

Dayananda Sagar University
SCHOOL OF COMMERCE & MANAGEMENT STUDIES
PROCEEDINGS OF BOS – UG Program

Venue: Virtual

Time: 2.00 – 4.00 PM

Date: 29.02.2020

Members present:

1. Dr. Punith Cariappa
2. Dr. K Erasi
3. Dr. B Mariyappa
4. Dr. Mukund Mohan
5. Dr. Chandrakala G
6. Dr. Satish

Special invites

- I. Mr. Suresh Mani
- II. Mr. Narayan Nambiyar

Meeting Agenda-BOS-UG Program

1. Approval of BBA and B.Com program structure 2020-21
2. Discussion and approval of syllabus for earlier program structure (2018 -19, 2019-20)
3. Other major changes on the curriculum/evaluation pattern
4. Discussion on the feedback of the stakeholders.

The meeting commenced with chairperson Dr. Punith Cariappa, Dean, School of Commerce & Management Studies (SCMS), welcoming the learned BOS members. She mentioned that it was an honor for Dayananda Sagar University to have such an enlightened BOS members and her personal privilege in hosting them. The BOS members were asked to introduce each other.

Vision and Strategy

- 1) At the outset, Dr. Punith Cariappa mentioned that the context of the meeting was to approve the Syllabus & Pedagogy to help the School of Commerce and Management Studies find its unique place through an innovative market driven syllabus. The subjects were already discussed and finalized in the previous BOS for the 2019 Scheme.

Discussions

1. Approval of BBA and B. Com program structure 2020-21

Dr. Chandrakala G proposed the program structure of the B. Com for the academic year 2020-21. The total credits and division of the major course, minor courses and electives were elaborated to the members to seek their approval on the same. The program structure follows CBCS, which ensures effective teaching-learning platform. The program also highlights the elective choice offered to the student to meet the industry standards

Following this, Dr. Roohi Kursheed Khan proposed BBA program structure for the year 2020-21. BBA program is equipped with industry pedagogy and focus on current changes to meet industry standards. The overall highlights of the program were discussed and the structure of the program was explained in detail to seek the approval from the members. The program structure was designed based on the Choice Based Credits System (CBCS) and electives with various specialization (Finance, Marketing, HRM and Analytics) The detailed explanation on the electives offered among different specialization was elaborated and necessary feedback from the members were collected.

2. Discussion and approval of III and IV Semester Syllabus – BBA and B. Com– 2019 Batch

The Syllabus for III and IV Sem. was presented and discussed. The following course contents were modified:

Sl. No.	Sem.	Sub. Code	Course Name
1	III	19BC2302	Costing Methods
2	IV	19SC2401	Stock Market & Commodity Market

The following course Syllabus were suggested to modify and necessary content was incorporated, they are;

Sl. No.	Sem.	Sub. Code	Course Name
1	III	19MA1204	Financial Control
2	III	19MA2303	Financial Reporting and Control

The following course contents and syllabus were discussed

SEMESTER – 5

SL. No.	COURSE CODE	COURSE TITLE	CR / AU	NO OF HOURS OF TEACHING			
				L	T	A	C
1	18BC301	ACCOUNTING OF SERVICES	CR	3	2	0	4
2	18BC302	INCOME TAX - I	CR	3	0	0	3
3	18BC303	ENTREPRENEURIAL DEVELOPMENT	CR	3	0	2	4
4	18BC304	AUDIT AND ASSURANCE	CR	3	2	0	4
5	18BC305	PROJECT WORK AND VIVA	CR	0	0	6	3
6	18BY3ZZ	ELECTIVE – I	CR	3	0	2	4
7	18BY3ZZ	ELECTIVE - II	CR	3	0	2	4

SEMESTER – 6

1	18BC306	MANAGEMENT ACCOUNTING	CR	3	2	0	4
2	18BC307	INCOME TAX - II	CR	3	0	0	3
3	18BC308	BUSINESS INFORMATION SYSTEM	CR	3	2	0	4
4	18BC309	BUSINESS LAW & REGULATION	CR	3	2	0	4
5	18BY3ZZ	ELECTIVE – III	CR	3	0	2	4
6	18BY3ZZ	ELECTIVE - IV	CR	3	0	2	4

SEM	INVESTMENT MANAGEMENT		CORPORATE ACCOUNTING		BUSINESS ANALYTICS	
	COD E	COURSE TITLE	COD E	COURSE TITLE	CO DE	COURSE TITLE
V	18BI 306	INVESTMENT INDUSTRY	18BA 306	ADVANCED AUDITING		FUNDAMENTALS OF BUSINESS ANALYTICS

Feedback Analysis and Action Taken Report

Date: 24-02-2020

The Institution's Feedback Analysis Committee is responsible for crafting and gathering feedback from its stakeholders to assess and appraise the quality of its performance concerning curriculum and related matters. This feedback was sourced from a diverse array of stakeholders, including students, faculty, employers, and

The feedback targets following different content for different stakeholders.

1. The feedback for students covers the discussed curriculum and the challenges encountered in learning, encompassing human values, ethics, quality, competence, skills, and professionalism. Moreover, it considers supplementary elements such as infrastructure, faculty excellence, and teaching standards- **Students.**
2. The faculty feedback emphasized worries about the practical application of the course, the efficiency of the curriculum's results, the pertinence of course content and associated reference materials, the congruence of reference materials with the curriculum, the assessment techniques, and the delivery approach of the curriculum. - **Faculty.**
3. The employers' feedback assessed issues surrounding emerging national and global trends, the integration of design thinking principles into the curriculum, the significance of teamwork, addressing creative challenges amidst difficulties, and the application of technology in work practices learned through the curriculum. – **Employers.**
4. The alumni feedback encompassed evaluations of advanced and interdisciplinary subjects, approaches to close the divide between industry and academia, the sufficiency of syllabus content aligning with present professional standards, and the curriculum's structure aimed at cultivating self-directed learning and problem-solving skills. **Alumni.**

The feedback collected and to the respective authorities for the necessary actions:

From Students:

Feedback	Action Taken
The students feedback sought indicated that the program structure was positive and meets industry standards. However, students suggested to include Introduction to skill enhancement i.e. certification course.	Suggestions were implemented Courses were introduced

From Faculty:

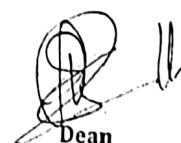

Feedback	Action Taken
Faculty feedback suggested to change the course structure of English to Business Communication	Suggestions were implemented Courses were introduced
Faculties noted to shift Business Research methods to fifth semester as this would support students to for their final dissertation.	Suggestions were implemented Courses were shifted

From Employers:

Feedback	Action Taken
Employer suggested to inculcate entrepreneurship spirit among students. It was suggested to include a Course on entrepreneurship.	Based on the suggestion of the employers a Course on entrepreneurship was introduced in the curriculum
Employers also identified that industry preparedness among students needs to be strong	Finishing school was introduced where aptitude industry prepared sessions, group discussion was provided for one credit.

From Alumni:

Feedback	Action Taken
Alumni representative suggested to introduce students to compulsory have research paper presentation to improve the research culture among the students	New course on paper presentation for one credit was introduced to boost students' confidence in preparing report.

FEEDBACK LETTER

Dear DSU,SCMS

I trust this message finds you well. I would like to extend my appreciation for the ongoing commitment of Dayananda Sagar University to providing quality education to students in the School of Commerce and Management Studies.

During our collaboration with students from your esteemed institution, we have received valuable insights from employers. One recurring observation has been the importance of strengthening industry preparedness among students. In line with this feedback, I would like to offer a suggestion to further enhance the readiness of students for the professional world.

By implementing these suggestions, we can collectively contribute to better preparing students for the demands of the professional world. I believe that a strong emphasis on industry readiness will not only benefit the students but also enhance the reputation of the School of Commerce and Management Studies.

I appreciate your consideration of these recommendations and look forward to the continued success of our collaboration.

Thank you for your dedication to the academic and professional growth of students.

Feedback Letter

Date: 08-01-2020

Dear Dayananda Sagar University - School of Commerce and Management Studies,

I trust this message finds you well. I would like to express my appreciation for the dedication and commitment that Dayananda Sagar University demonstrates in providing quality education to students, particularly in the School of Commerce and Management Studies.

As we continuously strive for excellence, I would like to put forth a suggestion for curriculum enhancement, specifically the inclusion of a subject dedicated to entrepreneurship. Entrepreneurship is a vital aspect of the business landscape, and integrating it into the curriculum will offer several advantages

I believe that incorporating entrepreneurship into the curriculum will not only enrich the educational experience for students but also prepare them for the dynamic and competitive business landscape.

I appreciate your consideration of this proposal and am open to further discussions on how we can collaboratively implement this initiative for the benefit of the students at Dayananda Sagar University.

Thank you for your ongoing commitment to academic excellence.

Sincerely,

Abhisht A. Pathak

4. Mr. Subramani

Meeting Agenda-

The Curriculum of the following

1. Approval of BBA and B.Com Program structure for the academic year 2021-22
2. Discussion on the syllabus, specialisation and other elective courses
3. Other major changes on the curriculum/evaluation pattern
4. Discussion on the feedback from the stakeholder

The meeting Commenced with the chairperson Dr. Punith Cariappa, Dean school of commerce and Management Studies welcoming the BOS members. Each BOS member Introduced themselves Introduced themselves. She mentioned that it was an honor and privilege in hosting such enlightened and senior BOS member

The Context of the meeting was to discuss the needs of the present day in Framing the curriculum keeping in mind proper communication, Collaboration, and critical thinking. The focus was to develop syllabus and pedagogy which is industry relevant, Research oriented rigorous and contemporary which helps SCMS attain a unique positioning.

Proceedings-Minutes of the meeting

Few of the points discussed to be incorporated and eliminated are:

- It was decided that all programs offered for the academic year 2021-22 will adhere to the Choice Based Credit System (CBCS) in accordance with the guidelines set by the UGC.
- The decision was made for all courses within the programs to follow the LTPC approach, which stands for lectures, tutorials, practicals, and ere its. This includes allocating an appropriate number of credits to each course based on its requirements.
- International taxation- AJI taxes to be thought for B. Com students which includes individual tax, Corporate tax and International Tax.
- GST Should include E waybill and other details.
- Income tax should. include all the assessment procedures of companies. Political parties, cooperatives, etc
- Business consulting and report writing and technical writing should be part of the project work in the final year which should be different from BBA project work.
- Business Communication portions should be similar to CA foundation portion.
- Banking should include corporate banking retail banking, investing banking, merchant banking and-case studies on latest bank mergers.
- Conflict management and negotiations skills should be part of the curriculum.
- Mergers and acquisition and valuation can be one of the subjects in B.com
- Corporate accounting should include holding company and subsidiary company.
- Micro economics and through understanding of interest rates in a must for B.com students.
- Remove outdated topics from advanced financial management and incorporate the latest topics.
- M.com in fintech sounds very innovative and need of the hour

- It was decided that all programs offered for the academic year 2021-22 will adhere to the Choice Based Credit System (CBCS) in accordance with the guidelines set by the UGC.
- The decision was made for all courses within the programs to follow the LTPC approach, which stands for lectures, tutorials, practical's, and credits. This includes allocating an appropriate number of credits to each course based on its requirements.
- Strategic management should include Company analysis or internal environment analysis.
- Entrepreneur subject must be practical paper with more hands-on experience. You should include women entrepreneurs as it is a mandatory requirement.
- All management education managers should be tech savvy. Hence every subject must have a digital component, at least as a last module.
- Global business should include global business during pandemic.
- Marketing communication should not have any overlap and it can be a team teaching with academicians plus industrialists.
- Marketing research should be project based including YouTube analytics, Google Analytics and so on.
- All electives must be heavily applications oriented and practical.
- Financial specialisation can have subjects like mergers, acquisitions, corporate structuring.
- Digital marketing can have Euro course and digital supply chain.
- Instead of portfolio, it can be called SAPM Security analysis and portfolio management. Cryptocurrency can be included.
- Labour law should have the new changes in HR laws and laws connected with services and manufacturing.
- There can be a new paper or new subjects on business modules of organization structures.
- Taxation must have all 5 heads of income.
- Business Analytics: Analytical Tools-limit it to one or two and give deeper insights to the same

Meeting Agenda-BOS-UG Program

1. Approval of BBA and B.Com Program structure for the academic year 2019-20
2. Discussion on the syllabus, specialization and other elective courses
3. Other major changes on the curriculum/evaluation pattern
4. Discussion on the feedback from the stakeholder.

Two handwritten signatures in blue ink are located at the bottom right of the page. One signature is a simple 'A' shape, and the other is more complex, possibly reading 'Nag'.

I. Approval of BBA and B.Com Program structure for the academic year 2019-20

Dr. Padmalatha N presented the proposed program structure for the B. Com academic year 2019-20, seeking approval from the members. The design is in accordance with the Choice Based Credit System (CBCS) to ensure an effective teaching-learning platform. The program places significant emphasis on major courses, minor courses, and electives, providing students with the flexibility to align their education with industry standards.

Following this, Dr. Naveenan introduced the BBA program structure for the year 2019-20, highlighting its alignment with industry pedagogy and responsiveness to current industry changes. The presentation provided a detailed overview of the CBCS framework and outlined the incorporation of electives with specializations in Finance, Marketing, HRM, and Analytics. A comprehensive explanation of the electives, particularly across various specializations, was given, and constructive feedback from members was actively sought during the discussion.

II. Discussion on the syllabus, specialization and other elective courses

1. The Business Information System & Accounting Information System Syllabus of VI B.Com, which was revised as there was some overlap. The changes are approved by the board. For the Subject - Business Information System and Accounting Information System
2. Subject title Corporate Reporting is changed as Per revised syllabus and minor changes is now called 17BC304 Strategic Business Reporting- The same is approved by the board.
3. 17BC309 Governance, risks and Ethics and 17BC301 Business Analysis subjects syllabus are changed to Strategic Business Leader - 1 and Strategic Business Leader -2. The same is approved by the board.
4. B Com 2018-19 Life Skills 17NC202-is revised and approved by the board.
5. Few Suggestions by the Board

The Board suggested that, some aspects of Indian accounting standards should be covered before studying IFRS Syllabus.

Two handwritten signatures in blue ink are located at the bottom right of the page. The first signature is a stylized 'A' shape, and the second is a more complex, cursive signature.

- a. All the subjects syllabus should be divided in to either modules or units and maintain uniformity.
- b. Taxation subject syllabus should be revised.
- c. Life skills syllabus should be revised and elaborated.
- d. Indian Constitution should be studied in first year itself to learn more about empowerment.
- e. Indian banking system should be replaced with Indian financial system.
- f. There has to be a separate BOS Meeting for foreign languages.
- g. Intellectual property rights can be replaced with artificial intelligence.
- h. Intellectual property rights can be one module under business law.
- i. E – Commerce subject repeated should be taken care, can be replaced with services management.
- j. Contemporary business word can be one subject without any syllabus but faculty to teach current affairs.
- k. Project work can be given to students related to commerce and accounts it should be a group activity. Viva to be done individually.
- l. Economics subject should have all the updates like Niti Aayog etc.
- m. Include open electives like Disaster management in the 3rd year.
- n. The subject Entrepreneurship can be modified to Entrepreneurship and Innovation.
- o. Change the title of Statistics to Statistics for Decision Making
- p. In Business Economics, 1st Semester , Indian Reforms with Planning Commission need to be included.
- q. In Environmental Studies, develop a project work related to water problems etc.

III. Other major changes on the curriculum/evaluation pattern

The Committee members highlighted that program structure of the Undergraduate programs of the school of Commerce and Management studies focus on developing analytical and problem-solving skills among the students by mandating case studies in the curriculum and incorporate modules or workshops focusing on soft skills, including

communication teamwork and leadership. The committee also suggested to inculcate internship in the curriculum to expose students to professional business practices.

IV. Discussion on the feedback from the stakeholder.

Agenda	Resolutions
Approval of BBA and B.Com Program structure for the academic year 2019-20	Approved
Discussion on the syllabus, specialization and other elective courses	Approved with minor changes
Other major changes on the curriculum/evaluation pattern	Approved with minor changes
Discussion on the feedback of the stakeholders.	
Overall, the students feedback on curriculum was positive. However, students suggested to include hands on training using Microsoft office and Excel.	ACCEPTED
Faculty Suggested more of research guidance to be given to them as well as to encourage them for participating in seminar, workshop and conference	ACCEPTED
The suggestion was to include Digital marketing as an elective course	ACCEPTED
Personality development courses to be introduced for overall grooming of the students.	ACCEPTED
Foreign languages to be Introduced	ACCEPTED
Focus on Kannada to be made compulsory	ACCEPTED

Feedback Analysis and Action Taken Report

Date: 20-02-2019

The Feedback Analysis Committee of the institution designs and collects feedback from its stakeholders to monitor and evaluate its performance quality on curriculum and curriculum related issues. The feedback was collected from various stakeholders like students, faculty, employers, and alumni.

The Feedback targets following different content for different stakeholders.

1) For students - This feedback encompasses the addressed curriculum and its learning challenges concerning human values, ethics, quality, competence, skills, and professionalism. It also takes into account additional factors such as infrastructure, faculty quality, and teaching standards.
2) For faculty - This feedback highlighted concerns regarding the course's real-life application, the effectiveness of the curriculum's outcomes, the relevance of course content and corresponding reference materials, the alignment of reference materials with the curriculum, the assessment methods, and the delivery of the curriculum.
3) For employers: The feedback from employers evaluated matters concerning emerging national and global trends, the incorporation of design thinking principles within the curriculum, the importance of teamwork, tackling creative challenges in adversity, and the integration of technology into work practices as learned through the curriculum.
4) For alumni – The alumni feedback covered assessments of advanced and interdisciplinary topics, strategies to bridge the gap between industry and academia, the adequacy of syllabus content concerning current professional standards, and the curriculum's design in fostering self-directed learning and a problem-solving approach.

The feedback collected and to the respective authorities for the necessary actions:

From Students:

Feedback	Action Taken
Overall, the students feedback on curriculum was positive. However, students suggested to include hands on training using Microsoft office and Excel.	Considering the requirement of the industry a course named Introduction to Microsoft office has been introduced and inculcated in the 3 rd semester of the curriculum

From Faculty:

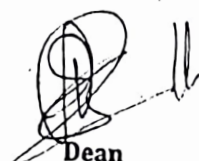

Feedback	Action Taken
Faculty Suggested more of research guidance to be given to them as well as to encourage them for participating in seminar, workshop and conference	Advanced learners will be encouraged to attend seminar and conferences outside university.

From Employers:

Feedback	Action Taken
The suggestion was to include Digital marketing as an elective course	Suggested changes has been included in the curriculum
Personality development courses to be introduced for overall grooming of the students.	Considering the importance of our students being more disciplined and to showcase a great persona which adds to their career personality development courses have been introduced in the 4 th semester

From Alumni:

Feedback	Action Taken
Foreign languages to be Introduced Focus on Kannada to be made compulsory	To empower our students to achieve diverse milestones and accomplish, We introduced foreign languages French and German in the, ensuring that language barriers do not hinder their progress. No significant changes have been made, Kannada subject is included in the syllabus it is the decision of the student to select particular subject and study

FEEDBACK LETTER

Date: 16 January 2019

I am writing to provide feedback on the current program structure of the undergraduate programs offered by the School of Commerce and Management Studies offered by Dayananda Sagar University. I appreciate the efforts and commitment towards skill development and aligning the curriculum with industry standards.

While reviewing the program structure, I would like to suggest the inclusion of Digital Marketing as an elective. In the rapidly evolving landscape of business and commerce, digital marketing has emerged as a crucial skillset that students should possess to thrive in the modern professional world. Here are a few reasons supporting this suggestion:

- **Industry Relevance:** Digital marketing is now an integral part of every business's strategy, making it essential for students to grasp the principles and practices associated with online marketing.
- **Career Opportunities:** Including digital marketing as an elective will expose students to a range of career opportunities in the digital space, such as social media management, content marketing, SEO, and digital analytics.
- **Practical Application:** Digital marketing courses provide practical, hands-on experience, allowing students to apply theoretical concepts in real-world scenarios. This aligns with the committee's focus on skill development

I believe that introducing Digital Marketing as an elective will complement the existing program structure, providing students with a well-rounded skillset that is highly relevant in today's business environment.

I appreciate your consideration of this suggestion and would be happy to discuss this further if needed. Thank you for your time and dedication to continually enhancing the academic experience.

Feed Back Letter

I hope this communication finds you well. I am writing to share a suggestion that I believe will contribute significantly to the holistic development of students in the School of Commerce and Management Studies.

Firstly, I commend the university's commitment to providing a comprehensive education that aligns with industry standards. The current curriculum reflects a strong emphasis on academic excellence and skill development, which is commendable.

However, I would like to propose the inclusion of a dedicated subject on "Personality Development" in the curriculum. Personality development plays a pivotal role in shaping individuals into well-rounded professionals

I believe that by incorporating a personality development subject into the curriculum, Dayananda Sagar University will not only provide students with a well-rounded education but also equip them with the essential life skills needed for a successful and fulfilling career.

I appreciate your consideration of this suggestion and look forward to witnessing the positive impact it can have on the students' overall development.

Thank you for your dedication to excellence in education.

Spandan Suresh
Chief Operating Officer

Proceedings

1. Chairman, Dept. of CT, School of engineering welcomed the members.
2. Following points were discussed:
 - 2.1 Briefing of academic activities
 - CT program admission details
 - Result analysis
 - Presented the 50:50 Evaluation Scheme applicable from AY 2019-20 onwards
 - Presented the detailed syllabus of 7th and 8th Semesters. The current suggested syllabus of 7th and 8th Sem (core and elective courses) have been improved keeping with the current trends of technology and market. The changes are:
 - Computer Graphics & Applications has been changed to 'Cloud Computing & Applications'. The corresponding Lab component is also changed.
 - Entrepreneurial Marketing has been changed to 'Product and Brand Management', as Digital Marketing is offered in 6th Semester.

BoS Meet for Dept. of CST, Dayananda Sagar University: Request dated 24th July 2020

Fri, Jul 24, 2020 at 9:10 PM

Chairman-CST <chairman-ct@dsu.edu.in>

To: Aravind Sitaraman <aravind_sitaraman@yahoo.com>, NC Sriraman <ncsriraman@gmail.com>, Ishwar Sundararaman <ishwar@unsolved.xyz>, venkatesh.db@jvtechnologies.co.in, manju.tn@bmsit.in, Nagaraj Kulkarni <nagaraj.kulkarni@compegence.com>, H P Khincha <hpk1598@gmail.com>, svinod3@gmail.com, Chairman CSE <chairman-cse@dsu.edu.in>, dean-research@dsu.edu.in, Janardhan Dsi <Janardhan.dsi@gmail.com>
Cc: "Dr. KNB Murthy" <vicechancellor@dsu.edu.in>, "Dr.A.Srinivas Dayananda Sagar University" <dean-engg@dsu.edu.in>, Jasma Balasangameshwara <jasma.b-ct@dsu.edu.in>

Dear CST-BoS Members,

Greetings of the day!

I hope you are all keeping well and safe. I pray that we get through these challenging days!

I, Jasma Balasangameshwara, have recently been given the In-Charge Chairmanship of the Dept of Computer Science & Technology.

The following documents are attached for your kind review and approval for B.Tech. in Computer Science & Technology for batches 2019-20 and 2020-21 from semester V - VIII.

