and those children and their parents were provided health education and referred to CDSIMER hospital for further management

Name of the child	Age	Gender	Health problem	Referral services
Annapurna	4 years	Female	Dental carries	Dental dept, CDSIMER Hospital
Annushri	5 years	Female	Dental carries	
Arya	3 years	Male	Dental carries	
Dushyantha	4 ½ years	Male	Dental carries	

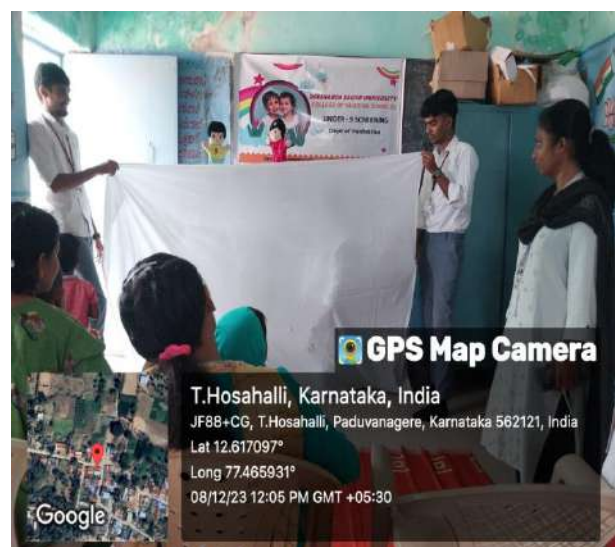

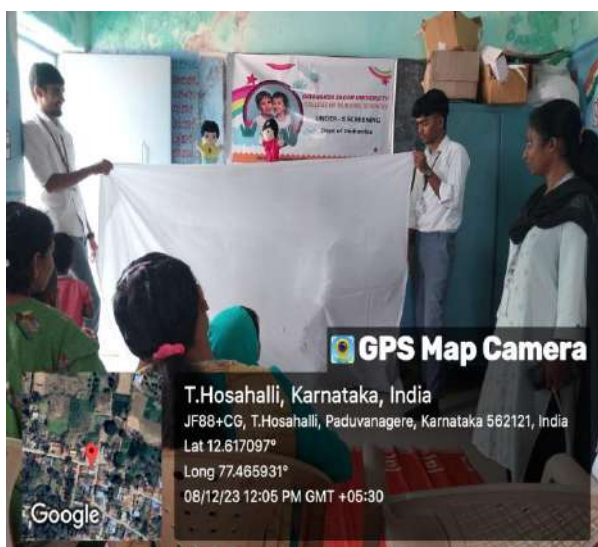

DAY 2

PADUVANGERE, ANGANWADI

On 8.12.2023, 11 students from B.Sc Nursing 3rd year with three faculties i.e. Ms. Julice Varghese, Ms. Sabina Christan and Ms Sathana G went for under five screening programme in Kirangere Anganwadi from 9.30 am – 1.00 pm.

Out 9 children in Pudukangere anganwadi 2 children were found out to be having dental caries problem and those children and their parents were provided health education and referred to CDSIMER hospital for further management

Name of the child	Age	Gender	Health problem	Referral services
Nandan	4 years	Male	Dental carries	Dental dept.
Lahri	5 years	Female	obesity	Pediatric dept

DAY 3

T. HOSAHALLI, ANGANWADI

On 8.12.2023, 11 students from B.Sc Nursing 3rd year with three faculties i.e. Ms. Julice Varghese, Ms. Sabina Christan and Ms Sathana G went for under five screening programme in Kirangere Anganwadi from 9.30 am – 1.00 pm.

Out 10 children in Hosahalli anganwadi 2 children were found out to be having dental caries problem and those children and their parents were provided health education and referred to CDSIMER hospital for further management

Name of the child	Age	Gender	Health problem	Referral services
Dhabashree	3.5 years	Female	Dental carries	Dental dept.
Nanditha	5.2 years	Female	Malnutrition	Pediatric dept

**A REPORT ON AIDS RALLY RAISING AWARENESS, SPREADING LOVE. ON
WORLD AIDS DAY "LET COMMUNITIES LEAD" TAT PADUVANAGERE AND T-
HOSAHALLI VILLAGE**

ORGANISED BY COMMUNITY HEALTH DEPARTMENT

Date and time: 18/01/2024 , 9 am Onwards

Venue: Paduvanagre Village and T-Hosahalli

INTRODUCTION

The Government of India estimates that about 2.40 million Indians are living with HIV (1.93 -3.04 million) with an adult prevalence of 0.31% (2009). Children (<15 yrs) account for 3.5% of all infections, while 83% are in the age group 15-49 years. Of all HIV infections, 39% (930,000) are among women. India's highly heterogeneous epidemic is largely concentrated in only a few states — in the industrialized south and west, and in the north-east. The four high prevalence states of South India (Andhra Pradesh – 500,000, Maharashtra – 420,000, Karnataka – 250,000, Tamil Nadu – 150,000) account for 55% of all HIV infections in the country. West Bengal, Gujarat, Bihar and Uttar Pradesh are estimated to have more than 100,000 PLHA each and together account for another 22% of HIV infections in India..

OBJECTIVES

1. Awareness: Raising awareness about HIV/AIDS, its transmission, prevention methods, and treatment options. This may involve educating the public about risk factors and dispelling myths and misconceptions surrounding the disease.
2. Advocacy: Advocating for policies and resources to support HIV/AIDS prevention, treatment, and research. This may include advocating for increased funding for HIV/AIDS programs, access to healthcare services, and protection of the rights of people living with HIV/AIDS.
3. Mobilization: Mobilizing communities to take action against HIV/AIDS. This may involve encouraging individuals to get tested for HIV, promoting safer sex practices, and supporting initiatives to reduce stigma and discrimination against people living with HIV/AIDS.
4. Support: Providing support to people living with HIV/AIDS and their families. This may include connecting individuals to healthcare services, support groups, and other resources to help them manage the disease and improve their quality of life.
5. Remembrance: Remembering those who have lost their lives to HIV/AIDS and honoring their legacy. This may involve holding ceremonies or vigils to commemorate those who have passed away and to show solidarity with those affected by the disease.

OUTCOME

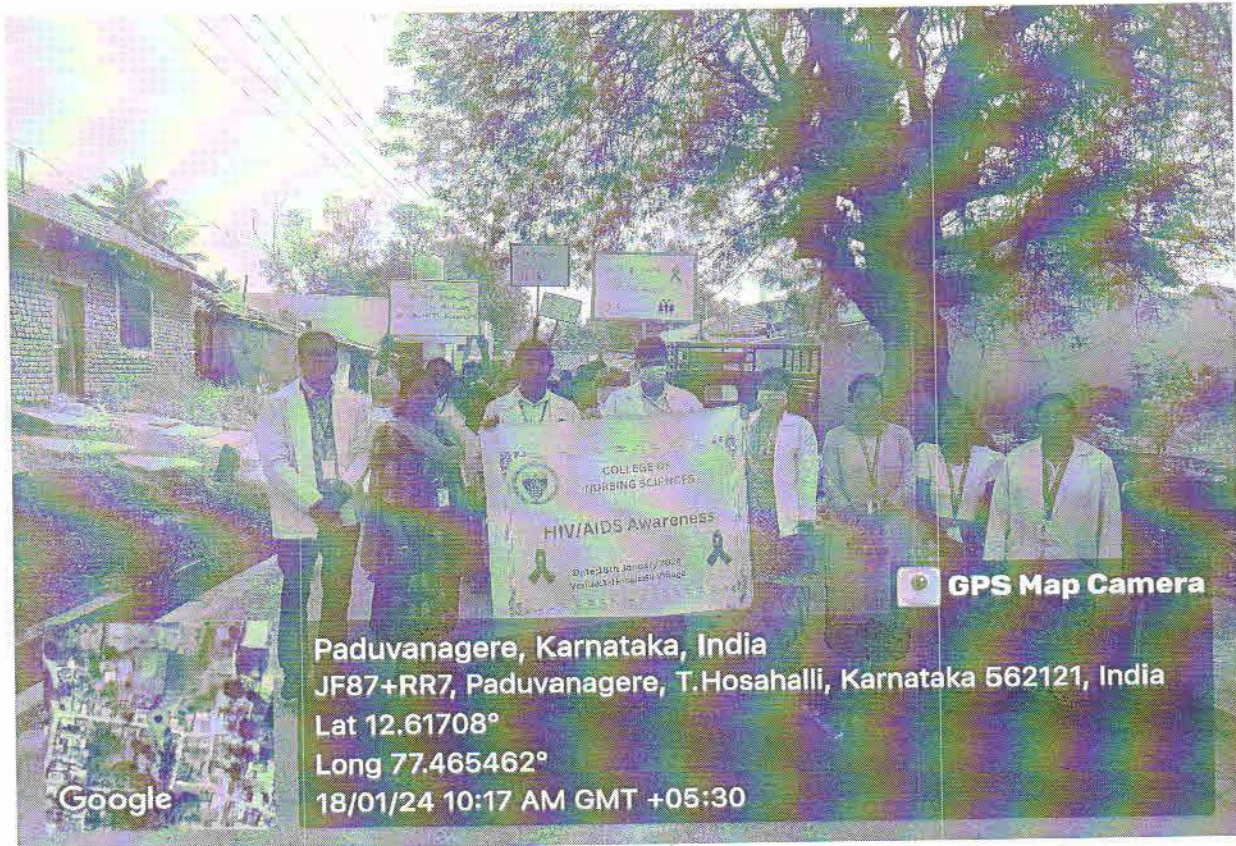

All the faculty members and students with principal participated with an objective to create awareness on HIV/AIDS among students of CONS,DSU. The program was started in Paduvanagere Village of Kanakapura Taluk in Ramanagara District. The Faculty members of CONS,DSU were present in the rally. The Rally was inaugurated by Dr D Santham Sweet Rose Principal, CONS,DSU.

World AIDS Day 2023, under the theme, "Let communities lead" is an opportunity to reflect on the progress made to date, to raise awareness about the challenges that remain to achieve the goals of ending AIDS by 2030 and to mobilize all stakeholders to jointly redouble efforts to ensure the success of the HIV response.

The students were conducted rally in Paduvanagere villages on various aspects of HIV/AIDS through flash cards. Pla cards, flip charts and various other health education materials. The rally was followed by a Role play on HIV/AIDS in T. hosahalli and it was witnessed by around fifty school children, adults and senior citizens of the villages.

Dayananda Sagar University**

You are invited to

**World Breastfeeding
Week**

**Theme: Enabling breastfeeding:
making a difference for
working parents**

3rd August 2023

**Harohalli, CHC
@ 10am**

Events:

- * Role play**
- * Demonstration of Breast feeding techniques**
- * Health education**

Introduction: In celebration of World Breastfeeding Week 2023, a significant health education event was organized by college of nursing sciences, Dayananda Sagar University at the Community Health Center in Harohalli. Nursing students took the initiative to spread awareness about the importance of breastfeeding among antenatal and postnatal mothers. The event featured role-plays, demonstrations, and informative charts to engage and educate the attendees effectively. Distinguished guests Dr. Raju J, District Health Officer (DHO), and Dr. Raghu, Paediatrician, graced the occasion, enriching the event with their expertise and support.

Event Highlights:

Welcome Address: The event commenced with a warm welcome address by the organizing committee, expressing gratitude to all the attendees and highlighting the importance of World Breastfeeding Week in promoting maternal and infant health.

Keynote Speech by Dr. Raju, DHO: Dr. Raju, the esteemed District Health Officer, delivered a keynote speech emphasizing the significance of breastfeeding in improving maternal and child health outcomes. He praised the nursing students' efforts in organizing the health education event and stressed the importance of community support in promoting breastfeeding practices.

Role-plays and Denionstrations: To make the education engaging and relatable, nursing students presented role-plays demonstrating various aspects of breastfeeding, such as correct latching techniques, proper breastfeeding positions, and overcoming common challenges. The live demonstrations provided visual clarity and practical knowledge to the attendees, encouraging them to adopt appropriate breastfeeding practices.

Informative Charts and Posters: The venue was adorned with informative charts and posters showcasing the benefits of breastfeeding, the stages of lactation, and the importance of exclusive breastfeeding for the first six months. The visuals served as valuable educational tools, reinforcing the messages delivered during the event.

Talk by Dr. Raghu, Pediatrician & Dr. Jamuna P.P, Associate Professor: Dr. Raghu, a highly regarded Pediatrician, delivered an insightful talk on the health benefits of breastfeeding for infants. Dr. Jamuna P.P addressed common concerns and misconceptions regarding breastfeeding and highlighted its role in providing essential nutrients and immunity to babies.