(a) Proposed Modified Scheme and Syllabus

Proposed Tracks - Innovation and Intrapreneurship & Technology Entrepreneurship
Specialization in Technology Entrepreneurship

I wish to bring the following to your kind notice

(a) It has been mandated by our honorable Vice Chancellor that CST Dept. will follow the same scheme and syllabus as that of CSE Dept. for semesters I - IV for the 2019-20 and 2020-21 batches

(b) CST Dept. will continue to follow the 2016-17 approved scheme and syllabus for the existing 2017-18 and 2018-19 batches

I request your approval on changing the 7th semester open elective for 2017-18 and 2018-19 from Entrepreneurship Management to Product Engineering & Entrepreneurship (syllabus enclosed)

Due to the pandemic, I request your kind inputs & approvals via email on the attached documents. If you need any clarifications, I will be happy to provide you through a telecon. If you have any additions/modifications, I will be happy to discuss and incorporate.

I seek your approval on the scheme & syllabus as soon as possible! Kindly note that the semester begins from 3rd of August 2020.

Regards,

Jasma Balasangameshwara

Congratulations to Mr. Neerav Joshipura!

Your feed back is super! Extremely crucial.
Precise. And unambiguous.

The mention on FDP is very relevant.

I endorse.

Kind regards,

BoS Meet for Dept. of CST, Dayananda Sagar University: Request dated 24th July 2020

Mon, Jul 27, 2020 at 8:42 PM

NC Sriraman <nccsriraman@gmail.com>

To: Chairman-CST <chairman-ct@dsu.edu.in>

Cc: Aravind Sitaraman <aravind_sitaraman@yahoo.com>, Ishwar Sundararaman <ishwar@unsolved.xyz>, "venkatesh.db" <venkatesh.db@jvtechnologies.co.in>, "manju.tn" <manju.tn@bmsit.in>, Nagaraj Kulkarni <nagaraj.kulkarni@compegence.com>, H P Khincha <hpk1598@gmail.com>, svinod3 <svinod3@gmail.com>, Chairman CSE <chairman-cse@dsu.edu.in>, dean-research@dsu.edu.in, Janardhan Dsi <Janardhan.dsi@gmail.com>, "Dr. KNB Murthy" <vicechancellor@dsu.edu.in>, "Dr.A.Srinivas Dayananda Sagar University" <dean-engg@dsu.edu.in>, Jasma Balasangameshwara <jasma.b-ct@dsu.edu.in>

Thanks for sharing the details of the proposed modifications to the curriculum for Computer technology group. I am very glad to see the two streams of electives for people who want to pursue the Entrepreneurship as their profession and establish a company to pursue their dream product/ Really thank the people who have put together the draft for feedback and approval from BOS

I also spoke to Ms Jasma Balasangameshwara who took time to explain to be the details behind such preparation and the thought process behind it. Really appreciate the time and effort that has gone in.

In principle all the modifications are excellent and approved with following requests for consideration and opinions for improvement

- a. On technology electives students should choose which stream they want to grow their knowledge when they enter 3rd year or 5th semester and they should pursue the stream till the end of 8th year. This will help them to gain good knowledge in the domain .
- b. For CT students who want to pursue a standard conventional curriculum I don't have any suggestion.
- c. However for the other elective Idea to deliver technology entrepreneurship there should be additional chapter on Finance. Funding and Growth Strategies. Growth strategies should cover techniques or the Start-ups to grow quickly and as a successful start-ups grow smart. This course should provide the budding entrepreneurs with an understanding of the essential elements of successful scaling, including an overview of demand generation, customer acquisition, adoption, diffusion and forecasting demand. They should also learn how to market effectively using best practices of digital marketing, social media, PR, SEO, and pricing. Finally, the curriculum should also cover the nuts and bolts of building a sales process, partnerships and supply relationships, and examine the crucial components of attracting, developing and retaining talent. By the end of this course, they should have an outline of an expansion strategy for their idea or enterprise, and also be ready for Entrepreneurship for Financing and Profitability

Regards

NC Sriraman

Dear Chairman-CST,

Good Evening.

I approve the same to change the 7th semester open elective for 2017-18 and 2018-19 from Entrepreneurship Management to Product Engineering & Entrepreneurship (syllabus enclosed)

I approve the scheme & Syllabus for the same.

Pls let us know for any further clarifications.

Regards

Manjunath T N

Hi Leader's,

Your efforts are endless.

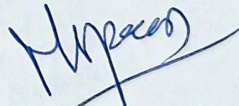

My suggestion's:

- 1.Connecting technology for 4 year's with innovation with attached syllabus
2. We need to execute the attached syllabus with kpi strategy .

Many Thanks, Nagaraj.

Hello Prof. Jasma

It was nice talking to you earlier today. The background you shared about these courses was very interesting.

Here is my response that we discussed.

1. The curricula are well detailed. Kudos to DSU for foreseeing this.
2. There is more focus on product development from innovation perspective. It seems to be ignoring service aspects altogether i.e. innovation in services with or without new products. Also, on product development front, I guess they are not competing with likes of NID.
3. The product innovation need not always be new product but improving existing product or service is also an innovation. All products, process & services have efficiency, speed & ease of delivery, reduced materials, cost & size, ease of using, type of experience, disposing it at the end of its life etc. factors. I feel that improving one or more of these factors can also be addressed as part of innovation or entrepreneurship course.
4. It also appears that the innovation is IT driven which is not always the case in real life. I suggest that DSU can rope in other faculties within engineering stream (mechanical, civil, electrical etc.) and non-engineering stream (like medical, dental, pharma, law, auto, transport etc.) to understand the pain points faced by the industry practitioners in respective areas.
5. I would also recommend a session which threads all these together – "Chip to Cognition and cognition to action" – This, if conducted by an industry expert, it can give overview of how technology plays role in day to day life.
6. Given that the next focus is going to be on Atmanirbhar Bharat, Uni like DSU can take lead in Indianizing technology for indigenous applications and local languages. It can bring huge social change e.g. translation from one language to other (Google is very poor translator), taking technology for visually challenged along with entrepreneurial mindset.
7. How about training to the faculty members? All these curricula appear impressive but if the faculty members are not trained or exposed, the outcome would be of below average quality.

Best Regards

Neerav

DAYANANDA SAGAR UNIVERSITY

PROCEEDINGS OF BoS MEETING	
• School	: School of Engineering
• Program/Department	: B.Tech. / Computer Science & Technology
• Mode of BOS Held	: Online (Email)
• Date	: April 21, 2021

External Members Present:

SL. No	Name	Designation & Affiliation
1.	Mr. Neerav Joshipura	Information Excellence Group
2.	Mr. Ishwar Sundararaman	Serial Entrepreneur, IIMB Alumnus
3.	Dr. Manjunath TN	Profesor and Dean – External Relation, BMSIT
4.	Mr. NC Sriraman	Co-Founder, MD Metaphoric Networks Pvt. Ltd.

External Members Absent:

SL. No	Name	Designation & Affiliation
1.	Mr. Aravind Sitaram	Ex CISCO India Head
2.	Mr. DB Venkatesh	Cofounder & CEO, JV Technologies

Agenda

SL. No.	Particulars
1	Proposed Tracks - Innovation and Intrapreneurship & Technology Entrepreneurship (Updated) - The tracks begin from third semester onwards from 2020 onwards. This is because, 2018-19 batch students who started their Startup journey in third semester were able to make some progress on their Startup during their sixth semester.
2	Technology Verticals - No modifications. Same syllabus will be followed as that proposed for 2019-20 curriculum.
3	CST Exclusive Courses (Including Liberal Studies) - revamped fully as per NEP 2020 guidelines and program structure which includes Choice Based Credit System (CBCS) / elective course system (ECS) implementation details.

Discussions on Agenda – Proposed Tracks - Innovation and Intrapreneurship & Technology Entrepreneurship (Updated) - The tracks begin from third semester onwards from 2020 onwards. This is because, 2018-19 batch students who started their Startup journey in third semester were able to make some progress on their Startup during their sixth semester. NEP 2020 guidelines including Choice Based Credit System (CBCS) / elective course system (ECS) implementation details.

Final Decisions/Resolutions/Recommendations -

Agenda	Decisions/Resolutions/Recommendations
1	CST will branch out in 3 rd semester from 2020-21 - Accepted
2	Implementation of NEP guidelines includes program structure and new elective subjects - Accepted

List of Enclosures based on the Decisions/Resolutions/Recommendations submitted:

Agenda	Particulars
1	Mr. Neerav Joshipura
2	Mr. Ishwar Sundararaman
3	Dr. Manjunath TN
4	Mr. NC Sriraman

Signature of Chairman of BOS with Date

BoS Meet for Dept. of CST, Dayananda Sagar University: Request dated 21st April 2021

Dear CST-BoS Members & Special Invitees,

Greetings of the day!

I hope you are all keeping well and safe. I pray that we get through these challenging days!

The following are the updates from CST Dept. on Student Startup Activities:

Batch: 2018-19 (current 6th semester students)

Sl. No.	Startup Name	URL	Started In (Month/Year)	Revenue (Approx.)	Company Registration	Incubated?
1.	Growmmerce & Wpify	https://growmmerce.com/ https://wpify.tech/	August 2020 August 2019	INR 14,00,000/-	-	AIC-DSU (Enclosed - Sample Incubation Offer Letter to Students)
2.	Rentashoot	https://rentashoot.com/	January 2020	INR 1,20,000/-	-	
3.	Speckless	-	February 2021	-	Process Initiated,	
4.	FCON	-	August 2020		Awaiting Approval	
5.	Talent Tango	https://www.talanttango.org/	October 2020		-	
6.	Unpirate	-	September 2020		-	

I have received instructions from the honorable Vice Chancellor sir to update the CST curriculum incorporating [NEP 2020](#) guidelines for higher education.

The following documents are attached for your kind review and critical comments for B.Tech. in Computer Science & Technology for batches 2020-21 and 2021-22 from semester III - VIII.

- (a) Proposed Modified Scheme
- (b) Syllabus of

- Proposed Tracks - Innovation and Intrapreneurship & Technology Entrepreneurship (Updated) - The tracks begin from third semester onwards instead of fifth semester as indicated in the previous 2020-21 CST curriculum. This is because, 2018-19 batch students who started their Startup journey in third semester were able to make some progress on their Startup during their sixth semester.
- Technology Verticals - No modifications
- CST Exclusive Courses (Including Liberal Studies) - revamped fully as per NEP 2020 guidelines. Program structure which includes the credits and the elective offering during the upcoming academic year

Due to the pandemic second wave & as no in-person meetings will be held, I request your kind inputs via email on the attached documents. If you need any clarifications, I will be happy to provide you through a telecon (or) Google Meet. If you have any additions/modifications, I will be happy to discuss over the Google Meet & incorporate.

I will call you to get your kind available date & time to convene the CST-BoS over Google Meet.

Thanking you with best regards,
Jasma Balasangameshwara

BoS Meet for Dept. of CST, Dayananda Sagar University: Request dated 21st April 2021

neerav@softnenterprise.com <neerav@softnenterprise.com>

Mon, May 3, 2021 at 10:39 AM

To: Chairman-CST <chairman-ct@dsu.edu.in>, jasma.b-ct@dsu.edu.in

Hello

Greetings!

Many thanks for your mail. My apology for delay in responding to the mail as it seems to have gone to spam folder. I am fine and hope you too are not touched by pandemic.

I congratulate to DSU leadership and students behind of the referred start-ups.

It is indeed interesting to go through the doc and provide inputs. Here is my thought process about the curriculum docs sent.

“Innovation & Intrapreneurship Track “

- I suggest when we talk of innovation, we need to make it clear to students that there are some challenges involved in innovation (e.g. convincing all stake holders, cost/benefits, change management process itself, timeliness of this innovation etc.). This can be managed by 1 or 2 sessions on Change Management and Management of Technology Implementation.
- Page 10 of 18 - Project Deliverable-1 Solution – Can we have some better example?
- [W.r.to](#) Digital Marketing course – My experience is – B-schools go deep into Marketing first even at UG levels and then this topic is introduced. Students must in no way construe that Digital Marketing is THE marketing. Branding, advertisement, awareness creation, communication, product / service positioning, channels & network etc. are other pillars of marketing. So, before jumping onto Digital marketing, it is better that students know something about these components. Also there is difference in digital marketing when it comes to corporate marketing and consumer marketing (i.e. B2B v/s B2C).
- [W.r.to](#) Technology strategy – Management's view of technology need to be captured. Measuring Return on Investment (RoI) is important. While implementing Technology in (or for) a business, one cannot ignore employees, process, transparency, infrastructure, training and regular upkeep of technology. Many corporates who embraced technology early are finding difficult to strike balance between old & new technologies. The management strategy and regulatory framework are important factors in tech strategy. At students' level, they must have some basic knowledge about both, if not detailed.
- [w.r.to](#) Technology strategy, with little stretch, we can cover implementation of Digital technology along with IT. Not sure whether Module 5 IT strategy addresses the above point.

On Technology Entrepreneurship Track

- Can it be a good idea to make students aware of the reasons why start up mortality rate is higher? Is it possible to identify some startups that have closed the shop and help with analysis of failure?
- Given that technology has penetrated in all the spheres of life, it impacts every business vertical. In the given document, it seems that the entry on this Track is from Tech side (i.e. Tech innovation, new technology etc.) Can this track have another entry point (i.e. problem each & every vertical is facing that can be addressed by existing or new technology or diff implementation)?
- I feel that technology entrepreneurship should have stronger technology focus and lesser focus on Financials. If you have right tech or tech innovation, financial aspects can be taught later too. But knowing financial aspects or valuation does not assure anything. The document is silent on what students would be able to do after this course.
- w.r.to Program structure provided for the upcoming semester looks fine with the credits for each course and elective list offering for the students looks fine.

General – :

(1) We have seen unfortunate trends during recent times – i.e. to generate a business opportunity on people's distress. This is negative, short-sighted poor strategy. I am not sure whether it is captured in any courses pertaining to entrepreneurship but following values need to be inculcated somehow in the students

(a) Long term positive thinking and open-minded thinking

(b) Building a value (or solving a problem) for society or nation before building value for self

(c) ethical and responsible social, financial and personal behaviour as good entrepreneur

(2) Not sure whether long term benefits of entrepreneurship to individual, family, community and nation are addressed. If not, it is advisable to include them. We can start with Capitalist v/s socialist concept and cover up to developing entrepreneurial ecosystem

(3) Govt of India is encouraging 'Make in India and Make for World'. Introduction to this broader vision can be brought in into the course, if not already there.

Please do revert for clarification.

Thanks and Best Regards

Neerav

BoS Meet for Dept. of CST, Dayananda Sagar University: Request dated 21st April 2021

Dr.Manjunath T N ISE <manju.tn@bmsit.in>

Thu, May 6, 2021 at 8:19 PM

To: Chairman-CST <chairman-ct@dsu.edu.in>

Dear Chairman-CST,

Good Evening.

The Proposed Tracks - Innovation and Intrapreneurship & Technology Entrepreneurship (Updated) and program structure is well designed.

But one suggestion can be to introduce subjects related to **funding mechanism and finance management**, which i am not seeing anywhere in the scheme.

Pls let us know for any further clarifications.

[Quoted text hidden]

--

Dr.Manjunath T N

Professor, Dept of ISE

BMS Institute of Technology and Management, Bengaluru

Mob: +91-9900130748

VISION:

Emerge as centre of learning in the field of information science & engineering with technical competency to serve the society.

MISSION:

To provide excellent learning environment through balanced curriculum, Best teaching methods, innovation, mentoring and industry institute interaction.

"I Touch the Future, I Teach"

"Success doesn't just come and find you, you have to go out and get it "

BoS Meet for Dept. of CST, Dayananda Sagar University: Request dated 21st April 2021

NC Sriraman <ncsriraman@gmail.com>

Thu, Apr 22, 2021 at 9:56 PM

To: Chairman-CST <chairman-ct@dsu.edu.in>

Excellent progress on start up initiative by our students.

Please ask them to take my help We can have a GMEET call and meet the students. I can mentor them on all aspects if they need. Also we should start conducting review of the their projects once in 3 months. I can send the template which can be used for the business review and help them to do midcourse corrections if needed
I will review other details and revert back to you asap

Regards

NC Sriraman

BoS Meet for Dept. of CST, Dayananda Sagar University: Request dated 21st April 2021

Ishwar Sundararaman <ishwar@unsolved.xyz>
To: Chairman-CST <chairman-ct@dsu.edu.in>

Mon, May 10, 2021 at 1:32 PM

Dear Sir

Thank you for your email. I think the curriculum is very well thought out. If I have to suggest an addition, I would suggest a greater focus on customer acquisition because most entrepreneurs struggle with that piece. Aspects like positioning, communication, marketing automation, product-led growth vs sales led growth etc.

DEPARTMENT OF COMPUTER SCIENCE & TECHNOLOGY

Action Taken Report

Suggestion Given	Action Taken
Entrepreneurship should have stronger technology focus and lesser focus on Financials.	Included an entrepreneurship course, as well as scheduled guest lectures, seminars, and workshops to raise students' awareness and encourage them to sign up for the start
Students that there are some challenges involved in innovation (e.g. convincing all stake holders, cost/benefits, change management process itself, timeliness of this innovation etc.). This can be managed by 1 or 2 sessions on Change Management and Management of Technology Implementation.	Planned guest lectures, seminars, and workshops.
Subjects related to funding mechanism and finance management	Planned to include for next Academic Year
Under Technology strategy course Management's view of technology need to be captured. Measuring Return on Investment (RoI) is important. These details should be added as part of their learning	Included in the syllabus
Can it be a good idea to make students aware of the reasons why start up mortality rate is higher? Is it possible to identify some startups that have closed the shop and help with analysis of failure?	Planned to have field trips as part of course to learn more on success as well as failures w.r.t to startups
Govt of India is encouraging 'Make in India and Make for World'. Introduction to this broader vision can be brought in into the course, if not already there.	Already include few as part of core and elective .

Dept. of Aerospace Engineering

BOS meeting – Action taken

18 – July - 2020

Sl. No	Name of the course	Comments/ Feedbacks made by BOS members	Action taken	Remarks
1.	Introduction to Aerospace Engineering	1. Title typo error 2. Title of module 3 to be changed	1. Changed / Rectified 2. Title changed as suggested	
2.	Thermodynamics	1. Topics of pure substances can be retained 2. Few topics on heat transfer can be eliminated in order to retain pure substances 3. Separate course on heat transfer can be proposed	1. Retained as suggested 2. Basics of heat transfer are retained to provide the basic knowledge to students. Few other topics of thermodynamics are planned for self-study in order to balance the additional load 3. To be proposed as a sixth semester elective	
3.	Fluid Mechanics	1. Topics related to submerged bodies can be eliminated 2. Turbulence related topics to be retained 3. Module related to turbulence can be planned for more lecture hours	1. Submerged bodies topics in module 1 are eliminated 2. Topics relating Turbulent boundary layer and RANS model are retained	

Rana Kumar
Chairman
 Dept of Aerospace Engineering
 School of Engineering
 Dayananda Sagar University
 Kudlu Gate, Bengaluru

			3. Number of lecture hours are altered according to the contents	
4.	Composites lab	Have the students been exposed to Composites already?	III sem students do have a course on aerospace materials which also includes the concepts of composite materials and its manufacturing procedures	
5.	Flight Physics Lab	Prerequisite for Flight Physics Lab	IV semester students undergo a course on aerodynamics I which serves as a prerequisite for flight physics lab	
6.	General comments	<ol style="list-style-type: none"> 1. Course codes are missing 2. Elective subjects to be included 3. No of lecture hours and credits to be balanced 	<ol style="list-style-type: none"> 1. Codes for III semester subjects (new scheme) and Electives are yet to be allotted 2. Program Electives are included in the syllabus 3. Corrective measures taken on no. of lecture hours and credits

DEPARTMENT OF AEROSPACE ENGINEERING

Action taken report on feedback received from students and Faculty on the Curricula and syllabi

The summarized feedback on the Curricula and syllabi received during 2021-22 as listed below and the respective actions proposed for the same in various areas to be translated to changes in the curriculum (content) and pedagogy (delivery methods) to better meet the aspirations and expectations in line with the program outcomes. The points below were discussed in BOS Meeting

- I. There is a need for professional electives that match industry expectations to improve the employability. In particular, students expect to be ready for attending interviews with good overall understanding of current aerospace industry including the installation, maintenance and operational aspects of commercial aircraft. Keeping these in mind it is suggested that the current elective on Technical Publication by Capgemini be moved from the 8th Semester to the 7th Semester. Through this, the knowledge so acquired will be readily relevant to appear for core industry job positions.
- II. There was an opinion that a more formal coverage of airworthiness is needed with respect to understanding the different sections applicable and so forth. Towards this, it is proposed that the coverage in the course designed by Capgemini be leveraged to bridge this gap.
- III. Faculty felt that Aircraft Design is a generic subject that all our graduations would benefit from. In line with this thinking, it is proposed that Aircraft Design be moved from being a 7th Semester elective to become a 5th Semester Core Course. By appreciating the nuances of how various mission profiles, aircraft configurations and design of systems are integrated,

the students will acquire a better overall understanding of the application of the core subjects being covered.

- IV. Based on the trends of mini projects, it was noticed that many opportunities are emerging in areas that draw upon a preliminary understanding of avionics. Many students are choosing to execute projects involving a good amount of electronics, controls, data acquisition, sensors and electrical and computational devices. Keeping this in mind, it is proposed to move the Avionics core course from 7th Semester to the 5th Semester itself so that they get a better practical knowledge of design and working such systems.
- V. The faculty felt that in current form the structures coverage has some repetitions in terms of the material properties, stress strain, Uniaxial tension test etc. At the same time, there is an opportunity to provide better coverage in some topics like combined loading situation. With these in mind, it is proposed to revise the syllabi of structural courses in the 3rd and 4th Semester to address these gaps.
- VI. There is a need to have more choice-based electives and flexible learning. With this in mind, it is proposed to have NPTEL based electives as an option available to students not just in the final year, but from the earlier semesters as well.

Department of Computer Application

BOS Meeting Held on 24-06-2021

Proceedings of the Meeting

Members Present :

i)	Dr. Manjunath M B	Member	CEA S. C. S. VIL
ii)	Dr. M K Banga	Member	
iii)	Dr. Sanjay Chitnis	Member	
iv)	Dr. Vasanthi Kumari P	Chairman	

Points Discussed and Observations:

- i) Deliberated on the scheme of the Core courses of 3 year BCA Programme for Regulations 2021
 - a. The members were given the details of the draft Syllabus of I and II semesters BCA Programme in the scheme. The members suggested changes in the draft scheme and syllabus.
 - b. Members have suggested to follow the NEP and make the 4 year BCA degree with the students willing to leave the programme at the end of the following years as:
 - First year end will be awarded with a certificate as completed the courses in the I and II semester.
 - Second year end will be awarded with a Diploma certificate in BCA
 - Third year end with the Degree in BCA
 - Fourth year where students go through the different course verticals will be awarded with the BCA degree with Hons
 - c. Members felt that the challenge of the BCA course and the syllabus must be designed for the current technology which will go along with the placement of students. They also suggested the core and elective areas for placements such as Big Data and Data Science, Full Stack development, Computational Intelligence and cloud computing.
 - d. The department electives were discussed and finalized.
 - e. The I, II and III semester of BCA will have the compulsory core courses.
 - f. The IV semester of BCA will have one departmental elective, V and VI semesters of BCA will have two departmental electives where the students can select the electives out of options given.
 - g. The syllabi of all the core courses and the Labs were presented one after another.

DAYANANDA SAGAR UNIVERSITY
SCHOOL OF ENGINEERING
KUDLU GATE, BANGALORE- 560068

- a. The members were given the details of the draft syllabus of III and IV semesters of BCA incorporated in the scheme. The members suggested changes in the draft syllabus.
 - b. The members were given the details of the draft syllabus of V and VI semesters of BCA incorporated in the scheme. The members suggested changes in the draft syllabus.
 - c. Members felt that the challenge of the BCA course and the syllabus must be designed for the current technology which will go along with th
 - d. e placement of students. They also suggested the two core areas for placements are the mobile technology and cloud computing.
 - e. The syllabi of all the core courses and the Labs were presented one after another.
 - f. Members proposed that the Agile process text book should be added to "Software engineering" course.
 - g. Members suggested to include the elective "Blockchain technologies".
 - h. Members suggested to include the vertical courses such as Full Stack development, System/Network Administration with cloud computing and Enterprise Computing with IOT and Data Analytics in the 4th year.
- iii) Members suggested and recommended to encourage students with sound theoretical background to take up projects in Industry.
- iv) Action Taken on Feedback Analysis: The feedback collected from students, Alumni have given positive feedback and it was suggested to include more advanced technologies in the curriculum. In the forthcoming syllabus we are planning to add more advanced technologies will be incorporated in the curriculum.

Decisions taken :

- i) The modified syllabi of the courses in I and II Semesters of BCA were approved. This will be circulated among the members for their concurrence. Details are in Annexure – I.
- ii) The modified syllabi of the courses in III, IV, V and IV Semesters of BCA were approved. This will be circulated among the members for their concurrence. Details are in Annexure – I.
- iii) With reference to the 2020 BOS feedback analysis decided to include the vertical courses such as Full Stack development, System/Network Administration with cloud computing and Enterprise Computing with IOT and Data Analytics in the 4th year of study. Details are in Annexure – I.

iii)	Dr. P S Ram Kumar	Member	
iv)	Dr. Shaila S G	Member	
v)	Dr. Prakash	Member	
vi)	Dr. Vasanthi Kumari P	Chairman	

Points Discussed and Observations:

- i) Deliberated on the scheme of the Core courses of BCA in Computer Applications
 - a. The members were given the details of the draft syllabus of III and IV semesters of BCA incorporated in the scheme. The members suggested changes in the draft syllabus.
 - b. Members felt that the challenge of the BCA course and the syllabus must be designed for the current technology which will go along with the placement of students. They also suggested the two core areas for placements are the mobile technology and cloud computing.
 - c. Some Departmental Electives were identified for deletion and new ones were proposed such as Database Administrator, System Administrator, Network Administrator and Web Administrator.
 - d. The syllabi of all the core courses and the Labs were presented one after another.
 - e. Members proposed that the III Semester Core course "Computer Networks" must incorporate topics with ITL gates, routers, Client/Server, subnet masking, WAN, WLAN, VPN, Virtual LAN and case studies.
 - f. Members proposed that the III Semester Core course "Human Computer Interface" and "Software Engineering" syllabus must be reduced and include more tools with implementation.
 - g. Members proposed that the III Semester Core course "Numerical Methods" must incorporate with the computer implementation.
 - h. Members proposed that the III Semester Core course "Operating System" must include a particular OS and also implementation of deadlock, multicore applications and tools of API.

DAYANANDA SAGAR UNIVERSITY
SCHOOL OF ENGINEERING
KUDLU GATE, BANGALORE- 560068

- i. Members proposed that the III Semester Core course "Analysis and Design of Algorithms" must include more programming concepts such estimation of computational complexities.
 - j. Members proposed that the IV Semester Core course "Object Oriented Analysis and Design" must incorporate the implementation with tools.
 - k. Members proposed that the IV Semester Core course "Database Systems" must incorporate unstructured database, examples, stored procedures and libraries, scripts for database recovery.
 - l. Members proposed that the IV Semester Core course "Software Testing" must incorporate advanced tools for testing.
- ii) Chairman and members suggested and recommended to encourage students with sound theoretical background to take up projects in Industry.

Decisions taken :

- i) The modified syllabi of the courses in III and IV Semesters of BCA were approved. This will be circulated among the members for their concurrence. Details are in Annexure – I.
- ii) Decided to drop the electives i) Statistical Modelling using R and ii) Advanced Operating Systems and combine the electives 3D Multimedia, Animation and Gaming into a single elective course.
- iii) Decided to include new electives i) Database Administration, ii) Systems Administration and iii) Network Administration in the 4th and 5th semesters of BCA program. Details are in Annexure – I.

BOS Meeting Held on 25-02-2019

Proceedings of the Meeting

Members Present :

- i) Dr. M K Banga
- ii) Dr. Shaila S G
- iii) Dr. Chandra Vaidyanathan
- iv) Dr. Manjunath M B
- v) Dr. Vasanthi Kumari P

Member
Member
Member
Member
Chairman

[Handwritten signatures and dates: 25/2/19]

Points Discussed and Observations:

- i) Deliberated on the scheme of the Core courses of BCA in Computer Applications
 - a. The members were given the details of the draft syllabus of I and II semesters of BCA incorporated in the scheme. The members suggested changes in the draft syllabus.
 - b. Members felt that the challenge of the BCA course and the syllabus must be designed for the current technology which will go along with the placement of students. They also suggested the three core areas for placements are the mobile technology, IOT and cloud computing.
 - c. Some Departmental Electives were identified for deletion and new ones were proposed such as IOT, Ethical Hacking, Cloud computing and Data Science.
 - d. The syllabi of all the core courses were presented one after another.
 - e. Members proposed that the II Semester Core course "Mathematics-2" has a vast syllabus and suggested to remove the Module 5 and the remaining four modules were rescheduled to form five Modules.
 - f. Members proposed that the II Semester Core course "Principles of Programming" to be renamed as "Object Oriented Programming using Java".
 - g. Members proposed that the IV Semester Core course "Object Oriented Analysis and Design Using UML" to be renamed as "Object Oriented Analysis and Design Using Agile Approach".
 - h. The IV semester course "Seminar" was replaced by "Minor Project".
 - i. The V semester "Mini Project" was renamed as "Project Stage I" and the VI semester Project as "Project Stage II".
 - j. Members proposed that the VI Semester Elective course must incorporate "IOT".

DAYANANDA SAGAR UNIVERSITY
SCHOOL OF ENGINEERING
KUDLU GATE, BANGALORE- 560068

- ii) Chairman and members suggested and recommended to encourage students with sound theoretical background to take up projects in Industry.
- iii) Action Taken on Feedback Analysis: The feedback collected from students, Alumni, Teachers and Employers have given positive feedback and it was suggested to include more advanced technologies in the curriculum. In the forthcoming syllabus we are planning to add more advanced technologies will be incorporated in the curriculum.

Decisions taken:

- i) The modified syllabi of the courses in I and II Semesters of BCA were approved. This will be circulated among the members for their concurrence. Details are in Annexure – I.
- ii) Decided to drop the electives i) Advanced OS and ii) User Interface Design.
- iii) With reference to the 2018 BOS feedback analysis decided to include new electives i) IOT and ii) UNIX Internals in the 4th semester of BCA program. Details are in Annexure – I.
- iv) With reference to the 2018 BOS feedback analysis decided to include electives i) Computer Graphics and Multimedia and ii) Animations in the 5th and 6th semesters of BCA program respectively. Details are in Annexure – I

Minutes of the meeting of BOS Pre-Clinical conducted on 27/12/2021

The Following Internal Members were present on site:

Dr. Prashanth Kumar M, Professor & HOD, Department of Physiology

Dr. Martin Lucas, Professor & HOD, Department of Anatomy

Dr. Shilpa H D, Professor & HOD, Department of Biochemistry

Dr. Veena C N, Associate Professor, Department of Physiology

(on leave  27/12/21)

Points Discussed:

- The internal members of the BOS met to discuss the feedback provided by faculty members and students regarding the newly implemented CBME curriculum. Since the majority of the feedback is appreciative of the curriculum the same was noted and it will be communicated to the nodal centre.
- Enclosed is the Feedback from the Faculty Members and the Students.

Faculty feedback on syllabus

Maximum faculty members agreed to the quality of teaching process catered the need of course. The allocation of hours for each subject resulted in better learning experience. The reference books suggested in the syllabus module was helpful. The practical aspects covered in the syllabus were relevant to real time application. The faculty members agreed the fact that syllabus helped in depth understanding of concepts related to subjects covered in the first year. The syllabus did cover the basic concepts pertinent to 1st year MBBS curriculum. The objectives of the course were fulfilled. Maximum of the faculty members agreed to the above-mentioned points.

Student feedback analysis on syllabus

63.7% of students agreed that objectives of the course were fulfilled. 48.8% of students agreed to the fact that syllabus covered the basic concepts pertinent to 1st year MBBS curriculum. Maximum number of students thought that syllabus helped in depth understanding of concepts related to subjects covered in the first year. More than half the number of students anticipated that practical aspects covered in the syllabus were relevant to real time application. 60% of students found that the reference books suggested in the syllabus module were helpful. Students agreed that allocation of hours for each subject resulted in better learning experience. 61.3% of students claimed that quality of teaching process catered the need of course. The learning values (skills, analytical abilities, and knowledge) were obtained to satisfaction. 50% of students thought that there were ways for betterment of the curriculum.

DAYANANDA SAGAR UNIVERSITY
College of Journalism and Mass Communication
Meeting of the Board of Studies

Date : 13.01.2018

Venue : Floor VI, Dental Block, DSU

Time : 10.30 am

Members Present : Rakesh S. Katarey, Principal, Chairperson

Members/Invitees: Shri R. Janardhan, Dr. Leela Rao, Dr. Amjed Ahmed, Maya Chandra, Krishna V., Muralidharan M., Renuka Phadnis and Meghana H. R.

Agenda Points:

1. Review of the course delivered so far
2. Introduction of the 50:50 evaluation scheme for grading
3. Discussion on alternative methods of internal assessment (Item UG 8.6.3. of CJMC Regulations)
4. Recommend syllabus and curriculum for the BAJMC III year (2016 batch)
5. Recommend syllabus and curriculum for BA (JMC) II year & III year of the 2017 batch
6. Placing and discussion of analysis of feedback collected and Action Taken Report.
7. Explore introduction of certificate courses
8. Inclusion of Kannada and Audit courses
9. Any other matter with the approval of the chair.

Proceedings:

Agenda point 1.

Review of the course delivered so far

- The Board of Studies for the BA Journalism and Mass Communication programme proposed by Dayananda Sagar University, Bengaluru, hereby places on record the following minutes of the decisions and observations made during the meeting:
- The Chairperson introduced and discussed the primary agenda of the meeting and called for a review and progress of the Bachelor of Arts Program in Journalism & Mass Communication so far. Appreciating the proposed Digital Media and Journalism course, members suggested expanding the digital thrust across courses, tuning them to the needs of the new and emerging digital media. The Chairperson sought the cooperation of members in redesigning the programme and welcomed suggestions in the run-up to the 2019 batch.

Amjed Ahmed *V. Katarey* *Leela Rao* *Amjed Ahmed* *13/1/2018* *Amjed Ahmed* *Amjed Ahmed*

- Members felt that the intensity in courses was necessary, and, student performance in the exams must not be factored while modifying the syllabus. Remedial teaching would better address students who wish to improve performance.

Agenda point 2 & 3: *Introduction of the 50:50 evaluation scheme for grading and discussion on alternative methods of internal assessment (Item UG 8.6.3. of CJMC Regulations)*

- The Board discussed the current evaluation scheme (Item UG 8.6.3. of CJMC Regulations) for grading. Members felt that 50 per cent of the marks be allocated for Continuous Internal Evaluation (CIE) to replace the 40 per cent currently allocated. Members stated that a 50 per cent internal assessment component is better suited for mass communication courses where application-based learning is the objective of the course. Members also examined the methods of evaluation being proposed and felt that the new scheme had enough safeguards to protect the interests of the students for a fair evaluation.
- To materialize the intent of continuous assessment, the Board strongly recommended that where learning practical skills may be the objective of a course, the current written internal assessment test/s or sessional/s be replaced by equally intensive practical exercises and projects. A written internal test/s in such courses may not serve the objectives and learning outcomes too well.

Agenda point 4: *Recommend syllabus and curriculum for the BAJMC III year (2016 batch)*

- The Board recommended that the program be delivered as follows for the batch of 2016-17:
- Following the changes in the curriculum and syllabus prepared and placed before it, the Board unanimously discussed, approved and recommended the following syllabus of BA (Journalism and Mass Communication) for the V and VI semesters of 2016 -17 batch.

SEMESTER V

Sl.No	Course	L	T	P	Total Credits	Total Hours
16UJ501	Media Studies	4	0	2	5	6
16UJ502	Media Business	4	0	2	5	6
16UJ503	Reporting III	3	0	4	5	7
16UJ504	Corporate Communication	4	0	2	5	6
16UJ505	Video Production	4	0	2	5	6
	Environment (Audit course)					2
	Total Credits	2	0	0	0	33

SEMESTER VI

Sl.No	Course	L	T	P	Total Credits	Total Hours
16UJ601	Political Communication	5	0	0	5	5
16UJ602	Digital Media and Journalism	2	0	6	5	8
16UJ603	Technical and Promotional Writing	3	0	4	5	7
16UJ604	IMC	4	0	2	5	6
16UJ605	Research Methodology	4	0	2	5	6
	Kannada	2	0	0	0	2
	Total Credits				25	34

Agenda Point 5: Recommend syllabus and curriculum for BA (JMC) II year & III year of the 2017 batch

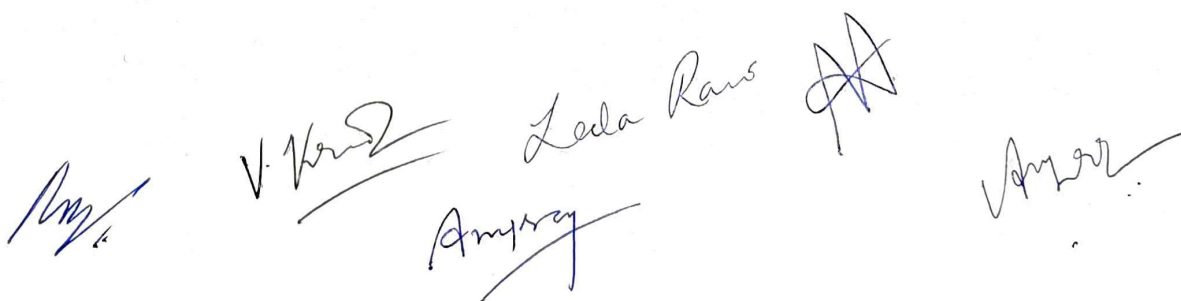

- The Board felt that there was no need to make further alterations in the III and IV Semester curriculum and syllabus approved for the 2016 batch by the Academic Council and recommended continuation of the same syllabus for the forthcoming batches. The same are as follows.

SEMESTER III

Sl.No	Course	L	T	P	Total Credits	Total Hours
17UJM301	Indian Constitution	4	0	2	5	6
17UJM302	Advertising & Public Relations	4	0	2	5	6
17UJM303	Reporting II	2	0	6	5	8
17UJM304	Radio News Production	2	0	6	5	8
17UJM305	Digital Journalism	3	0	4	5	7
	Total Credits				25	35

SEMESTER IV

Sl.No	Course	L	T	P	Total Credits	Total Hours
17UJM401	Media Laws & Ethics	4	0	2	5	6
17UJM402	Understanding Movies	5	0	2	6	7
17UJM403	Television Journalism	4	0	4	6	8
17UJM404	Editing I	4	0	4	6	8
17UJM405	IPR	2	0	0	2	2
	Total Credits				25	31

- Following the changes in the curriculum and syllabus prepared and placed before it, the Board unanimously discussed, approved and recommended the following syllabus of BA (Journalism and Mass Communication) for the V and VI semesters of 2017-18 batch.

SEMESTER V

Sl.No	Course	L	T	P	Total Credits	Total Hours
17UJ501	Media Studies	4	0	2	5	6
17UJ502	Media Business	4	0	2	5	6
17UJ503	Reporting III	3	0	4	5	7
17UJ504	Corporate Communication	4	0	2	5	6
17UJ505	Video Production	4	0	2	5	6
	Environment (Audit course)	2	0	0	0	2
	Total Credits					33

SEMESTER VI

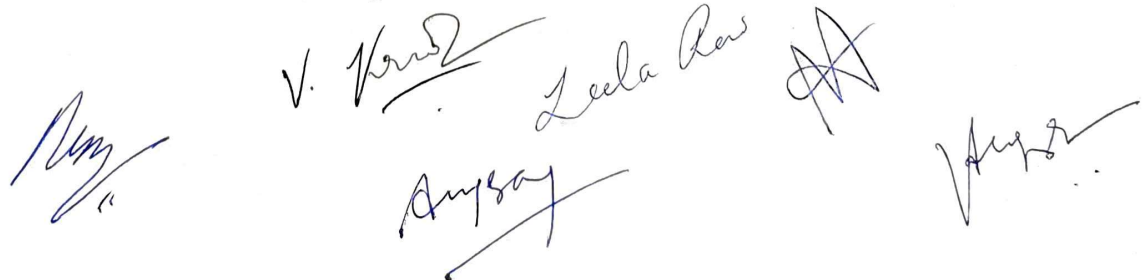

Sl.No	Course	L	T	P	Total Credits	Total Hours
17UJ601	Political Communication	5	0	0	5	5
17UJ602	Digital Media and Journalism	2	0	6	5	8
17UJ603	Technical and Promotional Writing	3	0	4	5	7
17UJ604	IMC	4	0	2	5	6
17UJ605	Research Methodology	4	0	2	5	6
	Kannada	2	0	0	0	2
	Total Credits				25	34

Agenda point 6

- The structured feed back taken for the academic year 2016-17 was analysed. The feedback was taken from the students, industry experts (prospective employers) and faculty members. Based on the analysis of the feedback, CJMC has incorporated changes in curriculum and syllabi.
- The BOS also discussed the Action Taken Report (ATR) for the academic year 2016-17. ATR was accepted by the BOS members who agreed with actions taken by CJMC based on the recommendations obtained through the structured feedback.

Agenda point 7: Explore introduction of certificate courses

- The Board asked the college to explore the introduction of certificate courses. The Board felt that this will enable the college to test new courses and add-on skills that may also be of immense help to the BA JMC students. Further, this will answer the needs of students looking for a specialized and focused career area, apart from publicizing the college as a more broad-based institute of communication learning.

Approvals/Recommendations:

1. The Board approved and recommended the proposed schemes and syllabus of B.A. (Journalism & Mass Communication) for the 5 and 6 Semesters of the 2016 batch.
2. Agenda point 5 Recommend syllabus and curriculum for BA (JMC) II year & III year of the 2017 batch.
3. The feedback analysis and the ATR for the AY 2016-17 was discussed in detail and the recommendations of the ATR was accepted by the BOS members.
The Board further approved and recommended the proposed schemes and syllabus of B.A. (Journalism & Mass Communication) for the 3, 4, 5 and 6 Semesters for the batch of 2017-18 batch.
4. The Board approved and recommended the continuation of the 2017 scheme and syllabus for the 2018 batch. Further, semesters 3, 4, 5 and 6 for the batch of 2016 and 2017 of B.A. (Journalism & Mass Communication) programme should remain identical.
5. The Board recommended that certificate courses on a wider range of subjects be introduced simultaneously during vacations without detriment to regular academic work.
6. It also strongly recommended use equivalent practical project work and submission in lieu of written sessional tests (Item UG 8.6.3. of CPMC Regulations) in skill-based courses.

Rakesh S. Katarey (Chairperson)

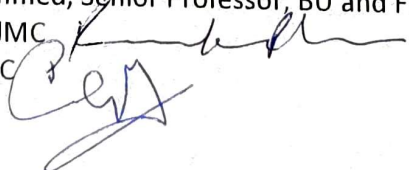

1. Rakesh S. Katarey, Professor, Dept. of MC & J, DSU
2. Dr. Leela Rao, Senior Professor and Consultant
3. Maya Chandra, Corporate Film maker, Teacher and Member, BoS at universities
4. Annisa Joseph, Senior Executive Producer, Freemantle Media
5. Ms. H. S. Malashnavi, Former Chief, Zee Kannada, and currently, Radio City, Bangalore
6. Krishna V., Professor, CPMC
7. Muralidharan M., Asst. Prof., CPMC.

4. Scheme of evaluation with proposed amendments
5. Feedback analysis and ATR for the year 2016-17

DAYANANDA SAGAR UNIVERSITY

COLLEGE OF JOURNALISM AND MASS COMMUNICATION

FEEDBACK ANALYSIS REPORT

The university has developed a feedback mechanism for obtaining feedback from all the stakeholders: students, teachers and employers. The College of Journalism and Mass Communication draws feedback from stakeholders through a structured rating system for improvement in curriculum and syllabi. For the session 2016-17, the analysis of stakeholders' feedback is presented as under:

Student feedback:

Rubrics: 4 - Excellent, 3 - Good, 2 - Average, and 1 - Poor.

Total number of students: 3

Sl. No.	Criteria	Rubrics	Percentage
1	Curriculum, with respect to addressing emerging national and global trends, is	4	0
		3	100
		2	0
		1	0
2	Coverage of advanced and inter-disciplinary topics in curriculum is:	4	0
		3	100
		2	0
		1	0
3	How are the curricula and syllabi in relation to the real life applications?	4	0
		3	100
		2	0
		1	0
4	Enhancement of innovation and critical thinking skills through curriculum is:	4	0
		3	100
		2	0
		1	0
5	Scope for acquiring employability and entrepreneurship skills through curriculum is:	4	33.33
		3	0
		2	66.66
		1	0
6	Imparting of human values and ethics through the curriculum is:	4	33.33
		3	66.66
		2	0
		1	0
7	How do you rate the sequence of the courses in the programme of study?	4	0
		3	100
		2	0
		1	0

8	How do you rate the course design in terms of course contents and realization of course outcomes ?	4	0
		3	33.33
		2	66.66
		1	0
9	Availability of text books/study materials related to the course is:	4	66.66
		3	33.33
		2	0
		1	0
10	How do you rate on the flexibility given in the curriculum for out-of-the-class learning?	4	33.33
		3	33.33
		2	33.33
		1	0

Analysis:

According to the structured feedback collected, all (100 per cent) the students find that the curriculum is excellent so far as it is related to addressing national and global trends. All the students find the curriculum excellent with reference to coverage of advanced and inter-disciplinary topics as well as with reference to real life applications, enhancement of innovation and critical thinking skills through curriculum, and sequence of the courses in the program of study.

About 66.66 per cent of the students find that the scope for acquiring employability and entrepreneurship skills through curriculum is average. About 66.66 per cent of the students find that the course design in terms of course contents and realization of course outcomes is average. About 33.33 per cent of the students find that availability of text books/study materials related to the course is average.

Recommendations:

- Focus should be more on employability.
- Sequence of the courses should be reworked.
- Add more books to the library and create a database of texts and notes.
- Content of the courses should not be too heavy.

Teachers/Faculty feedback:

Rubrics: 4 - Excellent, 3 - Good, 2 - Average, and 1 - Poor.