Q&A Session: A question and answer session followed the talks, where attendees had the opportunity to seek advice from both Dr. Raghu and the nursing students. This interactive session allowed mothers to clarify doubts and receive personalized guidance on breastfeeding-related matters.

Refreshments: To conclude the event on a pleasant note, refreshments were served to all participants, fostering a friendly and welcoming atmosphere for networking and building community connections.

Conclusion: The mass health education event organized by College of Nursing Sciences, DSU at the Community Health Center, Harohalli, on World Breastfeeding Week 2023, was a resounding success. Through roleplays, demonstrations, and informative charts, the event effectively educated antenatal and postnatal mothers about the importance of breastfeeding. The presence of esteemed guests, Dr. Raju, DHO, and Dr. Raghu, Pediatrician, added credibility to the event and further encouraged community engagement.

By providing valuable knowledge and addressing common concerns, the event played a crucial role in promoting exclusive breastfeeding practices and supporting the well-being of mothers and infants in the community. The nursing students are commended for their dedication and efforts in empowering mothers to make informed decisions for the better health of their babies.

**A REPORT ON DIABETES SCREENING CAMP AT KIRANAGEREE AND T-
HOSAHALLI AND BALECHENNAVALASE VILLAGE**

ORGANISED BY COMMUNITY HEALTH DEPARTMENT

Date and time: 19 /12/2023 & 20/12/2023, 9 am Onwards

Venue: Paduvanagre Village and T-Hosahalli and Balechennavalase Village

INTRODUCTION

Diabetes screening in Karnataka, India, is a vital component of public health initiatives aimed at early detection and management of this prevalent chronic condition. Karnataka, like many other Indian states, faces a significant burden of diabetes due to factors such as urbanization, sedentary lifestyles, and dietary changes.

The Government of Karnataka, through its health department and in collaboration with various healthcare organizations, implements screening programs to identify individuals at risk or those already affected by diabetes. These initiatives often target specific demographic groups, such as those with a family history of diabetes, individuals above a certain age, or those from socioeconomically disadvantaged backgrounds.

The screening process typically involves conducting blood tests to measure fasting blood glucose levels or conducting oral glucose tolerance tests. Additionally, screening may include assessing other risk factors such as obesity, hypertension, and dyslipidemia, which are often associated with diabetes.

Furthermore, the Government of Karnataka may collaborate with non-governmental organizations (NGOs), corporate entities, and healthcare providers to enhance the reach and effectiveness of diabetes screening programs. These partnerships can facilitate the provision of screening services in both urban and rural areas, ensuring equitable access to healthcare services across the state.

Continuous monitoring and evaluation of diabetes screening initiatives are essential to assess their impact, identify areas for improvement, and allocate resources effectively. By promoting early detection and intervention, Karnataka's diabetes screening programs contribute to reducing the burden of diabetes and its associated complications, improving the overall health and well-being of the population.

OBJECTIVES

The objectives of diabetes screening typically include:

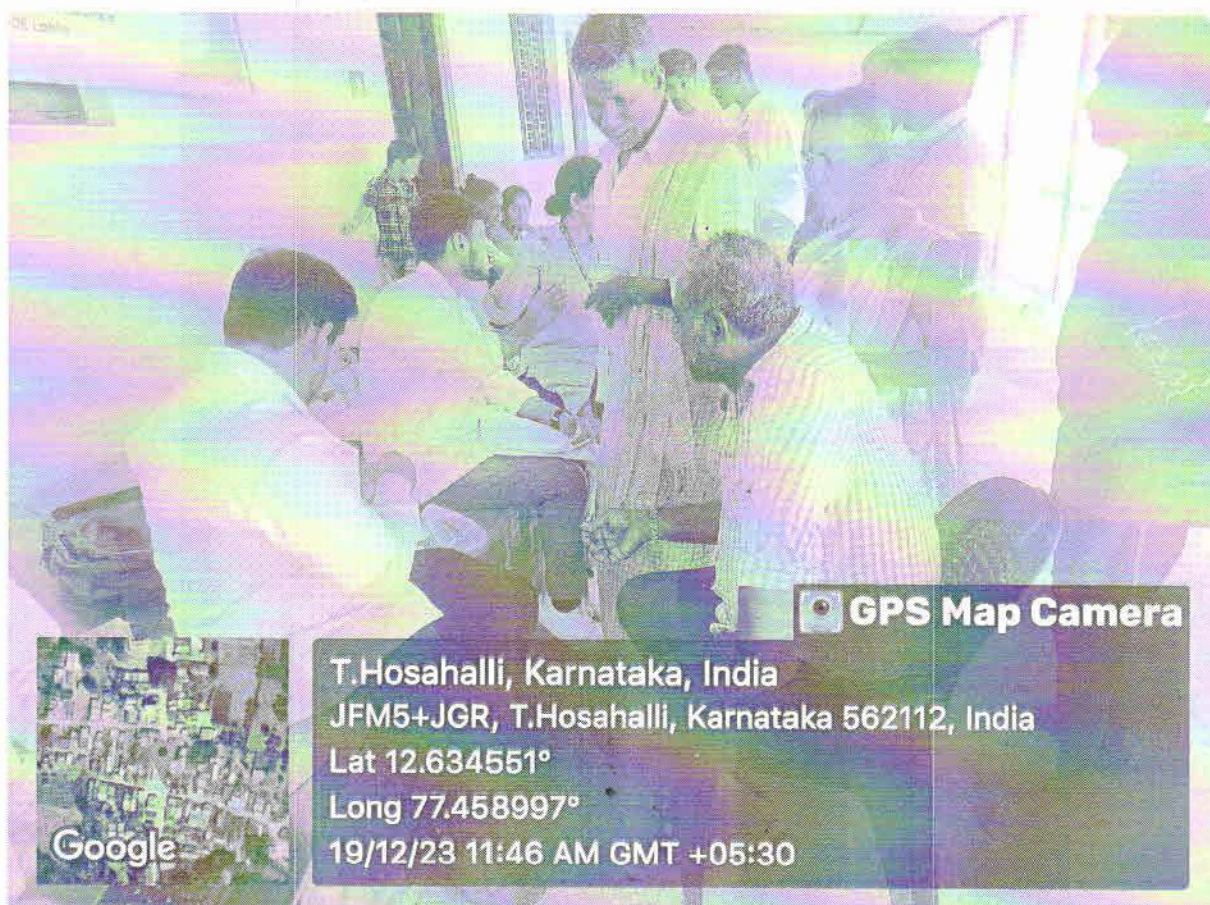

1. ****Early Detection****: Identifying individuals with undiagnosed diabetes or prediabetes allows for early intervention and management, reducing the risk of complications associated with diabetes.
2. ****Prevention of Complications****: Screening helps in preventing or delaying the onset of complications such as heart disease, stroke, kidney disease, vision impairment, and nerve damage, which are often associated with diabetes.

3. ****Treatment Initiation****: Identifying individuals at risk enables healthcare providers to initiate appropriate treatment and lifestyle interventions to manage blood sugar levels effectively, thus reducing the progression of diabetes and its associated complications.
4. ****Risk Assessment****: Screening provides valuable information about an individual's risk factors for diabetes, helping healthcare providers tailor preventive strategies and education to reduce future risk.
5. ****Health Promotion and Education****: Screening programs often include health promotion and education components to raise awareness about diabetes risk factors, symptoms, and the importance of lifestyle modifications for prevention and management.
6. ****Public Health Planning****: Data obtained from screening programs contribute to public health planning by providing insights into the prevalence of diabetes and its risk factors within a population, thus guiding resource allocation and policy development for diabetes prevention and management initiatives.

OUTCOME

Faculty of CONS,DSU organized a Diabetes screening programme at Paduwanagre Village and T-Hosahalli and Balechennavalase Village on 19 /12/2023 & 20/12/2023 under the guidance of Dr D Santham Sweet Rose Principal , CONS,DSU.A total of 246 People were screened for Diabetes and Hypertension. A baseline information was collected from the samples and random blood glucose was measured using glucometer and Blood pressure was measured using standard sphygmomanometer. Health Education was given to the people using various health education materials.

Sub: Report on Awareness Programme on Tobacco Ill Effects

With reference to the above mentioned subject we would like to inform that the College of Nursing Sciences, DSU is conducting **Awareness Programme on Tobacco Ill Effects** on **30.05.24** from 10 am onwards at 'A' Block, Lecture Theatre. In this regard all the students and faculty are instructed to take part actively and make the event successful.

Time: 10 am

Venue: 'A' Block, Lecture Theatre

Title: Report on Awareness Programme on ill effects of Tobacco 2024

Date: 30.05.24

Time: 10 am

Venue: 'A' Block, Lecture Theatre

Organized by: College of Nursing Sciences,
Dayananda Sagar University.

Introduction:

The College of Nursing Sciences at Dayananda Sagar University organized an impactful awareness programme on the prevention of tobacco on **30.05.24**. The event aimed to educate and raise awareness about the harmful effects of tobacco use and promote a tobacco-free lifestyle. **Dr. Shalini Thakur**, Surgical Oncologist, HCG Hospital Bangalore was the Chief Guest for the program and highlighted on tobacco ill effects. The students from various departments like Nursing Allied Health Sciences, Engineering and faculty participated in the program.

Objectives:

- ❖ To educate BSc Nursing 2nd-year students on the health risks associated with tobacco use.
- ❖ To raise awareness about the importance of preventing tobacco consumption in promoting overall well-being.
- ❖ To empower students with knowledge and skills to contribute to community-based anti-tobacco initiatives.

Location and Duration:

The event took place at the 'A' Block, Lecture Theatre at DSU. providing a conducive environment for learning and discussion. The programme ran from 10 am ensuring a comprehensive coverage of the subject matter.

Delegates:

The event saw active participation from 60 BSc Nursing 3rd semester year students and dedicated faculty members. The attendees engaged in various sessions and discussions aimed at enhancing their understanding of the dangers associated with tobacco use.

Highlights of the Programme:

❖ Educational Sessions:

Expert speakers conducted informative sessions on the health hazards of tobacco, covering both smoking and smokeless forms.

❖ Interactive Workshops:

Engaging workshops were conducted to equip students with effective communication skills for promoting anti-tobacco messages.

❖ Real-life Testimonials:

Individuals who successfully quit tobacco shared their personal stories, providing inspiration to those aiming to overcome addiction.

Vote of Thanks:

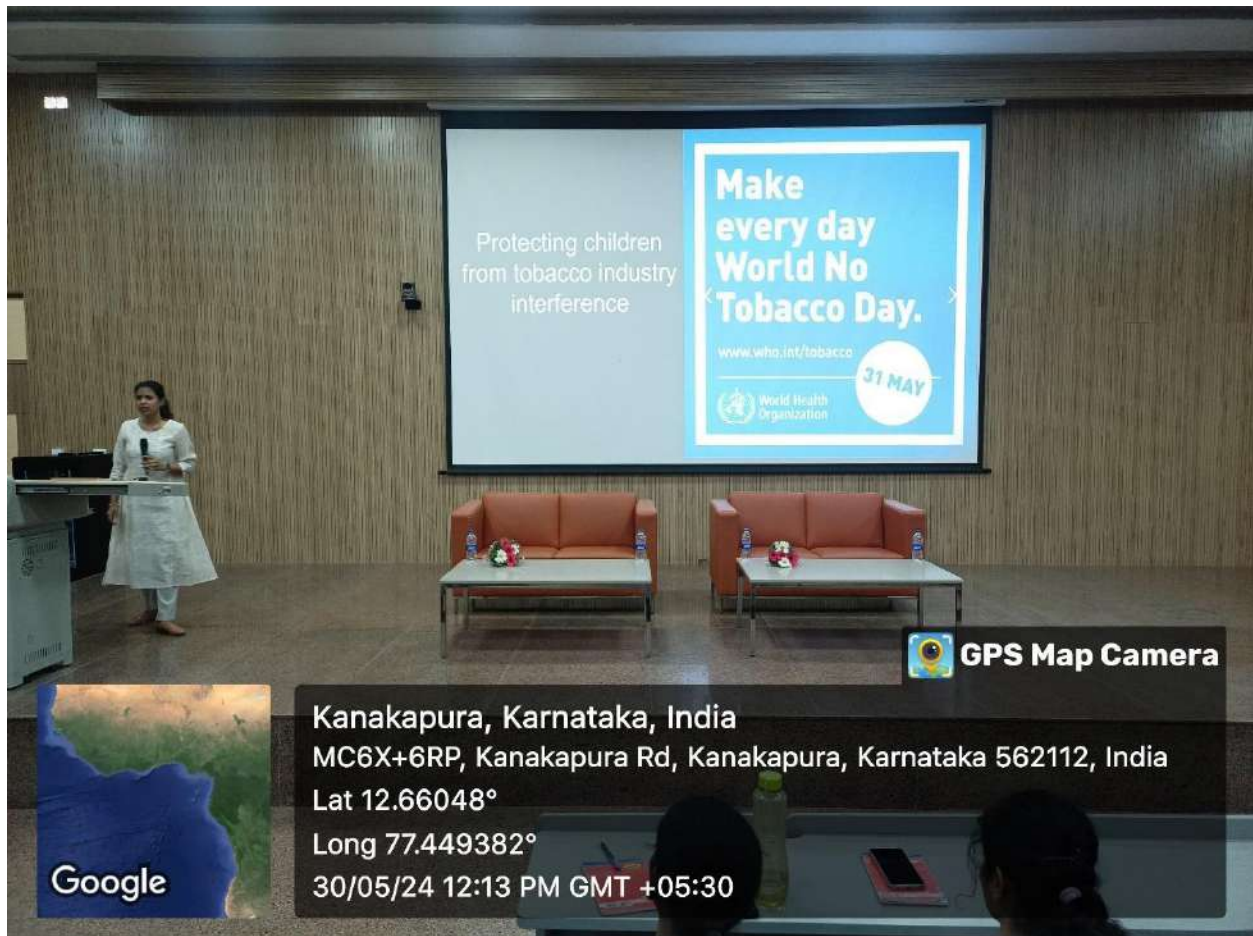

The College of Nursing Sciences extends heartfelt gratitude to all the participants, speakers, and volunteers who contributed to the success of the awareness programme. The collective effort of everyone involved is instrumental in promoting a healthier and tobacco-free society.