Total number of teachers: 2

Sl. No.	Criteria	Rubrics	Percentage
1	Curriculum, with respect to addressing emerging national and global trends, is	4	50
		3	50
		2	0
		1	0
2	Coverage of advanced and inter-disciplinary topics in curriculum is:	4	0
		3	50
		2	50
		1	0
3	How are the curricula and syllabi in relation to the real life applications?	4	0
		3	0
		2	100
		1	0
4	Enhancement of innovation and critical thinking skills through curriculum is:	4	50
		3	50
		2	0
		1	0
5	Scope for acquiring employability and entrepreneurship skills through curriculum is:	4	50
		3	0
		2	50
		1	0
6	Imparting of human values and ethics through the curriculum is:	4	50
		3	50
		2	0
		1	0
7	The system followed by DSU for the design and development of curriculum is:	4	50
		3	50
		2	0
		1	0
8	How do you rate the course design in terms of course contents and realization of course outcomes?	4	0
		3	50
		2	50
		1	0
9	How do you rate the academic flexibility provided for delivery of course contents in the academic frame-work?	4	0
		3	100
		2	0
		1	0
10	How do you rate the course contents from the perspective of coverage for competitive exams?	4	50
		3	50
		2	0
		1	0

Analysis:

According to the structured feedback collected, 50 per cent of the teachers find that the curriculum, with respect to addressing emerging national and global trends, is excellent. Fifty per cent of the teachers find that Imparting of human values and ethics through curriculum is excellent.

Fifty per cent of the teachers find that the system followed by DSU for the design and development of curriculum is excellent. Fifty per cent of the teachers find scope for acquiring employability and entrepreneurship skills through curriculum is average.

Fifty per cent of the teachers find that the course design in terms of course contents and realization of course outcomes is average. All the teachers find that curricula and syllabi in relation to the real life applications is average.

Recommendations:

- Focus should be more on employability.
- Increase focus on contents and realization of course outcomes.
- Course should concentrate on connecting curricula and syllabi in relation to real life applications

Employers feedback:

Rubrics: 4 - Excellent, 3 - Good, 2 - Average, and 1 - Poor.

Number: 1

Sl. No.	Criteria	Rubrics	Percentage
1	Curriculum, with respect to addressing emerging national and global trends, is	4	0
		3	0
		2	100
		1	0
2	Coverage of advanced and inter-disciplinary topics in curriculum is:	4	0
		3	0
		2	0
		1	100
3	How are the curricula and syllabi in relation to the real life applications?	4	0
		3	0
		2	100
		1	0
4	Enhancement of innovation and critical thinking skills through curriculum is:	4	0
		3	0
		2	100
		1	0
5	Scope for acquiring employability and entrepreneurship skills through curriculum is:	4	0
		3	0
		2	100
		1	0
6	Imparting of human values and ethics through the curriculum is:	4	0
		3	0
		2	0
		1	100
7	How do curricula and syllabi incorporate computer skills and other soft skills needed for employment?	4	0
		3	100
		2	0
		1	0
8	The effectiveness of curricula and syllabi in developing skill oriented human resources is:	4	100
		3	0
		2	0
		1	0
9	The way the curricula and syllabi providing opportunities for integrated learning is:	4	0
		3	100
		2	0
		1	0
10	How do you rate the curricula and syllabi in bridging the gap between academia and industry?	4	0
		3	100
		2	0
		1	0

Analysis:

According to the structured feedback collected, all the employers find that the effectiveness of curricula and syllabi in developing skill oriented human resources in the curriculum is excellent. All the employers find that the curricula and syllabi providing opportunities for integrated learning is good.

All the employers rate the curricula and syllabi in bridging the gap between academia and industry as good. All the employers find that the curriculum, with respect to addressing emerging national and global trends, is average. All the employers find that the curriculum and syllabi in relation to the real life applications, is average.

Recommendations:

- Curriculum should focus more on addressing national and global trends.
- Curriculum and syllabi should focus more on real life applications.

DAYANANDA SAGAR UNIVERSITY
COLLEGE OF JOURNALISM AND MASS COMMUNICATION

ACTION TAKEN REPORT (ATR)

2016-2017

The following actions were taken to address the issues found during the stakeholder feedback process:

1. A greater emphasis to be placed on the digital thrust across courses so that it will cater to the new and emerging digital media. The program could be redesigned in accordance with this emphasis.
2. Learning practical skills to be increased, these could be the objective of a course and the current internal assessment tests could be replaced with intensive practical exercises and projects.

College of Journalism and Mass Communication

Dayananda Sagar University

3 Aug 2017

The inter-disciplinary approach of CJMC's curriculum is ideal for students entering the world of entrepreneurship. As is known, entrepreneurs are adventurers in the world of business. They require every skill to survive, fight for themselves so that they can thrive. In this context, CJMC's curriculum gives them not only the core skills but also one that is in tune with national and global trends.

Most importantly, it has armed them with real-life applications so that they have more than book knowledge. An invaluable skill that has been imparted to them is that of being critical.

A critical skill in the real world, is to give confidence to graduates to solve real-world challenges, rather than qualifications. This is one quality that the curriculum is catering to.

These skills will stand them in good stead as they enter and grow as entrepreneurs. It has made the students ready for the world of industry.

DAYANANDA SAGAR UNIVERSITY
COLLEGE OF JOURNALISM AND MASS COMMUNICATION

FEEDBACK ANALYSIS REPORT

The university has developed a feedback mechanism for obtaining feedback from all the stakeholders: students, teachers, alumnae and employers. The College of Journalism and Mass Communication draws feedback from stakeholders through a structured rating system for improvement in curriculum and syllabi. For the session 2020-21, the analysis of stakeholders' feedback is presented as under:

Student feedback:

Rubrics: 4 - Excellent, 3 - Good, 2 - Average, and 1 - Poor.

Total number of students: 28

Sl. No.	Criteria	Rubrics	Percentage
1	Curriculum, with respect to addressing emerging national and global trends, is	4	3.57
		3	78.57
		2	17.85
		1	0
2	Coverage of advanced and inter-disciplinary topics in curriculum is:	4	0
		3	67.85
		2	32.14
		1	0
3	How are the curricula and syllabi in relation to the real life applications?	4	21.4
		3	60.71
		2	17.85
		1	0
4	Enhancement of innovation and critical thinking skills through curriculum is:	4	7.14
		3	64.28
		2	28.57
		1	0
5	Scope for acquiring employability and entrepreneurship skills through curriculum is:	4	10.71
		3	39.28
		2	46.42
		1	3.57
6	Imparting of human values and ethics through the curriculum is:	4	10.71
		3	53.57
		2	25
		1	0
7	How do you rate the sequence of the courses in the programme of study?	4	21.4
		3	53.57
		2	25
		1	7.14

8	How do you rate the course design in terms of course contents and realization of course outcomes ?	4	14.28
		3	57.14
		2	21.4
		1	7.14
9	Availability of text books/study materials related to the course is:	4	14.28
		3	35.71
		2	42.85
		1	7.14
10	How do you rate on the flexibility given in the curriculum for out-of-the-class learning?	4	14.28
		3	46.42
		2	25
		1	14.28

Analysis:

According to the structured feedback collected, the 78.57 percent of students find that CJMC's curriculum addresses the emerging national and global trends to a good degree, 67.85 percent find that the coverage of advanced and inter-disciplinary topics in curriculum is good, 60.71 percent feel that our curricula and syllabi are good in relation to the real life applications, 64.28 percent found that the curricula enhances innovation and critical thinking skills, 53.57 percent expressed that the syllabi imparts human values and ethics to a good degree, 53.57 percent found the sequence of the courses in the programme good and 57.14 percent rated the course design in terms of course contents and realization of course outcomes to be good.

Recommendations:

- Focus should be more on employability.
- Sequence of the courses should be reworked.
- Add more books to the library and create a database of texts and notes.
- Out class learning should be given more importance.
- Content of the courses should not be too heavy.

V. Kanda

Teachers/Faculty feedback:

Rubrics: 4 - Excellent, 3 - Good, 2 - Average, and 1 - Poor.

Total number of teachers: 4

Sl. No.	Criteria	Rubrics	Percentage
1	Curriculum, with respect to addressing emerging national and global trends, is	4	0
		3	100
		2	0
		1	0
2	Coverage of advanced and inter-disciplinary topics in curriculum is:	4	50
		3	50
		2	0
		1	0
3	How are the curricula and syllabi in relation to the real life applications?	4	25
		3	75
		2	0
		1	0
4	Enhancement of innovation and critical thinking skills through curriculum is:	4	25
		3	25
		2	50
		1	0
5	Scope for acquiring employability and entrepreneurship skills through curriculum is:	4	50
		3	50
		2	0
		1	0
6	Imparting of human values and ethics through the curriculum is:	4	25
		3	75
		2	0
		1	0
7	The system followed by DSU for the design and development of curriculum is:	4	50
		3	50
		2	0
		1	0
8	How do you rate the course design in terms of course contents and realization of course outcomes?	4	25
		3	75
		2	0
		1	0
9	How do you rate the academic flexibility provided for delivery of course contents in the academic frame-work?	4	50
		3	25
		2	25
		1	0
10	How do you rate the course contents from the perspective of coverage for competitive exams?	4	0
		3	50
		2	50
		1	0

Analysis:

According to the structured feedback collected, all the teachers find that CJMC's curriculum addresses the emerging national and global trends to a good degree, 50 percent find that the coverage of advanced and inter-disciplinary topics in curriculum is excellent, 75 percent feel that our curricula and syllabi are good in relation to the real life applications, 75 percent expressed that the syllabi imparts human values and ethics to a good degree, 50 percent found the system followed by DSU for the design and development of curriculum to be good and 75 percent rated the course design in terms of course contents and realization of course outcomes to be good.

Recommendations:

- Out of the box thinking and creativity should be given more room.
- Course content should not be too heavy.
- Offer more flexibility in the program.
- Course should also focus on catering aspirants of competitive exams.
- Syllabi should incorporate soft skills and time relevant computer skills.

Alumnae feedback:

Rubrics: 4 - Excellent, 3 - Good, 2 - Average, and 1 - Poor.

Number: 12

Sl. No.	Criteria	Rubrics	Percentage
1	Curriculum, with respect to addressing emerging national and global trends, is	4	8.33
		3	83.33
		2	8.33
		1	0
2	Coverage of advanced and inter-disciplinary topics in curriculum is:	4	8.33
		3	58.33
		2	25
		1	8.33
3	How are the curricula and syllabi in relation to the real life applications?	4	8.33
		3	66.66
		2	25
		1	0
4	Enhancement of innovation and critical thinking skills through curriculum is:	4	0
		3	50
		2	50
		1	0
5	Scope for acquiring employability and entrepreneurship skills through curriculum is:	4	8.33
		3	16.66
		2	66.66
		1	8.33
6	Imparting of human values and ethics through the curriculum is:	4	25

		2	8.33
		1	8.33
7	How do you rate the course design in terms of course contents and realization of course outcomes?	4	16.66
		3	41.66
		2	33.33
		1	8.33
8	How do you rate the relevance of courses that you have learned in relation to your current job?	4	33.33
		3	41.66
		2	25
		1	0
9	How do you rate the syllabi in bridging the gap between academia and industry?	4	33.33
		3	25
		2	33.33
		1	8.33
10	How do you rate the overall learning environment offered in the campus with respect to curricula and syllabi?	4	16.66
		3	16.66
		2	58.33
		1	8.33

Analysis:

According to the structured feedback collected, 83.33 percent alumni find that CJMC's curriculum addresses the emerging national and global trends to a good degree, 58.33 percent find that the coverage of advanced and inter-disciplinary topics in curriculum is excellent, 66.66 percent feel that our curricula and syllabi are good in

relation to the real life applications, 58.33 percent expressed that the syllabi imparts human values and ethics to a good degree, 50 percent found the system followed by DSU for the design and development of curriculum to be good.

Recommendations:

- Focus should be more on employability.
- Inclusion of inter-disciplinary topics in curriculum is needed.
- Decreasing the gap between academia and industry should given more focus.

Employers feedback:

Rubrics: 4 - Excellent, 3 - Good, 2 - Average, and 1 - Poor.

Number: 2

Sl. No.	Criteria	Rubrics	Percentage
1	Curriculum, with respect to addressing emerging national and global trends, is	4	100
		3	0
		2	0
		1	0
2	Coverage of advanced and inter-disciplinary topics in curriculum is:	4	50
		3	50
		2	0

8	The effectiveness of curricula and syllabi in developing skill oriented human resources is:	4	50
		3	50
		2	0
		1	0
9	The way the curricula and syllabi providing opportunities for integrated learning is:	4	0
		3	100
		2	0
		1	0
10	How do you rate the curricula and syllabi in bridging the gap between academia and industry?	4	0
		3	100
		2	0
		1	0

Analysis:

According to the structured feedback collected, all the employers find that CJMC's curriculum addresses the emerging national and global trends to a good degree, 50 percent find that the coverage of advanced and inter-disciplinary topics in curriculum is excellent, 50 percent feel that our curriculum enhances innovation and critical

thinking skills, 100 percent feel that our curricula and syllabi are good in relation to the real life applications, 100 percent expressed that the syllabi imparts human values and ethics to a good degree, 100 percent found the curricula and syllabi to be excellent in-terms of incorporating computer skills and other soft skills needed for employment, 50 percent found CJMC's syllabi to be effective in developing skill oriented human resources, 100 percent found opportunities for integrated learning to a good degree and all the employers rate the curricula and syllabi in bridging the gap between academia and industry to be good.

Recommendations:

- Inclusion of inter-disciplinary topics in curriculum is needed.
- Sequence of the courses should be revisited.
- Focus on competitive exams should be increased.
- More flexibility should be provided in terms of out-of-class learning.

DAYANANDA SAGAR UNIVERSITY
COLLEGE OF JOURNALISM AND MASS COMMUNICATION

ACTION TAKEN REPORT (ATR)

2020-2021

The following actions were taken to address the issues found during the stakeholder feedback process:

1. Incorporation of short film production and single episodes of programs so that students will be absorbed faster by the TV industry because they know that skill.
2. Lightening of syllabus of subjects like Research methodology, so that it will not be too extensive for a UG programme.
3. Reporting and editing is no longer taught in the first semester, so that students can be slowly introduced to the more complex concepts gradually.
4. Additionally many courses were rearranged to ensure greater flow and phased learning between semesters.
5. Books by Indian authors for Sociology have been introduced.

Feedback on curriculum

CJMC offers a comprehensive program that caters to emerging trends media industry. Inter-disciplinary courses in the program provide students with the much needed perspective about the world. The curriculum design seems to inculcate critical thinking among the students. Problem solving through critical thinking and creative thinking are valuable in any field of career.

The college has introduced courses such as digital media journalism and Integrated Marketing Communication which are very essential in today's internet driven world. My suggestion apart from the questions asked in the feedback form would be that of introducing internships by the end of first year itself. You can refer to the attached feedback form for more details.

Sub: Feedback

The proposed curriculum syllabus is well thought through. The program gives well deserved attention to emerging trends as well as applied fields including inter-disciplinary topics. The potential for acquiring employability and entrepreneurship skills through curriculum seems very likely, but subject to individual drive of the student. Human values and ethics instilled in the students is also crucial.

The program offers flexibility and the electives offered provide students with choices to choose and follow their interest. Ultimately, the students should be job ready by the time they complete the program and CJMC seems to do exactly this.

I have recorded my responses to the survey and I believe it is a good practice to invite comments on curriculum from the industry experts. The questions in the survey cover a lot of points which should be considered before locking in the syllabus.

A handwritten signature in black ink, appearing to read "Anirudh", with a long horizontal stroke extending to the right.

2.	Ms. Annisa Joseph	Senior Television Producer, Fremantle Media
3.	Ms. Parul Agarwal	former Chief of Bureau, <i>The Quint</i> , CNBC

• Agenda

SL.No	Particulars
1.	Syllabus for Year III of the BA (Honours) Journalism 2019 Batch.
2.	Syllabus for Year III of the BA (Journalism and Mass Communication) with Honours Option for the 2020 Batch.
3.	Discussion and finalizing the Program structure - Scheme (Course Matrix) for Year I (Sem I & II), Year II (Sem III & IV) and Year III (Sem V & VI) in CBCS model and respective syllabus for BA (Journalism and Mass Communication) 2021 Batch.
4.	Discussion and finalizing electives for 2021 BA Batch (specified in the Program structure)
5.	Continuation of the Scheme of Evaluation for Year I of the BA (Journalism and Mass Communication) with Honours Option for 2021 Batch. The Scheme of Evaluation is currently in force for the 2020 batch. That is, <ol style="list-style-type: none"> 60:40 weightage for CIE and SEE respectively and a passing mark of 40% in aggregate. Basis of final assessment of marks based only on continuous internal assessment in case of practical subjects.
6.	Placing of Action Taken Report (ATR) of Structured feedback from the stakeholders for the academic year 2020-2021 and discussing the ATR and plans to incorporate the suggestions.

Agenda	Discussions Brief
1.	Suggestion by Ms.Vaishnavi to consider teaching of short film production and single episodes of programs. It was based on the thought that students will be absorbed faster by the TV industry because they know that skill. Students should also be taught different forms of scripting and how to produce a complete short film, which also will give them an added advantage.
2.	It was suggested by Dr. Amjed that the syllabus for Research Methodology is a little extensive. Only basics should be taught as it is not possible to go in-depth. Referring to books by Indian authors was suggested
3.	It was suggested by Dr. Amjed that in Sociology books by Indian authors should be added to the current textbook as reference.
4.	Prof. Amjad said the focus in the first semester should be on introducing to journalism only. Reporting and editing should not be taught in the first semester, which had indeed been accommodated. The discussion centred around the revised curriculum and syllabus. Prof. Rakesh drew the attention of the members to the important provisions of NEP, including the multiple exit points for students and the need to divide the programme into majors and minors. Members agreed that there was a need to

	<p>revisit the NEP once there was greater clarity on its implementation by the various committees. Members also agreed that some of the features of proposed by NEP – particularly on need to integrate other disciplines had already been incorporated into the curriculum through general electives in addition to the DSEs. Members discussed the rearrangement of some subjects in the curriculum to ensure greater flow and phased learning between semesters. There was for instance, a semester's gap between Photography and Videography and Broadcast Journalism. Members addressed this anomaly and the gap was closed. Consequently, CIH was moved to the first semester while P&V was placed in the second semester closer to Broadcast Journalism in the third.</p> <p>Incorporation of the guidelines of Karnataka's NEP into CJMC's syllabus.</p> <p>Soft skills and Life skills have been introduced in along with Health and Wellbeing. The last has been made an audit subject.</p>
4.	Action Taken Report (ATR) of Structured feedback from the stakeholders for the academic year 2020 - 2021 was discussed in detail and the ATR was appreciated by the BOS members.
5.	A presentation was made by Prof. Krishna with the updates in the syllabus in which 95 per cent of the syllabus is the same. The syllabus has followed the guidelines as defined by Karnataka government's New Education Policy.
6.	The board approved the introduction of new courses: Social Media Marketing (19JH3505), Development Communication(19JH3506), Workshop II (19JH3603), Project-Lab Journal/Bulletin (19JH3604), Project-Documentary/Production (19JH3605), Project-Ad Or Corporate Film/Newsletter (19JH3606), Project-Development Communication (19JH3607) and Audio and Video Editing Tools (21JH1205)
7.	<p>CJMC has incorporated the CBCS model for the three batches, i.e 2019,2020 and 2021.</p> <p>i. CJMC is offering 24 credits in V sem and 20 credits in VI sem (2019 batch).</p> <p>ii. 2020 batch has a total of 32 credits in III year.</p> <p>iii. 2021 batch has a total of 48 credits in I year, 46 in II year and 42 credits III year.</p>

• Final Decisions/Resolutions/Recommendations

Agenda	Decisions/Resolutions/Recommendations
1.	It was agreed by Prof.Katarey and Ms. Vaishnavi that that short, five-minute films or a specific scene of a sitcom should be taught to students. The formats were agreed upon. Students will be taught different forms of scripting and how to produce a complete short film.
2.	Dr. Amjed will send the book list for Research Methodology.
3.	CBCS model to be followed for the 2021 Batch BA program structure.
4.	Approval of program structure and electives of 2021 batch.
5.	<p>As per the suggestions from the structured feedback and ATR, the BOS members have agreed that</p> <p>i. Focus in the first semester is only on basic writing and reporting.</p> <p>ii. Reporting and editing are not taught at the same time.</p> <p>iii. More time to be allotted for practical work/student production to build student portfolio.</p>

- List of Enclosures based on the Decisions/Resolutions/Recommendations submitted:

Agenda	Following discussion, the Board declared the following proposals – along with their respective schemes - as enclosed - as appropriate and recommended them to the University's statutory boards for approval/ratification:
1	Syllabus for Year III of the BA (Honours) Journalism 2019 Batch.
2	Syllabus for Year III of the BA (Journalism and Mass Communication) with Honours Option for the 2020 Batch.
3.	Program structure - Scheme (Course Matrix) for Year I, Year II and Year III and Syllabus for Year I of the BA (Journalism and Mass Communication) for 2021 Batch.
4.	The Scheme of Evaluation for Year I of the BA (Journalism and Mass Communication) with Honours Option for 2021 Batch will continue to be 60:40 weightage for CIE and SEE respectively and a passing mark of 40% in aggregate. In case of practical subjects, the Board recommended, as previously approved, a complete shift away from end-semester exams to continuous internal assessment for award of marks.
5.	Action Taken Report (ATR) of Structured feedback from the stakeholders for the academic year 2020 - 2021 and sample feedback form.

• Discussions on Agenda

Agenda	Discussions Brief
1	<p>The minutes of the 8th BOS meeting held on 4th March 2020 was read and approved.</p> <p>In the UG regulation, 11.1, it states that "Normally a candidate should complete all the requirements for undergraduate programme in Four and a half years. However, academically weaker candidates who do not fulfil some of the requirements in their first attempt and have to repeat them in subsequent semesters may be permitted up to Eight consecutive years (from the first year of registration) to complete all the requirements of the degree". There was ambiguity in the statement and it needs to be clarified whether the period of internship has to be considered in calculating the maximum duration allowed for fulfilling all requirements of the degree.</p>
2	<p>The program structures for the programs that will be offered during the Academic Year 2021-22 (including 1st, 2nd, 3rd and 4th Year BPT as well as 1st and 2nd Year MPT) was presented before the BOS. The list of Elective courses that will be offered during the 2nd Year MPT program was also presented.</p>
3	<p>MPT regulation PG 9.5.2 states that "The Guide must be a teacher with MPT qualification with a minimum of 5 years of fulltime experience". Here, there is a necessity to spell out clearly that it should be 'post- PG experience'. It should be rephrased as " a teacher with MPT qualification with a minimum of 5 years full time post PG experience'.</p> <p>It was discussed that publication should also be considered as a criteria to be qualified for MPT guide. The points discussed were, that since assistant professor or associate professor is the current qualification required, as of now, it may not be advised to consider the publication criteria to be qualified for PG guide. However, 5 years post PG, the faculty owe to have at least 2 publications as 1st, 2nd or corresponding author. The DSU practice is to consider indexed unpaid journal as a priority and hence it may be considered to have 2 publications with Scopus/ Web of Science index. Since the DSU Ph D guidelines states similar credentials following Ph D degree to qualify as Ph D guide, it may not be appropriate to emphasise on Scopus and Web of Science indexed journals alone, but to consider even the journals listed in UGC care list as well since it is also well accepted academically. Further, it was pointed out that usually post MPT, within 5 years, the faculty may not get a chance to have his/her own project to be the first author, neither he/ she can be the second</p>

[Signature]

	author given that he/ she would not have a chance to guide any project worth publishing. It would not be appropriate to mandate for a MPT guide to be either first/ second/ corresponding author.
4	The possible implication of NEP on physiotherapy education was discussed. Dr Arun Maiya, who happens to be one of the NEP advisory committee members, shared some valuable information in this regard.
5	It was mentioned that the National commission for allied health care was almost unfolded and that physiotherapy profession will be allowed under the act. However, the analysis of the stakeholders' feedback on curriculum being offered currently at DSU was presented.