Conclusion:

By disseminating knowledge and fostering a sense of responsibility, the event played a pivotal role in equipping the future nursing professionals with the tools to combat the menace of tobacco. The College of Nursing Sciences remains committed to organizing such initiatives that contribute to the overall well-being of individuals and communities.

REPORT ON SEMINAR & PANEL DISCUSSION ON SAFE MOTHERHOOD

INTRODUCTION:

The Department of OBG Nursing, CONS, DSU organized **Seminar & Panel Discussion on Safe Motherhood** at 'F' block Auditorium on **28.05.2024** from **2 pm to 4 pm**. The event aimed to address the critical issues surrounding maternal health and to explore strategies to ensure safe and healthy pregnancies and childbirths for all women.

MODEL COMPETITION:

The Department of OBG Nursing, CONS, DSU hosted an exciting Model Competition for B.Sc. Nursing IV year students. The students were divided into six groups and randomly selection of topic was done. The topics given was multiple pregnancy, Temporary family planning, fetal development, fetal circulation, ectopic pregnancy and breech presentation. The event was designed to encourage creativity, innovation, and teamwork among students. Students were tasked with creating models that demonstrated scientific principles, innovative designs.

WELCOME SPEECH:

Welcome speech was given by Dr. Jamuna PP, Associate Professor, Department of OBG Nursing College of Nursing Sciences, Dayananda Sagar University.

KEY NOTE ADDRESS:

The seminar commenced with an opening address by **Dr. Santham Sweet Rose, Principal**, CONS, DSU on the Theme: “Equity in maternal health care: Leaving no mother behind”. Mam emphasized the importance of safe motherhood as a fundamental human right and a key component of global health. The keynote highlighted the alarming rates of maternal mortality and morbidity and the need for concerted efforts to improve maternal health outcomes. The Principal, Faculty, M.Sc. Nursing and B.Sc. Nursing students participated in the program.

GUEST LECTURE:

Dr. Pranathi M, Professor, Dept. of OBG Nursing, CDSIMER was Judge for Model competition & Guest Speaker for the seminar on the topic Post-Partum Hemorrhage. She presented the latest statistics on maternal mortality and morbidity, discussing common causes such as hemorrhage, infections, high blood pressure, and unsafe abortions. The speaker emphasized the importance of timely and adequate prenatal care, skilled birth attendance, and access to emergency obstetric care.

PRIZE DISTRIBUTION:

B. Sc. Nursing IV year students had Model Competitions and won the 1st & 2nd Prizes. The competition concluded with an award ceremony where winners were announced. The following teams were recognized for their outstanding contributions. First Prize- Group-III, Second Prizes- Group-II & V

PANEL DISCUSSION:

The panel discussion on safe motherhood featured experts from various departments. The panel was moderated by Mrs. Sabina Christina, Assistant Professor, CONS,

Panelists:

Dr. Santham Sweet Rose, Principal & HOD of Dept of Medical Surgical Nursing CONS, DSU

Dr. Jamuna PP, Associate Professor, HOD of Dept of OBG Nursing, CONS

Mrs. S. Suseela, Associate Professor, Dept of OBG Nursing, CONS

Mr. Ravi Kulal, Associate Professor, Dept of Community Health Nursing, CONS

Ms. Tanya Srivatsala, M.Sc. Nursing 1st year, OBG Nursing, CONS

Ms. Nikitha J, Nursing Officer, CDSIMER

Key discussion points:

- Commitment to safe motherhood and it's integration in clinical setting
- Advancing strategies in maternal Healthcare practices and Research activities
- Clinical perspectives on challenges and opportunities in ensuring safe deliveries and maternal care
- Methods of community engagement and outreach programs in promoting safe motherhood
- Role of nursing education in preparing future professionals for safe motherhood
- Challenges and providing insights as a frontline maternal medical care delivery in hospital

EVENT REPORT

INTENSIFIED MISSION INDRADHANUSH SURVEY (BBMP SURVEY)

REF: COPS-NSS_02/08/2023

Date and time of Event: 29th August to 31st August 2023, 10:00 AM to 5:30 PM

Venue: Survey has been started at Medical Healthcare centre, Kumaraswamy layout, followed by Padmanabhanagar, Bengaluru

About the Event: (100 words)

COPS, DSU in collaboration with BBMP, Bengaluru has conducted a 3 days head count survey entitled "Intensified Mission Indradhanush survey" to identify and record the number of children that are immunized from 29th August to 31st August 2023. The areas such as Kumaraswamy Layout and Padmanabhanagar, Bengaluru were selected for the survey. Students of COPS, DSU interacted positively with the parents and enquired about the immunization status of their Children. The reports of the survey has been submitted by the students to Dr. Prajna, Medical Officer, Health care centre, Kumaraswamy Layout. This vaccination survey will help the government to understand how well vaccination programs are working, and how they could be improved.

No. of students Participated: 20

Faculty Coordinator:

Dr. K.Sunil Kumar (COPS)

Outcomes:

1. The survey provided recent data on immunization outcomes and an analysis of the socio-economic and demographic groups that remain most vulnerable to being unvaccinated.
2. The survey adds to the limited research on the association of immunization outcomes with health infrastructure quality, showing that health facility quality could be an important determinant of immunization.

3. The survey emphasized on the distribution of resources for health facilities can be better targeted towards more vulnerable groups.
4. The results of this survey on immunizations will assist the government in determining the efficacy of current programs and identify areas for future development.

Summary:

- A team of health care members from health care office, kumaraswamy layout had visited COPS, DSU on 28th August 2023 and trained B-Pharmacy and Pharm D students for the survey.
- The survey started on 29th August 2023, under the supervision of Dr. Prajna, Medical Officer and NSS coordinator Dr. K.Sunil Kumar (COPS) at Medical health care center, KS layout.
- Students participated in the head count survey by visiting homes in areas such as KS layout and Padmanabhanagar and collected information about the Immunization status of the infants from their respective parents and family members.
- The survey continued for three days i.e from 29th to 31st August, 2023 and concluded by report submission to Dr. Prajna, Medical Officer by the students on 31st august, evening 5:00 PM. The students of COPS were appreciated for their relentless efforts.

EVENT REPORT

CPR AWARENESS PROGRAM

REF: COPS-NSS_31/10/2023

Date and time of Event: 30th October, 2023, 11:00 AM

Venue: Dr. CD Sagar Building

About the Event: (100 words)

A workshop on "CPR awareness" was conducted at COPS, DSU on 30/10/2023. Pharm D students received instruction from health specialists from Manipal Hospitals on the proper methods for performing CPR. The event received support from Deccan Herald, Prajavani media, and sideways 6 event management. Cardiopulmonary resuscitation (CPR) improves the chances of survival during cardiac arrest, a condition characterized by the cessation of heart function or insufficient blood circulation to the brain and other essential organs. With approximately 500,000 cases of cardiac arrest occurring annually, CPR plays a crucial role in increasing the odds of survival. It is not limited to healthcare professionals and emergency responders. Bystanders taking action can significantly increase the likelihood of survival, with CPR potentially increasing or even tripling the probability of survival.

No. of students Participated: 45

Faculty Coordinator:

Dr. K.Sunil Kumar (COPS)

Outcomes:

1. Survival rates from sudden cardiac arrest vary significantly across the globe. In countries with higher CPR training rates and public awareness, survival rates are notably better. By implementing widespread CPR training programs and increasing public awareness, more individuals can become potential lifesavers in their communities.
2. CPR is a simple yet effective technique that can be performed by individuals with minimal training. Its accessibility and ease of use make it a vital intervention, particularly in areas with limited access to advanced medical facilities.

DAYANANDA SAGAR UNIVERSITY

School of Health Sciences

College of Pharmaceutical Sciences

Kumaraswamy Layout, Bengaluru - 560111, Karnataka, India

3. Cardiac arrest is a significant public health concern, contributing to a considerable burden of disease globally. By implementing CPR training initiatives, public health authorities can make a profound impact on cardiac arrest outcomes
4. Integrating CPR training into school curriculums can create a generation of future lifesavers. Teaching children basic CPR skills not only prepares them to respond to emergencies but also instills a sense of responsibility towards the well-being of others.
5. In many regions, health disparities contribute to varying health outcomes. By implementing targeted CPR training programs in underserved communities, health organizations can address some of these disparities and work towards achieving health equity.

Summary:

CPR awareness Program started at 11:00 AM by welcoming the medical specialists from the Manipal Hospital to COPS, DSU. NSS coordinator introduced the medical team to the staff members and students of COPS. The experts briefed about the significance of CPR in saving lives during cardiovascular complications. A female expert taught the students how to carry out chest compressions and mouth to mouth resuscitations by using a CPR dummy. Later individual students practiced CPR chest compression techniques and resuscitation with the dummy. Principal of COPS, Dr. NM Raghavendra, praised student's participation in the training, and said, "Anyone can suffer from cardiac arrest at any given point in time and enhanced knowledge and training will aid in administering the right procedures and save a life." The event was concluded by NSS coordinator by giving vote of thanks and expressing to the medical experts, event managers, Principal and the participants.

Assistant Professor,
Department of Microbiology,
Maharani Cluster University, Bengaluru

/ RAISE AWARENESS??

Over 200,000 new cases reported annually, leprosy remains one of the neglected tropical diseases (NTDs), occurring in over 120 countries.

World Leprosy Day is observed to raise awareness among the general public about the disease's stigma and its easy cure.

"Leprosy-free India" is the vision of the National Leprosy Eradication Programme (NLEP), which was introduced in 1983.

The Leprosy Awareness programme of COPS, DSU aims to raise awareness about Leprosy, and People affected by leprosy who are often discriminated against and stigmatized. This situation has a negative impact on access to diagnosis, the result of treatment and the result of care, in addition to violating civil, political and social rights. Ending discrimination, stigma and prejudice is essential to end leprosy.

JOIN US

In creating awareness on "Discrimination of leprosy patients in public" by participating in the competitions.

- **Poster making**

STUDENT PARTICIPANTS FROM THE FOLLOWING PROGRAM:

B. Pharm
Pharm. D
M. Pharm
Ph.D.

About College of Pharmaceutical Sciences (COPS):

Dayananda Sagar College of Pharmacy was started in 1981 to cater to the needs of Pharmacy Education in India under Rajiv Gandhi University of Health Sciences, Karnataka. In the year 2015, the institution was renamed as "College of Pharmaceutical Sciences" and merged as a branch of School of Health Sciences, affiliated with Dayananda Sagar University. The college is recognized by PCI, New Delhi; and the Government of Karnataka; It is also a recognized Scientific and Industrial Organization by DSIR, Govt of India. The institute also offers B. Pharm, M. Pharm, Pharm D, and Ph.D. programs in Pharmaceutical Chemistry, Pharmacology, Pharmaceutics, Pharmacognosy, and Pharmaceutical Analysis. The College has a vibrant clusters of innovation ecosystems focused on drug discovery and development. It also has an excellent pharmacy practice department dedicated for the betterment of health care community in association with Sagar hospitals.