• Final Decisions/Resolutions/Recommendations

Agenda	Decisions/Resolutions/Recommendations
1	UGC norm states it as "double the program duration". As per this, the program duration for BPT is 4. 5 years since internship is a part of the program and it is termed as the 'Compulsory Internship'. Since 6 months of internship is very much a part of the curriculum, 8 years and 6 months was unanimously accepted by all members.
2	During the 3 rd BOS meeting held on 4 th January 2016, there was a discussion on the recommendation of UGC regarding the Choice Based Credit System (CBCS). There was a consensus among the members that CBCS may not be suitable for a health science program like Physiotherapy as of now. However, the students are offered Elective Courses under the MPT program, the details of which are attached with his document. The program structures of both BPT and MPT programs that will be offered during the academic year 2021-22 were unanimously approved at the BOS meeting
3	<p>"The guide must be a teacher with MPT qualification with a minimum of 5 years full time post PG experience".</p> <p>It may be stated that to qualify to be a MPT guide, the faculty shall be one of the authors for a publication in an indexed journal.</p> <p>Ph D qualified MPT guides: Taking into account that a Ph D scholar will be actively involved in research and a considerable amount of UG and PG teaching activities during the Ph.D tenure, a minimum of 2 years of teaching experience post Ph D with all other criteria fulfilled shall qualify for MPT guide ship.</p> <p>In case of electives such as women health, where there is a dearth in qualified MPT guides, guides specialized in the closest subject area shall be assigned to guide the MPT students for a certain period of time until the speciality area attain independence.</p> <p>To be called as a co-guide, he/ she shall fulfil all the criteria laid down to be qualified as a guide.</p>

	Co-guides shall be assigned to bridge the gap in the domain knowledge for a MPT project. For example, for a MPT project in the area of women health, if the guide, who is required to be a full time faculty of the college of physiotherapy belongs to cardio-pulmonary speciality, there shall be a provision to assign a gynaecologist as the co-guide. It has to be noted that in any case, to guide a MPT student, the guide shall be from the physiotherapy faculty.
4	It was stated that, as of now, it is not proposed to bring about any drastic changes under the NEP in the health care programs (especially certificate courses and diploma courses). The only proposal is integrating masters with Ph D.
5	The syllabi are also due for revision and is being planned once the commission is launched. The conventional guidelines for physiotherapy education shall be continued till the commission comes in place. Hence major policy decisions regarding the same not be taken at this juncture. Also, since the analysis report of the feedback on curriculum collected from the stakeholders indicated an overall satisfaction with respect to the content of the curriculum, there was a consensus among the members that further feedback reports shall stipulate the further course of action in this regard.

Minutes of the Meeting

Points Discussed and Observations :

1) Discussion on the Scheme of B Tech CS&E:

- i. There was a discussion on the over all structure of the new scheme of study for the batch joining the University in the Academic Year 2019-20 and onwards. It was suggested that there should not be any Specialization in a specific Technology Area and members suggested that the students be allowed to choose their Professional (Departmental) Electives from Technology Streams after discussions with their Class Advisors and mentors.
- ii. Members opined that a separate B Tech in Computer Science & Computational Intelligence or similar B Tech program be Introduced after checking the demand in the Industry if specialized degree programs are planned for launching.
- iii. 50:50 for the CIA and SEE was appreciated by the BoS

2) Discussion on the 1st year courses:

- i. Members strongly felt that Basic Electronics course needs to be included in the first year as it will help all the branches in understanding and appreciating the applications of Electronics in the respective disciplines. It was also suggested that the Course on Basic Electronics can have Lab Practice to understand the concepts and the usage of Electronics devices.
- ii. It was also suggested by the members to check whether the other Departments need C Language as part of Computer Programming and Problem Solving or any other Language.
- iii. Members felt that the Data Structure topics in the CPPS course be limited to only Arrays, Stacks and queues. Heavy dose of Pointers shall not be given.
- iv. Members suggested that Problem Solving Techniques should be emphasized and rote learning and writing programs from the memory need to be discouraged. Internal members shared with the members that the Lab manual was changed for the current Academic Year thereby removing the repetition of the same experiments.
- v. Members suggested that Biology Course should be at the introductory level and there should not be heavy modeling topics.
- vi. It was also suggested that the class engagement should be moderate with around 30 hrs per week.

3) Discussion on the Higher Semesters (3rd to 8th Semester)

- i) With the introduction of Basic Electronics in the 1st year, the Members suggested that the Syllabi of "Analog Electronics" and "Digital Electronics & Logic Design" shall be designed such that there are no repetitions of the topics of "Basic Electronics". Further it was suggested to include circuit Simulation using Verilog in the Course "Digital Electronics & Logic Design".
- ii) DMS course should have Graph Theory and Combinatorics as in the current scheme.
- iii) It was suggested that a course such as "Economics for Engineers" be named as a course in place of Humanities & Social Sciences including Management Studies-1. It was also

- suggested that the Economics course be taught by the faculty with appropriate background drawn from other Schools.
- iv) Members suggested that the Minor Projects be given more weightage as a 2 credit course instead of 1 credit.
 - v) The name of the Course "IT Workshop" be given an appropriate title.
 - vi) Name of the course on Signals and Systems be changed to Fundamentals of Signal Processing.
 - vii) Members felt that the Professional (Departmental) Electives can have the credit structure of 2-0-2 as in the current scheme so that Lab Practice can be brought in.
 - viii) Members said that practice of mini projects in Labs be continued in the new scheme.
 - ix) Members were of the opinion that Humanities & Social Sciences course in 7th semester can be replaced by Cryptography and Network Security as Security can not be ignored in the Cyber Age.
 - x) Members suggested that MOOC courses be introduced in line with UGC/AICTE guidelines.

Decisions Taken :

- i) It was decided to include Basic Electronics in the 1st year B Tech with Lab Practice being integrated into the Theory. With this inclusion the credit in 1st and 2nd semesters will be 21 each.
- ii) As per the suggestions made by the BoS, it was decided to talk to other Departments to finalize on the Language to be selected for CPPS course in the 1st year. Other Departments have agreed for C as the Computer Language in CPPS.
- iii) The course "Economics for Engineers" was decided as the Humanities & Social Sciences -1 course in the 3rd Semester.
- iv) The title of the Course "IT Workshop" was changed to "Computational Skills Lab"
- v) The title of the course "Signals & Systems" was changed to Fundamentals of Signal Processing.
- vi) It was decided that a) Open Elective -3 and Professional (Departmental) Elective-5 will be MOOC courses.
- vii) Departmental Electives a) Soft Computing, b) Digital Image Processing, were slightly modified. A new Departmental Elective "Robotic Process Automation" is added to the list. The Syllabi of the Institutional Elective "Web Technology" is also modified. These are for the Academic Year 2019-20 for the 2016 Scheme. Copies of these elective courses are attached.

July-2020

Agenda:

2019-23 Batch: Update to scheme and Syllabus for 3rd and 4th Semester Courses

2020-24 Batch: New Scheme and Syllabus for 1st Semster CSE courses

Minutes:

As per the directions of Vice Chancellor Sir, the updates to the scheme and syllabus were sent to the esteemed BoS members on July 22, 2020 by email and their feedback and approval was sought. This was due to the COVID situation.

The Following five Members approved the modifications as requested:

1. Dr. M Narasimha Murthy, IISc
2. Mr. Sameer Kelekar
3. Dr. Vishwanath C N
4. Dr. K S Shreedhara
5. Dr. Jasma B.

Murthy
Sameer

Wed, Jul 22, 2:47 PM (13 days ago)

to mnm@iisc.ac.in, ks_shreedhara@yahoo.com, sanjay.ha@nmit.ac.in, Rajni.lal@hcl.com, vishicn@hotmail.com, samir_kelekar@yahoo.com, Nagesh.poojary@continental-corporation.com, K, Dean, Dr.A.Srinivas

Dear Sir/Madam,

Greetings of the day! Hope you are doing well in these times.

I am writing this mail as you are an esteemed member of the Board of Studies for The Dept. of CSE, Dayananda Sagar University. I, Dr. Sanjay Chitnis, have recently taken over from Dr. Banga as the Chairman for Dept of CSE, DSU. Dr. Banga continues to be the Dean, Research for DSU and also member of the BoS for CSE.

As you may be aware, we had a change at the Vice Chancellor level as well. Dr. KNB Murthy, who was the Vice Chancellor of PES University, has recently taken over as the Vice Chancellor for our University after the retirement of Dr. ANN Murthy.

After joining us, he has given several inputs for the curriculum improvement for the 2019 scheme of BTech CSE. This is proposed to be applicable to both 2019-20 batch now entering 3rd Semester, as well as 2020-21 batch.

The proposed modified Scheme for BTech in Computer science and Engineering for 2019-20 and 2020-21 and syllabus for II year are attached for your review and approval.

Here is the quick summary of the changes proposed.

1. Number of credits reduced to 160 from 182 as per the AICTE Model curriculum.
2. Continuous Internal Assessment (CIA) is proposed to be 60M and Semester End Assessment (SEE) is proposed to be 40 Marks. Earlier, the split was 50:50. The CIA will consist of 25 marks midterm exam, 15 Marks Quizzes spread over the semester and 20 Marks at the discretion of the teaching faculty based on the nature of the course and Pedagogy used.
3. Total 4 credits allocated for 2 "Special topics" over 2 semesters. This was a very successful initiative in the PES University. This will include students doing a short term workshop, short course by visiting faculty, etc, A concept note written by our Dean Dr. Srinivas is attached.
5. Theory and Labs integrated as a single course as per the AICTE curriculum in order to focus on hands-on skills. Most of the labs will go beyond the lab experiments and instead have small projects.
6. One credit Course on Art and Culture added during the first year. For the 2019-20 batch only, it will be conducted during the 3rd semester.

Stakeholder feedback discussion:

Student, faculty, alumni and employer, VC were discussed. Based on the feedback collected the following changes in the curriculum have been incorporated;

1. Projects at the course level
2. Full Stack Development
3. Computational Thinking with Python
4. Agile Software Engineering
5. Liberal studies
6. Cybersecurity
7. Secure Programming
8. Application Development in the Cloud
9. Internship
10. Prerequisites for the courses

BTech CSE Program Structure – 2020-24**III SEM**

7. We have initiated a special initiative to upgrade programming skills of students to enable them to do better Projects at the course level as well as for Minor and Major projects.

First Year Computer Programming and Problem Solving course revamped to focus on good programming skills by Dr. Viraj Kumar, who has joined us as a Research Faculty.

Introduced Computational Thinking with Python a hands on course where student will learn these skills with short exercises

Introduced Web Programming in 4th sem based on inputs regarding placements

Due to the COVID Situation, we would like to get your inputs/approval via email/Phone call. Please review the attached scheme/syllabus. If you need any clarifications, please let me know, I can call you as per your convenience. If you have any additions/modifications, we will be happy to discuss and incorporate.

We seek your approval of the scheme for implementing the same.

—

Best Regards,

Dr. Sanjay R. Chitnis

Dear Sir

Kindly find my comments

1. 2 Credits- Special Topic :

The following component may be omitted. Consultancy/Training Institutes may take advantage of this component

(vii) An expert from a company offers a 3 or 4 day workshop (on-campus or outside the campus) involving mostly hands-on and a project component and a group of students successfully complete the workshop, with well defined learning components and deliverables.

2. Analog Electronics - 3rd Sem

This course may not be required for CSE, it can be replaced with a better course. Digital Electronics & Logic Design course is enough for CSE

3. Principles of Microprocessors & Computer Organization -4 th Sem

Combining Microprocessor and Computer Organization is not a good idea, Students will not learn both in detail.

It's a challenging task for Faculty to deal with.

4.Fundamentals of Signal Processing - 4th Sem

It looks like syllabus is Electronics Oriented rather than CSE

5. Web Technology course is available as Hard Core in 4th Sem and Soft core in 5th Sem

6. Hope you have taken care in reducing the content of course with reduction in Credits

Thanking You

With Regards

--
Thanking You

Ph No: 080-22167864

These Special topic courses are not meant for external trainers/consultants. Students will not be charged extra as these are part of the basic credit requirements for which they already have paid the fees. These experts for like visiting faculty from abroad or from premier institutes etc. DSU will bear the cost of the resource person. We will update the document to clarify this point.

2. Analog Electronics - 3rd Sem

This course may not be required for CSE, it can be replaced with a better course. Digital Electronics & Logic Design course is enough for CSE

We have taken your inputs and will address it. We are planning to merge this subject with Basic electronics course in the First year. As the 2019 batch has already completed its first year, we do not want to change now, but for the next batch we will work on reducing this subject by merging the content.

3. Principles of Microprocessors & Computer Organization -4 th Sem

Combining Microprocessor and Computer Organization is not a good idea, Students will not learn both in detail.

It's a challenging task for Faculty to deal with.

Prof Banga has made this syllabus after looking into AICTE syllabus also and he confirmed that it is doable. We will try this year and if need be, we will incorporate the changes.

4. Fundamentals of Signal Processing - 4th Sem

It looks like syllabus is Electronics Oriented rather than CSE

We have now modified the syllabus and changed this subject back to Signals and Systems. The modified syllabus is attached.

5. Web Technology course is available as Hard Core in 4th Sem and Soft core in 5th Sem

This is a valid comment. As we have one more year, we had not updated the list in the document. We will be coming up with updated list during the next BoS meeting which hopefully can happen face to face.

6. Hope you have taken care in reducing the content of course with reduction in Credits

Yes. We have now assigned NO. of hours in line with the credits and ensured that they are reasonable.

Introducing Studio concept for Agile Software engineering & machine Learning courses

- The concept was highly appreciated by the members and also suggested that studios can be done in lab settings with strong peer interaction and learning
 - Suggested to split Machine learning courses in to multiple courses like Principles of AI, Advanced ML, ML-I, ML-II
- Microcontrollers and Embedded systems course feedback:
- Members suggested to add the topics like Node MCU, their architecture and embedded development platform in module 5
- Computer Networks course feedback:
- Suggested to make Computer Network as independent course without IOT instead of combining both topics as both will have to cover much wider topics.
- Suggested to swap OS and CN as OS course is prerequisite for CN.
- Cybersecurity course feedback:
- Members Suggested to move this course to V semester
- Special Topics course feedback:
- Recommended to make use of PhD scholar to engage this course as Teaching assistant or Invite Alumni from different organisation from Bangalore or outside to engage special topics
 - Recommended to conduct intensive hands-on session with mentoring from experts and resource person is given more flexibility for conduction as well as assessment.

6. V & VI semester

SEMESTER V								
Sl. No	Course code	Course Title	SCHEME OF TEACHING				PREREQUISITE	
			L	T	P	C	SEM	COURSE CODE
1	CS	Operating Systems	3		2	4		
2	CC	Program Specific Core-1: Finite Automata & Formal Languages/ Artificial Intelligence/Data Science/ Cryptography and Network Security	3	1	2	4		
3	CS	Object Oriented Programming	3		2	4		
4	PE	PE-1	3			3		
5	PE	PE-2	3			3		
6	CC	Program Specific Core -2:Full Stack Development/Deep Learning/Deep Learning/ Intro to Ethical Hacking	3		2	4		
7	LS	Liberal studies -4	1			1		
Total no of credits						23		

SEMESTER VI

Sl. No	Course code	Course Title	SCHEME OF TEACHING				PREREQUISITE	
			L	T	P	C	SEM	COURSE CODE
1	CS	Application development in the Cloud-studio	2		4	4		
2	CC	Program Specific Core - 3: Compiler Design and System Software/ Big Data Analytics/Big Data Analytics/Cybersecurity with AI	3		2	4		
3	CS	Special Topics -2			4	2		
4	PE	PE-3	3			3		
5	PE	PE-4	3			3		
6	OE	OE-1	3			3		
7	LS	Liberal studies -5	1			1		
8	CC	Program Specific Core – 4: Secure Programming/ Sequence Networks and GAN/Data Visualization/Secure Programming	3		2	4		
Total no of credits						24		

Operating system Course feedback:

- Members recommended to have 3 Hrs lab for OS course
- Members suggested to keep OS in IV semester

FAFL course Feedback:

- Suggested to keep finite automata as a professional course for all branches as it helps many students to take up Gate exam

CDSS Course feedback:

- Suggested to combine FAFL & CDSS course if possible

Application development in the cloud course feedback:

- Members agreed that Application development in Cloud is a good course and not to teach only using the services provided by the cloud but should teach how to create new service
- Recommended to have two physical labs up to 6th semester. For other courses where hands-on is very much important can be done in tutorial hour

7. VII & VIII semester

SEMESTER VII								
Sl. No	Course code	Course Title	SCHEME OF TEACHING				PREREQUISITE	
			L	T	P	C	SEM	COURSE CODE
1	PE	PE - 5	2		2	3		
2	Project	Project / Practice School - I			12	6		

3	Seminar	Seminar		I		I		
Total no of credits						10		

SEMESTER VIII								
Sl. No	Course code	Course Title	SCHEME OF TEACHING				PREREQUISITE	
			L	T	P	C	SEM	COURSE CODE
1	PE	PE-6	2		2	3		
2	Project	Project/Project School- II			14	7		
Total no of credits						10		

- Members recommended to focus on continuous assessment and encourage learning beyond the classroom
- Members recommended to ensure that students should get enough time to do all assigned works. This can be done by having sufficient no of courses in each semester (8-9 courses including lab courses)

4,5

Discussion on the scheme & syllabi of 2021-23 CBCS scheme of MTech. CS&E

It is a 4 semester program with total 80 credit

It is mentioned that same scheme and syllabus of 2020-22 also applies to 2021-23 batch

SEMESTER I:

SL	PROGRAM CODE	COURSE CODE	COURSE TITLE	CR	SCHEME OF TEACHING					SCHEME OF EVALUATION	
				AU							CIA
					L	T	P	S/P	C		
1	202		MATHEMATICAL FOUNDATIONS FOR EMERGING TECHNOLOGIES	CR	03	02	-	-	05	60	40
2			Programming and Algorithms Studio	CR	03	-	04	-	05	60	40
3			DATA SCIENCE	CR	03	-	04	-	05	60	40
4			DEPARTMENT ELECTIVE - I	CR	03	-	02	-	04	60	40
5			DEPARTMENT ELECTIVE - II	CR	03	-	02	-	04	60	40
6			SPECIAL TOPICS-I	CR		-	-	02	01	50	--
GRAND TOTAL = 550					15	02	12	02	24	350	200

SEMESTER II:

SL	PROGRAM CODE	COURSE CODE	COURSE TITLE	CR AU	SCHEME OF TEACHING					SCHEME OF EVALUATION	
					L	T	P	S/P	C	CIA	END EXAM

GRAND TOTAL = 400					03	-	02	24	16	240	160

• Final Decisions/Resolutions/Recommendations

Agenda	Decisions/Resolutions/Recommendations
2,3,4,5	<ul style="list-style-type: none"> Decision was taken to keep Digital electronics and Logic Design as a separate course in 3rd semester instead of combining with Basic Electronics as it has to be taught in-depth Removed 'data centric introduction to computing' and 'how things work' to balance credits for the 2 newly introduced courses

	<ul style="list-style-type: none"> ▪ Added Computational Thinking with python course back as students will not be learning python in first year as data centric introduction to computing course is removed ▪ Decision was taken to include 3 open electives instead of 2 ▪ Decision was taken to make Computer Network as independent course without IOT ▪ It was decided to have two physical labs up to 6th semester ▪ It was decide to keep tutorial hour for those courses which requires working on programming assignments and where hands-on is very much important ▪ Finalized syllabus of 3rd and 4th semesters with all modifications duly incorporated will be sent to all the members for their consent ▪ Decision was taken to have the same scheme and syllabus of MTech CS&E 2020-22 also applies to MTech CS&E 2021-23 batch
6	BoS members suggestions were discussed and appropriate changes were made

- List of Enclosures based on the Decisions/Resolutions/Recommendations submitted :

Agenda	Particulars
1,2,3,4,5,6	BoS Meeting Invitation

 22/4/21
 Signature of Chairman of BOS with Date

Professor
 Dept. of Computer Science & Engineering
 School of Engineering
Dayananda Sagar University
 Kudlu Gate, Hosur Main Road,
 Bengaluru

DAYANANDA SAGAR UNIVERSITY

PROCEEDINGS OF BOS MEETING

- School : School of Engineering
- College : Dayananda Sagar University
- Program/Department : Computer Science & Engineering
- Mode of BOS Held : Online
- Date : 15th July 2022
- Venue : Block B, DSU
- Time : 9:15 AM

• Members Present :

SL. No	Name	Designation & Affiliation	Signature
1	Dr.Girisha G S	Professor & Chairman, Dept of CS&E Dayananda sagar University	<i>G. S. Girisha</i>
2	Dr.M N Murty	Professor CS&A, IISc, Bengaluru	<i>M. N. Murty</i>
3	Dr. K S Sreedhar	Professor CS&E, Principal, VTU-UBDT College of Engineering, Davangere	<i>Sreedhar</i>
4	Dr. M K Banga	Professor & Dean, Research, Dayananda Sagar University	<i>M. K. Banga</i>
5	Dr.Samir Kelekar	Head of Cyber Security, CTO Organization, CISCO, Bangalore	<i>Samir</i>
6	Dr M Shahina Parveen	Professor & Chairman, Dept of CS&T, DSU	<i>M. Shahina Parveen</i>

• Members Absent:

SL. No	Name	Designation & Affiliation
1	Mr.Rajnijkanth Lal	Solution Director, HCL Technologies, Bengaluru
2	Mr Vishwanath Shastry	Sr.Director, Retail BU-Harman International Samsung Corporation, Bengaluru
3	Dr. Nagesh Poojary	Head of Computer Vision Group, Continental Corporation India, Bengaluru
4	Dr.S A Sanjay	Professor & Head, Dept of Information Science & Engineering, Nitte Meenakshi Institute of Technology, Bengaluru

• Agenda

SL. No	Particulars
1	Stakeholder feedback on curriculum 2022-23: student, faculty, alumni
2	Deliberations on the BTech 2020 scheme 5th to 8th semester of BTech.CS&E, BTech AI & ML, BTech. Data Science & BTech. Cybersecurity
3	Discussion on CBCS syllabi of 5th & 6th Sem (2020 scheme) of BTech. CS&E, BTech AI & ML, BTech. Data Science & BTech. Cybersecurity and approving the same
4	Deliberations on the 2021 scheme 3rd to 8th semester of BTech. CS&E, BTech AI & ML, BTech. Data Science & BTech-Cybersecurity
5	Discussion on CBCS syllabi of 3rd Sem & 4th sem (2021 scheme) and approving the same
6	Discussion on the CBCS syllabi of 7th Semester new Electives of B Tech CS&E (2019 scheme) and approving the same
7	Discussion on CBCS syllabi review of 2nd semester MTech (2021 scheme) and approving the same
8	Discussion on CBCS syllabi of new open electives and approving the same
9	Deliberations on the 2022 CBCS scheme as per NEP 2020 and Discussion on the syllabi of courses of 1st semester and 2nd semester and approving the same.
10	Overall suggestions and directions, Concluding remarks

• Discussions on Agenda

Agenda	Discussions Brief
1	Stakeholder feedback on curriculum 2022-23: student, faculty, alumni and honorable VC were discussed. Based on the feedback collected the following changes in the curriculum have been incorporated; Java Programming, Full Stack Development, Most of the theory courses have been incorporated with integrated Lab. Courses related to Liberal education have been incorporated as per the inputs from the VC Sir.
2	<p>Deliberations on the CBCS 2020 scheme 5th to 8th semester B.Tech- CS&E were discussed.</p> <p>1. Suggested to rename the 7th Semester course to from "Informational Retrieval" to "Information Retrieval".</p> <p>2. The Panel Experts suggested including only Open Electives instead of Professional Electives in the form of MOOCs courses and allowing the students to concentrate on Projects and Internships.</p> <p>3. The experts suggested including two MOOC courses from NPTEL on Pattern Recognition by Prof P S Sastry and Deep Learning by Prof Nitesh in the MOOC courses list.</p>
3	<p>Discussion on syllabi of 5th & 6th Sem (2020 scheme) of BTech. CS&E, BTech AI & ML, BTech. Data Science & BTech. Cybersecurity and approval of the same</p> <p>1. Semester wise CBCS Curriculum for 2020 and 2021 were presented.</p>

Syllabi of Third Year B.Tech CSE : (2020 Batch)

Computer Network course (L-3:T-0:P-2:S/P-0:C-4)

feedback:

- Members opined to increase the Theory hours by 1 Hour.
- To reduce the Theory Course content and to go bit deeper into the Subject.