About Dayananda Sagar University (DSU):

DSU is a proud member of the Dayananda Sagar Institutions family. Founded by Late Sri Dayananda Sagar in the early sixties (with just four students), DSI has morphed into global education powerhouse, spread over five campuses, catering to the education needs of over 17,000 students. Operating under the aegis of the Mahatma Gandhi Vidya Peth Trust in Bengaluru, DSI has enabled the transformation of tens of thousands of young Indian and international citizens into professionals in diverse specializations such as Engineering, Computer Applications, Health Sciences, Arts and Management in the Bachelors, Masters and Ph.D. levels. Supporting the academic activities are the Centers of Excellence in ICT, Health Care, Energy and Life Science, among other fast evolving fields of study. Research, Innovation and Incubation (spread over 25,000 sq ft of industry quality labs) form the core of DSU.

Circular No.: COPS/NSS-19-01-24

CIRCULAR

Leprosy, though often misunderstood, is a curable disease. However, the social stigma surrounding it persists, hindering individuals from seeking timely treatment and support. Hence, it becomes our collective responsibility to dispel myths and foster an environment of understanding and acceptance. In order to raise awareness of the signs and symptoms of the disease, and tackle the stigma that too often surrounds leprosy, COPS, DSU proposes to celebrate " **Leprosy Awareness Programme**" on **30th January, 2024** at **CD Sagar Building**. To mark this occasion, we have planned a series of events aimed at educating, engaging, and advocating for those affected by leprosy. Let us build an inclusive society where being diagnosed with leprosy, or having once had leprosy, is not an issue.

All students and faculty are requested to participate in " **Leprosy Awareness Programme** " enthusiastically and make the event a huge success

Principal

[Dr. N.M. Raghavendra] 29/1/24

Date: 30-01-2024

EVENT REPORT

EVENT: "LEPROSY AWARENESS PROGRAMME"

REF: COPS-NSS_30-01-2024

Date and time of Event: 30th January 2024, 10:00 AM-04:00 PM

Venue: CD Sagar Building (Ground floor)

Resource Person:

Name: Dr. Vishwanatha T

Designation: Assistant Professor

Department of Microbiology

Maharani Cluster University

Bengaluru-580001

About the Event:

Leprosy has been historically accompanied by stigma, discrimination, and misconceptions. Awareness programs help dispels these myths by providing accurate information about the disease, its causes, symptoms, and treatment. By fostering understanding and empathy, stigma can be reduced, enabling affected individuals to lead fulfilling lives within their communities. To erase misconceptions about the disease and bring about awareness in the society, an event was organized in conjunction with Pharmacy professionals, Medical professionals with the theme- "BEAT LEPROSY". The event began by welcoming the Chief Guest Dr. Vishwanatha T, Assistant Professor, Microbiologist from Maharani Cluster University with floral bouquet by Ms. Ayesha of Pharm D. Principal of COPS, NSS Coordinator and HOD of Pharmacology department were also welcomed with floral bouquet. Respected Principal Dr. N.M Raghavendra, had enlightened with his words about the aetiology and stigmatization of Leprosy patients. Chief guest Dr. Vishwanatha T elaborated the role of M.Leprae in the causation of Leprosy and discussed about the government initiatives in spreading awareness to prevent discrimination and misconception about leprosy. NSS Coordinator Dr.K.Sunil Kumar mentioned about how individuals

College of Pharmaceutical Sciences Dayananda Sagar University

Kumaraswamy Layout, Bengaluru -560111

suffering from leprosy are ill treated in the society. The chief guest and the Principal unveiled the calendar of the year which includes facts about leprosy. The calendars were distributed to all the teaching and non-teaching staff members. Students actively participated in Poster presentations and Quiz competition. The event was followed by a visit to the Leprosy Hospital, Bengaluru by COPS students where they distributed Leprosy Calender to the doctors and nursing staff. A Validictory was organized and prizes were awarded for the students by the Chief guest.

No. of students Participated: 36

Convener:

Dr. K.Sunil Kumar, NSS Coordinator COPS, DSU

Outcomes:

Leprosy awareness programs educate people about the early signs and symptoms of the disease, encouraging them to seek medical assistance promptly. Early intervention can prevent the progression of the disease and minimize its impact on individuals and their families.

Summary:

Miss Ayesha anchored the whole session and she welcomed Chief Guest and Principal

Dr. N.M. Raghavendra, welcomed the gathering with the opening remarks. He emphasized the importance of day and thanked the guest who graced the day with their presence.

Course of the event:

1. Welcome and introduction
2. Adress by the Principal, Chief Guest and NSS Coordinator
3. Yearly Calender release by the Chief guest
4. Distribution of Calenders to the Teaching and non teaching staff members by the Chief guest.
5. Poster Presentations
6. Quiz Competetion

7. Valedictory
8. Vote of Thanks
9. Vist to Leprosy hospital by COPS and distribution of calenders to doctors and nursing staff.

Dr. Sunil Kumar Kadiri gave vote of thanks, he expressed the gratitude to the Resource Person, Management, Consultant Physicians, Principal and Participants.

World leprosy day 2024 : Beat Leprosy; Leprosy is curable

30th January 2024

FACTS ABOUT LEPROSY:

1. Most cases of leprosy happen in India, Brazil, and Indonesia
2. Symptoms usually start slowly 5 to 7 years after infection
3. The disease damages mainly your nerves and skin
4. People are often afraid of leprosy because it causes visible, permanent body damage if it isn't treated
5. However, leprosy doesn't spread easily from person to person, isn't life-threatening, and is treatable with Drugs.

To,

The Block Education Officer
Block Education Office
Kanakapura [Ramanagara District],
Karnataka.

Dear Sir,

Greetings from the College of Physiotherapy, DSU.

This letter is to propose an indoor sports activity "Empower Play – Celebrating Abilities" at SSA, Kanakapura on 18th Jan 2024. This activity is focused on the special-abled kids/students approaching SSA. The purpose of this activity is to motivate them towards rehabilitation through music and exercises in an amusing manner. The proposed itinerary is attached with this mail.

I hope for a positive response from your side.

Thanking you.

Regards,

P. Sathya Guruprasad

Report on Empower Play – Celebrating Abilities

Date: 18/01/2024

Place: SSA, Kanakapura

No. of Participants: 53

No. of Staffs participated: 2

No. of Volunteers: 10

An extension activity titled “Empower Play – Celebrating Abilities” was organized on 18th January 2024 College of Physiotherapy, Dayananda Sagar University, Bengaluru. The activity intended to aware and engage rural population near Kanakapura, Karnataka about the different types of disabilities and its rehabilitation aspects. The event was inaugurated under the presence of Block Resource Coordinator, Head of SSA, Kanakapura, Head of Lions Club, Kanakapura, Head of Leo Club, Kankapura and the staff of COPT, DSU. We involved children aged between 5-18 years into various games and recreational activities. This activity impacted and motivated disabled kids and their parent/care-taker and educated them about involvement of physiotherapy rehabilitation through exercises and music into daily life activities. The activities performed were throw a ball into goal, make a dance move, colour your mood, etc. These exercises helps to improve the functional independence of disabled kids and enhances their confidence into social engagement. This activity also aimed to redirect the society and parents’ focus on humanizing the intellectual and physical disabilities and highlight about their respective opportunities in the competitive and outclassing world. The event concluded by selecting winners for each games played and honouring them with prizes.

The event was led by Dr. Feba Roy and Dr. Kanchan P. Sugandhi, both Assistant Professor, College of Physiotherapy, Dayananda Sagar University, Bengaluru alongwith 10 Volunteers (Post-graduates, Interns and Under-graduates, COPT, DSU). The determination and support of SSA team, Kanakapura along with Lions Club and Leo Club, Kanakapura helped in smooth conductance of the event.

Subject: Requesting permission to conduct an extension activity at Manonandana Centre.

Dear Madam,

I hope this letter finds you in well condition. We are writing this letter to seek permission to organize an Extension Activity "**CapABLE Sports Fiesta**" at Manonandana Centre. Our goal is to create an inclusive and engaging experience that promotes physical activity and social interaction amongst the students at your centre.

We sincerely hope that you will grant us permission to conduct the sports event at Manonandana Centre. This opportunity for us will be a great learning experience and a step to service the ones in need.