DAA course (L-3:T-0:P-0:S/P-0:C-3) feedback:

Members suggested including a textbook by Steven, Design Manual as a Reference Book.

Microcontroller and Embedded System Course Feedback:

Suggestions were received to remove the content referring to Arduino and to have Raspberry PI on Linux.

UG Research Project-1 course;

It is suggested to extend for both the semesters. It is already incorporated.

OS course feedback:

Members suggested including a textbook by P S Sastry as a Reference Book.

Course Feedback on Secure Programming:

Members have submitted to add topics related web security.

Course Feedback on VLSI:

Members suggested including a Textbook by J D Ullman's, Computational Aspects of VLSI as a Reference Book.

Professional Elective Course (L-3:T-0:P-0:S/P-0:C-3): IOT Feedback:

Members suggested including a Textbook by CISCO as a Reference Book titled IOT Fundamentals: Networking Technologies, Protocols.

Course Feedback on AI:

Members suggested including a Textbook by Vallabh Das Gupta as a Reference Book.

Course Feedback on Cloud Computing:

A topic on Security in Cloud was suggested and this topic already exists in the curriculum. More thrust to be given to the applications.

	<p>Course Feedback on Game Theory: It is suggested to include deep learning oriented algorithms basically in the domains of finance and economics. Recommended to include Textbook by Prof. Narahari (It is already included in the text books section)</p>
4	<p>Deliberations on 3rd to 8th semester 2021 scheme of BTech-CS&E were discussed (Total credits-160 (1st to 8th Sem))</p>
5	<p>Syllabi of 3rd and 4th Semester BTech CSE (2021-scheme)</p> <p>Course Feedback on DMS (L-3:T-0:P-0:S/P-0:C-3):</p> <p>Members suggested including a Textbook by Lewis as a Reference Book. It is recommended to include topics related to Group and Ring Theory.</p> <p>Course Feedback on Introduction to Networks and Cybersecurity (L-3:T-0:P-0:S/P-0:C-3):</p> <p>It is suggested to add topics related to "zero trust" applications.</p> <p>Course Feedback on Management and Entrepreneurship (L-2:T-0:P-0:S/P-0:C-2): Suggested to arrange for Expert lectures on related topics</p> <p>Course Feedback on computational Thinking with python (L-2:T-0:P-2:S/P-0:C-3):</p> <p>It was suggested to add OOPs concepts (it is already incorporated).</p> <p>It was Recommended to run the course as practical rather than theory.</p> <p>Course Feedback on Graph Theory (L-3:T-0:P-0:S/P-0:C-3):</p> <p>Members suggested trimming the topics and reducing the content.</p> <p>Members suggested including a course on Web Application Security and Malware Analysis Lab using Assembly Language for CSE (Cyber Security).</p> <p>It was suggested to include state of the art Protocols as Transport Layer Security in the course Computer Networks and Cyber Security.</p> <p>Course Feedback on Semantic Web (L-3:T-0:P-0:S/P-0:C-3):</p> <p>It is recommended to include topics related to knowledge Graphs</p> <ol style="list-style-type: none"> 1. Discussion on syllabi of 3rd Sem & 4th Sem (2021 scheme) and approving the same 2. Discussion on the syllabi of 7th Semester new Electives of B Tech CS&E (2019 scheme) and approving the same 3. Discussion on syllabi review of 2nd semester MTech (2021 scheme) and approving the same <p>-</p>
6	<p>New Electives of B Tech CS&E (2019 scheme) were discussed</p> <ol style="list-style-type: none"> 1. Natural Language Processing (L-3:T-0:P-0:S/P-0:C-3)

2. AWS Services (TCS Collaboration) (L-3:T-0:P-0:S/P-0:C-3)

7 Detailed discussion on the syllabi of 2nd semester MTech CSE(2021 scheme) was held for the Course Machine Learning

8 Detailed discussion on the syllabi of new open elective(L-3:T-0:P-0:S/P-0:C-3) and review of existing open elective courses was held for the following courses

1. Foundations of Data science (new course)
2. Web Technologies (existing course reviewed)

9 Deliberations on the BTech CSE CBCS scheme of 2022 as per NEP 2020 and Discussion on the syllabi of courses of 1st semester and 2nd semester and approving the same. (Total credits-160(1st to 8th Sem))

1. It was recommended to include four Math courses along with practical aspects to facilitate the students who wish to pursue their MS Programme. It is suggested to distribute course delivery among both the Math and CS faculty. The CSE faculty may teach applications of math in the CSE domain while the math faculty may deliver core math concepts.

2. Multiple entry and exit criteria as per NEP guidelines as mentioned below were discussed

I year Exit - Certificate

II Year Exit - Diploma (except for lateral entry students) III

Year Exit - Advance Diploma

IV Year - Degree

3. For the first year CSE programs, the following courses have been proposed to get certification

1. Fundamentals of Computer Programming
2. Introduction to Computer System (Architecture of Computer, OS, N/W, DS[Introduction only])
3. App development

4. Drafted scheme from 1st to 8th semester was presented

I SEM - CHEMISTRY CYCLE

• Overall suggestions and directions, Concluding remarks

Agenda	Decisions/Resolutions/Recommendations
1-9	<ul style="list-style-type: none"><li data-bbox="368 241 1433 421">▪ Decision was taken to include only Open Electives instead of Professional Electives in the form of MOOCS courses and relieving the students from coming to the college and allowing them to concentrate on Projects and Internships for the Final Year students.<li data-bbox="368 421 1433 521">▪ Decision was taken to include two MOOC courses from NPTEL on Pattern Recognition by Prof P S Sastry and Deep Learning by Prof Nitesh in the MOOC courses list

B.Tech CSE (2020 scheme) 5th and 6th Semester:

Computer Network course (L-3:T-0:P-2:S/P-0:C-4)

- Members opined to increase the Theory hours by 1 Hour.
- To reduce the Theory Course content and to bit deeper into the Subject.

For the DAA course (L-3:T-0:P-0:S/P-0:C-3)

A Textbook by Koyna to be included as a Reference Book.

For OS course feedback

A Textbook by P N Sastry as a Reference Book.

For Microcontroller and Embedded System Course

Suggestions were received to remove the content referring to Arduino and to have RaspberryPI on Linux.

Course Feedback on VLSI:

Members suggested including a Textbook by J D Ullman's, Computational Aspects of VLSI as a Reference Book.

Course Feedback on IOT:

Members suggested including a Textbook by CISCO as a Reference Book titled IOT Fundamentals: Networking Technologies, Protocols.

Course Feedback on AI:

A Textbook by Vallabh Das Gupta was recommended as a Reference Book.

Course Feedback on Cloud Computing:

A topic on Security in Cloud to be included

Renamed the 7th Semester course to "Information Retrieval".

B.Tech CSE (2021 scheme) 3rd and 4th Semester:

Course Feedback on DMS

A Textbook by Lewis has been included as a Reference Book.

Course Feedback on Graph Theory Course:

Members suggested to make the course less complex.

	<p>Decision was taken to include four Math courses for 1st year BTech CSE programmes (2022 scheme)</p> <p>Recommended to adopt CBCS structure for the following categories of courses: Fundamental core, professional core, Professional elective, Open elective, liberal studies, Internship and Project</p>

DEPARTMENT OF COMPUTER TECHNOLOGY

1. Chairman, Dept. of CT, School of engineering welcomed the members and highlighted the objectives, the programs being offered and road map of the department.
2. The chairman deliberated the following:
 - I. Approval of V and VI semester B.Tech. Computer Technology syllabus.
 - II. Status update of the current batches.
 - III. In pursuance of the 50-50 evaluation system.
3. For the approval of V and VI semester B.Tech. Computer Technology syllabus, BOS suggested the following:

As applied to 5th semester

- I. The common subjects among CSE and CT departments need to have same course code (OS, DBMS, OS lab etc.). In case if syllabus is different, use different course codes.
- II. Total credits (150 for III to VIII semesters) have been distributed for CS courses and Entrepreneurship courses. Out of 150, 108 for CS courses and 49 for Entrepreneurship courses.
- III. Recommended to use software tools for preparing business plans.
- IV. Recommended to include introduction about Map reduce and Big data in Module-1 DBMS subject.
- V. Recommended to include case studies in each module in Professional and Business Ethics subject. In Module 3, topics like SEBI corporation, Role of government, simulations to be included. In Module 5 topic on team dynamics to be included. Book entitled "Ethics and Excuses: The Crisis in Professional Responsibility" by Banks McDowell may be included as reference.
- VI. Suggested to define the electives as **Elective-1 and Elective-2 instead of Technology Electives and Entrepreneurial Electives**. Students can have freedom to choose both the electives from Entrepreneurial Electives or both from Technology Electives or either of the two electives.
- VII. Recommended to use online courses for electives. Internal committee needs to be formed to approve/reject the online courses to be offered inline with UGC norms.

M. S. Srinivas

Chairperson

Dept. of Computer Science & Technology
School of Engineering
Dayananda Sagar University
Kudlu Gate, Hosur Main Road,
Bengaluru-560 114.

Suggestion Given	Action Taken
1. Evaluation process (Impact of extra activities like expert-talk, training, workshop) needs to be identified.	Implemented
2. Suggested to connect CT students with DERBI incubatees	Students have done internship in DERBI

Suggestion Given	Action Taken
1. Check for the UGC regulations for awarding Honors.	Number of Core papers for all Universities has to be same for both UG Honors as well as UG Program.
2. After second year, when student is making a decision to take the entrepreneurship mode, a team of mentors have to interview them and decide.	Mentor are identified

2.2 As applied to the syllabus of 5th and 6th semesters

Suggestion Given	Action Taken
1. Make comparative study of common subjects between CS and CT and then decide to have the same syllabus or different. If they are different, use different course codes and titles.	Implemented the Course Code, Course code has been changed
2. Comparative study of common subjects was made and shared with all the members, BoS decided to have the same syllabus as that of CS and hence the same course codes. As per this, the course codes are modified as below:	The syllabus of all these courses for CT have been updated accordingly: File Name: "syllabus-5 and 6 sem-BoS-Approved-8-3-17"

Suggestion Given	Action Taken
3. Elaborate the execution of self-study component.	Attached
4. Candidates who select online courses as elective must clear the online exams only and a mechanism to convert the grades need to be identified. If there is no evaluation process for online course, the course should not be approved.	Implemented from 2019-20 Scheme

2.3	Grace Marks and Text book	No grace marks given
	Suggestion Given	Action Taken

Chairperson
 Dept. of Computer Science & Technology
 School of Engineering
 Dayananda Sagar University
 Kudlu Gate, Hosur Main Road,
 Bengaluru-560 114.

1. BOS of Computer Technology had some reservation on the idea of having single custom made book (for each course) for the students of the university, as students need to refer many books and only syllabus to be prescribed by DSU. VC will take other BOS group opinions also and take a decision on whether to go ahead with the custom book for each subjects for all semesters.	Single custom made book to be prepared
--	--

Suggestion Given	Action Taken
1 The business plan and details of the entrepreneurship life cycle journey to be provided	This is accomplished as a part of Entrepreneurship Management and Innovation & Entrepreneurship Management courses
2 Informal Meeting with the students to elicit the product idea and solution. Short list the products which are feasible and form the companies	Ideation sessions are conducted

Department Of Computer Technology

Proceedings

1. Chairman, Dept. of CT, School of engineering welcomed the members.
2. Prof. Banga informed that Dept of CT shall be renamed as Dept. of CST (Computer Science and Technology)
3. Following are the recommendations from BOS Members:
 1. Courses offered by the 'Wharton Business School' can also be offered as value added course or as a part of 'regular course'
 2. Number of credits given to entrepreneurship project can be increased from 1 credit to 2 credits.
 3. Identified electives can be enriched with entrepreneurial courses also. All electives can be provided as a list of courses to enable students to take any course. However, faculty can advise students in the selection of courses.
 4. Include MOOC courses as a part of the elective. The 'faculty advisory committee' can evaluate the suitability of the MOOC course.
 5. The computing courses in the department of CST need a different treatment focusing more on the application rather than on the theoretical aspects which is emphasized in the department of CSE.
 6. Skills focused in the 'Entrepreneurial Lab' can also include skills identified by agencies like World Economic Forum, required for year 2020 onwards.
 7. Students can have the option of selecting an entrepreneurial course or a technical course as an elective (Professional Elective / Institutional Elective).
 8. Circulate the objectives of BOS (roles and responsibilities) to make the meeting more focused.

Department of Electronics and Communication Engineering

Board of Studies (BOS) May-2022 (UG Programme of Dayananda Sagar University).

Minutes of meeting – 17th May 2022

Agenda

1. Review of the 3rd year (5th and 6th Sem) Syllabus for New Scheme(60:40) B.Tech (ECE) 2020-24
2. Finalization of the 4th year (7th and 8th Sem) Syllabus for New Scheme B.Tech (ECE) 2019-23
3. Review of the Syllabus (1st and 2nd Sem) and scheme B.Tech (ECE)
4. Major and Minor Degree
5. NEP2020
6. Students Feedback on Curriculum for 2019 -2023
7. Relook into credit assigned to modules of the Subjects.

Board of Studies of Electronics and Communication Engineering Meeting held on 17-05-2022 at 9.30 am A block Broad room and also few members joined virtually on Google meet platform:

- ✓ Chairman welcomed all the External and Internal BOS Members.
- ✓ Chairman briefed about the agenda of meeting.
- ✓ The 2019-2023 Syllabus was discussed in length and suggestions and inputs for Syllabus were noted.
- ✓ Chairman briefed about the syllabus of basic electronics and basic electrical.
- ✓ Projects can be renamed as Minor Projects I/II and evaluation pattern should be clearly defined.
- ✓ Distribution of the teaching hours should be uniform for all five modules.
- ✓ Credit assignment and content of syllabus should be matched.
- ✓ Students Feedback on Curriculum for 2019 -2023 is discussed. Points to be mentioned in Feedback rather than numbers
- ✓ Major and Minor subjects discussed and finalized.
- ✓ NEP Document presented<need more discussion and ellobration.
- ✓ Common format should be maintained for all the subject before going for the hardbound of the syllabus
- ✓ Dr. Gayathri K. M. and Mrs. Shweta M P of the department noted the minutes of the meeting and readout the complete BOS proceedings.
- ✓ Chairman of the Department proposed vote of thanks for the valuable inputs given by the External BOS Members.

UG: 7th and 8th Semester – 2019 Course Matrix

Sl.No	Semester	Subject Title	Suggestions by the BOS Committee
1.	7 th	ROBOTICS AND CONTROL SYSTEMS	<ul style="list-style-type: none"> Credits and hours should be matched properly Include Practical's wherever necessary Basics of Control should be included as one module As per the requirement of the subject prerequisite should be included properly Syllabus has to be changed to 52 hours including Tutorials
2.	7 th	ANTENNAS AND WAVE PROPAGATION	<ul style="list-style-type: none"> No Change
3.	7 th	PROGRAM ELECTIVE - IV OPTICAL COMMUNICATIONS AND NETWORKING	<ul style="list-style-type: none"> No Change
4.	7 th	MIXED MODE VLSI SIGNAL DESIGN Analog Mixed Signal VLSI Design	<ul style="list-style-type: none"> Rename the subject as Analog Mixed Signal VLSI Design Hours should be uniformly distributed in the syllabus properly Module 3 syllabus can be replaced with PLL, Frequency synthesizer, Sigma-Delta and Analog RF related concepts. Module 4 syllabus can be reframed with Sub-micron concepts.
5.	7 th	FUNDAMENTALS OF EMBEDDED LINUX (EMBEDDED LINUX)	<ul style="list-style-type: none"> The word Fundamental should be avoided in the title of the course Credits mismatch, it should be the 3 credit course Syllabus should be framed for 39 hours Module 1 and Module 2 should be reframed Concepts of Linux programming and Overview of Operating system/Kernel can be included
6.	7 th	VLSI TESTING AND TESTABILITY	<ul style="list-style-type: none"> No Change Kindly add Text book for the subject Bushnell and P K Lala
7.	7 th	SENSOR AND INTERFACING DEVICES	<ul style="list-style-type: none"> Title should be changed to Sensors and Signal Conditioning

		(Sensors and Signal Conditioning)	<ul style="list-style-type: none"> Module 3 contents are not related to the title Module 5 can be on application based
8.	7 th	Program Elective – V SENSOR NETWORK AND PROTOCOLS	<ul style="list-style-type: none"> Title should be reframed to Sensors, Network and Protocols Contents of the syllabus should be mapped to Text books
9.	7 th	LOW POWER VLSI	<ul style="list-style-type: none"> Flow of the Syllabus content should be reframed. Text books Gary and Heap should be added Unipower format Concepts can be introduced as 1 module
10.	7 th	LINUX DEVICE DRIVERS	<ul style="list-style-type: none"> Credits mismatch, it should be the 3 credit course Syllabus contents should be framed for 39 hours
11.	7 th	NETWORK SECURITY	<ul style="list-style-type: none"> No change
12.	7 th	VLSI TECHNOLOGY (VLSI Process Technology)	<ul style="list-style-type: none"> Change the title into VLSI Process Technology
13.	7 th	EMBEDDED SYSTEMS AND ROBOTICS (Embedded System and Automation)	<ul style="list-style-type: none"> Title should be reframed to Embedded System and Automation Credits mismatch, it should be the 3 credit course Syllabus contents should be framed for 39 hours Syllabus should be framed as general topics related to title of the course Word Open source should be avoided Module 5 case study can be reframed to applications
14.	8 th	PROGRAM ELECTIVE – VI WIRELESS SENSOR NETWORKS	<ul style="list-style-type: none"> No Change
15.	8 th	HARDWARE ARCHITECTURE FOR AI	<ul style="list-style-type: none"> Title can be reframed to Hardware platform for AI Reduce the contents in module 4 Setup lab using existing resources
16.	8 th	ADVANCED EMBEDDED SYSTEMS	<ul style="list-style-type: none"> Introduce RISC V Architecture From module 4 move some contents to other modules
17.	8 th	SATELLITE COMMUNICATION	<ul style="list-style-type: none"> Add PSLV to syllabus

18.	8 th	VLSI - DIGITAL SIGNAL PROCESSING	<ul style="list-style-type: none"> In module 2 add Fast adders and Multipliers
19.	8 th	SIGNAL CONDITIONING AND DATA ACQUISITION	<ul style="list-style-type: none"> In module 1 add Instrumentation amplifiers Contents in module3 can be moved to module1
20.	8 th	Project work phase1 and phase2	<ul style="list-style-type: none"> Project work title for 7th semester and 8th semester should be reframed to project1 and project2

20th May 2022

ACTION TAKEN REPORT

1. The suggestions were implemented in the syllabus as recommended in the 9th BoS meeting held on 17th May 2022.
2. Members suggested that the feedback collected is having only percentage (numbers) and based on this conclusion cannot be arrived, so we have incorporated comments in the feedback form where students can comment about the individual course.
3. Common format for syllabus to be followed for all courses.

Department of Electronics and Communication Engineering

Board of Studies (BOS) May-2022 (UG Programme of Dayananda Sagar University).

Minutes of meeting – 8th May 2021

Agenda

1. Review of the 2nd year (4th and 5th Sem) Syllabus for New Scheme (60:40) B.Tech (ECE) 2020-24
2. Finalization of the 3rd year (7th and 8th Sem) Syllabus for New Scheme B.Tech (ECE) 2019-23
3. Review of the Scheme and Syllabus (1st and 2nd Sem) and scheme B.Tech (ECE)
4. Major and Minor Degree
5. NEP 2020
6. Students Feedback on Curriculum for 2019 -2023
7. Approval of revised mission and vision.

Minutes of the Board of Studies of Electronics and Communication Engineering Meeting held on 17-05-2022 virtually on Google meet platform at 09:30 am:

The following members were present during the online meeting

BOS MEMBERS PRESENT	
Dr. Vaibhav Mesharam Chairman Department of ECE , SoE, DSU	Dr. Arungalai Vendan Department of ECE , SOE, DSU
Dr. Ravish Aradhya H V, Professor, Dept. of ECE, RVCE, Bangalore	Dr. Pusphamala S Department of ECE , SoE, DSU

- ✓ Chairman welcomed all the External and Internal BOS Members.
- ✓ Chairman briefed about the agenda along with the introduction of Alumni members.
- ✓ The 2019-2023 Course Scheme was discussed in length and suggestions and inputs for Scheme and Syllabus were noted.
- ✓ Chairman briefed about the 2021 scheme and syllabus of basic electronics and basic electrical.
- ✓ Chairman seek the approval to include the subjects with respective to the MOU signed with BOSCH Rexroth.
- ✓ Chairman seeks the approval for revised mission and vision of the department.
- ✓ It is suggested to have ONE PROPER TEXT BOOK for framing the syllabus at the Undergraduate Level.
- ✓ Special initiatives can be renamed as Minor Projects I/II and evaluation pattern should be clearly defined.
- ✓ BoS strongly suggested to make embedded system design as a core subject.
- ✓ BoS suggested to make Information theory and coding as a core subject.
- ✓ Distribution of the teaching hours should be uniform for all five modules.
- ✓ BoS suggested to reorganize the contents for subjects such as C programming for embedded System, Embedded system design and Real time Embedded systems.
- ✓ Alumni members suggested to push the subjects like antenna wave propagations and power electronics before seventh semester as this subject highly demands concentration and time.
- ✓ Common format should be maintained for all the subject before going for the hardbound of the syllabus
- ✓ Dr. Gayathri K. M. of the department noted the minutes of the meeting and readout the complete BOS proceedings.
- ✓ Chairman of the Department proposed vote of thanks for the valuable inputs given by the External BOS Members.

REVISED VISION STATEMENT:

- To create innovative Engineers and Entrepreneurs with technological excellence, professional commitment, and social responsibility for serving national and global needs.

REVISED MISSION STATEMENT:

- Inculcate Academic Excellence through innovative teaching and learning processes and espousing appropriate pedagogical parameters.
- Reinforce the Students with desired technical aptitude, entrepreneurial and leadership skill sets enabling them to face the challenges of globalization and technological sophistication.
- Initiation with understanding the psychology of students, socio-cultural aspects of the bidirectional learners, vitality of interdisciplinary approach, value addition through interactive and collaborative learning. This is followed by systematic and sequential implementation of syllabus upgradations on par with industrial revolution.