Regards,

Dr Sathya Guruprasad

Principal

College of Physiotherapy,

Report on CapABLE Sports Fiesta

Date: 04/01/2024

Place: Manonandana Centre, Bengaluru

No. of participants: 42

No. of Staffs participated: 2

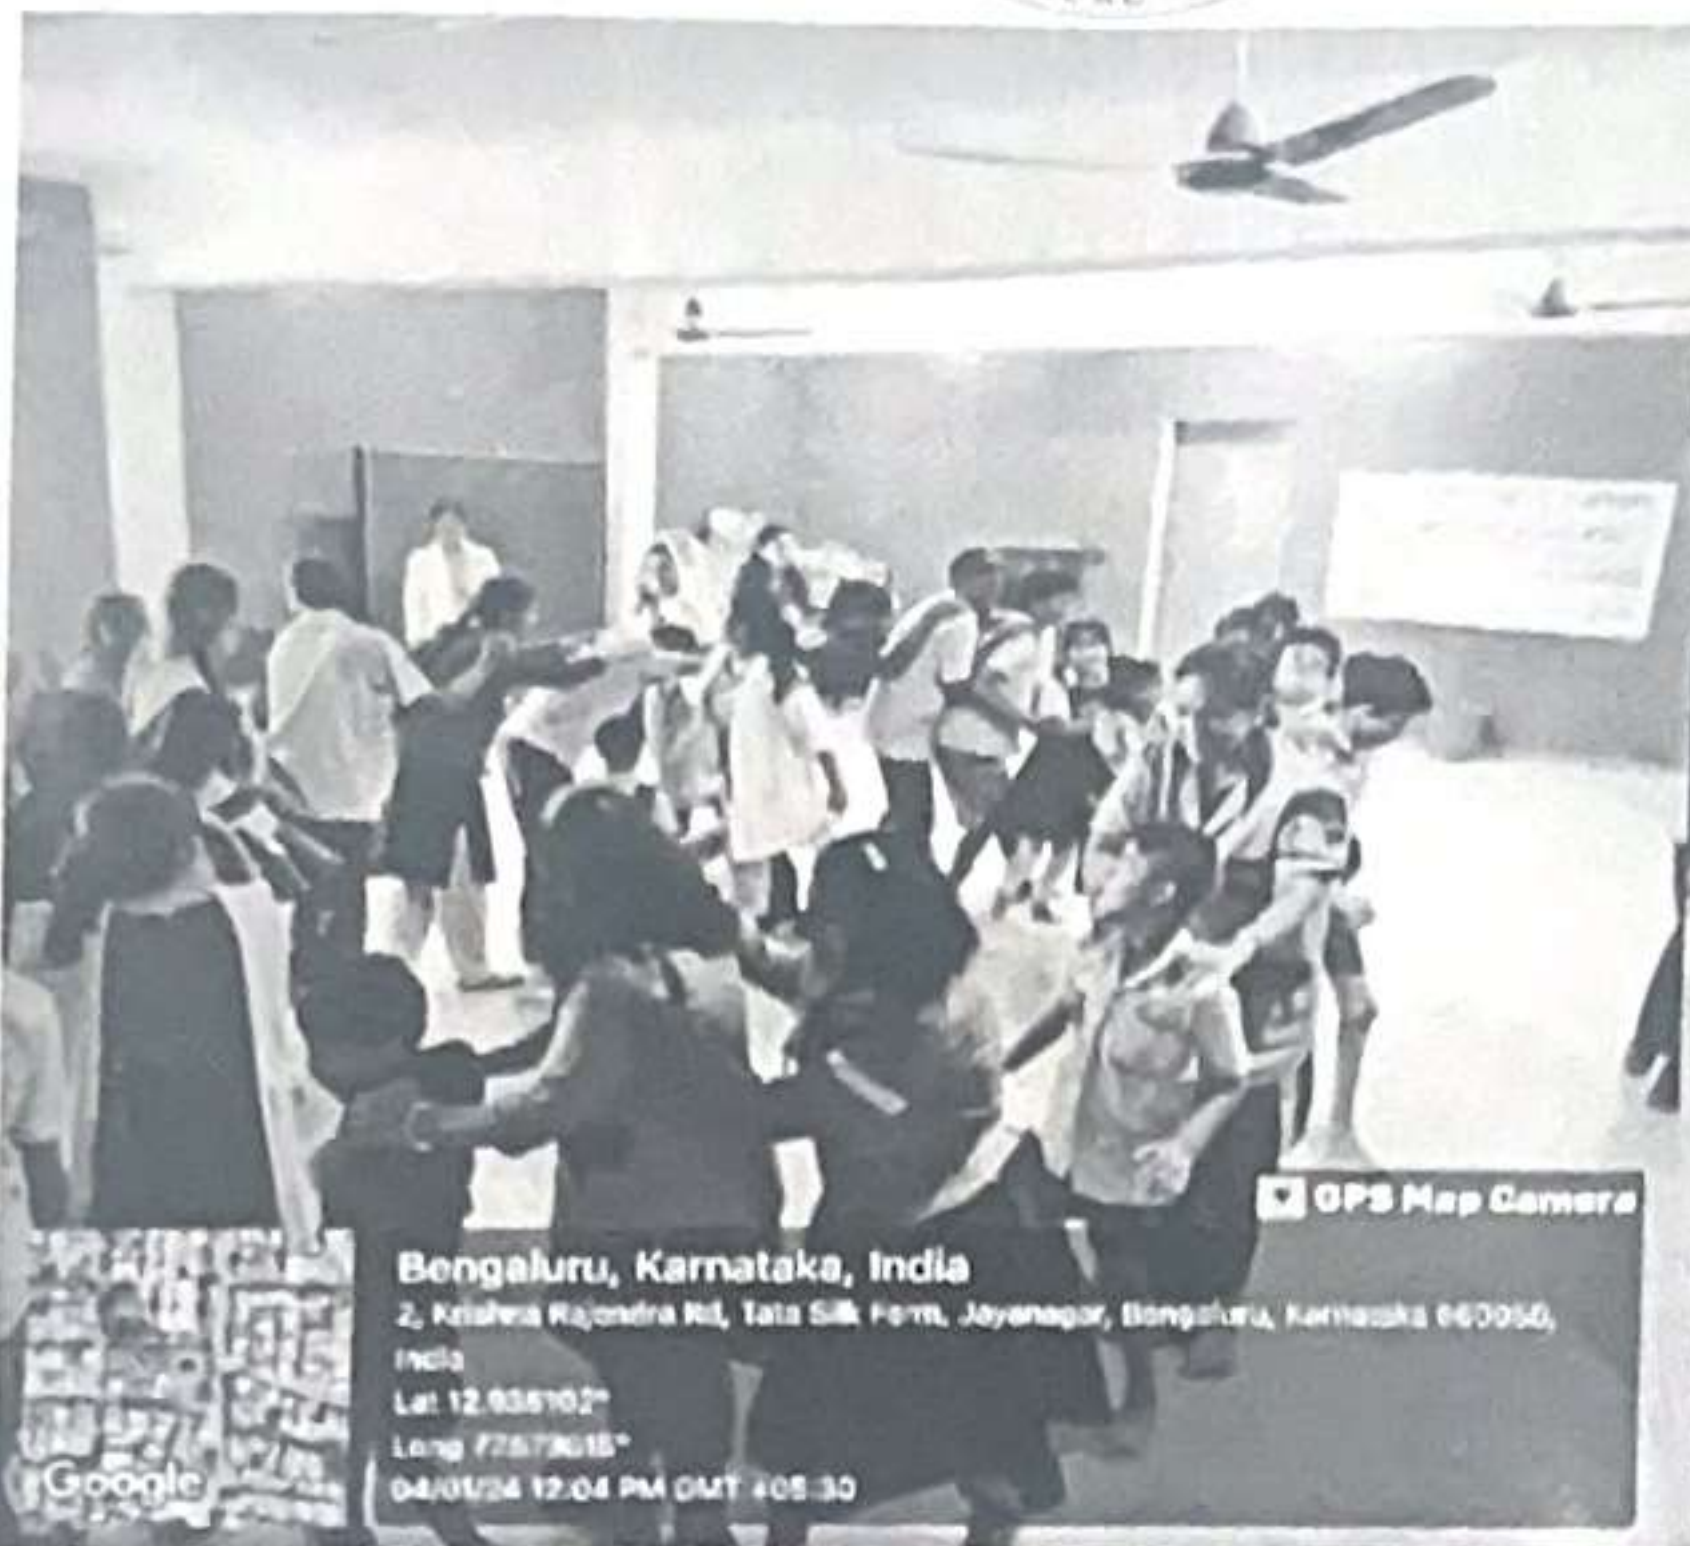

No. of Volunteers: 5

An extension activity named “CapABLE Sports Fiesta” was organised by College of Physiotherapy, Dayananda Sagar University, Bengaluru, on 04th January 2024. The activity included introduction and interaction with intellectually and physically challenged kids registered to the Manonandana Centre. The programme started at 10:30 am with the inauguration of “CapABLE Sports Fiesta” and felicitation of Principal, Manonandana Centre, Bengaluru. It was followed by Warm Up Exercises which included mild stretching and free exercises. Followed by this, all kids were engaged in different sports/games like Ball in the bucket, Name the object (drawn on board), Paint your mood, Skeleton dance, etc. All the activities mentioned above, focused on different aspects of rehabilitation – Memory, Cognition, Agility, Comprehension, Joint mobility and Aerobic capacity. The collaborative efforts of Programme Co-ordinators – Dr. Kanchan P. Sugandhi and Dr. Feba Roy, both Assistant Professor and 5 volunteers – Post Graduate students from the College of Physiotherapy, DSU along with the staff of Manonandana Centre lead to a successful event. Prizes were distributed to the winners of each game/sports. The programme ended approximately at 1:00 pm.

EXTENSION COMMITTEE CIRCULAR

Dear Staff,

We are pleased to announce that the College of Physiotherapy will be conducting an "Awareness and Screening Program on Adolescent Obesity". This program aims to raise awareness of obesity-related health issues in adolescents and to screen students, helping to identify those at risk and educate them on maintaining a healthy lifestyle.

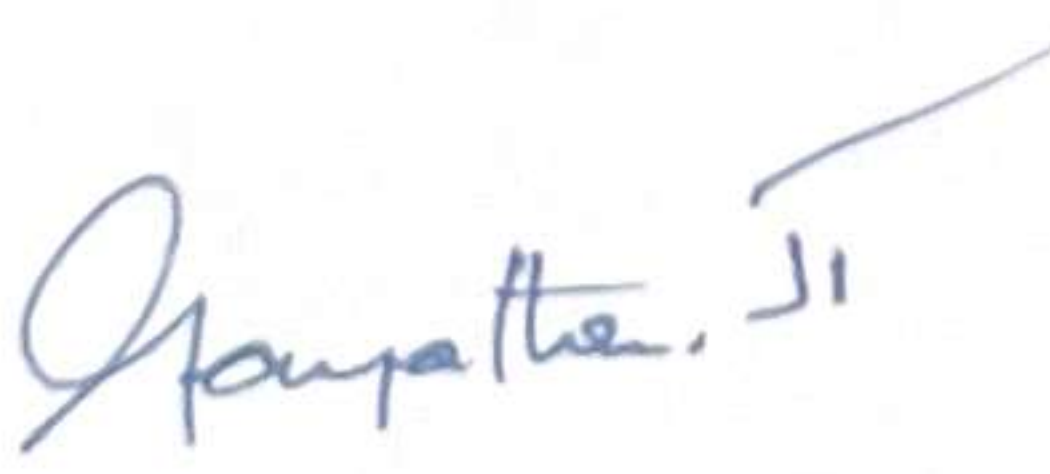

Details of the Program

- Date: 12th December 2024
- Venue: Karnataka Public School, Harohalli, Kanakapura Taluk, Karnataka
- Target Audience: Students of Karnataka Public School, Harohalli
- Objective: To promote health education among adolescents, assess obesity risk, and provide guidance on lifestyle management.

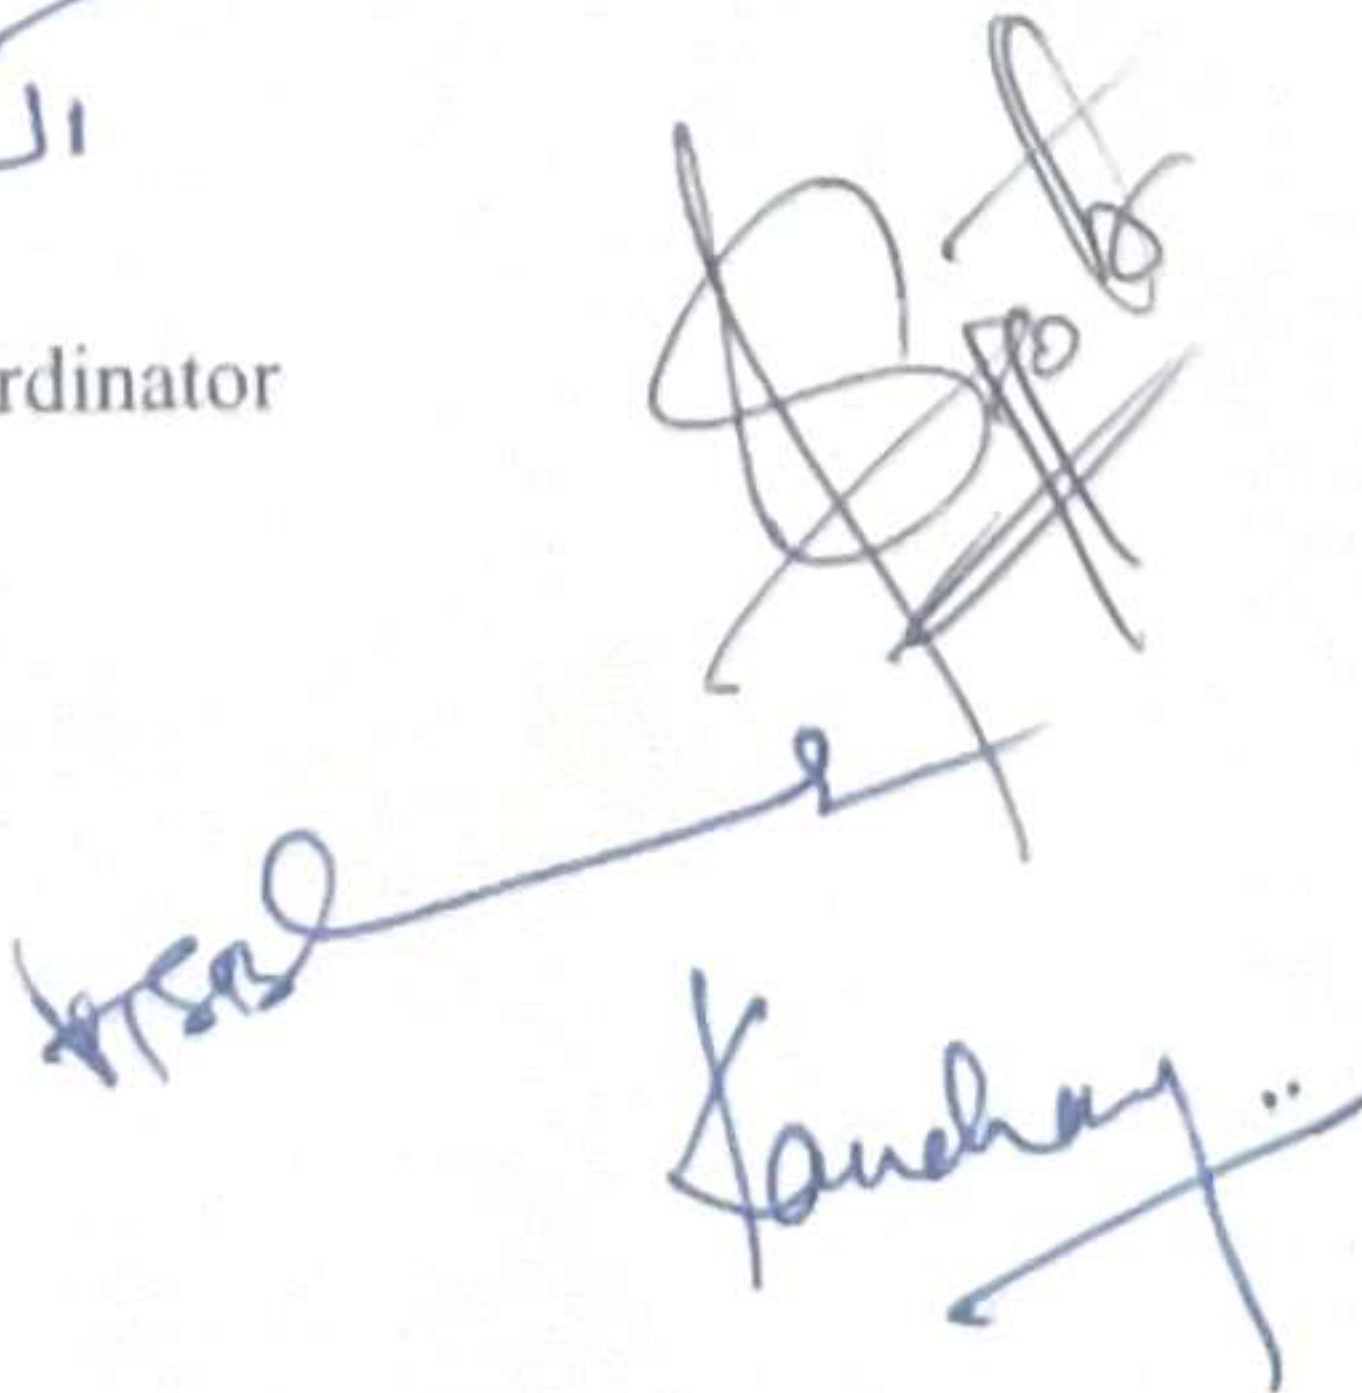

All staff members are requested to participate actively and support this program, which is a valuable opportunity for our college to contribute to community health and foster awareness about adolescent health issues.

For further information, please contact the Program Coordinator.

Thank you.

Report on "An Awareness and Screening Program on Adolescent Obesity"

Date: 29/12/2023

Venue: Karnataka Public School, Harohalli, Kanakapura Taluk, Karnataka

Time: 2:00pm – 4:00pm

The College of Physiotherapy, Dayananda Sagar University, organized an impactful "Awareness and Screening Program on Adolescent Obesity" at the Karnataka Public School in Harohalli, Kanakapura Taluk, Karnataka. The program aimed to address the growing concern of adolescent obesity by conducting general health screenings and providing essential awareness and guidance. Program started with an informative session by Dr. Vinod Kumar to educate adolescents about the risks associated with obesity, emphasizing the importance of a healthy lifestyle, balanced nutrition, and regular physical activity. This was followed by the screening program conducted by Dr. Bhaswati and team of student volunteers from MPT 1st year, 2nd year, and BPT 4th year to assess the overall health status of adolescents by means of anthropometric measurements such as BMI, waist to hip ratio, sit and reach test and skin fold caliper measurements were taken to identify potential cases of obesity. Based on the individuals BMI level, Ergonomic advice was provided to address lifestyle factors contributing to obesity.

A total of 112 students of age group 13-16years were screened in this program. The approach included not only addressing the immediate health concerns but also educating students on preventive measures and lifestyle modifications to manage and mitigate their conditions effectively.

The program successfully increased awareness about adolescent obesity, equipped participants with the knowledge to make informed lifestyle choices.

TIME: 10:30am to 12:30am

VENUE: Government Girls High School, Shikshakara Bhavana, Kanakapura, Karnataka 562117

The College of Physiotherapy Dayananda Sagar University hosted the "SAVE BRAIN" Stroke Awareness Programme on November 25, 2023, at Government Girls High School, Shikshakara Bhavana, Kanakapura. 32 students from the 4th year BPT created handcrafted posters addressing various aspects of stroke, including "What is Stroke?", "Causes of Stroke," "How it can be Prevented," "Signs and Symptoms of Stroke," "What to Do When You See a Stroke Victim," and "Treatment and Physiotherapy Management of Stroke."

Given the rising incidence of stroke in India, the aim of this event was to educate young people about stroke so they can better support their family members and relatives. Students also performed a skit to further illustrate the information presented on the posters. Dr. Sunjyoth and Dr. Feba, faculty members from COPT, DSU, highlighted the audience about the prevalence of stroke in India, emphasizing that high blood pressure is a primary cause.

The management of Government Girls High School requested to keep the posters for display in the school, and they were gladly handed over. Overall, it was a highly successful event organized by the College of Physiotherapy, DSU.

EXTENSION COMMITTEE CIRCULAR

Dear Staff,

We are pleased to announce that the College of Physiotherapy will be conducting a Free Physiotherapy Camp on the occasion of **World Physiotherapy Day**, celebrated globally to recognize the critical role of physiotherapists in health and well-being. The camp will be held as follows:

- **Dates:** 13th September – 15th September
- **Venue:** Physiotherapy OPD, Kumaraswamy Layout, Bengaluru
- **Timings:** 9:00 AM – 4:00 PM

This camp aims to raise awareness about the benefits of physiotherapy, provide community outreach, and support individuals seeking guidance on various health and mobility concerns. We encourage all staff members to actively participate in this initiative and contribute their expertise to make this camp a success.

Please coordinate with the administration team for scheduling and any further requirements.

Thank you for your support and dedication.

FREE CAMP !!

COLLEGE OF PHYSIOTHERAPY
is conducting
PHYSIOTHERAPY AWARENESS CAMP on account of WORLD
PHYSIOTHERAPY DAY on 13, 14 & 15th of September 2023

What is PHYSIOTHERAPY?

Physiotherapy is a branch of medicine that assesses, diagnoses and treats physical problems that may be caused by illness, injury or disability

What conditions do Physiotherapists treat?

We treat a wide Variety of physical problems, ranging from disorders of nervous system to back pain. Some of these include Joint pain, Neck pain, Arthritis, Muscle strain, Ligament sprain, fracture management, headaches, sports injuries, Geriatrics rehabilitation, Ergonomics re-education and much more!!

When should I consult a Physiotherapist?

You may need to consult a Physiotherapist if you are injured, are in pain or have a limited movement at joints. See a Physiotherapist if you are recovering from a surgery, as they can help you regain your strength and joint range.

Date: 12/10/2023

Place: Government school in Banjaraplaya -Bangalore

In collaboration with the Department of Community Medicine, CDSIMER the College of Physiotherapy, DSU hosted a General Health Screening Camp on September 12, 2023, at the Government school in Banjaraplaya, Kanakapura Road, Bangalore. The event underscored a shared commitment to community well-being, with our faculty Dr. Gayathri and second-year MPT students leading the initiative. The camp focused on personalized health screening and treatments, emphasizing the importance of preventive healthcare and early intervention. A total of 15 patients received tailored treatments, particularly in the realm of physiotherapy, contributing significantly to their overall physical well-being. The combined expertise of medical professionals and physiotherapists ensured a comprehensive evaluation of participants' health, addressing both medical and physiotherapeutic needs.

Report on "Nurturing Bonds: Physiotherapy Enhanced Breastfeeding Support for Mother & Child"

Date: 16-08-2023

Location: BBMP Maternity Hospital, NR Colony

The breastfeeding awareness camp titled "Nurturing Bonds: Physiotherapy Enhanced Breastfeeding Support for Mother & Child" was held at the BBMP Maternity Hospital, NR Colony, with the aim of promoting and facilitating optimal breastfeeding practices among new mothers. The camp was organized by College of Physiotherapy, Dayananda Sagar University in collaboration with the hospital to provide education, guidance, and physiotherapy-enhanced support for breastfeeding mothers and their infants.

The primary objective of the camp was to raise awareness about the importance of breastfeeding and provide mothers with practical knowledge and skills to overcome breastfeeding challenges through physiotherapy techniques.

The camp commenced with informative lectures by experienced Gynaecologist Dr Anupama and Dr Bharga, Paediatrician from BBMP Maternity Hospital, NR Colony and followed by Dr Sai Bhavani and Dr Feba, Assistant Professors from COPT, DSU. The sessions covered topics such as the benefits of breastfeeding, correct latching techniques, common breastfeeding challenges, and the role of physiotherapy in addressing these challenges.

Practical demonstrations of proper breastfeeding positions and latching techniques were conducted to empower mothers with hands-on knowledge. These demonstrations were particularly helpful for new mothers who often struggle with initiating breastfeeding.

Participants had the opportunity to engage in open discussions, ask questions, and seek personalized advice from the experts. This interactive approach helped to address specific concerns and provide tailored solutions.

The "Nurturing Bonds" camp achieved its goals of promoting breastfeeding awareness and providing physiotherapy-enhanced support. Participants gained confidence in their breastfeeding abilities and learned effective techniques to address challenges. The event's impact was evident through improved understanding, positive feedback from participants, and increased willingness to continue breastfeeding.

We extend our gratitude to College of Physiotherapy, Dayananda Sagar University, the participating experts, and the BBMP Maternity Hospital for their collaborative efforts in making this event a meaningful and impactful experience for all involved.

The Program co-ordinators for the camp were Dr Sai Bhavani and Dr Feba Roy

“TRAINING PROGRAMME ON INTEGRATION OF LOCALIZATION OF SUSTAINABLE DEVELOPMENT GOALS FOR UNNAT BHARAT ABHIYAN”

NATIONAL INSTITUTE OF RURAL DEVELOPMENT AND PANCHAYAT RAJ (NIRDPR), Hyderabad, Ministry of Rural Development and Panchayat Raj, organized the training program on the Integration of Localized Development Goals for Unnat Bharat Abhiyaan Institutions from Jan 8th to Jan 12th, 2024. Prof. Abhijith. N, Assistant Professor – Department of Mechanical Engineering, was nominated by DSU and selected by NIRDPR.

The training program included lectures and interactions with resource persons at NIRDPR, experiential sharing, and model presentations designed by participants. Additionally, there was a visit to the state-of-the-art Rural Technological Park, designed and developed by NIRDPR. The training program was very useful and provided knowledge to carry out the implementation of UBA in our adopted villages. The program was held at the NIRDPR, Hyderabad campus from Jan 8th to 12th.

Unnat Bharath Abhiyaan (UBA) on solid waste management awareness

Unnat Bharath Abhiyaan (UBA) on Solid waste management awareness

Unnat Bharath Abhiyaan (UBA) on Solid waste management awareness was conducted in Cheelur village (UBA Adopted village by DSU). Students across various streams of the School of Engineering- Mechanical Department, Computer Science Department and its cluster, Electronics and Aerospace Department Volunteered to Conduct an awareness drive seeking waste management practices adopted by village households and the PDO office.

The student volunteers also visited the Government high school, Cheelur Village, and interacted with high school faculty and students about Solid waste management practices. Dr Vinayak Hemadri- Chairman of the Mechanical Department, Abhijith N- Assistant Professor of the Mechanical Department and UBA and NSS Co-ordinator for DSU- SoE, Dr Bhagya Jyothi- Physical Education Director of DSU and Mr. Madhu- Instructor of Mechanical Department assisted the students throughout for smooth conduction and Co-ordination during the event. Ms Shamantha Suryapraksh- Director of Student Affairs arranged the necessary resources for the smooth conduction of the event.

Gandhi Jayanti and Lal Bahadur Shastri Jayanthi Celebration with Donation Drive

The Department of Computer Science and Engineering (Cyber Security), celebrated Gandhi Jayanthi and Lal Bahadur Shastri Jayanthi on 02nd October 2023. The hostel students along with few faculty members attended the event and participated in Bhajan Singing and shared ideologies of both the visionaries. Dr. Kiran B. Malagi, chairman addressed the students regarding the discipline and dedication towards the work one has to have with examples of inspirational stories of both Mahatma Gandhi and Shri Lal bahadur Shastri.

As an emphasis on "Seva Bhav", the students namely Mr. Akhilesh A. and Mr. Raj Utso B Bhattacharyya of 5th Semester and Mr. Prajwal N. Halvi of 3rd Semester CSE (Cyber Security) participated in donation drive of Cloths and Toys to an orphanage and old age home, "Anaatha Makkala Ashraya Hosa Belaku Trust", Bannerghatta, Bangalore. The department faculty and students are very much proud to be a part of a social outreach program of this kind and will be contributing the same in the future days strengthening the down trodden/financially weak section of the society.

The poster is for a donation drive organized by the School of Engineering at Dayananda Sagar University. It features the university's logo and name at the top. Below that, it specifies the department as Computer Science and Engineering (Cyber Security). The main title is 'DONATION DRIVE' in large, bold letters. Underneath, it mentions the occasion as 'ON THE OCCASION OF MAHATHMA GANDHI AND LAL BAHADUR SHASTRI JAYANTHI'. The venue is listed as 'HOSABELAKU ORPHANAGE AND OLD AGE HOME, BANNERGHATTA, BANGALORE.' and is flanked by portraits of Mahatma Gandhi and Lal Bahadur Shastri. At the bottom, there is a small logo and text in Kannada and English: 'ಆನಾಥಮಕ್ಕಳ ಆಶ್ರಯ ಹೊಸಬೆಲಾಕು ಪ್ರಾಜೆಕ್ಟ್' and 'HOSABELAKU ORPHANAGE AND OLD AGE HOME'.

Respected Sir

Sub: Request for Approval of NSS Activity - Educational Outreach for School Children.

I am writing to seek your approval for a significant National Service Scheme (NSS) activity that aims to contribute to the education of children in schools. This initiative aligns with our commitment to community service.