UG; 5th and 6th Semester – 2019 Course Matrix

SL.No	Semester	Subject Title	Suggestions by the BOS Committee
1.	5 th	Analog and Digital Communication	<ul style="list-style-type: none"> ▪ TDM concept can be removed if it is not much relevant. ▪ Include multirate sampling, sampling rate conversion, one or two topics of new trends of communication. ▪ Alumni suggested one module should be on application
2.	5 th	PTSP	<ul style="list-style-type: none"> ▪ The subjects can be correlated to the applications of engineering domains such as signal processing, Machine learning, Data science ▪ The open-ended problems can included from the domains such as communication, control, verification and so on ▪ The team of analog and digital communication and PTSP can frame 5th module syllabus in terms of application or case studies which account for mini projects.
3.	5 th	CMOS VLSI design	<ul style="list-style-type: none"> ▪ Finfets and memsistors can be removed or pushed to advanced subjects of VLSI ▪ Include MOS model parameters and Scaling concepts
4.	5 th	Digital Signal Processing	<ul style="list-style-type: none"> ▪ BoS members suggested to open a new elective on DSP Architecture and Algorithms implementation.
5.	5 th	Information theory and coding	<ul style="list-style-type: none"> ▪ No change
6.	5 th	MEMS	<ul style="list-style-type: none"> ▪ No Change
7.	5 th	C Programing for embedded system	<ul style="list-style-type: none"> ▪ Module 1 and 2 can be combined ▪ Include more concepts on interfacing with output devices and sensors. ▪ Basics C concepts can be removed as it is thought prior ▪ The textbook provided covers only the basic of C, which will not emphasize on embedded system. Hence provide proper textbook which emphasize on

			<p>both such as “ Peterson for embedded C programming”</p> <ul style="list-style-type: none"> ▪ Application of this subject should bring in terms of case studies ▪ Clearly define the syllabus is for embedded systems or it is C programming.
8.	5 th	PLC (Introduced New Subject related to Bosch Rexroth Lab) Request for the code	<ul style="list-style-type: none"> ▪ No Change
9.	6 th	RF and microwave	<ul style="list-style-type: none"> ▪ No Change
10.	6 th	Power Electronics	<ul style="list-style-type: none"> ▪ Include in module 5 the concepts related to battery and battery charging which is more relevant to electric vehicles. ▪ Ned Mohan can also be included as a textbook
11.	6 th	Analog VLSI Design	<ul style="list-style-type: none"> ▪ No change ▪ Needs clarity on one stage opamp
12.	6 th	Embedded System design	<ul style="list-style-type: none"> ▪ Module 5 can be a part of embedded programming ▪ Include Overview of operating systems. ▪ Some of the topics such as traffic light sequencing can be moved to C programming for embedded system. ▪ Module 3 is repetition. ▪ After the scrutiny of 5th Sem and 6th Sem subjects, members opinioned to reorganize the contents in embedded system design and C programming for embedded system ▪ Alumni suggested the following points from industry perspective <ul style="list-style-type: none"> ➤ Module 1 and 2 should be the specification of applications ➤ Pointers and structures can be elaborated. ➤ Include RAM and ROM read and writing ➤ Include HSM (Hardware Security Module)
13.	6 th	Digital IC design	<ul style="list-style-type: none"> ▪ Include the concept of metastability ▪ Focus on few concepts and specify the adders.
14.	6 th	Digital Image Processing	<ul style="list-style-type: none"> ▪ No Change

15.	6 th	Industry 4.0(Introduced New Subject related to Bosch Rexroth Lab) Request for the code	<ul style="list-style-type: none"> Can be renamed as IIoT (Industrial IoT) Check the availability of textbook which is mentioned, and also selection of the good textbook is very important at UG level. TCP/IP is already introduced in networking subject, hence can be removed. The syllabus should be reorganized. Members suggested to emphasize on history, evolution and introduction about IIOT.
-----	-----------------	---	---

UG: 1st and 2nd Semester – 2021 Course Matrix

Sl.No	Semester	Subject Title	Suggestions by the BOS Committee
1	1 st /2 nd	Basic Electrical	▪ No Change
2	1 st /2 nd	Basic Electronics	▪ No Change
3	Scheme 2021-2025	B.Tech (ECE)	▪ No Change

- The Board of Studies finalized the following scheme and syllabus for B.Tech(ECE) 2019-23. The detailed scheme for 5th and 6th semesters are given as follows:

SCHEME - B. TECH – 2019 -20

Pie Chart-Scheme Distribution

DEPARTMENT OF ELECTRONICS AND COMMUNICATION ENGINEERING

Board of Studies Meeting held on 8th May 2021 Agenda and Actionplan.

Sl. No.	Agenda
1	Review of the 2 nd year Syllabus for New Scheme (60:40) B.Tech (ECE) 2020-24.
2	Finalization of the 3 rd Year (7 th Sem and 8 th Sem) Syllabus for New Scheme B.Tech (ECE) 2020-24.
3	Review of the scheme and syllabus (1 st and 2 nd Sem) and scheme B.Tech (ECE)
4	Major and Minor Degree
5	NEP 2020
6	Students Feedback on Curriculum for 2019-2023

Action Plan:

Sl. No	Sugee	Action Taken
1	<u>Analog and Digital Communication:</u> <ul style="list-style-type: none"> TDM concept can be removed if its not much relavant. Include multirating sampling, sampling rate conversion one or two topics of new trends of communication. Alumni suggested one module should be on application. 	<ul style="list-style-type: none"> Suggestions are incorporated in the syllabus.
2	<u>PTSP:</u> <ul style="list-style-type: none"> The subjects can be correlated to the applications of engineering domains such as signal processing, Machine learning, Data Science. The open-ended problems can be included from the domains such as communication, control, verification and so on. The team of analog and digital communication and PTSP can frame 5th module syllabus in terms of application or case studies which account for mini projects. 	<p>The PTSP syllabus has been formulated to align with diverse engineering domains and is application-based, providing students with opportunities to leverage their knowledge in the creation of meaningful mini projects.</p>
3	<u>CMOS VLSI Design:</u> <ul style="list-style-type: none"> Finefets and memsistors can be removed or pushed to advanced subjects of VLSI. Include MOS model parameters and scaling concepts. 	<ul style="list-style-type: none"> Suggestions are incorporated in the syllabus.
4	<u>Digital Signal Processing:</u> <ul style="list-style-type: none"> BoS members suggested to open a new elective on DSP Architecture and Algorithms implementation. 	<ul style="list-style-type: none"> "DSP Architecture and Algorithms implementation" elective subject has been introduced.
5	<u>C Programming for Embedded systems:</u> <ul style="list-style-type: none"> Module 1 and 2 can be combined. Include more concepts on interfacing with output devices and sensors. Basics C concepts can be removed as it is thought prior. The textbook provided covers only the basic of C, which will not emphasize on embedded system. Hence provide proper textbook which emphasize on both such as "Peterson for embedded C programming". Application of this subject should bring in terms of case studies. 	<ul style="list-style-type: none"> Suggestions are incorporated in the syllabus.

Dayananda Sagar University
School of Commerce and Management Studies
Action Taken Report (ATR) – Board of Studies (BoS)
MBA Program 2017-2018

<i>Minutes – Curriculum Feedback, Suggestions and Outcomes</i>		
Date: July 12, 2018	Time: 3.30 PM to 5.00 PM	Location: Innovation Campus, DSU
Meeting Called By	Prof. (Capt.) A. Nagaraj Subbarao, Dean, CEE, Professor- SCMS	
Type of the Meeting	Deliberations on Curriculum Feedback and Actions to be considered	

Summary	The School of Commerce and Management Studies – PG Programs - MBA Department of Dayananda Sagar University collects the feedback on the overall curriculum aspects from various stake holders. Once a feedback is collected, it is analysed thoroughly and the same is submitted as a report to the academic council and the Board of Studies for necessary actions. The BoS examines the analysis report and detailed deliberations are done based on which the necessary actions are considered and implemented.
---------	--

Stakeholder	Feedback/Suggestions	Action Taken or Suggested
Students	Introduce new edge specialization courses	Understand the importance of new edge specialization and will be introduced in the next curriculum
	Need skill development course	Will be strengthen by various workshops and value added programs
Alumni	Suggested to offer internship for full semester	Will discuss with the curriculum committee and revise in the next curriculum
Employer	Introduce courses in the area of analytics, advanced excel and online courses	Next curriculum revision, we will focus on doing the same
Faculty	Strength the evaluation process of internship and project work	Already monitoring and evaluation
	Proposed to introduce statistical software for data analysis	Planning to introduce

Respected Sir,

I have gone through the Action Taken Report and it is represented with the facts and figures, which is presented in the report. I really appreciate the effort taken by the team members. No comment from my side.

Thanking you

With regards

Summary	The School of Commerce and Management Studies – PG Programs - MBA Department of Dayananda Sagar University collects the feedback on the overall curriculum aspects from various stake holders such as students, alumni and faculty. Once a feedback is collected, it is analysed thoroughly and the same is submitted as a report to the academic council and the Board of Studies for necessary actions. The BoS examines the analysis report and detailed deliberations are done based on which the necessary actions are considered and implemented.
Introduction	Introduction was done by the Dean, PG Programs, SCMS on the feedback on the MBA Program Curriculum received from various stakeholders and the need for considering the same among the members of BoS and deliberate upon to bring out suggestions based on which actions shall be considered for implementation and execution.
Discussions	The following were the questions asked among the stakeholders for feedback

Action Taken Report (ATR) – Board of Studies(BoS)

		3						6	75		6	75	
		2						1	12.5		1	12.5	
		1						1	12.5	2.57	1	12.5	2.57

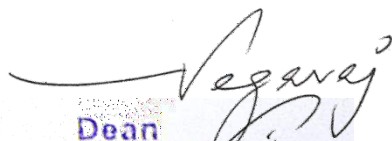

Considerations	Based on the common consensus among the members of the Board of Studies, the points(questions) with ratings of 3 and less than that were considered for further necessary actions
Suggestions	<p>The following are the suggestions made by the members of the BoS</p> <ul style="list-style-type: none"> Students need to be taken more frequently through contemporary case studies and reading material to get greater exposure to the industry focused issues and problem solving. All faculties will have access to HBR case studies to be taken up among all the semester students Include Finance focused certification course for T3 students before they get enrolled into Finance specializations

Action Taken Report (ATR) – Board of Studies(BoS)

MBA Program – SCMS, DSU -2020-2021

	<ul style="list-style-type: none"> • Introduce an attendance component into the program (5% marks towards attendance) • Increase the number of reference and text books along with the existing books that are available in the Library • Enable e-book platforms through library for students to access reading required books online • Source relevant case study and other study materials through various online subscription platforms
Actions Items	Prof. Rajan and Mr.Ragavendra will circulate the outcomes to all the faculty concerned and also initiate appropriate measures to ensure the implementation of the suggestions.
Conclusion	The session was concluded with thanking all the members who spared their time for the presented cause and valuable suggestions

BOS Meeting Held on 18-03-2021

Proceedings of the Meeting

Members Present :

i)	Dr. Manjunath M B	Member	<i>cu s card</i>
ii)	Dr. Ram Kumar P S	Member	<i>[Signature]</i>
iii)	Dr. M K Banga	Member	<i>[Signature]</i>
iv)	Dr. Sanjay Chitnis	Member	<i>[Signature]</i>
v)	Dr. S Shyam Pandeya	Member	<i>[Signature]</i>
vi)	Dr. G Babu Karthick	Member	<i>[Signature]</i>
vii)	Dr. Vasanthi Kumari P	Chairman	<i>[Signature]</i>

Points Discussed and Observations:

- i) Deliberated on the scheme of the Core courses of 2 year MCA Programme
 - a. The members were given the details of the draft syllabus of I and II semesters and bridge courses for the non-Computer Science graduates of the 2 year MCA Programme in the scheme. The members suggested changes in the draft scheme and syllabus.
 - b. Members felt that the challenge of the MCA course and the syllabus must be designed for the current technology which will go along with the placement of students. They also suggested the core and elective areas for placements such as Software testing, Big Data and Data Science, Full Stack development, Computational intelligence and cloud computing.
 - c. The department electives-I were discussed and finalized.
 - d. The I semester of MCA will have the compulsory core courses.
 - e. The II semester of MCA will have one departmental elective and III semester of MCA will have two departmental electives where the students can select the electives out of options given.
 - f. The IV semester of MCA will have three electives out of which one will be Departmental elective, the next one will be a MOOC and the third one will be an open elective where the students can select the electives out of options given.
 - g. The syllabi of all the core courses and the Labs were presented one after another.

DAYANANDA SAGAR UNIVERSITY
SCHOOL OF ENGINEERING
KUDLU GATE, BANGALORE- 560068

- i. Members proposed that the I Semester Core course "Advanced Software Engineering" must include software testing and tools.
- j. Members proposed that the I Semester Core course "Probability and Statistics" must include Statistical Modelling.
- k. Members proposed that the I Semester Lab course "Advanced Operating System" must include programs on parallel programming.
- l. Members proposed that the II Semester Core course "Java Programming" must include Advanced Frameworks.
- m. Members proposed that the II Semester Lab course "Java Programming and Network" must include programs on Real time applications.
- n. Members proposed three Departmental Elective I courses of II Semester which includes "Data Analytics & Visualization", "Virtualization & Cloud Computing" and "Full Stack Development".
- ii) Chairman and members suggested and recommended to encourage students with sound theoretical and practical background to take up projects in Industry.
- iii) All lab courses will include mini projects.
- iv) Action Taken on Feedback Analysis: The feedback collected from students, Alumni have given positive feedback and it was suggested to include more advanced technologies in the curriculum. In the forthcoming syllabus we are planning to add more advanced technologies will be incorporated in the curriculum.

Decisions taken :

- i) The intake for MCA will be BCA/B. Sc.(CS/IT) or B.Sc./B.Com/BA from a recognized University with Mathematics at 10+2 level of Graduation Level(**with additional Bridge Courses as per the norms of the University**). Obtained atleast 50% marks in the Qualifying Examination.
- ii) With reference to the 2020 BOS feedback analysis decided to modify the scheme and syllabi of the courses in I and II semesters and the syllabus of the bridge courses of MCA were approved. This will be circulated among the members for their concurrence. Details are in Annexure – I.

DOCUMENT TITLE: BOARD OF STUDIES MEETING of B.Sc. and M.Sc., DSU

DATE: 13.01.2018

TIME: 9: 30 AM TO 12:00PM

VENUE: BOARD ROOM, CIL, Dr. C.D. SAGAR CENTRE FOR LIFE SCIENCES.

AGENDA OF THE MEETING:

1. Proposing III and IV semester M.Sc., Biotechnology, Microbiology and Biochemistry syllabus of academic year 2017-18 for consideration and approval.
2. Proposing hour reduction in B.Sc syllabus from existing 52 hours to 44 hours for the academic year 2019-20.
3. Proposing existing B.Sc syllabus for fine tuning.
4. Proposing new examination scheme from the existing 40:60 to 50:50 internals to end semester exams for B.Sc., course combinations for the academic year 2019-2011.
5. Any other concerning matter, with the permission of the Chairman.

BOS Members:

1. Dr. Sunil More
Chairman - B.O.S.
Dean - SBAS,
DayanandaSagar University,
Bangalore.
2. Dr. Harish Pai
External Member,

Proceedings of the B.O.S Meeting of B. Sc., Dayananda Sagar University, held on 13.01.2018

- The meeting of the Board of Studies of was held in the Board Room, CIL, Dr. C.D. Sagar Centre for Life Sciences on 13.01.2018 from 9:30 am.
- The Chairman, welcomed all the members of the board, introduced the external and internal members and initiated the meeting.
- The agenda of the meeting was briefed by the chairman.
- The Board took up the appropriate decisions on all the agendas of the meeting after a detailed deliberation.

Agenda 1:

Proposing III and IV semester M.Sc., Biotechnology, Microbiology and Biochemistry syllabus of academic year 2017-18 for consideration and approval.

- The board after a thorough deliberation suggested the following corrections in the syllabus of M.Sc. courses. The subject wise suggestions and corrections incorporated are as listed below

BIOTECHNOLOGY: [Annexure- 1a]

III Semester

ANIMAL BIOTECHNOLOGY - 17MBT303

- Module III - Transgenic animals Concept of Artificial Tissue Printing should be incorporated

METABOLISM OF BIOMOLECULES - 17MBT321

- Module III: Amino acid and nucleotide metabolism
- To specify the De novo and salvage pathway of purines and pyrimidine

GENOMICS AND PROTEOMICS - 17MBT322

- Module III: Proteomics - Change MALDI-TOF to Mass Spectroscopy
- Include Concept of MudPIT (Multidimensional Protein Identification Technology)
- Remove "Yeast two hybrid system, protein micro array"

IV Semester

BIOPROCESS TECHNOLOGY - 17MBT401

- Module III: Upstream and Downstream Processing
- Include concept of 'Rheology of fermentation media'

MEDICAL GENETICS AND CYTOGENETICS - 17MBT422

- Change the course title of the paper from Medical genetics and cytogenetics to "Human Disease Genetics"

BIOPROCESS TECHNOLOGY - 17MBT471

- Include "Demonstration of batch fermenter"

BIOCHEMISTRY: [Annexure- 1b]

III Semester

Metabolism of Nitrogen Compounds: 17MBC302

- The title of the paper was renamed as "metabolism of nitrogen compounds" rather than Metabolism of proteins and nucleic acids.
- Module: II - SCID was added.
- Module: IV - Regulations of the amino acids were incorporated.

Ecology and developmental biology: 17MBC305

- Ecology and developmental biology (soft core) was reformatted and made uniform throughout the program including the course matrix.

Membrane Biochemistry and Nanoscience: 17MBC321

- Module I - was renamed as Membrane lipids rather than lipid properties.
- Module III - was suggested to be reframed and restructured into the following order: synthesis, property and applications with specific example of nanoparticle application in biology.
- Module III: The words "Brief account" on nanolithography was incorporated instead of the phrase "brief idea".
- Module IV: Nanotechnology application to include specific example of nanobiosensors.
- Module IV: STM and AFM – The words "Principle and applications" have to be included before the techniques.

Plant and Microbial Secondary Metabolites: 17MBC322

- Module I - Gel-filtration chromatography instead of gel-chromatography.

- Module II - The experts suggested to choose one phytochemical (terpenoids or flavonoids) and describe the techniques needed to identify that particular compound.
- Module II - The words "application" has to be included before the techniques.
- Module II – Change MALDI-TOF to Mass Spectroscopy
- Module IV - Metabolites for food fortification. Definition and specific examples of food additives to be included.

Molecular Biology & Immunotechniques: 17MBC371

- Isolation and estimation of DNA from only estimation.
- Isolation of immunoglobulins from serum has been incorporated.

Protein Biochemistry: 17MBC372

- Isoelectric focusing (IEF) was incorporated.

IV Semester

Genetic Engineering and Biotechnology: 17MBC401

- Module IV: Safety and handling of PCR was added.

Food Biochemistry and Nutrition: 17MBC421

- Module III - Nutraceuticals spelling was finalized.
- Module III - FSSAI and health claims regulatory bodies were incorporated.
- Module IV - Functional foods – specific exams of millets were added.

Clinical Biochemistry and Bioengineering: 17MBC422

- Module I: Diabetes, muscle dystrophy, atherosclerosis and renal failure were added.
- Module II: Regulatory and quality assurance of drugs was incorporated.
- If possible, in third semester industrial visits were suggested by the BOS panel.

MICROBIOLOGY: [Annexure- 1c]

III Semester

- **Medical Microbiology - 17MMB301**

Module 1: It has been suggested to include epidemiology of emerging and re-emerging diseases.

Module 3: It has been suggested prion infections to be separated from viral infections.

Module 4: It has been suggested to incorporate PCR diagnostics and biosafety measures.

- **Industrial Microbiology - 17MMB303**

Module 3– Upstream Processing: It has been suggested to incorporate rheology of fermentation media.

- **Applied Microbiology - 17MMB322**

It has been suggested to incorporate any other elective paper such as Pharmaceutical Microbiology instead of Applied Microbiology during the next complete revision of course matrix.

IV Semester

- **Clinical Microbiology - 17MMB421**

It has been suggested to include care and handling of pathogens, biological materials and disposal.

- **Microbial Biotechnology - 17MMB422**

It has been suggested to exclude Human genome project and incorporate Yeast Genome Project.

It has been suggested to modify GMO to Genetically Modified Microorganisms

- **Agriculture microbiology and phytopathology - 17MMB471**

It has been suggested to incorporate the below practicals

1. Quality control assessment of biofertilizers (viability and shelf life).
2. Study of liquid and solid carrier material.

The suggested modifications and corrections have been accepted and have been duly incorporated in all the papers. The modified syllabus of III and IV semester courses is as per **Annexure Ia, Ib and Ic** for Biotechnology, Biochemistry and Microbiology respectively.

Agenda 2:

Proposing hour reduction in B.Sc syllabus from existing 52 hours to 44 hours for the academic year 2019-20.

- After deliberation the board members suggested that the B.Sc. syllabus for all the courses is exhaustive and in consideration to the number of available working days to offer the course in a semester, they have suggested and approved to appropriately reduce the B.Sc syllabus hours from 52 to 44 for the academic year 2019-20. The attachment is as per **Annexure II.**

Agenda 3:

Proposing existing B.Sc syllabus for fine tuning.

Chemistry

V Semester:

Paper: Physical Chemistry and Cheminformatics - 15CH301

- Unit VI: Cheminformatics II the topic regarding "Quantitative Structure-Property Relations; Descriptor Analysis; Structure-Spectra correlations; Prediction of NMR, IR and Mass spectra" was removed.

VI Semester

Paper: Inorganic & Analytical Chemistry - 15CH302

- Unit IV: Spectroscopy II topic regarding "Predicting the structure of the simple organic compounds using the principles of above spectroscopic techniques" was included.

The suggested modifications have been accepted and incorporated in the papers. The modified chemistry syllabus of V and VI semester B.Sc., course is as per Annexure III

Agenda 4:

Proposing new examination scheme from the existing 40:60 to 50:50 internals to end semester exams for B.Sc., course combinations for the academic year 2019-20.

New examination scheme 50:50 internals to end semester exams for B.Sc., course combinations was presented to the Board members for consideration and approval. The board members were skeptic regarding the equal weightage of CIA and SEE. However they have suggested the following to be incorporated before initiating the new pattern.

Suggestions:

- New examination scheme requires very strong and transparent evaluation system.
- Monitoring of the documents should be kept open for everybody.
- Overall performance of internals and end semester exams should be matched.
- The committee strongly felt that research of the faculty will be affected as the proposed scheme requires continuous evaluation and monitoring by the faculty.
- Continuous examination will be helpful in improving the student's attendance.

Implementation of new proposed examination scheme is possible only if above mentioned criteria are met - Annexure IV.

Agenda 5:

Any other concerning matter, with the permission of the chairman.

BoS members strongly recommended for the formation of Institutional Bio-safety and ethical committee as the courses involve handling of bio hazardous material which is mandatory for all the accreditation and regulatory processes.

The feedback inputs were obtained from various stake holders like teachers, students, alumni and employers regarding curriculum adopted at School of Basic and Applied Sciences, Dayananda Sagar University.

Outline and Summary:

1. Majority of the students are appreciative of teaching- learning experience.
2. The Students have appreciated the extracurricular activities.
3. Alumni feedback is largely encouraging.
4. Majority of them found the syllabus for all the courses exhaustive.

Actions suggested / taken at BoS meeting

- The revised syllabus was proposed, the suggestions were provided subject wise by the members' and all the corrections were incorporated in the syllabus.
- The committee approved the reduction in the syllabus and the hours from 52h to 44h for the academic year 2019-2020.
- The committee suggested for the inclusion of project work in curriculum and arrangement of conferences herewith.