Activity Overview:

Name of the Activity: **Educational Outreach Train the child to train a Village.** Proposed Date: 08th Dec 2023 Venue: Kebbedoddi primary school nearby Harohalli. Planned activities, include technical training (Computer basics and tools of computer), swachh Bharat activity around the school and material distribution. We are committed to ensuring that this activity is in compliance with all university regulations and will reflect positively on our institution. We believe that empowering children through education is a noble cause that resonates with the core values of our university. Your approval for this NSS activity will contribute significantly to our mission of community service and the overall development of our students.

Objective: Social service, DSU advertisement, NAAC and NBA points and building team work among students.

We request you to approve and provide the transport facility to make a meaningful impact on the education of school children and students.

Place: Pyramid Valley International Meditation Centre Bengaluru, India and Kebbedoddi government school nearby Pyramid Valley.

Timing: 11am to 3pm Date: 08th Dec 2023.

Distance: 8km from DSU campus harohalli.

Total Students: 40

Thanking You
Dr. M Shahina Parveen

NSS Activity organized :

In the National Service Scheme (NSS) camp conducted by the SBAS, Dayananda Sagar University at Harohalli village near Ramanagara, Karnataka, 46 students from the School participated. The camp aimed to promote community engagement, sustainable practices, and enhance the overall development of both the participants and the village community. Activities Undertaken included Survey, Learning Harvesting Techniques in collaboration with Rotary Club to further community development initiatives (resulting in the execution of community-driven projects such as infrastructure development, healthcare awareness programs, and educational initiatives).

Impact on the Community encompassed Knowledge Transfer, Improved Farming Practices (like increase crop yields and enhance overall agricultural sustainability).

Students involved in NSS activity at Harohalli village

NSS camp 2024 (SCHOOL OF BASIC AND APPLIED SCIENCES)

The National Service Scheme (NSS) camp conducted by the SBAS department of Dayananda Sagar College took place in Harohalli village near Ramanagara 31st May 2024. 23 students of M.Sc. Microbiology and two students of M.Sc. Biochemistry volunteered in the camp. The camp aimed to raise the anti-tobacco awareness in the community. Harohalli is a quaint village situated near Ramanagara, providing a rural setting for the NSS camp. This location allowed for hands-on experiences and interactions with the local community.

Activities Undertaken:

Survey: Participants conducted a comprehensive survey to raise awareness about the evils of the use of tobacco. This survey aimed to identify areas that required attention and intervention.

NATIONAL SERVICE SCHEME

A Report On Voting Awareness Program as SVEEP activity on 29-11-2023

1	Name of the Activity	Voting Awareness Program
2	Date of Activity	29-11-2023
3	Organized by/Name of the committee	Dayananda Sagar University NSS Unit
4	Participation includes	Nss Student Volunteers from BCA, B-Design Engg., LLB and SBAS.Participated in 50 numbers.
5	Place of Activity	DSU Adopted Village -Cheelur
6	Type of activity	1)Voting Awareness Program to Villagers, 2)Voting Awareness Rally 3)Pledge with Villagers

7	Activity Objectives	Dayananda Sagar University, in collaboration with the Election Commission of India, undertook a significant Socially Valuable and Ethical Electoral Participation (SVEEP) activity in the adopted village of Cheelur. The primary objective was to raise awareness about the importance of voting and encourage active participation in the democratic process among the residents of Cheelur. Dayananda Sagar University's SVEEP activity in Cheelur has contributed to building a more aware and engaged electorate. By fostering a sense of civic responsibility and educating residents about their voting rights, the initiative aims to create a lasting impact on the democratic participation of the adopted village. Ongoing efforts will be made to sustain and expand these positive outcomes in future electoral cycles.
---	---------------------	--

REPORT

Objective: The key objectives of the SVEEP activity in Cheelur were as follows:

1. Create awareness about the significance of voting in a democracy.
2. Educate the residents about the electoral process and their voting rights.
3. Foster a sense of civic responsibility and community engagement.

Activities:

1. **Door-to-Door Campaigns:** Volunteers from Dayananda Sagar University conducted door-to-door campaigns to engage with residents personally. They distributed pamphlets, explained the importance of voting, and addressed any queries or concerns related to the electoral process.
2. **Interactive Workshops:** Interactive workshops were organized in collaboration with local leaders and experts. These sessions covered topics such as voter registration, electronic voting machine (EVM) usage, and the significance of each vote in shaping the future.
3. **Street Plays and Cultural Events:** To make the awareness campaign more engaging, street plays and cultural events were organized in Cheelur. These activities conveyed the importance of voting in an entertaining and relatable manner, attracting a wider audience.

4. **Voter Registration Drives:** Special drives were conducted to assist residents in registering themselves as voters. Volunteers helped fill out forms, provided information on required documents, and ensured that eligible residents were registered to vote.
5. **Digital Media Campaign:** Recognizing the importance of digital platforms, a comprehensive social media campaign was launched. Infographics, videos, and posts were shared to reach a broader audience and encourage online discussions about the electoral process.
6. **Collaboration with Local Institutions:** Dayananda Sagar University collaborated with local schools, community centers, and religious institutions to amplify the reach of the awareness program. This involved organizing awareness sessions within these institutions and distributing informational material.
7. **Pledge Participation:** The pledge-taking ceremony witnessed active participation from a significant number of villagers, indicating a commitment to participating in the electoral process.
8. **Pledge-Taking Ceremony:** The rally culminated in a centralized location where a pledge-taking ceremony was organized. Residents were invited to take a collective pledge to exercise their voting rights responsibly and encourage others in the community to do the same.
9. **Voting Awareness Rally:** The rally commenced with a vibrant procession led by university volunteers, community leaders, and local influencers. Banners, placards, and slogans adorned the march, creating a visually impactful display to attract the attention of the villagers.
- 10.

Impact and Outcome:

The SVEEP activity in Cheelur yielded positive results, with noticeable improvements in voter awareness and participation. Key outcomes include:

1. **Increased Voter Registration:** The voter registration drives led to a significant increase in the number of registered voters in Cheelur.
2. **Enhanced Awareness:** The door-to-door campaigns, workshops, and cultural events successfully raised awareness about the importance of voting, resulting in a more informed electorate.
3. **Community Engagement:** The collaboration with local institutions fostered a sense of community engagement, encouraging residents to actively participate in the democratic process.

As per the instruction received from State NSS Office, As a NSS Coordinator of DSU conducted Cleanliness Drive in association with Student affairs and with the SCMS-UG Students Participation on 17-10-2023 at Cheelur Village which is one of our DSU adopted villages.

School of Commerce and Management Studies-PG Program

Youth Awareness Program

About the Event

The School of Commerce and Management Studies organised a youth awareness program by the Red Cross Society's First Aid Unit on August 25, 2023. The trainer for the session was Dr. Nagarjun KP, MD, CSSD, DPH, (PGDEOH) , Lead National Level First Aid Trainer for the Indian Red Cross Society, Bengaluru, and an American Heart Association Certified BLS and ACLS Instructor. Prof. Capt. Nagaraj Subbarao, Dean, School of Commerce and Management Studies; Mr. Manu Thimmegowda, Deputy Registrar, Dayananda Sagar University; and Ms. Shyamantha Suryaprakash, Deputy Director, Student Affairs, inaugurated the event.

Objectives:

1. To create awareness in essential areas of first aid and emergency situations

Participants:

Second semester MBA students of SCMS-PG, Dayananda Sagar Institutions and the Faculty members were the participants

Activities in the Session:

In this event, students learned about the general principles of first-aid, guidelines on Samaritan law, assessment, and priorities of treatment. In the session, the doctor spoke on medical emergencies such as choking, suffocation by smoke, asthma, circulation, bleeding, shock, neck and spinal injuries, burns, stroke, snake bites, poisoning, heat stroke, hypothermia, and diabetes. Finally, there was a demonstration on cardiopulmonary resuscitation (CPR) .and the students had excellent hands-on experience in the session.

Outcome of the event

Participants learnt about FA-General Principles, Safety, Assessment, and various scenarios such as choking, suffocation by smoke, asthma, circulation, bleeding, shock, neck & spinal injuries, burns, stroke, animal bites, snake bites, poisoning, heat stroke, hypothermia, diabetes, and more.

Brochure

The brochure is a vertical poster with a red and white color scheme. At the top, it features the logos of the Indian Red Cross Society (a red cross in a circle) and Dayananda Sagar University (a yellow circular emblem with a blue cross). To the right of the university logo is the text 'Dayananda Sagar University' in blue, with 'Bengaluru' in a yellow box. Below these logos is the text 'SCHOOL OF COMMERCE AND MANAGEMENT STUDIES' in red. The main title 'INDIAN RED CROSS SOCIETY' is in large, bold, red capital letters, with 'Karnataka State Branch' and 'Presents' in smaller red text below it. To the right of the title is a red cross symbol. The program title 'First Aid Awareness Program' is in large, bold, red capital letters, followed by 'By Dr. NAGARJUN' in red. To the left of the program title is an illustration of two people sitting and talking. Below the program title is a red cross symbol. The date '25 AUGUST 2023' is in large, bold, red capital letters, with 'AT DSU INNOVATION CAMPUS 3, G18' in smaller red text below it. To the right of the date is a red calendar icon. The time '9:00AM' is in large, bold, white capital letters on a red background. To the right of the time is an illustration of a doctor in a white coat and stethoscope, holding a heart with a pulse line. The background of the brochure is white with red wavy borders at the top and bottom.

Report on Eye check-up Camp

The School of Commerce and Management Studies, Dayananda Sagar University Bengaluru orchestrated a benevolent act on 19th February 2024 by hosting a free eye check-up camp in collaboration with Vittala International Institute of Ophthalmology, Bengaluru under the social outreach Prabhava Club. The venue for the program was the Government Higher. Primary School in Singasandra, where the essence of community service unfolded. During the camp, 240 students got their eyes checked. The volunteers from the university not only helped with the check-ups but also spent time on teaching and doing fun activities with the school students. The activities created a sense of friendship and connection among everyone, making the outreach initiative more impactful. To make things even sweeter, toffees were distributed to the school students.

This initiative took care of the students' eye health and left a lasting memory for both the volunteers and the students. The camp's success showed how well the School of Commerce and Management Studies, Dayananda Sagar University, and Vittala International Institute of Ophthalmology worked together to support the community's well-being.

Report on HOPE Camp

On July 16, 2024, the School of Commerce and Management Studies (SCMS), Dayananda Sagar University, Bengaluru organized a HOPE Camp to distribute school essential stationeries at Singasandra Higher Primary School under the guidance of Dean-SCMS Prof. Capt. A. Nagaraj Subbarao. The event was co-ordinated by Dr. Shweta Tewari and Dr. Abhijit Ranjan Das. The event saw the participation of three faculty members and sixteen MBA student volunteers who distributed school stationeries to 330 students at the school.

Purpose of the Camp

The HOPE Camp aimed to provide underprivileged students at Singasandra Higher Primary School with essential school supplies, instilling hope and supporting their educational journey. By distributing stationery items, the university sought to alleviate the financial burden on families and ensure that students have the necessary tools to excel in their studies.

Activities and Outcomes

During the camp, the MBA student volunteers engaged with the school children, distributing notebooks, pens, pencils, erasers, and other stationery items. The volunteers also interacted with the students, offering encouragement and guidance to help them stay motivated in their academic pursuits.

The distribution of school supplies benefited 330 students at Singasandra Higher Primary School, ensuring that they have access to the basic necessities for learning. The event fostered a sense of community and social responsibility among the MBA students, who gained valuable experience in outreach and philanthropic initiatives.

VALUE BASED EDUCATION

REPORT FOR NATIONAL INTEGRATION CAMP (NSS)

- Title: National Integration Camp Experiences)
- Date: 14TH March 24 to 20th March 24
- 7 Days Camp
- Location: KSRDPRU University Campus, Nagavi, Gadag, Karnataka-582 103

Objective of the Initiative:

The NSS National Integration Camp is a yearly event in India organized by the Ministry of Youth Affairs and Sports. It brings together young volunteers from different states to learn about each other's cultures, languages, and traditions. Through activities like discussions, sports, and community projects, they promote unity and understanding. The camp helps participants develop leadership skills, confidence, and friendships while contributing positively to society. It's a great way to encourage harmony and social awareness among India's youth.

Event Overview: NSS National Integration Camp 2024

The NSS National Integration Camp is an annual event organized by the Ministry of Youth Affairs and Sports in India with the aim of fostering national unity, communal harmony, and social awareness among young people from diverse backgrounds. The camp serves as a platform for NSS volunteers from various states to engage in cultural exchange, community service, and personal development activities.