DEPARTMENT OF BIOLOGICAL SCIENCES

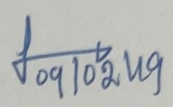

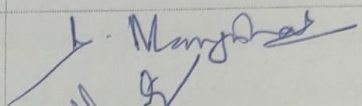

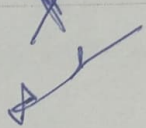

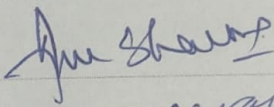

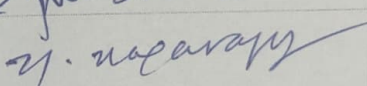

DOCUMENT TITLE: BOARD OF STUDIES MEETING of B.Sc. and M.Sc., DSU

DATE: 09.02.2019

TIME: 9: 30 AM TO 12:00PM

VENUE: BOARD ROOM, CIL, Dr. C.D. SAGAR CENTRE FOR LIFE SCIENCES.

Members present

Name	Designation	Signature
Dr. Sunil More	Chairman	
Dr. Manjunath K	External member	
Dr. Sidhalingamurthy	External member	
Dr Anirudha Lakshminarasimhan	External member	
Dr. Anu Sharma	Internal member	
Dr. Nagaraju N	External member	

Members Absent :

1. Dr Harish Pai
2. Dr P. Kondaiah
3. Dr Sundaram P M
4. Dr. Rita Christopher.
5. Dr Girish S K.
6. Dr Gautham S A.

Proceedings of the B.O.S. Meeting of Dayananda Sagar University, held on 09.02.2019

- The meeting of the board studies was held in C.D. Sagar Building on 09.02.2019 from 10.00 am.
- The chairman welcomed all the members of the board, introduced the members and initiated the meeting.
- The agenda of the meeting was briefed by chairman.
- The Board took up the appropriate decisions on all the agendas of the meeting after a detailed deliberation.

Agenda 1: Proposing new course matrix scheme for all six semesters B.Sc. as per choice based credit system (CBCS) guidelines.(Annexure 1)

- The board members suggested to include basic life science course as common subject for the all the combinations. The suggestion was included in the B.Sc. course matrix.No separate course was created instead changes included in the existing papers.
- Board members suggested to change the name of ability enhancement course 'English' to 'Communicative English'.
- The new course matrix for the B.Sc. was appreciated and approved by the B.O.S. members.

Agenda 2: Proposing new course matrix scheme for all four semesters M.Sc. as per CBCS guidelines. (Annexure 2)

- The new course matrix for the M.Sc. was appreciated and approved by the B.O.S. members.

Agenda 3: Approval of 1 year B.Sc. syllabus as per CBCS. (Annexure 3)

- A blow up syllabus was presented before the BOS members. After detailed deliberation BOS members suggested few changes in the papers of 1st semester such as basic chemistry paper and fine tuning was suggested in paper Basic genetics (19BS103). However Cell Biology, Basic Genetics and all associated labs were well appreciated and approved without any changes.
- The 2nd semester BSc common blow up syllabus of life science was presented before the BOS member. After deliberation corrections were suggested in few modules and fine tuning suggested in hour allocations in subjects like general microbiology and analytical techniques, basic biochemistry papers and practicals pertaining to core subjects were approved without any changes.

Agenda 4: Approval of 1 year M.Sc. syllabus as per CBCS. (Annexure 4a, 4b and 4c)

- A blow up syllabus of MSc first year was presented before the BOS members after detailed deliberation. Members suggested few changes in the following syllabus of Biochemistry, Biotechnology and microbiology papers.
- BOS appreciated the common syllabus for 1st sem and 2 core papers in 2nd semester uniformly across all the 3 PG programmes.
- This will prevent redundancy of the paper and enhance higher skills for advance studies, placements and competitive exams.
- A blow up syllabus of 1st semester common M.Sc. syllabus was presented before the BOS members and they suggested fine tuning in Fundamentals of Chemistry, Biomolecules, Genetic engineering and module restructuring was suggested for General Microbiology paper.
- However the associated labs were well appreciated with no changes.

- For soft core and skill enhancement courses member felt the core should be expected in bioinformatics lab to get hands on skills which should lead to complete understanding of real time problems.
- Two common papers, Molecular Biology and Analytical techniques in 2nd semester of MSc were presented before the members. After detail deliberations members appreciated and approved the syllabus.
- In MSc Biochemistry, for Human Physiology and Metabolism I fine tuning was suggested. Respective labs in the semester were approved without any changes.
- Complete syllabus of Genetic Engineering and Advanced Cell Biology, was presented and fine tuning was suggested in Genetic Engineering course by BOS members and associated labs were appreciated and approved.
- Complete syllabus of Prokaryotic and Eukaryotic Microbiology, Microbial Physiology was presented and fine tuning was suggested by BOS members and associated labs were appreciated and approved.
- Minor title correction in 2nd semester MSc Microbiology lab course - Prokaryotic and Eukaryotic Microbial Physiology was changed to Prokaryotic and Eukaryotic Microbiology and Microbial physiology.

Agenda 5: Any other concerning matter, with the permission of the Chairman.

- Detailed scheme of evaluation of B. Sc. Courses for theory and practical's have been placed before BOS members and approved. (Annexure 5)
- Question paper pattern for the end semester examination of B. Sc. Courses has been placed before BOS. members and approved. (Annexure 6)
- A new question paper pattern for the end semester examination of M. Sc. Courses has been placed before BOS members and approved. (Annexure 7)

- The feedback inputs were obtained from various stake holders like teachers, students, alumni and employers regarding curriculum adopted at School of Basic and Applied Sciences, Dayananda Sagar University.

Outline and Summary:

1. Majority of the students appreciated the curriculum of undergraduate program.
2. Majority of the stakeholders suggested for a common syllabus in the first two semesters across departments for PG programs
3. The stakeholders were appreciative of the extracurricular activities

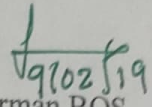

Actions suggested / taken at BoS meeting

1. The BoS members appreciated the idea of common papers across departments for the PG courses that would help in competitive exams.
2. The same will be followed from the next academic year.

The Chairman of the BOS thanked all the externals and internals for their time and valuable suggestion for revising the UG and PG syllabus of Biological Sciences.

DATE: 22.02.2020

TIME: 9: 30 AM TO 2:00PM

VENUE: BOARD ROOM, CIL, Dr. C.D. SAGAR CENTRE FOR LIFE SCIENCES.

AGENDA OF THE MEETING:

1. Approval of 2nd year B.Sc. syllabus as per CBCS.
2. Approval of 2nd year M.Sc. syllabus as per CBCS.
3. Approval for the change of course title "Food and Industrial Microbiology (19MMB5302)" to "Industrial, Food and Dairy Microbiology" and to retain the same course code.
4. Discussion on feedback from stakeholders and any other concerning matter, with the permission of the Chairman.

**Proceedings of the B.O.S. Meeting of Dayananda Sagar University, held on
22.02.2020**

- The meeting of the board studies was held in C.D. Sagar Building on 22.02.2020 from 9.30 am.
- The BOS Chairman, welcomed all the members of the board, introduced the members to newly joined faculty and initiated the meeting.
- Updated the proceedings of previous BOS meet also about course matrix approval of 1st year syllabi of BSc and MSc.
- The agenda of the current meeting was also briefed by the Chairman.
- The Board Members took up the appropriate decisions on all the agendas of the meeting after a detailed deliberation. The agenda wise detailed proceedings is as follows

Agenda 1: Approval of 2nd year B.Sc. syllabus as per CBCS (Annexure 1)

- A comprehensive syllabus was presented before the BOS members. After detailed deliberation BOS members suggested few changes in the papers of 2nd year (3rd semester) such as Immunology paper (19BT2301) and fine tuning was suggested in paper Animal Physiology (19BY2301).
- Panel experts also proposed addition of title-based practical in "Fundamentals of Cytogenetics-Lab" (19GN2371) as most of the experiments listed are of basic genetics, not cytogenetics. Fine tuning of syllabi was done by adding relevant experiments justifying the existing title.
- 3rd semester microbiology core paper, Microbial Diversity and Kinetics (19MB2301) where in board suggested to add few applications of microbes in related area. The associated labs were well appreciated and approved with very few changes. Advanced Chemistry-I (19CY2301) was recommended and suggested for the condensation of the curricula in consideration to limited teaching hours and was incorporated as per board recommendation.
- The 4th semester BSc common syllabi of life science Molecular Biology (19BS2401) and Genetic Engineering (19BS2402) was presented before the BOS panel and got the approval. Enzymology and protein chemistry (19BY2401), Advanced chemistry-II (19CY2401) and their respective practical were accepted without much corrections. Retuning of 4th

practical paper titled Techniques in molecular biology was advised by the board team and corrections have been made.

- Minor changes suggested for Genetic Engineering (19BS2402) paper and its related practical.. Expected corrections were incorporated in few modules with sub-title changes for this paper and took approval of the board.
- The 2nd year elective papers Biostatistics and Bioinformatics were approved without any modifications. The audit papers of 3rd and 4th Sem Computer applications and information technology and Entrepreneurship, respectively was accepted without any modifications.
[Annexure - I]

Agenda 2: Approval of 2nd year M.Sc. syllabus as per CBCS. (Annexure 2)

The 3rd Semester and 4th Semester MSc syllabus was presented before the BOS members. Fine tuning and minor restructuring of the module was advised.

The suggested modifications were duly incorporated as follows:

MSc Biochemistry Syllabus:

- Certain topics were suggested for reshuffling between the elective courses viz., Course code 19MBC5321 (Immunology) and 19MBC5322 (Molecular Physiology). Accordingly, the Module IV in 19MBC5321, "Path immunology & immunotechniques" was incorporated whereas "cancer biology and apoptosis" topic were retained in molecular physiology course.
- Minor changes suggested for common courses were incorporated as follows:
- In 19MSC5301 Clinical Research, the title of the two modules was modified to MODULE I: Concepts of Clinical Research and Module II: Regulatory perspectives of Clinical Research in place of Preclinical evaluation studies and Overview of regulatory perspectives of clinical trials respectively. However, no changes in the course content were suggested.

- The necessary minor corrections suggested for Open Elective 19MOE5401 "Food and Nutrition" has been incorporated.
- In Open Elective Course: 19MOE5402-HEALTH AND DISEASE incorporation of topics "Chronic and Inherent Diseases in Module II and "viruses SARS, Coronavirus" in module IV was done. The second module heading was changed to "Communicable Diseases and substance abuse".
- As per advice, the Open Elective course 19MOE403 - Science of Happiness was not recommended for the MSc program as open elective.
- It was suggested to devise a General biology course comprising basic concepts of genetics in one of the modules. Accordingly, a course titled "Basic Biology of Cells" was framed and incorporated in place of 19MOE403. The open elective 19MOE405 "Genes and Genomes" was removed and the suggested basic concepts of genetics were included in the newly introduced general biology course.
- All the necessary corrections in course code and corresponding course title in the Course matrix as well as the syllabus have been made. -
[Annexure 2a]

MSc Biotechnology Syllabus:

- Minor changes in Course Title of ELECTIVE papers was incorporated as follows: 19MBT5323-Principles of Enzymology and Metabolism in place of "Biochemistry"; 19MBT5324-Health and Environmental Biotechnology in place of "Medical and Environmental Biotechnology" and 19MBT5326-Human Genetic Diseases in place of "Human Disease Genetics"
- In course 19MBT5321 -Plant Biotechnology; the topic on ethical and regulatory aspects of GM crops and food were included in Module IV as per board suggestion.

- Minor changes suggested for common courses were incorporated as follows:
- In 19MSC5301 Clinical Research, the title of the two modules was modified to MODULE I: Concepts of Clinical Research and Module II: Regulatory perspectives of Clinical Research in place of Preclinical evaluation studies and Overview of regulatory perspectives of clinical trials respectively. However, no changes in the course content were suggested.
- The necessary minor corrections suggested for Open Elective 19MOE5401 "Food and Nutrition" has been incorporated.
- In Open Elective Course: 19MOE5402-HEALTH AND DISEASE incorporation of topics "Chronic and Inherent Diseases in Module II and "viruses SARS, Coronavirus" in module IV was done. The second module heading was changed to "Communicable Diseases and substance abuse".
- As per advice, the Open Elective course 19MOE403 - Science of Happiness was not recommended for the MSc program as open elective.
- It was suggested to devise a General biology course comprising basic concepts of genetics in one of the modules. Accordingly, a course titled "Basic Biology of Cells" was framed and incorporated in place of 19MOE403. The open elective 19MOE405 "Genes and Genomes" was removed and the suggested basic concepts of genetics were included in the newly introduced general biology course.
- All the necessary corrections in course code and corresponding course title in the Course matrix as well as the syllabus have been made.
[Annexure 2b]

MSc Microbiology Syllabus:

- Minor modification for Pharmaceutical Microbiology was incorporated. However, the associated labs were well appreciated with no changes.
- Minor title correction in 3rd sem MSc Microbiology lab course - Immuno, Medico and Industrial Microbiology to Immunology, Medical and Industrial Microbiology was incorporated
- Minor changes suggested for common courses were incorporated as follows:
- In 19MSC5301 Clinical Research, the title of the two modules was modified to MODULE I: Concepts of Clinical Research and Module II: Regulatory perspectives of Clinical Research in place of Preclinical evaluation studies and Overview of regulatory perspectives of clinical trials respectively. However, no changes in the course content were suggested.
- The necessary minor corrections suggested for Open Elective 19MOE5401 "Food and Nutrition" has been incorporated.
- In Open Elective Course: 19MOE5402-HEALTH AND DISEASE incorporation of topics "Chronic and Inherent Diseases in Module II and "viruses SARS, Coronavirus" in module IV was done. The second module heading was changed to "Communicable Diseases and substance abuse".
- As per advice, the Open Elective course 19MOE403 - Science of Happiness was not recommended for the MSc program as open elective.
- It was suggested to devise a General biology course comprising basic concepts of genetics in one of the modules. Accordingly, a course titled "Basic Biology of Cells" was framed and incorporated in place of 19MOE403. The open elective 19MOE405 "Genes and Genomes" was removed and the suggested basic concepts of genetics were included in the newly introduced general biology course.

- All the necessary corrections in course code and corresponding course title in the Course matrix as well as the syllabus have been made. [Annexure 2c]

Agenda 3: Approval for the change of course title "Food and Industrial Microbiology (19MMB5302)" to "Industrial, Food and Dairy Microbiology" and to retain the same course code.

- The changes requested for course title "Food and Industrial Microbiology (19MMB5302)" to "Industrial, Food and Dairy Microbiology" and to retain the same course code was approved by BOS members.

Agenda 4: Discussion on feedback from stakeholders and any other concerning matter, with the permission of the Chairman.

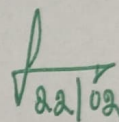

- Fine-tuning of few course titles in PG syllabus was suggested which was incorporated in our course matrix of all the three PG programs and highlighted in respective course matrix.
- The feedback inputs were obtained from various stake holders like teachers, students, alumni and employers regarding curriculum adopted at School of Basic and Applied Sciences, Dayananda Sagar University.

Outline and Summary:

1. Majority of the students were appreciative of the curriculum and the extracurricular activities of the school.
2. The Stakeholders suggested for a more practical based approach to be incorporated in the curriculum like seminars, and projects
3. The teachers suggested incorporating a paper on research methodology to facilitate the students for a better understanding of project work.

Actions suggested / taken at BoS meeting

- BoS members approved the inclusion of seminars and projects as a practical based approach of learning.
- The members included the research methodology course in both undergraduate and postgraduate program.
- The members also included a minor project in undergraduate curriculum, a major project and industrial visit in post graduate program.
- A comprehensive Viva by an external evaluator was also suggested and included to improve the effectiveness of the postgraduate program.

AGENDA OF THE MEETING:

1. Proposing new course matrix scheme for BSc (Applied Biology) four years program as per choice-based credit system (CBCS) guidelines.
2. Approval for 1st year BSc syllabus as per new course matrix for the new BSc Applied Biology program.
3. Approval for BSc 2nd year syllabus (3rd and 4th semester) as per course matrix for the 2020-2021 batch.
4. Approval for BSc 3rd year syllabus (5th and 6th semester) as per course matrix for the 2019-2020 batch.
5. Change of elective paper from Industrial Biotechnology to Clinical Toxicology in course matrix of BSc 6th semester for 2019-20 Batch.
6. MSc Human Genetics - Approval for 2nd year syllabus.
7. Any other matter with the permission of Chair.

Proceedings of the B.O.S Meeting Dayananda Sagar University, held on 24.04.2021

Due to the present pandemic situation, it was not possible to hold the BOS meeting in the campus. The meeting was held through virtual meet. The revised syllabus for BSc 2019-2020 (5th and 6th semester), BSc 2020-2021 (3rd and 4th semester), MSc (Genetics) syllabus for 2nd year, certificate courses and Course matrix for New BSc 4 years Program (Applied Biology) was sent to the BOS members via email for their kind perusal.

- The Board of studies meet was conducted virtually through zoom link on 24.04.2021 from 9.30 am.
- The Chairman, Dr Sunil S More welcomed all the members of the board and initiated the meeting.
- The agenda of the current meeting was briefed by the Chairman.
- Board Members took up the appropriate decisions on all the agendas of the meeting after a detailed deliberation.
- The course matrix needs to be revised and therefore the syllabus has been kept for further consideration.

AGENDA I: Approval for BSc 2nd year syllabus (3rd and 4th semester) as per course matrix for the 2020-2021 batch. (ANNEXURE 1)

- A comprehensive syllabus was presented before the BOS members during the online meet.
- After detailed deliberation, BOS members suggested few changes in the papers. **APPLIED GENETICS (20GN2401)** – for 2nd year (4th semester) has been revised as per the suggestions given by the members. The Module 2, now includes both animal and plant tissue culture concepts as earlier version had only on plant tissue culture.
- Module 4 has been renamed from “Genetics in Medical and Industry” to **“Genetics in medical and Industrial Biotechnology”**.
- **TECHNIQUES IN rDNA TECHNOLOGY-LAB (20BT2371)**: Practical were fine-tuned with the suggestions given by BOS members. Where in, the word “chemical” has been deleted from the practical component like chemically competent cells and chemical transformation.

AGENDA II: Approval for BSc 3rd year syllabus (5th and 6th semester) as per course matrix for the 2019-2020 batch. (ANNEXURE 2)

- For the 6th Semester paper **19GN3601 - APPLIED GENETICS AND GENOMICS** that was presented during the meet was asked to modify with respect to the Module 4. As per the suggestions given, the module 4 includes a component on Proteomics.
- **Elective paper II** in 6th Semester, **MATERIAL SCIENCE (19OE3602)** was advised to change the Title from "Material Science to INDUSTRIAL MATERIALS (19OE3602)". Since, the latter denoted the subject as vast area the title has been changed on the advice of the BOS members as **INDUSTRIAL MATERIALS (19OE3602)**.
- **Elective paper I** in 5th Semester, **Health and Diseases (19OE3502)** has been revised as per the suggestions.

AGENDA III: Change of elective paper from Industrial Biotechnology to **Principles of Clinical Toxicology (19OE3601)** in course matrix of BSc 6th semester for 2019-20 Batch.

- As per the course matrix the subject Industrial Biotechnology reflected the syllabus almost similar to Fermentation technology (**19OE3601**).
- Hence, with the permission and after the syllabus approval the paper has been approved for **PRINCIPLES OF CLINICAL TOXICOLOGY-19OE3601** for 6th semester instead of Fermentation technology.
- BOS members also suggested to include the Eligibility criteria for the open electives.
- Eligibility criteria for **PRINCIPLES OF CLINICAL TOXICOLOGY- (19OE3601)** is open to students who have a course of Animal and Clinical Physiology.

AGENDA IV: MSc Human Genetics - Approval for 2nd year syllabus. (ANNEXURE 3a)

- BOS members suggested to modify the paper "**20MHG5371-LABORATORY EXERCISE IN MEDICAL AND CANCER GENETICS**". It was advised by the members to delete the 4th experiment-

"Isolation of mRNA by triazole method." The necessary changes have been made as per suggestions.

- Title of elective paper "20MHG5322-HUMAN BEHAVIORAL AND REPRODUCTIVE GENETICS" was suggested to change as "DEVELOPMENTAL AND REPRODUCTIVE GENETICS (20MHG5322)". The title and two modules of the syllabus for the same has been modified as per the suggestions received from the BOS members.
- Title of 4th module of the paper "DEVELOPMENTAL AND REPRODUCTIVE GENETICS" has been modified as per the suggestions of the BOS members as "GENETICS OF INFERTILITY AND ASSISTED REPRODUCTIVE TECHNIQUES" instead of "GENETICS OF INFERTILITY AND REPRODUCTIVE OPTIONS".

AGENDA V: (Annexure 3b)

- With the concerned permission of the Chairperson and BOS members all the PG programs (Microbiology, Biotechnology, Biochemistry and Genetics) will be conducting Project work for 4th semester exclusively for the students (20MSC5402).
- The **Research methodology paper (20MSC5401)** from the 4th semester has been revised and added in Third semester with the permission and approval of the BOS members.

AGENDA VI:

Any other matter with the permission of Chair.

- **FERMENTATION TECHNOLOGY (19BT3601)** BSc -2019, 6th Semester.
The module has been added with the heading as follows.
Module 1: Introduction to fermentation technology as heading.
- **INDUSTRIAL, FOOD AND DAIRY MICROBIOLOGY (20MB2401)**
BSc-2020, 4th Semester.
Approval for the change of course title from Food and Industrial Microbiology (20MB2401) to "**Industrial, Food and Dairy Microbiology (20MB2401)**" and to retain the same course code.
- **Short certificate courses** were approved by the BOS members after revising the number of hours to be increased to 30 hours.

**AGENDA VI: New proposed course matrix scheme for BSc (Applied Biology).
(ANNEXURE 4)**

- The four years program as per choice-based credit system (CBCS) guidelines was discussed with the Board of members.
- Committee members suggested that there is a **need for further detailed deliberation** with respect to the course matrix pertaining to addition of Basics and taking in consideration with other departments.
- BOS members also suggested that the similar core subjects can be planned simultaneously with the other BSc programs.
- Members suggested to add Project I and Project II in the 7th and 8th semesters instead of Dissertation/Minor project.

AGENDA VII: Approval for 1st year BSc syllabus as per new course matrix for the new BSc Applied Biology program.

- The course matrix needs to be revised and therefore the syllabus has been kept for further consideration.
- With respect to this **in coming weeks we plan to hold a meeting for reviving** the Course matrix and the Syllabus for 1st year.
- The feedback inputs were obtained from various stake holders like teachers, students, alumni and employers regarding curriculum adopted at School of Basic and Applied Sciences, Dayananda Sagar University.

Outline and Summary:

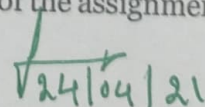

1. Majority of the stakeholders were appreciative of the curriculum and the extracurricular activities of the school.
2. The teachers and students suggested including Basic Microbiology course in undergraduate biotechnology curriculum to understand the subject better.
3. The stakeholders suggested to starting a four year degree undergraduate course for better prospects of graduating students.

Actions suggested / taken at BoS meeting

1. The BoS members appreciated the inclusion of Basic Microbiology paper for an undergraduate program.
2. The members also approved for the preparation/implementation for the four year undergraduate course (B.Sc Honors) from the academic year 2022-23.

We, thank all the BOS members, for investing their valuable time and giving constructive inputs for the curriculum development. In spite of all the difficulties in this present pandemic situation the timely completion of the assignment is very much appreciated.