Day 1: March 14, 2024

The camp commenced with registration followed by a vibrant Cultural Procession and Inauguration ceremony. Shri Prashant H. Merawade provided camp orientation, emphasizing the significance of the event. A special lecture on Climate Change by Shri P.V. Hiremath highlighted the urgency for action. The day concluded with a drive to "Save Water-Save Birds" and cultural performances.

Day 2: March 15, 2024

The day began with the flag hoisting ceremony and sessions on Yoga & Meditation for holistic well-being. Participants engaged in Shramadana (community service) and attended a lecture on the "Future of Work" by Smt. Madhuri Hebbalkar. Competitions and cultural programs capped off the day's events.

Day 3: March 16, 2024

The morning saw the flag hoisting ceremony followed by aerobics and project visits. Prof. Shivanand Shettar delivered a lecture on "Gandhian Philosophy and Youth," emphasizing values of peace and non-violence. First-aid training sessions were conducted, and cultural performances added vibrancy to the evening.

Day 4: March 17, 2024

Participants engaged in flag hoisting before embarking on a visit to Aihole-Badami-Pattadakal, renowned for their architectural heritage. This UNESCO World Heritage Site offered insights into temple architecture and historical significance.

Day 5: March 18, 2024

Flag hoisting was followed by physical training and a trekking expedition to Kappatagudda. Dr. C.S. Patil delivered a lecture on "Human Values and Human Rights," emphasizing ethical conduct and social responsibility. Competitions and cultural programs rounded off the day.

Day 6: March 19, 2024

The day commenced with flag hoisting and a marathon run for unity. Games and sports activities promoted teamwork and camaraderie. Special lectures on "NSS and Nation Building" by Dr. Satish Gowda inspired participants. A cultural exchange program with ASS College of Commerce facilitated interaction and understanding.

Day 7: March 20, 2024

The final day included flag hoisting and a plantation drive at Aikyata Vana, promoting environmental stewardship. The valedictory program marked the conclusion of the camp, celebrating the achievements and camaraderie fostered during the week-long event.

The NSS National Integration Camp 2024 proved to be a dynamic platform for youth engagement, fostering unity, leadership, and social responsibility. Through a diverse array of activities and interactions, participants gained valuable insights and forged lasting bonds, contributing positively to the fabric of national integration and communal harmony.

Time	Event

09:30-10:00pm	Dairy Writing/ Meeting with Contingent Leaders
10:00pm	Lights off – Bed Time

Daily Routine

Learning Outcome:

1. Community Understanding:
 - Volunteers develop an understanding of their community's dynamics and their role within it, fostering a sense of belonging and responsibility.
2. Problem Identification and Solving:
 - Volunteers actively engage in identifying community needs and challenges, developing problem-solving skills through practical exercises.
3. Social and Civic Responsibility:
 - Volunteers cultivate a strong sense of social and civic responsibility, recognizing their duty to contribute positively to society.
4. Application of Knowledge:
 - Volunteers learn to apply their academic knowledge to address real-life individual and community issues, fostering practical problem-solving abilities.
5. Community Mobilization Skills:
 - Volunteers gain skills in mobilizing community participation, effectively engaging stakeholders in collaborative efforts towards community development.
6. Leadership and Democratic Values:

- Volunteers acquire leadership qualities and democratic values through experiential learning, enabling them to lead with integrity and inclusivity.

7. Emergency Preparedness:

- Volunteers develop the capacity to respond to emergencies and natural disasters, enhancing community resilience and safety.

8. National Integration and Social Harmony:

- Volunteers practice and promote national integration and social harmony, fostering understanding and respect for diverse cultures and backgrounds.

Linkages Established:

- **Campus and Community:** Volunteers bridge the gap between their academic environment and the broader community, applying classroom learning to real-world scenarios.

- **College and Village:** Volunteers create meaningful connections between their college and nearby villages, facilitating collaborative efforts for community development.

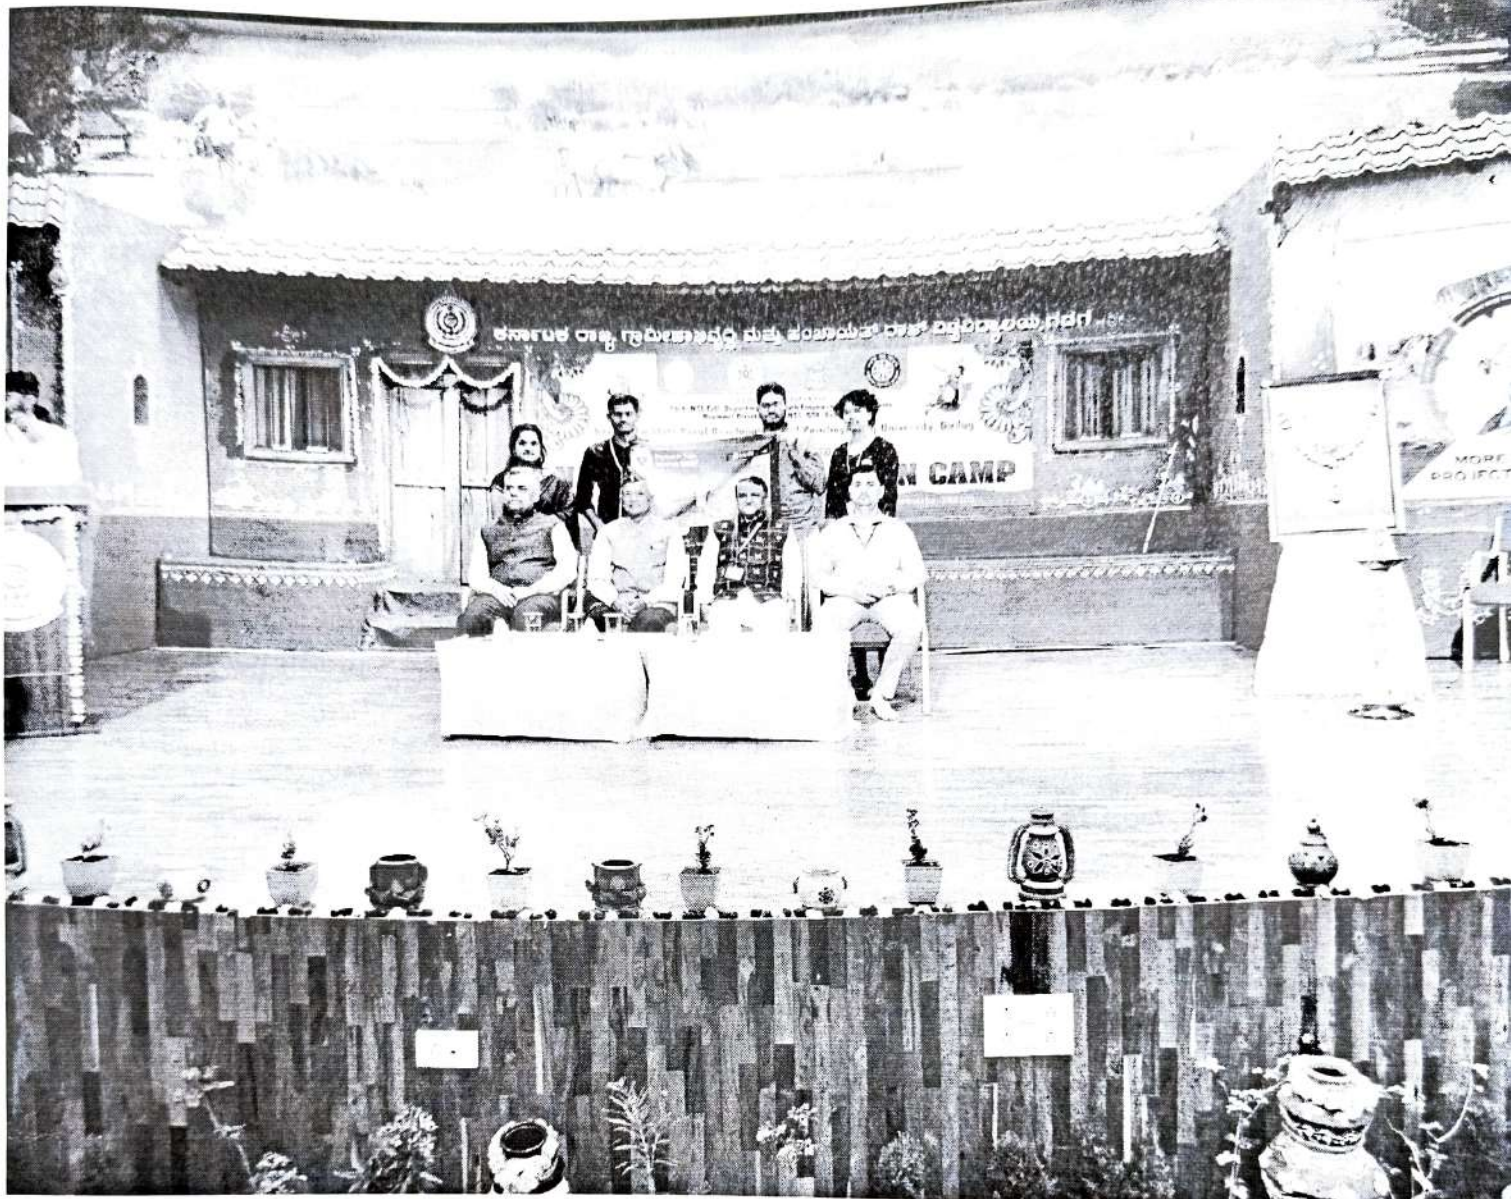

- **Knowledge and Action:** Volunteers translate theoretical knowledge into actionable solutions, demonstrating the practical application of learning for societal benefit.

Participants:

1. Abhay Bharadwaj
2. Monisha
3. Shreya E
4. Mutra Anjaneyulu Reddy

REPORT ON EXTENSION ACTIVITY ASSOCIATED WITH NSS

Dayananda Sagar University NSS have organized 1 day awareness program about sustainable practices and promote a greener tomorrow among students and the community through a Cleanup Drive, Poster Making Competition, and a Quiz Competition programme called "GREENER TOMORROW" on 17/10/2023 from 10.00AM to 3.00 PM. Dayananda Sagar University, School of Commerce and Management Studies students from B.Com and BBA program 31 students participated in this programme.

On that day we have divided in to three groups for Cleanup Drive, Poster Making Competition and a Quiz Competition. We have selected village called Heddidarmetlu near Harohalli kanakapura Road, Ramanagara District for conducting above activities. Assign volunteers to specific areas for effective cleaning. Emphasize proper waste segregation during the cleanup. Briefing on waste segregation and safety precautions. Execution of the cleanup drive. Disposal of waste in designated collection points. Announcement of competition guidelines and theme "Greener Tomorrow. "Allotment of materials to students and explanation of rules. Execution of the poster-making competition. Display of posters for judging. Prepare quiz questions related to environmental sustainability and a greener future. Appoint a quizmaster to conduct the competition. Welcoming participants and introducing the theme "Greener Tomorrow." Execution of the quiz competition.

To Promote active participation and engagement in all activities to maximize awareness and learning. Encourage proper waste disposal practices during the cleanup drive and provide information on waste segregation. Motivate students to think creatively and express their ideas on sustainability through the poster-making competition. Ensure a fair and enjoyable experience for all participants in the quiz competition while fostering a spirit of healthy competition.

National Service Scheme (NSS) activity in the village of Keerangere on May 9th 2024.

On May 9, 2024, the second semester Bachelor of Design (B.Design) students from Design and Digital Transmedia conducted a National Service Scheme (NSS) activity in the village of Keerangere. The focus of this activity was a survey on “Stress Management” among local farmers. Equipped with a set of questionnaire forms, the students distributed these to the farmers and collected their responses. The survey aimed to understand the various factors contributing to the farmer’s stress, including issues related to crop yields, access to government facilities, and annual income

"True leadership is inspiring others to reach their full potential."

Survey on "Stress Management" among local farmers

The survey and subsequent interactions provided the students with a deeper understanding of rural life and the pressing issues faced by farmers. This knowledge is essential for designing effective stress management interventions and advocating for better support systems for the farming community.

The entire activity was guided and overseen by several faculty members from the University, ensuring the survey was conducted effectively and the data collected was accurate and meaningful. This hands-on experience not only contributed to the students' academic growth but also fostered a sense of social responsibility and empathy towards the farming community.

Through this activity, the students gained valuable insights into the specific challenges and lifestyles of the farmers.

They learned about the farmers' experiences, the difficulties they face, and the various sources of stress in their daily lives. The students found that factors such as unreliable crop yields, inadequate government support, and financial instability significantly impact the mental health of the farming community.
